

RECOMMENDED BUDGET AND RESOURCE ALLOCATION PLAN

Fiscal Year 2008/2009
Twenty-Year Financial Plan
VOLUME II Operating Budget

Operating Budget Guide and Operating Budgets

**Operating
Budget Guide**

OPERATING BUDGET GUIDE

COMPARISON OF TRADITIONAL LINE ITEM BUDGET AND PERFORMANCE BASED BUDGET

Sunnyvale's Performance Based Budget concept places emphasis on planning and budgeting resources for the accomplishment of service objectives as compared to the traditional budget which bases decisions on line-item costs.

The traditional budget in local government provides detailed costs of resources by the use of line-item object accounts. These accounts just show the total cost of a particular class of labor or type of material (paper, asphalt, etc.) that has been approved as a budget item for an entire organizational unit, usually a Department. Some workload data may be provided in the budget but it is generally not related to the cost of performing the work. Neither efficiency nor effectiveness data are included in this type of budget.

Sunnyvale's Performance Budget is organized by programs, service delivery plans, and activities. During the budget development process, line item object accounts are used to budget within each activity, and it is the activity which generates the production units that accomplish the service objective. The Performance Budget thereby directly relates the labor, materials and other costs in the budget to the results that are to be produced. This link-up provides the means for measuring both the efficiency and effectiveness of resource utilization.

Resource allocation decisions in performance budgeting are based on the intended service levels. Program Managers have the flexibility to redistribute resources within their programs to maintain (not increase or decrease) current approved service levels.

The performance based management system is an important part of Sunnyvale's Planning and Management System (PAMS). The City began to implement this management concept in the late 1970's. In FY 2003/2004 Council directed staff to complete a comprehensive review and analysis of the performance based management system. The review and analysis of the system began early in FY 2004/2005 and was completed by the end of FY 2005/2006. This work was part of a comprehensive overhaul of the City's Planning and Management System. Work during FY 2004/2005 included evaluation of the philosophy and intent of the system as well as the processes that are followed to either establish a new or restructure an existing program to the performance based management system.

Staff restructured all programs into the revised format during the first half of FY 2005/2006. This allowed for the revised system to be used in preparing the two-year operating budget for FY 2006/2007 and FY 2007/2008.

The following table compares traditional line-item budgeting by entire departments to budgeting by Activities, which accomplish the Service Delivery Plan within each city Program.

LINE ITEM BUDGETING/PERFORMANCE BASED BUDGETING/ COMPARISON

	TRADITIONAL LINE ITEM BUDGETING	PERFORMANCE BASED BUDGETING
Budget Orientation	Money Control	Program Service Delivery Plans
Basic Budgeting Unit (Object Account)	Line Item	Activity
Efficiency Measurement	Units Per Work Hour	Product Cost
Results Measurement (Effectiveness/Quality)	N/A	Performance Measures
Budget Period	One Year	Multi-Year

RELATIONSHIP TO THE GENERAL PLAN

The overall purpose of the Performance Based Budget System is to establish a process to assist program managers in scheduling work and resources in order to efficiently and effectively carry out the City's Goals and Policies contained in its General Plan. This purpose is summarized in the following concepts:

- Integration of long-term planning and evaluation with the budget process by relating the City's work efforts to stated service levels aimed at accomplishment of the General Plan Goals and Policies.
- Defining City business in service level terms by use of performance measures and program statements to describe planned accomplishments, which contribute to achieving the General Plan's Goals and Policies.
- Recording the work hours, products and financial aspects of achieved accomplishments.
- Measuring the efficiency and effectiveness achieved in accomplishing budgeted objectives.

The above concepts are interrelated. For example, under the Performance-Based Budget method, the General Plan's Goals are directly related to specific Programs and Program Performance Statements. The Program Performance Statement provides answers to the following questions: What is the purpose of the program? How will this purpose be achieved? What key results are expected to be produced? The Service Delivery Plans are accomplished by Activities in which all work hours and other costs are charged, and the Products provide statistics on the efficiency of production through Product Cost and Products per Hour. Additionally, the effectiveness of each Program's accomplishments is also measured through Performance Measures.

RESOURCE ALLOCATION PLAN STRUCTURE OVERVIEW

The City's Performance Based Budget System is a fully integrated component of the Planning and Management System (PAMS). The PAMS consists of three components: the City's General Plan (Policy Setting), Service Delivery (Operating Programs) and Evaluation (Program and Personnel Audits).

The General Plan and Service Delivery components are organized in a hierarchical structure which makes it possible to functionally relate the City's Goals and Policies to the actual work outputs which are produced to achieve those Goals. The structure is designed to make Service Delivery Objectives explicit within each Program so that information on the efficiency and effectiveness of its operations can be provided to Program Managers on a frequent basis.

The following three charts explain the program structure hierarchy and provide definitions of some key terms.

GENERAL PLAN AND PROGRAM HIERARCHY

	HIERARCHICAL COMPONENT	RELATED DESCRIPTION	EVALUATION MEASURES
GENERAL PLAN	ELEMENT/SUB-ELEMENT	General Plan Goals, Policies and Action Statements	Community Condition Indicators Annual Performance Report
BUDGET	PROGRAM	Describes services delivered	Program Performance Measures
(Resource Allocation Plan)	Service Delivery Plan (SDP)	Describes programming of targeted service areas	Service Delivery Plan Statements
	Activity	Lowest official level cost center	Product Product/Hour Product Cost

PERFORMANCE BASED BUDGET STRUCTURE HIERARCHY AND DEFINITION OF TERMS

Community Condition Indicators identify community conditions which require some form of direct or indirect service.

Element/Sub-Element Goals, Policies and Action Statements are established at the sub-element level and define how the City will achieve the General Plan's goals.

PERFORMANCE BASED BUDGET STRUCTURE HIERARCHY AND DEFINITION OF TERMS

PROGRAM
STATEMENT

- *Council's Service Priority Direction*
- *Core Measures*
 - *Quality*
 - *Productivity*
 - *Cost Effectiveness*
 - *Financial*

Program Performance Statements describe the purpose and final result for which the program is undertaken (from customer's view) as well as broad service areas and critical measures.

SERVICE
DELIVERY
PLANS

- *Specific Programming for:*
 - *Targeted Services*
 - *Program Goals & Measures*

Service Delivery Plans (SDP) describe specific programming of targeted services to meet the program goals.

ACTIVITIES
&
SUB-ACTIVITIES

- *Budget Allocation*

Activities incorporate everything that goes into providing a specific service. This is the lowest official level cost center.

PRODUCT

- *Demand Management*
- *Volume of Activities*

Sub-Activities (optional) are sub-sets of activities providing an optional cost accounting and management tool.

Products are the end results of activities that support program statements.

The General Plan comprises seven elements, which are further divided into sub-elements:

ELEMENT

SUB-ELEMENT

- | | | | |
|----|---------------------------|-----|------------------------------------|
| 1. | Land Use & Transportation | | |
| 2. | Community Development | 2.2 | Open Space & Recreation |
| | | 2.3 | Housing & Community Revitalization |
| | | 2.4 | Safety & Seismic Safety |
| | | 2.5 | Community Design |
| 3. | Environmental Management | 3.1 | Water Resources |
| | | 3.2 | Solid Waste Management |
| | | 3.3 | Sanitary Sewer System |
| | | 3.4 | Surface Runoff |
| | | 3.5 | Energy |
| | | 3.6 | Noise |
| | | 3.7 | Source Reduction & Recycling |
| 4. | Public Safety | 4.1 | Law Enforcement |
| | | 4.2 | Fire |
| | | 4.3 | Support Services |
| 5. | Socio-Economic | 5.1 | Socio-Economic |
| 6. | Cultural | 6.2 | Library |
| | | 6.3 | Heritage Preservation |
| | | 6.4 | Arts |
| 7. | Planning and Management | 7.1 | Fiscal Management |
| | | 7.2 | Community Participation |
| | | 7.3 | Legislative Management |

The Operating Budget is organized by elements and presented at the program level - the highest operating level in the hierarchy. For each element, the following information is presented:

- Goals, Policies and Action Statements
- Community Condition Indicators
- Program Performance Budget (RAP)

The RAP report provides an overview of the amount of resources that have been allocated to each program. It includes:

- (A) Program Performance Statement
- (B) Performance Measures
- (C) Service Delivery Plan Statement
- (D) Costs, Products, and Work Hours
- (E) Product Costs and Work Hours per Product

SEE SAMPLE REPORT ON FOLLOWING PAGES

City of Sunnyvale
Program Performance Budget

Program 763 - Provision of Vehicles and Motorized Equipment

Program Performance Statement

Support City operations with a safe, functional and dependable fleet of vehicles at the lowest possible cost, by:

- Performing preventative maintenance and corrective repairs to minimize operating cost and maximize reliability of City vehicles and motorized equipment,
- Supplying City programs with necessary and appropriate vehicles and motorized equipment, and
- Generating and maintaining long range replacement plans to anticipate future vehicle and equipment needs.

Notes

Operator Certification includes providing in-house training on a variety of specialized equipment to enhance operator performance and address specific safety concerns. Of the 12 types of training provided by Fleet, forklift operator, commercial driver's license refresher, and underground storage tank operator training are mandated or recommended by other state agencies. The other 9 refer to items such as aerial basket trucks, backhoes, rotary mowers, loaders, crane trucks etc.

**City of Sunnyvale
Program Performance Budget**

Program 763 - Provision of Vehicles and Motorized Equipment

Service Delivery Plan 76301 - Vehicle and Motorized Equipment Operation and Maintenance

Optimize safety, functionality and availability of vehicles and motorized equipment to support City operations, by:

- Performing comprehensive "class specific" preventive maintenance per manufacturer specifications to City vehicles and motorized equipment to reduce unscheduled repairs and maintain vehicle warranties,
- Correcting mechanical deficiencies and completing necessary modifications to City vehicles and motorized equipment, and
- Providing and managing fuel services for all City vehicles and motorized equipment.

**Land Use and
Transportation
Element**

1. Land Use and Transportation Element

Development of property in the community affects the roadway system and circulation throughout the community and region. In addition, the ability to move around the community affects decisions on the appropriate use of land. This Element describes the physical conditions of property and roadways and sets forth goals and policies on a regional, City-wide and neighborhood level. This Element is closely linked with the Community Development Element.

Land Use & Transportation

Goals, Policies and Action Statements

THE CITY AS PART OF A REGION

Goal R1 Protect and sustain a high quality of life in Sunnyvale by participating in coordinated land use and transportation planning in the region.

Policy R1.1 Advocate the City's interests to regional agencies that make land use and transportation system decisions that affect Sunnyvale.

Policy R1.2 Support coordinated regional transportation system planning and improvements.

Policy R1.3 Promote integrated and coordinated local land use and transportation planning.

Action Statements

R1.3.1 Participate in intergovernmental activities related to regional and sub-regional land use and transportation planning in order to advance the City's interests.

R1.3.2 Promote shorter commute trips and ease congestion by advocating that all communities provide housing and employment opportunities.

R1.3.3 Monitor significant land use and transportation decisions pending in other communities to ensure that Sunnyvale is not adversely affected.

