New Chilled Water Service Application

*Please complete and submit Part A of form as soon as new services are determined to be required.
 Complete and submit with subsequent section as design progresses.*

A) General information:

Project: _____ No.: _____

Project manager: _____ E-Mail: _____ Phone: _____

Project location: _____

Arch/Engr: _____ E-Mail: _____ Phone: _____

Contractors: _____

General: _____ Phone: _____

Undergrd: _____ Contact: _____ Phone: _____

Project type (check one):	New construction	Addition	Renovation
Facility type (check app'ble):	Student housing	Library	Office/classroom
	Dry labs	Wet labs	Other
Project status:	Planning	Design	Construction

B) Service information:

Energy efficiency related question – annual demand: _____ tons?

Design flow rate: _____ gpm, at _____ psi (min design pressure)

Any once-through cooling? yes (need Utilities Director's approval) no

Desired size of service: _____ inch diameter

Submitted by: _____ Date: _____

Dept: _____ Email: _____ Phone: _____

Submit to Tom W. Zigterman, Civil Infrastructure Manager, SU Utilities (725-3400, MC 7270)
