Energy Sector

1. *April 2, WPTV 5 West Palm Beach* – (Florida) **Crews still cleaning up at biodiesel facility in Stuart.** Crews remained at Viesel Fuel in Stuart, Florida, April 2 following an April 1 fire that caused four 10,000-gallon tanks of biodiesel to ignite, prompting a power outage for the area and the evacuation of students from Port Salerno Elementary School. The fire was contained and authorities are investigating the incident.
Source: <http://www.wptv.com/news/region-martin-county/stuart/viesel-fuel-biodiesel-company-on-fire-in-stuart>
2. *April 2, United Press International* – (North Dakota) **Oil product spill hits North Dakota wetland.** The North Dakota Department of Health reported April 2 that 475 barrels of waste were recovered after an Oasis Petroleum LLC-owned pipeline released about 500 barrels of produced water in Burke County, impacting a nearby wetland.
Source: http://www.upi.com/Business_News/Energy-Resources/2015/04/02/Oil-product-spill-hits-North-Dakota-wetland/4731427967631/
3. *April 1, Longmont Times-Call* – (Colorado) **Longmont agrees to \$142K settlement on oil, gas, water pipelines.** Kerr-McGree Gathering LLC will pay the city of Longmont \$142,530 in addition to reporting the installation, inspection, and testing of its pipelines, along with other terms agreed upon in a settlement April 1 regarding a set of pipelines running under the eastern edge of the city's open space.

Chemical Industry Sector

4. *April 2, Salisbury Post* – (North Carolina) **Driver killed, area evacuated after tanker overturns on Bringle Ferry Road.** The driver of a semi-truck carrying 6,000 gallons of ethanol was killed when the vehicle overturned after it ran off Bringle Ferry Road in Salisbury, and a small number of homes were evacuated in response to a chemical spill caused by the crash. The area was rendered safe after the leak was contained while cleanup efforts were expected to take several hours.
Source: <http://www.salisburypost.com/2015/04/02/driver-killed-area-evacuated-after-tanker-overturns-on-bringle-ferry-road/>
5. *April 1, Jackson County Times-Journal* – (Ohio) **Hazmat situation closes Chillicothe Pike exit.** An Ohio State Patrol Motor Carrier Enforcement unit performing a routine stop of a semi-truck near the Chillicothe Pike exit to U.S. Route 35 westbound in Jackson, discovered that the vehicle's trailer was improperly placarded for HAZMAT items that it was carrying, and a gas cloud caused by spilled, unidentified chemicals escaped the trailer when the doors were opened during the inspection. Authorities tested air quality and re-secured the truck before the scene was cleared about six hours later.

Transportation Systems Sector

12. *April 2, Associated Press; San Jose Mercury News* – (California) **Woman walking inside fence at San Jose Airport is 5th breach.** Police subdued and arrested a woman at the Mineta San Jose International Airport in San Jose March 31 after she allegedly jumped a fence and began walking on the airfield, making it the fifth security breach at the airport in less than a year.
Source: <http://abcnews.go.com/US/wireStory/woman-walking-inside-fence-san-jose-airport-5th-30050042>
13. *April 2, WSVN 7 Miami* – (Florida) **Debris causes chain reaction wreck on Turnpike, 2 hospitalized.** Southbound lanes on Florida’s Turnpike in Miami-Dade were shut down for 4 hours April 1 due to chain-reaction crash involving an overturned semi-

truck and at least six vehicles. Two people were transported to an area hospital for injuries and police are still searching for a truck that lost its load and caused the accident.

Source: <http://www.wsvn.com/story/28692630/rollover-accident-shuts-down-turnpike-southbound-traffic>

14. *April 2, KDVR 31 Denver* – (Colorado) **Deadly crash shuts down I-25 for hours; driver talks about close call.** Interstate 25 in Broomfield, Colorado, was closed in both directions for nearly 5 hours April 1 due to a fatal crash that left one person dead after a driver lost control in the southbound lane and crossed a barricade which sent chunks of concrete into oncoming lanes, damaging three cars.