Transportation

Policy R1.4 Achieve an operating level of service (LOS) "E" or better for all regional roadways and intersections as defined by the City's functional classification of the street system.

- Policy R1.5 Maintain a functional classification of the street system that identifies Congestion Management Program roadways and intersections, as well as local roadways and intersections of regional significance.
- Policy R1.6 Preserve the option of extending Mary Avenue to the industrial areas north of U.S. Highway 101.
- Policy R1.7 Contribute to efforts to minimize region-wide average trip length and single-occupant vehicle trips.

Action Statements

- R1.7.1 Locate higher intensity land uses and developments so they have easy access to transit services.
- R1.7.2 Support regional efforts which promote higher densities near major transit and travel facilities without increasing the overall density of land usage.
- R1.7.3 Cooperate in efforts to study demand management initiatives, including congestion-pricing, flexible schedules, gas taxes and market-based programs.
- Policy R1.8 Support statewide, regional and sub-regional efforts that provide for an effective transportation system.

Action Statements

- R1.8.1 Endorse funding to provide transportation system improvements that facilitate regional and interregional travel.
- R1.8.2 Advocate the preservation of railroad lines for both commuter and freight transit.
- R1.8.3 Advocate improvements to state and county roadways serving Sunnyvale.
- R1.8.4 Support efforts to plan and implement effective inter-jurisdictional transportation facilities.
- Policy R1.9 Support flexible and appropriate alternative transportation modes and transportation system management measures that reduce reliance on the automobile and serve changing regional and City-wide land use and transportation needs.

Action Statements

- R1.9.1 Support state and regional efforts to provide High Occupant Vehicle (HOV) lanes, ridesharing, mass transit service, bicycling and Intelligent Transportation Systems.

R1.9.2 Promote modes of travel and actions that reduce single occupant vehicle trips and trip lengths.

Land Use

Policy R1.10 Support land use planning that complements the regional transportation system.

Action Statements

R1.10.1 Encourage a variety of land use types and intensities on a regional level while maintaining and improving regional transportation service levels.

R1.10.2 Support alternative transportation services, such as light rail, buses and commuter rail through appropriate land use planning.

R1.10.3 Encourage mixed uses near transit centers.

Policy R1.11 Protect regional environmental resources through local land use practices.

Action Statements

R1.11.1 Participate in state and regional activities to protect the natural environment.

R1.11.2 Protect and preserve the diked wetland areas in the Baylands, which serve as either salt evaporation ponds or holding ponds for the wastewater treatment plant.

Policy R1.12 Protect the quality of life for residents and businesses in Sunnyvale by actively participating in discussions and decisions on potential uses of Moffett Federal Airfield.

Action Statements

R1.12.1 Comprehensively review any proposed aviation services at Moffett that could increase aviation activity or noise exposure.

R1.12.2 Encourage appropriate uses that best support business and residents' desire in Sunnyvale.

R1.12.3 Pursue annexation of that portion of Moffett Federal Airfield within Sunnyvale’s sphere of influence.

THE CITY

Community Character

Goal C1 Preserve and enhance an attractive community with a positive image and a sense of place that consists of distinctive neighborhoods, pockets of interest and human-scale development.

Policy C1.1 Recognize the City is composed of residential, industrial and commercial neighborhoods, each with its own individual character and allow change consistent with reinforcing positive neighborhood values.

Action Statements

C1.1.1 Prepare and update land use and transportation policies, design guidelines, regulations and engineering specifications to reflect community and neighborhood values.

C1.1.2 Promote and achieve compliance with land use and transportation standards.

C1.1.3 Require appropriate buffers, edges and transition areas between dissimilar neighborhoods and land uses.

C1.1.4 Require that commercial activities be conducted primarily within a building.

Policy C1.2 Encourage nodes of interest and activity, such as parks, public open spaces, well planned development, mixed use projects and other desirable uses, locations and physical attractions.

Action Statements

C1.2.1 Promote downtown as a unique place that is interesting and accessible to the whole City and the region.

- C1.2.2 Encourage development of diversified building forms and intensities.
- C1.2.3 Encourage development of multi-modal transportation centers.
- C1.2.4 Maintain public open space areas and require private open space to be maintained.

Appropriate Housing

- Goal C2 Ensure ownership and rental housing options in terms of style, size and density that are appropriate and contribute positively to the surrounding area.
- Policy C2.1 Provide land use categories for and maintenance of a variety of residential densities to offer existing and future residents of all income levels, age groups and special needs sufficient opportunities and choices for locating in the community.

Action Statements

- C2.1.1 Ensure consistency with the City's Housing and Community Revitalization Sub-Element.
- C2.1.2 Permit and maintain a variety of residential densities including:
 - ◆ Low density (0-7 dwelling units per net acre)
 - ◆ Low-Medium density (7-14 dwelling units per net acre)
 - ◆ Mobile home park (up to 12 mobile home dwelling units per net acre)
 - ◆ Medium density (14-27 dwelling units per net acre)
 - ◆ High density (27-45 dwelling units per net acre)
 - ◆ Very high density (45-65 dwelling units per net acre)

C2.1.3 Promote the maintenance and rehabilitation of existing housing.

C2.1.4 Support the transition of Industrial to Residential (ITR) areas as opportunities to increase housing variety and stock.

C2.1.5 Study housing alternatives including co-housing, live-work spaces and transitional housing options to serve a changing population.

Policy C2.2 Encourage the development of ownership housing to maintain a majority of housing in the city for ownership choice.

Policy C2.3 Maintain lower density residential development areas where feasible.

Action Statements

C2.3.1 Study the potential rezoning of properties in the R-4 and R-5 zoning districts to other zoning districts.

C2.3.2 Promote and preserve single-family detached housing where appropriate and in existing single-family neighborhoods.

C2.3.3 Monitor the progress of the remediation efforts for Futures Site 5 (General Plan Category of Industrial to Residential (ITR) for Low Medium Density Residential) to determine if and when conversion to residential use is appropriate.

Policy C2.4 Determine appropriate density for housing based on site planning opportunities and proximity to services.

Action Statements

C2.4.1 Locate higher density housing with easy access to transportation corridors, rail transit stations, bus transit corridor stops, commercial services and jobs.

C2.4.2 Locate lower density housing in proximity to existing lower density housing.

Efficient Transportation

Goal C3 Attain a transportation system that is effective, safe, pleasant and convenient.

Policy C3.1 Achieve an operating level-of-service (LOS) of “D” or better on the City-wide roadways and intersections, as defined by the functional classification of the street system.

Action Statements

C3.1.1 Maintain and update a functional classification of the street system.

C3.1.2 Monitor the operation and performance of the street system by establishing a routine data collection program and by conducting special data collection as the need arises.

C3.1.3 Require roadway and signal improvements for development projects to minimize decline of existing levels of service.

C3.1.4 Study and implement physical and operational improvements to optimize roadway and intersection capacities.

C3.1.5 Promote the reduction of single occupant vehicle trips and encourage an increase in the share of trips taken by all other forms of travel.

C3.1.6 Study the use of density, floor area limits, parking management, peak hour allocations and other techniques to maintain or achieve acceptable levels of service on existing roadways.

C3.1.7 Minimize the total number of vehicle miles traveled by Sunnyvale residents and commuters.

Policy C3.2 Integrate the use of land and the transportation system.

Action Statements

C3.2.1 Allow land uses that can be supported by the planned transportation system.

C3.2.2 Minimize driveway curb cuts and require coordinated access when appropriate.

C3.2.3 Encourage mixed-use developments that provide pedestrian scale and transit oriented services and amenities.

C3.2.4 Continue to evaluate transportation impacts from land use proposals at a neighborhood and City-wide level.

C3.2.5 Study potential transit station mixed-use development.

Policy C3.3 Optimize city traffic signal system performance.

Action Statements

- C3.3.1 Maintain the signal system and respond quickly to signal breakdowns.
- C3.3.2 Monitor traffic signal control performance.
- C3.3.3 Interconnect groups of traffic signals where practicable.
- C3.3.4 Make appropriate hardware and software improvements to traffic signals.
- C3.3.5 Make the traffic signal system responsive to all users, including bicyclists and pedestrians.
- C3.3.6 Install and remove signals when warranted and establish an implementation schedule.

Policy C3.4 Maintain roadways and traffic control devices in good operating condition.

Action Statements

- C3.4.1 Inventory and monitor roadway conditions and implement a regular program of pavement maintenance.
- C3.4.2 Install permanent and painted pavement markings.
- C3.4.3 Implement programs for repair of roadbeds, barriers and lighting.
- C3.4.4 Respond quickly to sign damages and losses.
- C3.4.5 Develop and implement a program for long-term transportation infrastructure replacement.
- C3.4.6 Manage on-street parking to assure safe, efficient traffic flow.
- C3.4.7 Conduct periodic analyses of roadway facilities and collision data to assure traffic safety.

Policy C3.5 Support a variety of transportation modes.

Action Statements

- C3.5.1 Promote alternate modes of travel to the automobile.
- C3.5.2 Require sidewalk installation in subdivisions of land and in new, reconstructed or expanded development.
- C3.5.3 Support land uses that increase the likelihood of travel mode split.
- C3.5.4 Maximize the provision of bicycle and pedestrian facilities.
- C3.5.5 Implement the City of Sunnyvale Bicycle Plan.
- C3.5.6 Support an efficient and effective paratransit service and transportation facilities for people with special transportation needs.
- C3.5.7 Ensure safe and efficient pedestrian and bicycle connections to neighborhood transit stops.
- C3.5.8 Work to improve bus service within the City, including linkages to rail.

Policy C3.6 Minimize expansion of the current roadway system, while maximizing opportunities for alternative transportation systems and related programs.

Action Statements

- C3.6.1 Develop clear, safe and convenient linkages between all modes of travel including access to transit stations and stops and connections between work, home and commercial sites.
- C3.6.2 Promote public and private transportation demand management.

Policy C3.7 Pursue local, state and federal transportation funding sources to finance City transportation capital improvement projects consistent with City priorities.

Action Statements

- C3.7.1 Develop alternatives and recommendations for funding mechanisms to finance the planned transportation system.

C3.7.2 Develop a funding mechanism where new and existing land uses equitably participate in transportation system improvements.

Strong Economy

Goal C4 Sustain a strong local economy that contributes fiscal support for desired city services and provides a mix of jobs and commercial opportunities.

Policy C4.1 Maintain a diversity of commercial enterprises and industrial uses to sustain and bolster the local economy.

Action Statements

C4.1.1 Permit a variety of commercial and industrial uses including:

- ◆ Neighborhood Shopping
- ◆ General Business
- ◆ Central Business
- ◆ Office
- ◆ Industrial/Research and Development

C4.1.2 Encourage businesses that provide a range of job opportunities.

C4.1.3 Promote commercial uses that respond to the current and future retail service needs of the community.

C4.1.4 Create a strong, identifiable central business district that provides regional and Citywide shopping opportunities.

C4.1.5 Study the feasibility of requiring residential developments to incorporate telecommuting infrastructure.

Policy C4.2 Balance land use and transportation system carrying capacity necessary to support a vital and robust local economy.

