Liability Coverage

SOM Physicians, Postdoctoral Fellows, and Adjunct/Associate Clinical Faculty of the School of Medicine *are covered for professional liability exposures while acting within the regular course and scope of their duties on behalf of the SOM* including “good Samaritan” services. Professional services, rendered in the course and scope of employment, are billed through Stanford Hospital and Clinics as a confirmation of coverage for malpractice.

Research and/or clinical activities unrelated to the School of Medicine are NOT covered.

Private practice and independent consultants are not covered under the SUMC program and should provide a Certificate of Insurance showing their own coverage through another insurance carrier.