Source: <http://kdvr.com/2015/04/01/i-25-closed-in-both-directions-due-to-accident-north-of-the-metro-area/>

15. *April 1, Al.com* – (Alabama) **Irondale train derailment cleanup continues.** Crews continued work April 1 to remove a tipped engine from railroad tracks following a March 31 Norfolk Southern train derailment in Irondale, Alabama, that involved 11 tankers. Authorities are investigating the cause of the derailment.

Source:

http://www.al.com/news/birmingham/index.ssf/2015/04/irondale_train_derailment_cleanup.html

16. *April 1, Charlotte Observer* – (North Carolina) **DMV services restored in NC after fiber optic cable cut.** North Carolina Department of Transportation officials announced April 1 that Internet services were restored at DMV offices across the State after a cut in a fiber optic cable caused services to go down for roughly 5 hours.

Source: <http://www.charlotteobserver.com/news/local/article17101172.html>

[\[Return to top\]](#)

Food and Agriculture Sector

17. *April 2, WIVB 4 Buffalo* – (New York) **Barn fire breaks out at WNY dairy farm.** An April 2 fire at the Pearl Dairy in the Town of Sheldon destroyed a sugar shack that was used for processing maple syrup and spread to a barn before firefighters contained the blaze. The owner of the dairy stated that the blaze will end the farm's maple syrup production for the year.

Source: <http://wivb.com/2015/04/02/overnight-barn-fire-in-wyoming-county/>

18. *April 2, U.S. Department of Agriculture* – (Washington) **Robber's Roost Jerky recalls beef and pork jerky product due to possible Listeria contamination.** The Food Safety and Inspection Service announced April 1 that Robber's Roost Jerky issued a recall for about four pounds of its ready-to-eat Smoked Beef & Pork Pepper Stick jerky products due to possible Listeria monocytogenes contamination. The affected product was distributed to retail outlets in Washington.

Source: <http://www.fsis.usda.gov/wps/portal/fsis/topics/recalls-and-public-health-alerts/recall-case-archive/archive/2015/recall-054-2015-release>

19. *April 2, Mason City Globe Gazette* – (Iowa) **Official: Hundreds of bales ignite at Branstad Farms near Forest City.** Crews at Branstad Farms near Forest City used an excavator to move several hundred round bales of cornstalks that caught fire April 1 to an open field where firefighters allowed the bales to burn out on their own. No injuries or structural damage was reported, and firefighters stated that the cause of the incident is believed to be strong winds that reignited a trash fire.
Source: http://globegazette.com/news/iowa/official-hundreds-of-bales-ignite-at-branstad-farms-near-forest/article_60f3f0b9-fc79-5be5-bc32-44f6e4361360.html
20. *April 1, KPNX 12 Mesa* – (International) **Rare bug found at Nogales port of entry.** U.S. Customs and Border Protection agriculture specialists intercepted a *Claudinerosius slateri*, a rare invasive insect, during an inspection of a commercial shipment of celery from Mexico at the Nogales port of entry April 20. The shipment was fumigated and later released into U.S. commerce.
Source: <http://www.azcentral.com/story/news/12-news/2015/04/01/12-news-nogales-port-of-entry-department-of-homeland-security/70780500/>
21. *April 1, KGAN 2 Cedar Rapids* – (Iowa) **Crews fight barn fire in Jones County.** Firefighters responded April 1 to a Jones County farm where a fire engulfed a barn holding corn stalk bales before it spread to two adjoining buildings. Investigators believe the blaze was sparked by hot embers from a nearby controlled fire.
Source: <http://www.cbs2iowa.com/news/features/top-stories/stories/Crews-Fight-Barn-Fire-In-Jones-County-110126.shtml>
22. *April 1, U.S. Department of Agriculture* – (International) **Laser corned beef products produced without benefit of import inspection.** Rockville, Maryland-based Aadji & Manten International, LLC issued a recall April 1 for about 1,108 pounds of canned Laser Corned Beef products imported from Brazil that were not presented at the U.S. point of entry for U.S. Department of Agriculture inspection posing possible health risks. The recalled products were shipped to retailers in Maryland and Virginia, and were en route to a distributor in California.
Source: <http://www.fsis.usda.gov/wps/portal/fsis/topics/recalls-and-public-health-alerts/recall-case-archive/archive/2015/recall-053-2015-release>
23. *April 1, U.S. Food and Drug Administration* – (National) **Maya Overseas Food Inc. issues allergy alert on undeclared peanuts in “Cumin Powder”.** The U.S. Food and Drug Administration announced April 1 that New York-based Maya Overseas Food Inc., recalled its 7-ounce packages of Cumin Powder due to undeclared peanuts. Production of the product was suspended indefinitely until the company corrects issues within its production and packaging processes.
Source: <http://www.fda.gov/Safety/Recalls/ucm440911.htm>
24. *April 1, U.S. Food and Drug Administration* – (National) **Hope Foods issues allergy**