Action Statements

C4.2.1 Permit industrial Floor Area Ratios (FARs) up to 35% (and allow warehouse FARs up to 50%) and permit higher FARs in the Futures intensification areas.

C4.2.2 Study criteria to allow industrial FARs up to 45% by Use Permit in 35% zones, considering at a minimum including:

- ◆ The effect of the project on the regional or City-wide roadway system (e.g. strategies for reducing travel demand, proximity to transit centers, peak hour traffic generation)
- ◆ Minimum development size
- ◆ Redevelopment and/or lot consolidation
- ◆ The project is intended primarily for a single user or has common/shared management
- ◆ Mitigation of housing impacts
- ◆ The development will result in an overall positive community benefit

C4.2.3 Develop incentive programs to reduce parking demand, support alternative transportation and reduce peak period traffic.

Policy C4.3 Consider the needs of business, as well as residents, when making land use and transportation decisions.

Policy C4.4 Encourage sustainable industries that emphasize resource efficiency, environmental responsibility and the prevention of pollution and waste.

THE NEIGHBORHOODS

Goal N1 Preserve and enhance the quality and character of Sunnyvale's industrial, commercial and residential neighborhoods by promoting land use patterns and related transportation opportunities that are supportive of the neighborhood concept.

Policy N1.1 Protect the integrity of the City’s neighborhoods whether residential, industrial or commercial.

Action Statements

N1.1.1 Limit the intrusion of incompatible uses and inappropriate development into City neighborhoods.

N1.1.2 Foster the establishment of neighborhood associations throughout Sunnyvale to facilitate community building.

N1.1.3 Use density to transition between land use and to buffer between sensitive uses and less compatible uses.

N1.1.4 Anticipate and avoid whenever practical the incompatibility that can arise between dissimilar uses.

N1.1.5 Establish and monitor standards for community appearance and property maintenance.

Policy N1.2 Require new development to be compatible with the neighborhood, adjacent land uses and the transportation system.

Action Statements

N1.2.1 Integrate new development and redevelopment into existing neighborhoods.

N1.2.2 Utilize adopted City design guidelines to achieve compatible architecture and scale for renovation and new development in Sunnyvale’s neighborhoods.

N1.2.3 Develop specific area plans to guide change in neighborhoods that need special attention.

Policy N1.3 Support a full spectrum of conveniently located commercial, public and quasi-public uses that add to the positive image of the City.

Action Statements

N1.3.1 Review development proposals for compatibility within neighborhoods.

N1.3.2 Study the adequacy/deficiency of bicycle and pedestrian access and circulation within neighborhoods.

N1.3.3 Design streets, pedestrian paths and bicycle paths to link neighborhoods with services.

Residential

Policy N1.4 Preserve and enhance the high quality and character of residential neighborhoods.

Action Statements

N1.4.1 Require infill development to complement the character of the residential neighborhood.

N1.4.2 Site higher density residential development in areas to provide transitions between dissimilar neighborhoods and where impacts on adjacent land use and the transportation system are minimal.

N1.4.3 Encourage and support home businesses that accommodate changing technologies and lifestyles, while remaining secondary to the nature of the residential neighborhood.

N1.4.4 Promote small-scale, well-designed, pedestrian-friendly spaces within neighborhoods to establish safe and attractive gathering areas.

N1.4.5 Require amenities with new development that serve the needs of residents.

Policy N1.5 Support a roadway system that protects internal residential areas from City-wide and regional traffic.

Action Statements

N1.5.1 Have internal residential neighborhood streets adequately serve traffic that is oriented to that neighborhood.

N1.5.2 Utilize the City's residential neighborhood "Traffic Calming" techniques to address specific neighborhood traffic concerns.

N1.5.3 Discourage non-neighborhood traffic from using residential neighborhood streets by accommodating traffic demand on City-wide and regional streets.

N1.5.4 Coordinate with adjacent communities to reduce and minimize commute traffic through Sunnyvale's residential neighborhoods.

Industrial/Research and Development

Policy N1.6 Safeguard industry's ability to operate effectively by limiting the establishment of incompatible uses in industrial areas.

Policy N1.7 Support the location of convenient retail and commercial services (e.g. restaurants and hotels) in industrial areas to support businesses, their customers and their employees.

Policy N1.8 Cluster high intensity industrial uses in areas with easy access to transportation corridors.

Action Statements

N1.8.1 Require high quality site, landscaping and building design for higher intensity industrial development.

Policy N1.9 Allow industrial, residential, commercial and office uses in the Industrial to Residential (ITR) Futures sites (Sites 4a, 4b, 6a, 6b, 7, 8 and 10).

Commercial/Office

Policy N1.10 Provide appropriate site access to commercial and office uses while preserving available road capacity.

Action Statements

N1.10.1 Locate commercial uses where traffic can be accommodated, especially during peak periods (e.g. lunch time and commute times).

N1.10.2 Encourage commercial enterprises and offices to provide support facilities for bicycles and pedestrians.

Policy N1.11 Recognize El Camino Real as a primary retail corridor with a mix of uses.

Action Statements

N1.11.1 Use the Precise Plan for El Camino Real to protect legitimate business interests, while providing sufficient buffer and protection for adjacent and nearby residential uses.

N1.11.2 Minimize linear “strip development” in favor of commercial development patterns that reduce single-purpose vehicle trips.

Policy N1.12 Permit more intense commercial and office development in Downtown, given its central location and accessibility to transit.

Action Statements

N1.12.1 Use the Downtown Specific Plan to facilitate the redevelopment of Downtown.

Policy N1.13 Promote an attractive and functional commercial environment.

Action Statements

N1.13.1 Discourage commercial uses and designs that result in a boxy appearance.

N1.13.2 Support convenient neighborhood commercial services that reduce automobile dependency and contribute positively to neighborhood character.

N1.13.3 Provide opportunities for and encourage neighborhood-serving commercial services in each residential neighborhood.

N1.13.4 Encourage the maintenance and revitalization of shopping centers.

N1.13.5 Provide pedestrian and bicycling opportunities to neighborhood commercial services.

Public and Quasi-Public

Policy N1.14 Support the provision of a full spectrum of public and quasi-public services (e.g. parks, day care, group living, recreation centers, religious institutions) that are appropriately located in residential, commercial and industrial neighborhoods and ensure they have beneficial effects on the surrounding area.

Action Statements

N1.14.1 Encourage carpooling to public and quasi-public services to minimize adverse traffic and parking impacts on neighborhoods.

N1.14.2 Ensure the provision of bicycle support facilities at all major public use locations.

- N1.14.3 Encourage multiple uses of some facilities (e.g. religious institutions, schools, social organizations, day care) within the capacity of the land and the roadway system.
- N1.14.4 Encourage employers to provide on-site facilities such as usable open space, health club facilities and child care where appropriate.
- N1.14.5 Maintain and promote convenient community centers and services that enhance neighborhood cohesiveness and provide social and recreational opportunities.
- N1.14.6 Promote co-locating government (federal, state, county, city) activities to improve access to the community-at-large.

City of Sunnyvale
Program Performance Budget

Program 115 - Transportation and Traffic Services

Program Performance Statement

Plan, operate and maintain the City's transportation system to meet the community's current and future access needs, by:

- Designing optimal street layout as it applies to traffic control, signaling, signage and streetlights,
- Performing transportation planning, traffic studies and intergovernmental coordination,
- Maintaining the traffic signal system in a safe and efficient manner.

City of Sunnyvale
Program Performance Budget

Program 115 - Transportation and Traffic Services

Service Delivery Plan 11501 - Traffic Design and Planning

Design City street layouts to promote the safe and efficient movement of traffic, by:

- Designing roadway modifications, signage, bikeways and lighting,
- Working with the Department of Finance and the Public Works Engineering Services Division to update 20-year capital improvement plan and establish schedules for projects to be initiated in the first two years of the plan,
- Providing functional and cost effective designs that meet design standards and/or address identified deficiencies,
- Completing traffic studies and analyses including speed, volume, parking, traffic control warrant, traffic calming, long range planning, and school traffic studies,
- Analyzing and archiving collision reports,
- Providing transportation facility design and traffic engineering information to customers and the City staff, and
- Responding to citizen issues.

Notes

1. Activity 115110 - Transportation Design Service Report Work Order Completed includes graffiti removal from City traffic signal equipment and the Calabazas Creek Trail Bridge.
2. Activity 115180 - Coordinate and Manage Formal Traffic Calming and Neighborhood Traffic Studies includes formal traffic calming studies. Two types of studies exist: Stage I and Stage II. Stage I includes programmatic or lower-cost signing and striping measures. Stage II includes identification and implementation of physical street modifications such as speed humps, islands, and traffic circles.

City of Sunnyvale
Program Performance Budget

Program 115 - Transportation and Traffic Services

Service Delivery Plan 11503 - Traffic Signal Operations and Maintenance

Design, operate, maintain, oversee and coordinate traffic signal operations within the City to facilitate the safe and efficient movement of traffic through signalized intersections, by:

- Performing preventative maintenance on City traffic signals,
- Conducting repairs in a timely manner,
- Optimizing the operation of City traffic signals,
- Planning and conducting modifications to the traffic signal system,
- Performing infrastructure replacement, and
- Coordinating signal operations with other agencies operating traffic signals within or adjacent to the City limits.

Notes

1. Activity 115480 - Operate and Maintain Signal by Contract encompasses costs to maintain and repair traffic signals by contract. Preventative maintenance costs, as well as costs associated with damage repairs are performed and tracked. Damage to traffic signals results from many events, including, but not limited to vehicle collisions, construction activity, pavement wear, and weather. Approximately 40.0 percent of repair costs result from collisions and can be recovered through restitution.

Program 115 - Transportation and Traffic Services

Service Delivery Plan 11508 - Land Use and Transportation Permitting

Assure that transportation facilities and mitigation are adequate to meet City plans, design standards, and legal requirements, by:

- Reviewing land use and building permit applications and submittals,
- Participating on the Project Review Committee,
- Overseeing the preparation of required development-related transportation studies,
- Issuing transportation permits to meet legal requirements for high/wide load vehicles, and
- Providing information on transportation requirements to City staff, developers, architects, design engineers, and project construction staff.

City of Sunnyvale
Program Performance Budget

Program 117 - City Streetlight System

Program Performance Statement

Maintain the City-Owned Streetlight System in a safe, reliable, and cost-effective manner, by:

- Accessing and maintaining a constant flow of electrical power to the City-Owned Streetlight System,
- Performing preventive maintenance to extend the economic life and safety of City-Owned streetlights,
- Performing corrective repairs to defective streetlight components,
- Coordinating with Pacific Gas & Electric (PG&E) for maintenance and repairs of PG&E-owned streetlights,
- Providing constructive services for new and damaged streetlights, and
- Providing administration and support services to promote customer satisfaction and confidence.

Program Performance Budget

Program 117 - City Streetlight System

Service Delivery Plan 11702 - Streetlight System Preventive Maintenance

Provide preventive maintenance as scheduled to the City Streetlight System to ensure system reliability, by:

- Surveying arterial and commercial/industrial streetlights on a regular basis to identify outages and schedule repairs, and
- Maintaining facilities and equipment to service the Streetlight System.

