## **Hanbery Neurosurgical Society**Stanford University Medical Center 300 Pasteur Drive Stanford, CA 94305

October 30, 2015

Dear Potential Sponsor,

We are excited to give you an update and follow up on our earlier request for an educational grant to support the 42nd Annual Meeting of the Stanford Hanbery Neurosurgical Society. The meeting will be held on August 4th – 7th, 2016 and the venue will be the Carmel Valley Ranch in the beautiful and sunny Carmel Valley California (<a href="https://www.carmelvalleyranch.com">www.carmelvalleyranch.com</a>).

As previously mentioned, the Hanbery Society is a non-profit 501C organization, which makes your donation tax deductible (<a href="http://neurosurgery.stanford.edu/about/history.html">http://neurosurgery.stanford.edu/about/history.html</a>). The employer identification number is 61-1410528, and the organization number is 2406099. Included with this letter is the W9 form, and the scientific programs from prior years can be viewed on the website. As you will see the topics have been broad, cutting-edge, and exciting, covering every aspect of the practice of our diverse membership throughout the country. We are currently reviewing abstracts for the coming years program, and will send the preliminary draft of that program with the titles and presenters as it develops.

As in prior years, the suggested levels of sponsorship are as follows:

Platinum: \$10,000 Gold: \$7,500 Silver: \$5,000

All participating companies and vendors will be acknowledged in the final program brochure, on our website, as well as from the podium during the meeting. Premium space allocations will be provided to sponsors who contribute at higher levels, and will be reflected as well in acknowledgements. If you are planning on staying at the venue, please contact Ms. Hillary Ebright with the Carmel Valley Ranch at (831) 620-6403 for reservations and mention the Hanbery Neurosurgical Society Meeting.

Once again, we thank you for your support and look forward to partnering with you to make the conference a great success. Should you have any questions or concerns, please contact either one of us at our numbers below.

Sincerely,

## Robert L. Dodd, MD, PhD