alert and voluntary recall on undeclared walnuts in Kale Pesto Hummus. The U.S. Food and Drug Administration reported April 1 that Hope Foods voluntarily recalled one lot of its Kale Pesto Hummus due to undeclared walnuts. The recalled product was packaged in 8-ounce plastic tubs and distributed to limited retailers and wholesalers nationwide.

Source: <http://www.fda.gov/Safety/Recalls/ucm440887.htm>

25. *April 1, U.S. Food and Drug Administration* – (National) **Giant Eagle voluntarily recalls multiple items due to undeclared egg and milk allergens.** The U.S. Food and Drug Administration reported March 31 that undeclared egg and milk prompted the recall of select Giant Eagle brand Danish pastries, Bolillo rolls, specialty cheese, meringue pies, and heat & serve fried fish products that were prepared and sold in the Bakery, Cheese, and Prepared Foods departments inside Giant Eagle and Market District Stores across four States.

[\[Return to top\]](#)

Government Facilities Sector

28. *April 2, Spokane Spokesman-Review* – (Washington) **U-Hi evacuated after bomb threat received.** An emailed bomb threat prompted the evacuation of students at University High School in Spokane County and the dismissal of classes April 1 while authorities investigated and searched the campus. Police cleared the scene after nothing suspicious was found.
Source: <http://www.spokesman.com/stories/2015/apr/02/in-brief-u-hi-evacuated-after-bomb-threat-received/>

29. *April 2, WGCL 46 Atlanta* – (Georgia) **11 of 12 found guilty in APS cheating trial.** Eleven out of 12 educators in Atlanta were found guilty April 1 in connection to conspiring to cheat or concealing cheating in order to boost test scores on the Atlanta Public Schools Criterion-Referenced Competency Test for financial gain. A total of 35 educators were charged in March 2013 following a 2009 investigation that revealed system-wide cheating on the tests.
Source: <http://www.cbs46.com/story/28622132/aps-educators-wait-for-fate>

30. *April 1, New Canaanite.com* – (Connecticut) **Cause of water leak that prompted closing of West School on Wednesday unknown.** Authorities continue to investigate the cause of a water leak at West School in New Canaan which prompted the school's closure April 1 after officials found electrical issues and other problems caused by the leak.
Source: <http://newcanaanite.com/district-west-school-closed-wednesday-due-to-water-leak-24582>

For additional stories, see items [1](#) and [3](#)

[\[Return to top\]](#)

Emergency Services Sector

31. *April 2, Chicago Tribune; Associated Press* – (Illinois) **Cops: Authorities still hunting for escaped murderer.** Authorities are searching for an inmate who escaped from the Jerome Combs Detention Center in Kankakee County April 1 by overpowering two correctional officers, wearing one of the officers' uniform, and using his car to escape. The inmate caused severe injury to one of the guards and authorities stated that he should be considered armed and dangerous.
Source: <http://www.chicagotribune.com/news/local/breaking/chi-inmate-escapes-from-jail-in-kankakee-county-20150401-story.html>

32. *April 1, Newark Star-Ledger* – (International) **Miami drug cop went rogue to aid N.J. trafficking ring, feds say.** A former Miami police lieutenant pleaded guilty in New Jersey March 31 to receiving over \$160,000 in cash and material goods for aiding a gang by purchasing and transporting firearms, drugs, and drug cash on commercial

flights to and from New Jersey, New York, Miami, Ecuador, and the Dominican Republic using his position as a police lieutenant to easily transport the items.