Notes

1. Activity 117220 - Re-Number Streetlight Poles - Replace Faded, Damaged or Missing Numbering Plates: The budget for this activity was greatly reduced for FY 2008/2009 and FY 2009/10 so that a new material can be found that will withstand the elements, thereby reducing ongoing maintenance costs that are currently being experienced.

City of Sunnyvale
Program Performance Budget

Program 117 - City Streetlight System

Service Delivery Plan 11703 - Streetlight System Corrective Repairs

Provide timely corrective repairs to the City Streetlight System to reduce downtime, by:

- Repairing and replacing electrical components,
- Repairing and replacing conduit,
- Repairing and replacing streetlight and sign lamps,
- Coordinate repairs with PG&E-owned and maintained streetlights, and
- Investigating, report and coordinate PG&E-based problems.

Notes

1. Activity 117330 - Streetlight Knockdowns Scheduled Repairs: This activity's budget was increased in FY 2008/2009 and FY 2009/2010 to cover the required purchase of replacement streetlight poles. Until recently, poles were replaced with those held in inventory, which included some that were salvaged from recent and ongoing development and some that were purchased a number of years ago. The inventory has now been depleted, requiring replacement poles be purchased annually. The current cost for the marblelite poles, light arms, and lamp heads is approximately \$2,000 for each set. Where possible, restitution is sought for replacement costs.

Program 117 - City Streetlight System

Service Delivery Plan 11706 - Management and Support Services

Support the operation of the City Streetlight System program, by:

- Responding to citizen service requests in a prompt and courteous manner,
- Maintaining complete and thorough records to support operations and planning,
- Providing timely and accurate administrative support services,
- Coordinate repairs with PG&E-owned and maintained street lights, and
- Providing training to enhance staff skills.

City of Sunnyvale
Program Performance Budget

Program 118 - Pavement Operations

Program Performance Statement

Maintain safe City roadways in a cost-effective and proactive manner to meet the community's current and future access needs, by:

- Planning and implementing pavement construction and maintenance in accordance with Metropolitan Traffic Commission (MTC) Regional Standard Specifications,
- Maintaining pavement surfaces to prolong economic life, maximize investment and reduce liability,
- Repairing pavement deficiencies in a timely manner to facilitate the safe and efficient flow of traffic through the City,
- Creating, installing, and maintaining traffic signs and markings in a safe and efficient manner,
- Maintaining clean and safe City roadways to ensure they are free of hazards, debris and graffiti,
- Using the City's Pavement Management System to assist with cost-effective decisions concerning pavement maintenance and rehabilitation strategies, and
- Providing administrative and support services to promote customer satisfaction and confidence.

Program 118 - Pavement Operations

Priority Legend

- M: Mandatory
- C: Council Highest Priority
- I: Important
- D: Desirable

City of Sunnyvale

Program Performance Budget

Program 118 - Pavement Operations

Service Delivery Plan 11801 - Pavement Preventive Maintenance

Perform preventative maintenance on City street pavements in a safe, cost-effective and proactive manner, by:

- Performing chip seal and slurry seal to extend the life of existing pavement to maintain an average Pavement Condition Index (PCI) rating of 70 from the MTC Regional Standards,
- Preparing streets prior to resurfacing treatments to reduce premature deterioration of City pavement, and
- Pre-notifying residents of pending resurfacing work to limit inconvenience and job interruptions.

Notes

Pavement maintenance costs increased dramatically in recent year. In order to control those costs, the FY 2008/2009 and FY 2009/2010 budgets include the following:

1. Activity 118040 - Permanent Patching: Material expenditures are held at the FY 2006/2007 level. This action will require a reduction in patching work to hold the expenditure level, given rising material costs.
2. Activity 118050 - Slurry Seal: Slurry seal is done by contract, with City staff providing all notices, traffic control, inspection, compaction, and scheduling. The slurry contract amount of \$207,000 included in this activity is based on a unit cost of \$0.09 per square foot. No inflation factor is applied. Total area of slurry seal completed changes depending on the cost of materials. The contract amount is held constant.
3. Activity 118060 - Double Chip Seal: Double chip seal is done completely by City staff. The budgeted amount of \$228,135 is based upon material prices paid to complete 1.6 million square feet during FY 2007/2008. No inflation factor is applied. Total area of double chip seal completed changes depending on the cost of materials. The budget amount is held constant.

City of Sunnyvale
Program Performance Budget

Program 118 - Pavement Operations

Service Delivery Plan 11802 - Pavement Corrective Repairs

Perform corrective repairs on City street pavements in a safe, cost-effective and proactive manner, by:

- Reconstructing pavements that have deteriorated below a Pavement Condition Index (PCI) rating of 59 to improve traffic safety and minimize travel delays,
- Performing asphalt overlay on streets that have a PCI rating between 60-69 to maximize the life of existing pavements,
- Using the City's Pavement Management System to assist with cost-effective decisions concerning pavement maintenance and rehabilitation strategies,
- Performing pavement grinding and deep lift patching on City streets to improve traffic safety and minimize travel delays, and
- Repairing hazardous pavement conditions in a timely manner to minimize liability.

City of Sunnyvale
Program Performance Budget

Program 118 - Pavement Operations

Service Delivery Plan 11805 - Street Sweeping and Maintenance of Public Right-of-Way

Maintain clean and safe City travel ways and easements in a cost-effective and proactive manner to meet the community's current and future access needs, by:

- Sweeping streets and picking up leaves during heavy leaf drops throughout the City efficiently and thoroughly to keep streets clean and clear of debris and possible hazards,
- Removal of debris to keep streets clear and minimize traffic hazards,
- Posting street for "No Parking" for special sweeps as requested, and
- Maintaining and repairing City-owned roadsides, easements and walkways.

Notes

1. Activity 118520 - Provide Temporary "No Parking" Signs: Approximately 25 locations exist in the City that require advance posting for no parking so the street sweeper can clean the street without obstacles. All of the locations require posting at least once per year; some require multiple postings.

**Community
Development
Element**

2. Community Development Element

The physical features and resources of the City must be efficiently managed and effectively planned. The development of the community to ensure the wise use of land, the provision and conservation of open space, continuous housing revitalization, seismic safety, and harmony between function and appearance is important and necessary. The Community Development Element of the Sunnyvale General Plan outlines the present physical condition of the City and identifies goals, policies and adopted strategies to make its physical environment a growing asset rather than a problem that needs to be minimized. This Element is closely linked with the Land Use and Transportation Element. Proper planning and management are part of the Community Development Element and are found in each of its sub-elements:

- ❑ Open Space and Recreation
- ❑ Housing and Revitalization
- ❑ Safety and Seismic Safety
- ❑ Community Design

Open Space and Recreation Sub-Element

Policies

2.2.A. Open Space

The City strives to provide and maintain adequate and balanced open space and recreation facilities for the benefit of maintaining a healthy community based on community needs and the ability of the city to finance, construct, maintain, and operate these facilities now and in the future. It is the City's policy, therefore, to:

- 2.2.A.1. Follow management and preventive maintenance strategies to extend the usable life of open spaces and recreation facilities, such as planning for and implementing "non-use times" for open space and facilities in order to assure adequate maintenance and regeneration time.
- 2.2.A.2. Adopt management, maintenance and development practices that minimize negative impacts to the natural environment, such as supporting and enforcing the Integrated Pest Management System; and landscaping in ways which minimize the need for water.
- 2.2.A.3. Pursue the acquisition of appropriate federal lands currently located at the former Moffett Naval Air Station.
- 2.2.A.4. Maintain existing park and open space tree inventory through the replacement of trees with an equal or greater number of trees when trees are removed due to disease, park development or other reasons.
- 2.2.A.5. Maintain park and open space tree inventory on a system wide basis rather than a site-by-site basis with an understanding that there is no single optimum number of trees for a particular site..
- 2.2.A.6. Maintain a working fruit orchard throughout the largest portion of Orchard Heritage Park for as long as practical.
- 2.2.A.7. Conduct a cost/benefit analysis to determine whether the general community would be well-served during non-school hours by capital improvements to school-owned open space and/or recreational facilities. The cost/benefit analysis should take into account ongoing maintenance costs and responsibilities. When it is determined that the community would be well served by the capital improvement, the City will consider funding a share of the costs of those improvements proportionate to the City's use.
- 2.2.A.8. Support the acquisition or joint use through agreements with partners of suitable sites to enhance Sunnyvale's open spaces and recreation facilities based on community need and through such strategies as development of easements and right-of-ways for open space use, conversion of sites to open space from developed use of land, and landbanking.

- 2.2.A.9. Refrain from engaging in the development of open space and/or recreational facilities without prior assurance that ongoing maintenance needs will be addressed.
- 2.2.A.10. Facilitate and encourage pedestrian traffic in public recreational open spaces and utilize the Santa Clara Valley Transportation Authority's Pedestrian Technical Design guidelines whenever appropriate and feasible.
- 2.2.A.11. Support the acquisition of existing open space within the City limits as long as financially feasible.

2.2.B. Programming

The City strives to develop and implement passive and active recreation and enrichment programs that:

- Provide constructive opportunities for fitness, well-being, healthy coping, and stress management;
- Highlight cultural practices and traditions reflective of a diverse community;
- Promote activities that foster interaction among diverse parts of the community;
- Encourage creative expression, education, skill development, and personal enrichment;
- Contribute to the creation of a healthy community; and
- Promote community participation in recreation for all ages.

It is the City's policy, therefore, to:

- 2.2.B.1. Design programs to meet the needs of residents, allowing for non-resident participation as long as it does not take away from opportunities or resources for residents (Exceptions are services that are intended to serve as profit centers, such as golf and tennis, which are addressed in the Fiscal Management Sub-Element.)
- 2.2.B.2. Provide school-aged youth-oriented recreation and enrichment programs and services during non-school hours.
- 2.2.B.3. Provide recreation and enrichment programs and services for school-aged youth during school hours, such as during recess or lunch periods, only by special agreement approved by City Council.
- 2.2.B.4. Use entrepreneurial strategies to identify and reach new markets for programs, services, and revenue generation and to strengthen relationships within existing markets.
- 2.2.B.5. Develop and implement programs in order to meet the developmental and social needs of specific targeted populations (e.g., youth, teens, seniors, disabled).

- 2.2.B.6. Leverage available resources by pursuing co-funded and/or cooperative agreements for provision and maintenance of programs, facilities, and services in order to maximize benefits to the community. Partners may include, but are not limited to, school districts, non-profit groups, governmental agencies, and businesses.
- 2.2.B.7. Encourage the use of recreational and open space facilities and services for educational activities of schools that serve Sunnyvale students first, and secondarily the schools that serve students of surrounding communities.
- 2.2.B.8. Provide reservation advantages to resident participants over non-resident participants in recreational programs and activities.
- 2.2.B.9. Consider Sunnyvale employees as Sunnyvale residents for the purposes of determining eligibility for reservation advantages.
- 2.2.B.10. Develop such fiscal practices as pricing, fee structures, and cost recovery targets for open space and recreation programs and services consistent with the City's Fiscal Management Sub-Element policies.
- 2.2.B.11. Require all participants of designated City recreation programs and activities to sign liability waivers prior to participation.
- 2.2.B.12. Require all participants of designated City recreation programs and activities to sign photo releases prior to participation, unless an exemption is granted by the Director of Parks and Recreation.
- 2.2.B.13. Limit the display and distribution of printed material at recreational buildings and facilities to those programs and events that are sponsored by the City of Sunnyvale and have received prior approval by staff; and post compatible non-City materials as space is available as determined by staff.

2.2.C. Regional Approach

The City embraces a regional approach to providing and preserving open space and providing open space and recreational services, facilities, and amenities for the broader community. It is the City's policy, therefore, to:

- 2.2.C.1. Support activities and legislation that will provide additional local, county, and regional park acquisition, development, and maintenance and recreational opportunities.
- 2.2.C.2. Support public and private efforts in and around Sunnyvale to acquire, develop, and maintain open space and recreation facilities and services for public use.
- 2.2.C.3. Encourage School Districts to make available school sites in and around Sunnyvale for community open space and recreation programs.

- 2.2.C.4 Support a regional trail system by coordinating with adjacent jurisdictions to facilitate trail connections wherever possible. (See also City of Sunnyvale Bicycle Plan.)
- 2.2.C.5 Determine that a regional trail connection within the Stevens Creek corridor in Sunnyvale is not feasible and should not be constructed along the Stevens Creek corridor on the Sunnyvale side (within City limits). Coordinate with neighboring jurisdictions on determining potential surface street trail alignments between the City of Mountain View and the City of Cupertino to ensure a regional trail connection. (This does not preclude consideration of creating Sunnyvale access points to the Mountain View Stevens Creek Trail Segment 2, Reach 4, between Heatherstone and Fremont Avenues.)

2.2.D. Prioritization

The City strives to ensure equal opportunities for participation and to provide for a range of structured and unstructured uses, and a variety of general and special interest uses in parks and facilities. The City also provides a wide range of program choices, open space, amenities and facility offerings to meet the recreational needs of a diverse and changing population, including identified subgroups and special populations. Policies related to acquiring and/or developing open space facilities and amenities are also included here. Competing interests and finite resources, however, require the City to set some priorities. All other things being equal, it is the City's policy, therefore, to:

- 2.2.D.1. Give priority to services, facilities, and amenities that are not readily available through other providers within or near Sunnyvale.
- 2.2.D.2. Give priority to services, facilities, and amenities benefiting under-served populations as identified in the U.S. Census and through community input.
- 2.2.D.3. Give priority to services, facilities, and amenities that fulfill a basic need or teach basic skills (e.g., non-competitive, developmental sports instruction such as learn to swim given priority over competitive sports programming).
- 2.2.D.4. Give priority to services, facilities, and amenities in which the community demonstrates interest.
- 2.2.D.5. Give priority to services, facilities, and amenities that benefit a greater number of residents.
- 2.2.D.6. Give priority to governmental entities, schools, and non-profits.
- 2.2.D.7. Give priority to services, facilities, and amenities that can be used by multiple users or serve multiple purposes.
- 2.2.D.8. Give priority to acquiring/developing open space and recreational amenities and programs in areas which are heavily impacted by daytime or business use.

- 2.2.D.9. Give priority to acquiring/developing open space and recreational amenities and programs where similar amenities and programs do not already exist.
- 2.2.D.10. Give priority to acquiring/developing open space and recreational amenities where the current number of households within specified distances which will be relying on the open space or recreational amenity is greater.
- 2.2.D.11. Give priority to acquiring/developing open space and recreational amenities where the projected number of households within specified distances which will be relying on the open space or recreational amenity is greater.
- 2.2.D.12. Give priority to acquiring/developing open space and recreational amenities and programs where the needs are greatest and/or which will meet the greatest needs.
- 2.2.D.13. Give priority to acquiring/developing open space and recreation facilities at school sites that, if sold by the District for purposes other than open space, would represent a serious loss to the City's ability to meet its open space and recreation goals.
- 2.2.D.14. Give priority to safety first when performing maintenance on facilities and within the open space system, followed by usability and then by attractiveness, recognizing that attractiveness is often a factor in usability.

2.2.E. Access:

The City strives to maximize access to all of its services, facilities, and amenities. It is the City's policy, therefore, to:

- 2.2.E.1. Locate services at schools, parks, and recreational facilities throughout the City, and utilize strategies, such as the mobile recreation concept, to make programs geographically accessible.
- 2.2.E.2. Comply with the Americans with Disabilities Act and create an environment of inclusion in all recreation programs where reasonable.
- 2.2.E.3. Provide recreation and enrichment programs, services, facilities, and amenities to underserved areas and/or populations of the City. Underserved areas and/or populations could be due to geography, gender, economics, or ethnicity.
- 2.2.E.4. Utilize the Senior Center for senior programming and services exclusively between 8 a.m. and 6 p.m. Mondays through Fridays unless special permission is granted by the Director of Parks and Recreation.
- 2.2.E.5. Utilize the Senior Center Pavilion and Recreation Center Ballroom exclusively for rental use from 6 p.m. Fridays through 8 a.m. Mondays unless special permission is granted by the Director of Parks and Recreation.

- 2.2.E.6. Require that all participants in Senior Center designated programs and services for seniors be at least 50 years of age, unless special permission is given by the Director of Parks and Recreation.
- 2.2.E.7. Provide opportunities for non-reserved use of picnic tables at each site within the open space system that has reservable picnic sites.
- 2.2.E.8. Allow opportunities for non-reserved, unstructured use of open space.
- 2.2.E.9. Allow in-line skating, bicycles, and skateboarding on –hard surface sidewalks and pathways throughout the park system, as long as the skateboarders, cyclists, and in-line skaters do not pose a hazard to themselves or other forms of traffic such as pedestrians or joggers.
- 2.2.E.10. Provide public access to Orchard Heritage Park to the greatest extent possible while meeting the goal of maintaining a working fruit orchard at the park.
- 2.2.E.11. Allow exclusive permits for open space sites as per Appendix V, Exclusive Use Permit Guidelines.

Housing and Community Revitalization Sub-Element

Goals, Policies and Action Statements

Housing Supply

Goal 2.3.A Foster the expansion of the housing supply to provide greater opportunities for current and future residents within limits imposed by environmental, social, fiscal and land use constraints.

Policy 2.3.A.1 Maintain a supply of residential land for new housing construction.

Action Statements

2.3.A.1.a Review the General Plan annually to ensure sufficient sites are available to facilitate the creation of additional housing units to meet Sunnyvale's share of regional housing needs.

2.3.A.1.b Conduct a survey to identify opportunity sites for reuse or redevelopment as affordable housing.

2.3.A.1.c Maintain the High-Density Residential category that permits up to 48 units per acre in the Downtown Specific Plan area.

2.3.A.1.d Study increasing the density of residential areas near transit stops and along major transportation corridors in conjunction with regional transportation plans.

Policy 2.3.A.2 All new residential developments should build at least 75 percent of permitted zoning density.

Action Statement

2.3.A.2.a Review proposals for housing development to ensure they meet the above requirement.

Policy 2.3.A.3 Continue to allow housing in commercial zoning districts.

Action Statements

2.3A.3a Maintain provisions of the zoning code that permit housing to be constructed in commercial districts after planning review, the intent of which is to provide opportunities for mixed use.

Policy 2.3.A.4 Ensure adequate infrastructure is in place to accommodate new development.

Action Statements

2.3.A.4.a As part of the development review process, review the capacity of the infrastructure to accommodate any increase in housing intensity.

Policy 2.3.A.5 Continue to provide timely and efficient processing for all development with a residential component.

Action Statement

2.3A.5.a Maintain the One-stop Permit Center for all development permits.

2.3A.5.b Continue Master EIR planning to reduce the costs and time required for environmental review.

2.3A.5.c Use improved technology to offer information access and online permitting.

2.3A.5.d Examine the current streamlined review and approval process specifically with respect to affordable housing development, special needs housing and specific location or types of housing to identify any constraints to the development of housing and to ensure the removal of those constraints, if any.

Jobs and Housing

Goal 2.3.B Move toward a local balance of jobs and housing.

Policy 2.3.B.1 Keep data on the jobs to housing ratio.

Action Statements

2.3.B.1.a Annually review and compare job growth and housing growth.

2.3.B.1.b Continue to require office and industrial development above a certain intensity to mitigate the demand for housing.

Policy 2.3.B.2 Continue to require office and industrial development above a certain intensity to mitigate the demand for housing.

Action Statements

2.3.B.2.a Codify the Housing Mitigation Policy which requires certain developments in industrial zoning districts that exceed established Floor Area Ratios (FARs) to contribute to the Housing Fund or take other measures to mitigate the effects of the job increase on the housing supply and index the Housing Mitigation Fee.

Policy 2.3.B.3 Continue to permit and encourage a mix of residential and job-producing land uses as long as there is neighborhood compatibility and no unavoidable environmental impacts.

Action Statement

2.3.B.3.a Implement provisions of the Downtown Specific Plan to require housing in mixed-use areas.

2.3.B.3.b Maintain the Industrial to Residential (ITR) Combining District, which was created to implement the “Futures Study” and allows industrial uses while encouraging a transition to residential.

2.3.B.3.c Study feasibility of rezoning ITR Sites 7 and 8 to residential zones.

Living and Working Environment

Goal 2.3.C Ensure a high quality living and working environment.

Policy 2.3.C.1 Continue efforts to balance the need for additional housing with other community values, such as preserving the character of established neighborhoods, high quality design and promoting a sense of identity in each neighborhood.

Action Statements

- 2.3.C.1.a Review development proposals for consistency with the Community Design Sub-Element requirements of the General Plan, Zoning Code and Subdivision Code.
- 2.3.C.1.b Propose design solutions to mitigate the effects of a combination of uses or a combination of uses of different intensities.
- Policy 2.3.C.2 Continue to encourage and assist property owners to maintain existing developments in a manner that is aesthetically pleasing, free from nuisances and safe from hazards.

Action Statements

- 2.3.C.2.a Continue to offer technical assistance to homeowners to aid them in maintaining, upgrading and improving their property.
- 2.3.C.2b Continue the Rehabilitation Loan Program for single, multi-family and mobile homes.
- 2.3.C.2c Continue the Paint Grant Program to assist low-income homeowners.
- Policy 2.3.C.3 Improve and continue to implement a citizen-oriented, proactive education program regarding neighborhood preservation.

Action Statements

- 2.3.C.3.a Continue to implement the Neighborhood Preservation Program, which consists of three key elements:
- ◆ Public education,
 - ◆ Proactive staff action, and
 - ◆ Neighborhood-specific programs.
- Policy 2.3.C.4 Continue to implement rehabilitation and code compliance focusing on providing the programs in the areas of greatest need.

Action Statements

- 2.3.C.4.a Continue the concentrated Rehabilitation and Code Compliance Program.

2.3.C.4.b Target the use of housing rehabilitation funds in Neighborhood Preservation Specific Areas.

Policy 2.3.C.5 Continue a high quality of maintenance for public streets, rights-of-way, and recreational areas.

Action Statement

2.3.C.5.a Identify and rank areas of the City by need for maintenance and target funds to those areas.

Policy 2.3.C.6 Allow home businesses that do not conflict with the residential character of the neighborhood.