Source:

http://www.nj.com/news/index.ssf/2015/04/miami_drug_cop_went_rogue_to_aid_nj_trafficking_ri.html

[\[Return to top\]](#)

Information Technology Sector

33. *April 2, Help Net Security* – (International) **Google decides to stop trusting CNNIC certificates.** Google security engineers announced that the company would no longer allow its Chrome Web browser to recognize digital certificates issued by the China Internet Network Information Center (CNNIC), following an incident during the week of March 23 in which an intermediate certificate authority (CA) operating under CNNIC issued a number of unauthorized digital certificates for Google domains.
Source: <http://www.net-security.org/secworld.php?id=18164>

34. *April 2, Securityweek* – (International) **Researchers spot 64-bit version of NewPosThings trojan.** Security researchers at Trend Micro identified a new 64-bit version of the NewPosThings point-of-sale (PoS) malware that infects systems by collecting passwords for virtual network computing (VNC) software and disabling operating system security warnings for certain file extensions, and collects user inputs and payment card information via memory scraping. Experts discovered command and control (C&C) servers used by the trojan associated with internet protocol (IP) addresses at two U.S. airports.
Source: <http://www.securityweek.com/researchers-spot-64-bit-version-newposthings-trojan>

35. *April 1, Threatpost* – (International) **Critical vulnerabilities affect JSON Web Token libraries.** A Canadian security researcher discovered vulnerabilities in several JavaScript Object Notation (JSON) Web Token (JWT) libraries that could allow attackers to bypass verification steps and access servers by exploiting a public key confusion between systems signed with keyed-hash message authentication codes (HMAC) and Rivest-Shamir-Adleman (RSA) keys. The issue can be addressed by configuring servers to reject tokens with different signatures via a whitelisting or blacklisting mechanism.
Source: <http://threatpost.com/critical-vulnerabilities-affect-json-web-token-libraries/111943>

Communications Sector

Nothing to report

[\[Return to top\]](#)

Commercial Facilities Sector

36. *April 2, KNBC 4 Los Angeles* – (California) **One dead, others escape Wilmington motel fire by jumping from windows.** One person was killed and 15 others were injured by an April 2 fire at the Wilmington Hotel in Los Angeles that engulfed the structure, which housed 29 residents in 20 units. The cause of the blaze remains under investigation.
Source: <http://www.nbclosangeles.com/news/local/Motel-Fire-South-LA-People-Trapped-Injured-298429861.html>
37. *April 2, Associated Press* – (Massachusetts) **Fire damages Lawrence apartment building.** A 3-alarm fire at a Lawrence, Massachusetts apartment building April 2 displaced more than 30 residents. The cause of the fire is under investigation but does not appear suspicious.
Source:
http://www.bostonherald.com/news_opinion/local_coverage/2015/04/fire_damages_lawrence_apartment_building
38. *April 2, KMOX 1120 AM St. Louis* – (Michigan) **Dozens homeless after apartment building fire.** Authorities are investigating the cause of a 3-alarm fire at the Oxford Hills Apartments complex in St. Louis County April 2 that displaced dozens of residents and rendered 11 units uninhabitable.
Source: <http://stlouis.cbslocal.com/2015/04/02/dozens-homeless-after-apartment-building-fire/>

[\[Return to top\]](#)

Dams Sector

39. *April 1, Associated Press* – (Michigan) **State to remove crumbling dam on Kalamazoo River.** Michigan Department of Natural Resources officials announced an \$827,050 project April 1 that will begin sometime during the summer to remove a crumbling dam, create a temporary structure, and reroute the Kalamazoo River in Ostego Township in order to contain contaminated sediments until crews are able to remove them. Once cleanup is completed, the Ostego Dam remnants will be removed, restoring the river to its natural course.
Source: http://www.southbendtribune.com/news/local/state-to-remove-crumbling-dam-on-kalamazoo-river/article_45356c1b-c458-52e9-8f22-10ff7b5e32ca.html
40. *April 1, KSBY 6 San Luis Obispo* – (California) **Low water levels at Lopez Lake**

trigger response plan. Officials in San Luis Obispo County announced April 1 that water deliveries to municipalities will be reduced by 10 percent when Lopez Lake dips below 15,000 acre feet in order to preserve the remaining water in the lake. Officials enacted the Low Reservoir Response Plan in 2014 when Lopez Lake fell below 20,000 acre feet, which includes reducing water deliveries each year through 2017.