Action Statements

2.3.C.6.a Continue to implement the home occupation regulations that allow businesses that do not affect the primary residential character of the neighborhood and do not involve retail sales, large inventories, hazardous materials, or traffic or parking problems. Such businesses may not be operated in the yard or garage.

Policy 2.3.C.7 Plan for the future impacts of Sunnyvale's aging housing supply.

Action Statements

2.3.C.7.a Study the impacts of the aging of housing to plan for services needed.

2.3.C.7.b Conduct a City-wide survey of housing stock conditions.

Policy 2.3.C.8 Continue to promote environmentally sound energy programs.

Action Statements

2.3.C.8.a Continue to enforce State energy requirements (Title 234) for new construction.

2.3.C.8.b Continue to enforce requirements for solar water heating in new construction (Municipal Code, Chapter 16.46).

Policy 2.3.C.9 Minimize displacement impacts on tenants as a result of rehabilitation programs or land use changes.

Action Statements

2.3.C.9.a Require as a part of the City's application approval process that any land use change or rehabilitation program which displaces tenants shall include a plan stating the efforts taken by the property owner to assist relocation of tenants, including payment relocation costs. The tenant relocation plan could include:

- ◆ Favorable rental or purchase arrangements after work is completed,
- ◆ Location of vacancies in similar housing,
- ◆ Fixed payments of moving costs,
- ◆ No rent increases upon application and until relocation is secured,
- ◆ Right of first purchase refusal,
- ◆ Reduced purchase price options, and
- ◆ Assistance in locating new housing.

Policy 2.3.C.10 Preserve the unique characteristics of historic neighborhoods.

Action Statements

2.3.C.10.a Maintain the Heritage Housing Combining District, which may be combined with any residential districts to preserve, protect, enhance and perpetuate the appearance of certain historic residential neighborhoods that contribute to the cultural or aesthetic heritage of Sunnyvale.

Policy 2.3.C.11 Identify and remediate lead-based paint hazards.

Action Statements

2.3.C.11.a Provide information, technical and financial assistance regarding lead-based paint abatement to lower-income property owners applying for rehabilitation

loans through Community Development Block Grant funding.

Diversity in Housing

Goal 2.3.D Maintain diversity in tenure, type, size and location of housing to permit a range of individual choices for all current residents and those expected to become City residents.

Policy 2.3D.1 Encourage innovative types of housing and existing residential zoning districts.

Action Statements

2.3.D.1.a Continue to designate residential zones providing for small-lot, single-family-like detached or attached housing to encourage development of affordable owner-occupied units.

2.3.D.1.b Continue the Accessory Living Unit Ordinance, as required by state law, as a means to increase the supply of affordable units.

2.3.D.1.c Review the appropriateness of the Office Combining District as it relates to residential zoning districts.

Policy 2.3.D.2 Encourage the construction, development, and distribution of residential care facilities throughout the community.

Action Statements

2.3.D.2.a Continue to permit residential care facilities in all residential zoning districts, as required by state law (Zoning Code, Section 19.18.030).

Policy 2.3.D.3 Encourage the construction of units that meet the needs of large families.

Action Statements

2.3.D.3.a Evaluate residential development proposals in view of the needs of families requiring three or more bedrooms and will ask for three or more bedrooms when

the site is suitable.

Policy 2.3.D.4 Provide a mixture of owner and rental housing opportunities by allowing conversion from apartments to condominiums or cooperatives when a benefit to the overall City housing situation can be shown and when the City-wide vacancy rate for rental units warrants.

Action Statements

2.3.D.4.a Continue the Condominium Conversion Regulation which provides a system for evaluating condominium and cooperative proposals.

Policy 2.3.D.5 Preserve mobile homes as an affordable housing option.

Action Statements

2.3.D.5.a Maintain land zoned for mobile home parks.

2.3.D.5.b Continue to provide an equitable process with reasonable mitigation measures in the event of conversion of mobile home parks to a different use.

Affordable Housing

Goal 2.3.E Maintain and increase housing units affordable to households of all income levels and ages.

Policy 2.3.E.1 Continue to require a mix in the price of housing units in new subdivisions and apartment complexes as a way of distributing low and moderate cost housing throughout the City.

Action Statements

2.3.E.1.a Continue the affordable housing requirements in the Zoning Code.

2.3.E.1.b Comprehensively review and update the Below Market Rate (BMR) Program to better address affordable housing needs. Review code requirements for terms and conditions, review and update administrative processes to enhance marketing, monitoring and compliance.

2.3.E.1.c Study the concept of expanding the in-lieu payment option for the BMR Program. Accumulated funds would be used to supplement existing housing programs or expand new programs.

2.3.E.1.d Evaluate requiring BMR units in all housing developments, including single-family zones, assisted living units, and other developments not currently covered by the ordinance.

Policy 2.3.E.2 Continue to use local, state and federal financing programs to reduce the costs of construction or costs to the resident to make housing affordable to low and middle income families, seniors and the disabled.

Action Statements

2.3.E.2.a Annually review the ability of new local, state and federal programs.

2.3.E.2.b Establish feasible options for making affordable housing available to public employees.

2.3.E.2.c Continue to participate in Santa Clara County's Mortgage Credit Certificate and CASA Programs for first-time homebuyers.

2.3.E.2.d Participate with the County to encourage the use of Mortgage Revenue Bonds, (MRBs) to develop new low-income rental units and to preserve low-income units through refinancing.

2.3.E.2.e Assure future use of 20 percent tax increment revenues from the Redevelopment Agency for low- and moderate-income housing.

2.3.E.2.f continue to provide incentives such as density bonus for land assembly for residential development.

2.3.E.2.g Acquire land and assist in development/redevelopment of housing through partnerships with regional agencies, non-profit housing developers and private sector developers.

Policy 2.3.E.3 Continue to encourage private participation in rental subsidy programs.

Action Statement

2.3.E.3.a Publicize and provide information to apartment owners regarding the existing HUD – Section 8 program.

Policy 2.3.E.4 Continue to identify, encourage, and publicize private activities and programs that create affordable housing opportunities.

Action Statements

2.3.E.4.a Identify and partner with non-profit housing organizations using housing funds.

2.3.E.4.b Continue to provide information on the availability of housing facilities for people with disabilities.

2.3.E.4.c Continue to provide density bonuses to developers of affordable housing.

2.3.E.4.d Continue to support the Housing Trust Fund of Santa Clara County.

2.3.E.4.e Actively participate in the formation of the North County Cities Coalition (Sunnyvale, Mountain View, Palo Alto) to develop a strategy to include marketing, education to owners, expedited processes and other enticements to encourage and increase participation in the HUD – Section 8 Program.

Policy 2.3.E.5 Encourage shared housing and co-housing in the community.

Action Statements

2.3.E.5.a Review and revise, as necessary, City building codes to ensure they do not require more living space per person than may be available in many homes suitable for conversion to shared housing.

2.3.E.5.b Educate the public about shared housing.

Special Needs Housing

Goal 2.3.F Improve housing conditions for people with special needs.

Community Development Element

(2.3)

Policy 2.3.F.1 Continue to help and assist with providing shelter assistance to the homeless.

Action Statements

2.3.F.1.a Provide non-General Fund monies to non-profit agencies for acquisition and development of transitional housing.

2.3.F.1.b Assist the development of new facilities for homeless families and individuals.

2.3.F.1.c Assist the development of new housing for families graduating from transitional housing programs.

2.3.F.1.d continue to provide non-General Fund monies to support county-wide efforts to assist the homeless.

2.3.F.1.e continue to provide non-General Fund monies to organizations that help prevent homelessness.

2.3.F.1.f continue to support organizations that shelter homeless youth.

2.3.F.1.g Continue the homeless shelter services operated by the Emergency Housing Consortium at the Armory and aggressively seek funds for that purpose.

2.3.F.1.h Develop site selection criteria for the development of shelter housing.

Policy 2.3.F.2 Assist non-profit organization and the private sector to increase housing opportunities for people with disabilities.

Action Statements

2.3.F.2.a Continue working toward construction of new housing for the developmentally disabled.

2.3.F.2.b Continue to support the Shelter Plus Care Program for people with disabilities.

2.3.F.2.c Continue to support non-profit organizations that provide support services to people with disabilities.

Policy 2.3.F.3 Work with regional efforts to provide housing assistance to people with AIDS.

Action Statement

2.3.F.3.a Continue to work with the City of San Jose in its county-wide administration of the federal Housing Opportunities for People with AIDS (HOPWA) Program.

Policy 2.3.F.4 Assist new housing development and housing support services for the elderly.

Action Statements

2.3.F.4.a Provide City resources and non-General Fund monetary assistance to non-profit developers for new senior housing projects.

2.3.F.4.b Continue to assist non-profits in providing shared housing for the elderly through support of services and assistance in acquiring suitable properties.

2.3.F.4.c continue to assist frail elderly residents of care facilities.

Policy 2.3.F.5 Use the shared housing concept to increase housing opportunities for single-parent families.

Action Statement

2.3.F.5.a Continue to support shared housing programs that assist low- and moderate-income single-parent families to make shared housing arrangements.

Affordability

Goal 2.3.G Provide equal opportunity for housing for all people regardless of ethnicity, race, religion, marital status, disability, gender, sexual orientation or age.

Policy 2.3.G.1 Continue to support efforts of organization that work toward eliminating unlawful discrimination in Sunnyvale.

Action Statement

Community Development Element

(2.3)

2.3.G.1.a Continue to provide assistance to non-profit organization that provide services to those experiencing discrimination. The City continues to contract with Mid-Peninsula Citizens for Fair Housing (MCHF) and Project Sentinel to provide community outreach and to investigate complaints of discrimination.

Policy 2.3.G.2 Continue City ordinances regarding discrimination in housing.

Action Statements

2.3.G.2.a Continue the Anti-discrimination Against Families with Minor Children in Housing Ordinance.

2.3.G.2.b Continue the Prohibition against Discrimination Base on Acquired Immune Deficiency Syndrome (AIDS) Ordinance.

Policy 2.3.G.3 Continue to ensure that people with disabilities have access to newly constructed residential developments and renovated structures.

Action Statements

2.3.G.3.a Review development and renovation proposals for compliance with State and local access requirements as part of the normal development review process.

2.3.G.3.b Encourage handicapped access during renovations, when appropriate.

Policy 2.3.G.4 Assist people with disabilities to remain in their homes by retrofitting residences for greater accessibility.

Action Statements

2.3.G.4.a Use CDBG funds to provide grants or loans for retrofitting homes through the Home Access Program.

Policy 2.3.G.5 Modify streets and sidewalks throughout the city to comply with the Americans with Disabilities Act (ADA).

Action Statement

2.3.G.5.a Use CDBG funds for curb cuts on public sidewalks.

Policy 2.3G.6 Continue to promote good tenant/landlord relations.

Action Statement

2.3.G.6.a Continue to contract with a nonprofit agency to provide information and mediation services on a voluntary basis to Sunnyvale landlords and tenants.

Policy 2.3.G.7 Work with other jurisdictions to maintain current information regarding the state of fair housing.

Action Statements

2.3.G.7.a Participate in the joint study to analyze adequacy of the services currently provided by service providers on behalf of the CDBG entitlement jurisdictions and Santa Clara County.

Housing Policy

Goal 2.3.H Continue to maintain a working relationship with residential developers, lenders, real estate agents, brokers and others in the private sector to help implement housing policies.

Action Statements

2.3.H.1.a Provide information about General Plan policies (including those in the Community Design Sub-element), development regulations, approval procedures and financing programs.

2.3.H.1.b Assist and encourage lenders to meet Community Reinvestment Act requirements through investing in affordable housing in Sunnyvale.

Goal 2.3.I Ensure compatibility of federal, state, regional and county-wide housing programs with local policies and needs.

- Policy 2.3.I.1 Take an active role in reviewing and formulating federal, state, regional and county-wide housing programs.
- Policy 2.3.I.2 Continue to provide comments concerning state and regional housing plans that affect Sunnyvale.
- Policy 2.3.I.3 Support housing legislation at the county, state and federal levels that will promote the goals and policies of the Housing and Community Revitalization Sub-Element.

Action Statements

2.3.I.3.a Review potential housing legislation and develop a City/community lobbying strategy, including:

- ◆ Opposing census budget cuts that eliminate housing data needed for planning purposes.
- ◆ Supporting federal legislation to maintain the supply of housing threatened by the expiration of federal housing subsidy contracts.
- ◆ Exempting publicly subsidized housing, including low- and moderate-income housing for senior citizens, from school impact fees.
- ◆ Limiting lawsuits that discourage condominium construction.

Policy 2.3.I.4 Continue an active dialogue with neighboring cities, Santa Clara County, and Association of Bay Area Governments (ABAG) regarding mutual concerns.

Policy 2.3.I.5 Study the feasibility of City participation in the Loan-Leveraging Program implemented by Neighborhood Housing Services Silicon Valley, a charter member of the federally funded Neighborhood Reinvestment Corporation.

Seismic Safety Sub-Element

Goals, Policies and Action Statements

Land Use

Goal 2.4.A Ensure that natural and human-caused hazards are recognized and considered in decisions affecting the community and that land uses reflect acceptable levels of risk based on identified hazards and occupancy.

Policy 2.4.A.1 Evaluate and consider existing seismic potential hazards in developing land use policies. Make land use decisions based on an awareness of the hazards and potential hazards for the specific parcel of land.

Action Statements

2.4.A.1.1 Encourage coordination of planning decisions, concerns and information sharing among the neighboring cities, affected agencies and interested citizen groups.

2.4.A.1.2 Retain existing residential sprinkler and fire resistive roofing requirements.

2.4.A.1.3 Encourage and cooperate with seismic and geologic investigations in the Sunnyvale planning area by such scientific agencies as the U.S. Geological Survey and the California Division of Mines and Geology.

2.4.A.1.4 Maintain the current U.S. Geological Survey maps of all known seismic and geologic hazards located in the City.

2.4.A.1.5 Require geotechnical reports for new developments and redevelopments north of State Route 237.

Policy 2.4.A.2 Flood Hazards: Take measures to protect life and property from the effects of a 1% (100-year) flood.

Action Statements

- 2.4.A.2.1 Encourage the Santa Clara Valley Water District to reevaluate the capacity of Stevens Creek, Calabazas Creek, Sunnyvale East, West and El Camino Flood Control Channels in relation to a 1 percent (100 year) flood.
- 2.4.A.2.2 Encourage and monitor the work of the Santa Clara Valley Water District in maintaining all creeks and channels in Sunnyvale free of flow inhibiting vegetation, debris and silt.
- 2.4.A.2.3 Encourage Santa Clara Valley Water District to maintain its dikes and levees at least three feet above the 1 percent flood level and to provide continued inspection and repair from damage caused by burrowing animals.
- 2.4.A.2.4 Maintain the flood plain management practices as outlined by the Federal Emergency Management Agency and the Army Corps of Engineers.
- 2.4.A.2.5 Participate in the National Flood Insurance Program.

Policy 2.4.A.3 Promote a living and working environment safe from exposure to hazardous materials.

Action Statements

- 2.4.A.3.1 Maintain current information on the hazardous materials used in Sunnyvale businesses and their potential hazards to the community.
- 2.4.A.3.2 Participate in future development of proposed state and local code changes in storage and handling methods for hazardous materials.
- 2.4.A.3.3 Monitor the work of the Naval Facilities Engineering Command, Western Division (San Bruno), to ensure proper environmental clean-up of the Moffett Field land.
- 2.4.A.3.4 Use the Santa Clara County Hazardous Waste Management Plan as Sunnyvale's policy document and planning guide for planning off-site hazardous waste management facilities and all hazardous waste management programs within the City.

Policy 2.4.A.4 Aviation Hazards: Make planning decisions that establish and/or maintain a safe mix of aviation and land use for the areas affected by Moffett Field.

Action Statements

- 2.4.A.4.1 Oppose any effort to promote Moffett Field for civil/general aviation.
- 2.4.A.4.2 Consider the Air Installation Compatible Use Zone in decisions concerning appropriate land use within the vicinity of Moffett Field.

Policy 2.4.A.5 Essential Services: Maintain lifelines* in good operating condition to lessen damage and increase survivability after a major disaster.

* Lifelines are essential services necessary for the continued normal functioning of the community, e.g. water, gas, electricity, transportation and communication lines.

2.4.A.5.1 Encourage the state and county to maintain and/or improve their over crossings to increase their ability to survive a major seismic event.

2.4.A.5.2 Encourage Pacific Gas and Electric and Pacific Bell to assess, maintain and, if necessary, improve their facilities to increase their ability to survive a major seismic event.

2.4.A.5.3 Study, evaluate and fund the improvements needed to the east pond levee at the Water Pollution Control Plant to increase its ability to survive a major earthquake.

Emergency Response

Goal 2.4.B Ensure that the City, its citizens, business and industry are prepared to effectively respond to major emergencies.

Policy 2.4.B.1 Maintain and construct City facilities utilized for emergency response so that they remain operable after a major seismic event.

Action Statements

2.4.B.1.1 Inspect City-owned facilities to ensure compliance with seismic safety/safety standards as needed. Fund capital projects when necessary to bring critical facilities to seismic standards.

2.4.B.1.2 Construct new City facilities to meet or exceed seismic safety/safety standards so they will remain operable after a major earthquake or disaster.

Policy 2.4B.2 Emergency Management Organization: Provide for the emergency management of the City to protect life and property in the event of a disaster.

Action Statements

2.4.B.2.1 Provide annual training for those persons assigned to the Emergency Management Organization.

2.4.B.2.2 Annually review the Emergency Management Organization chart, responsibilities and tasks so it reflects sound emergency management principles.

2.4.B.2.3 Maintain an Emergency Operations Center for direction and control of disaster response and recovery.

Policy 2.4.B.3 **Emergency Planning and Coordination:** Provide an integrated approach to planning and preparedness for emergencies and disasters.

Action Statements

2.4.B.3.1 Identify, assess and maintain data on hazards to the community.

2.4.B.3.2 Maintain an Emergency Plan and update it as necessary.

2.4.B.3.3 Identify and maintain communications and coordination with community resources that will provide assistance during emergencies.

2.4.B.3.4 Coordinate planning and training with other agencies and jurisdictions to provide an effective and coordinated response to any emergency/disaster.

2.4.B.3.5 Train employees and operational units in emergency preparedness and disaster response procedures appropriate to their job function.

2.4.B.3.6 Maintain communication with and provide training exercises to improve coordination between City staff and private support organizations.

2.4.B.3.7 Evaluate City resources and make recommendations for improving City self-reliance during emergencies.

2.4.B.3.8 Provide assistance to residents and businesses in emergency preparedness.

Policy 2.4.B.4 **Schools:** Provide information and assistance to public/private schools and day care centers to plan and prepare for emergencies and disasters.

Action Statements

2.4.B.4.1 Assist schools and day care centers in emergency preparedness.

2.4.B.4.2 Encourage private schools and day care centers not constructed under the Field Act to evaluate and improve their buildings for seismic safety.

2.4.B.4.3 Assist in the development of emergency preparedness curriculum and training materials for schools and day care centers.

Policy 2.4B.5 Business and Industry: Provide information and assistance to business and industry to plan and prepare for emergencies and disasters.

Action Statements

2.4.B.5.1 Provide available emergency preparedness information to businesses and industries that request assistance.

2.4.B.5.2 Encourage business and industry to plan for recovery from catastrophic events.

Policy 2.4.B.6 Community: Provide the citizens of Sunnyvale information, encouragement and assistance with emergency planning and preparedness.

Action Statements

2.4.B.6.1 Provide citizens with information on self-help during and after a disaster.

2.4.B.6.2 Provide speakers for emergency preparedness talks to interested citizens and community groups.

2.4.B.6.3 Identify and coordinate community volunteers that wish to participate in planning, preparedness or response activities.

Policy 2.4.B.7 Communications: Provide emergency radio communications for coordination of emergency response and the capability to communicate with outside agencies and citizens.

Action Statements

2.4B.7.1 Periodically review emergency radio capabilities to enhance survivability during a major disaster.

2.4B.7.2 Assist and encourage volunteer amateur radio operators to prepare for citizen band radio operations during a disaster or emergency.

Disaster Recovery

Goal 2.4.C Ensure that the City, its citizens, business and industry are prepared to recover from disasters.

Policy 2.4.C.1 Provide for the continuation of City government and services following a major disaster.

2.4C.1.1 Maintain a thorough and current Emergency Plan that provides information for the continuation of City government immediately following a disaster.

2.4C.1.2 Plan for the recovery and resumption of all City operations after a disaster.

Policy 2.4C.2 Citizens and Business/Industry: Encourage citizens and business/industry to plan for recovery from disasters.

Action Statements

2.4.C.2.1 Provide assistance to local businesses in planning for recovery and resumption of business after a disaster.

2.4.C.2.2 Provide guidance to citizens on disaster recovery through brochures, talks and other public information methods.

2.4.C.2.3 Encourage citizens/businesses to purchase earthquake or other catastrophic insurance coverage.

Community Design Sub-Element

Goals, Policies and Action Statements

This section of the Sub-Element contains the goals, policies and actions for guiding the design of future development on both public and private properties. The goals and policies encapsulate the intent of the Community Design Sub-Element and provide direction for future decisions affecting the physical form of the City. The Action Statements reflect a more specific way to implement the goals and policies.

The goals, policies and action statements within the Community Design Sub-Element are based on the following assumptions:

1. Identity. Residents, business owners and visitors benefit from a defined and attractive image for the City as a whole and for Sunnyvale's unique districts and neighborhoods. A more clearly articulated image will create a more memorable place. This sense of place and identity is important to the well being of the community.
2. Legibility. A legible environment allows people to make sense of their surroundings. Legible environments require diversity where the various components have a clear and understandable meaning. Sunnyvale needs more distinguishing features to acknowledge and celebrate the unique districts and services comprising the City.
3. Comfort and Safety. Safety and comfort are basic to the welfare of the community. Roadways, buildings and site plans can be designed to promote safety and comfort. A safe and comfortable environment should be available for all types of transportation, including pedestrian and available to everyone in the community.
4. Integration. Projects, which are integrated with surrounding properties or districts improve the quality of life by reducing visual and functional conflicts. Integration of new construction has practical benefits and improves the appearance of the physical environment.
5. Enjoyment. People are attracted to environments where there are beautiful and enjoyable features. People need places, which are enjoyable and fun. Enjoyable environments are places designed to be responsive to people and human needs, rather than merely efficient. Well designed and attractive buildings and roadways, and outdoor places with appealing landscaping and artworks are essential to the enjoyment of the physical environment.
6. Community. Public places, which are owned and shared by everyone create a sense of belonging and identity for the community. Public places bring people together and promote mutual respect and civic pride.

City's Image

Goal 2.5A Promote Sunnyvale's image by maintaining, enhancing and creating physical features, which distinguish Sunnyvale from surrounding communities and by preserving historic buildings, special districts and residential neighborhoods which make the City unique.

Policy 2.5A.1 Identify the boundaries of the City with attractive and distinctive features.

Action Statements

2.5A.1a Encourage unique and uniform roadway landscaping and, where possible, median improvements to distinguish the City's boundaries.

2.5A.1b Continue to enhance the visibility, accessibility and use of the San Francisco Bay on the City's northern boundary.

2.5A.1c Consider studying ways to minimize the barrier impact of highways and expressways by developing design approaches, which relate these roadways to the rest of the community.

2.5A.1d Continue to develop a comprehensive gateway improvement program to select major gateways for improvements such as special landscaping, signage, visitor information centers, patterned pavement, monuments or artwork and unique private development standards.

2.5A.1e Consider installing new City of Sunnyvale monument signs at major gateways into Sunnyvale and developing a comprehensive sign program to identify major attractions within the City.

2.5A.1f Locate City of Sunnyvale signs in attractive surroundings and, whenever possible, in medians with distinctive landscaping.

2.5A.1g Encourage distinctive and attractive buildings and site design at major gateways into Sunnyvale.

2.5A.1h Maintain a compatible scale with the roadway when designing gateway improvements.

Policy 2.5A.2 Ensure that new development is compatible with the character of special districts and residential neighborhoods.

Action Statements

2.5A.2a Maintain design guidelines and policies for new construction in historic districts which define acceptable building styles, shapes, rooflines, colors, materials, fenestration and setbacks and develop new guidelines as needed.

2.5A.2b Continue to maintain and develop zoning standards, which preserve the quality of residential neighborhoods.

2.5A.2c Continue to encourage infill development or redevelopment which is compatible with the use, density, setbacks, height and, where possible, the predominant building style and size of the surrounding district or neighborhood.

2.5A.2d Continue to identify and adopt methods of preserving historic resources and special districts.

Policy 2.5A.3 Support measures which enhance the identity of special districts and residential neighborhoods to create more variety in the physical environment.

Action Statements

2.5A.3a Encourage diversity and develop programs to emphasize the unique features of special districts and neighborhoods.

2.5A.3b Consider development of specific plans or design guidelines for the El Camino Real Commercial District and Mathilda Avenue corridor and study the feasibility of specific plans or guidelines for portions of Evelyn Avenue.

2.5A.3c Continue to preserve buildings with unique historic or architectural value.

2.5A.3d Protect historic landmarks by discouraging adjacent development, which hides or overwhelms their unique qualities.

2.5A.3e Encourage new landmarks and features to distinguish districts and neighborhoods.

2.5A.3f Strengthen the Downtown as the visual as well as functional focus of Sunnyvale.

2.5A.3g Consider design features that help locate the Downtown district and emphasize the roadways and intersections leading Downtown.

2.5A.3h Encourage distinctive projects at major nodes, which have a coherent spatial relationship and create dynamic spaces at these intersections.

2.5A.3i Maintain existing programs and study new programs which promote the maintenance and quality of residential neighborhoods.

The View from the Road

Goal 2.5B Create an attractive street environment which will compliment private and public properties and be comfortable for residents and visitors.

Policy 2.5B.1 Maintain and provide attractive landscaping in the public right-of-way to identify the different types of roadways and districts, make motorists more comfortable and improve the enjoyment of residential neighborhoods.

Action Statements

2.5B.1a Continue to maintain and provide landscaped medians on major thoroughfares where it is physically and financially feasible.

2.5B.1b Maintain and provide professionally designed medians with an interesting and attractive variety of ornamental, deciduous and evergreen trees and plants which are predominantly water-wise and drought resistant.

2.5B.1c Continue to design landscape medians for easy and safe maintenance.

2.5B.1d Encourage tree selection in the right-of-way, which is in scale with the type of roadway and emphasizes important gateways.

2.5B.1e Consider uniform and cohesive landscape themes for districts, major thoroughfares, City boundaries and neighborhoods.

2.5B.1f Continue to choose roadway trees based on the planting site micro climate, whether the tree species is disease and insect resistant, location of utility wires, size of the planting site, root system potential for sidewalk damage, pruning requirements and the appropriateness of the visual characteristics of the trees.

2.5B.1g Encourage trees, which do not obscure business signage in commercial districts.

2.5B.1h Continue to provide attractive canopy trees in residential districts.

2.5B.1i Investigate new varieties of trees for use in the City right-of-way.

2.5B.1j Continue to plant and maintain street trees along the public right-of-way and identify areas which require replanting or replacement trees.

Policy 2.5B.2 Provide a safe and comfortable system of pedestrian and bicycle pathways.

Action Statements

2.5B.2a Continue to maintain City sidewalks and study ways to prevent root damage.

- 2.5B.2b Consider studying alternatives or modifications to monolithic sidewalks to provide traffic buffers for pedestrians.
- 2.5B.2c Consider installing street trees next to the curb along major thoroughfares with significant pedestrian activity or in special areas, which would benefit from a unified landscape theme.
- 2.5B.2d Cooperate in regional efforts to establish a bay trail around San Francisco Bay.
- 2.5B.2e Consider installing benches on sidewalks where there are shady resting spots or scenic vistas.

Policy 2.5B.3 Minimize elements, which clutter the roadway and look unattractive.

Action Statements

- 2.5B.3a Maintain the requirements for undergrounding overhead utility wires.
- 2.5B.3b Maintain and develop programs to achieve more attractive private fencing facing the public right-of-way.
- 2.5B.3c Continue to work with County and State agencies to choose appropriate colors, textures and landscaping for sound walls on freeways and expressways.
- 2.5B.3d Encourage soundwall location and design, which emphasizes important gateways into Sunnyvale.
- 2.5B.3e Maintain a sign ordinance to assure that signage is attractive, compatible with the district and not distracting to motorists.
- 2.5B.3f Continue to ensure that signage is used to identify businesses rather than advertise them.

Private Development

Goal 2.5C Ensure that buildings and related site improvements for private development are well designed and compatible with surrounding properties and districts.

Policy 2.5C.1 Place a priority on quality architecture and site design which will enhance the image of Sunnyvale and create a vital and attractive environment for businesses, residents and visitors, and be reasonably balanced with the need for economic development to assure Sunnyvale's economic prosperity.

Action Statements

2.5C.1a Continue to improve the design review process by using design professionals on staff and developing design guidelines to direct developers and assist the City in architectural and site review.

2.5C.1b Consider developing handout and summaries of design policies, guidelines and regulations to assist developers early in the project design process.

2.5C.1c Continue to insure that projects have amenities, which make them attractive and that these features are not sacrificed to maximize development potential.

Policy 2.5C.2 Review site plans to insure the design is compatible with the natural and surrounding built environment.

Action Statements

2.5C.2a Encourage site design, which preserves scenic vistas and maximizes solar orientation for heating and cooling.

2.5C.2b Continue to monitor and develop standards for the preservation of mature trees and landscaping and encourage the preservation of landscaping to be considered early in the site design.

2.5C.2c Continue to require that sites be designed so that the building locations, driveways, parking, exterior mechanical equipment, auxiliary structures and service access areas are attractive and compatible with adjoining properties and the public right-of-way.

2.5C.2d Continue to require that on-site lighting be energy efficient, unobtrusive and located to minimize off-site glare while providing adequate nighttime safety.

2.5C.2e Encourage site plans to be integrated with the adjoining road pattern and at important junctures, provide view corridors into the project or other interesting features which will engage people.

2.5C.2f Continue to review project design to insure minimum noise impacts to adjoining properties and reduce noise impacts from off-site sources, such as traffic.

2.5C.2g Consider studying areas where the street and building setback relationship could be improved.

2.5C.2h Encourage new construction to be compatible with the open space characteristics between buildings in districts or neighborhoods.

- 2.5C.2i Continue to require landscaped buffers on commercial or residential properties, which provide adequate protection for adjoining residential properties.
- 2.5C.2j Consider prohibiting wing walls or other blank, high walls on buildings in order to create attractive transition zones between buildings.
- 2.5C.2k Continue to require the screening of exterior mechanical equipment.

Policy 2.5C.3 Ensure that site design creates places, which are well organized, attractive, efficient and safe.

Action Statements

- 2.5C.3a Encourage sites to have obvious and easy to locate entries.
- 2.5C.3b Encourage site plans to have a legible organization including focal points and features which provide direction and clarity about the use of the site.
- 2.5C.3c Encourage multiple family residential projects to have differentiated outdoors spaces, including private entries, which provide individual identity, semi-private transitional spaces and common areas with unrestricted and easy access.
- 2.5C.3d Encourage integrated site plans which have clear boundaries, similar detailing for all the elements and a complementary relationship with the building.
- 2.5C.3e Encourage design elements, which are pleasant to the senses.
- 2.5C.3f Continue to require adequate, attractive, water-wise, drought tolerant and efficiently irrigated landscaping and routinely review landscape standards.
- 2.5C.3g Consider investigating innovative approaches to parking lot landscaping, which provide shade and vertical relief to large asphalt areas.
- 2.5C.3h Continue to require full perimeter landscaping around parking lots whenever possible.
- 2.5C.3i Encourage outdoor areas for relaxation or eating, which are protected from noise and traffic.
- 2.5C.3j Encourage sites to be designed with a sense of mystery so that the design is interesting and engaging.
- 2.5C.3k Continue to require visible and attractive artworks for new private development at gateways and on large commercial and industrial properties.
- 2.5C.3l Encourage reciprocal ingress-egress easements between commercial properties whenever feasible to minimize curb cuts, increase landscaping and improve vehicular safety.

- 2.5C.3m Continue to require site plans with good public visibility of entries, adequate nighttime lighting, safe on-site circulation systems and quick, unobstructed access routes for fire and police services.
- 2.5C.3n Continue to require sites plans to be easily navigated by people with handicaps and for some projects consider innovative features in excess of minimum state standards for handicap access.

Policy 2C.4 Encourage quality architectural design, which improves the City's identity, inspires creativity and heightens individual as well cultural identity.

Action Statements

- 2.5C.4a Encourage easily identified and attractive building entrances, which are oriented to the street.
- 2.5C.4b Consider eliminating floor area ratio restrictions on entrances, which enhance the architecture of the building and cannot be converted to work space.
- 2.5C.4c Require roof elements to wrap around the building so that the element looks integrated and not just pasted on.
- 2.5C.4d Encourage clear glass windows at the pedestrian level for commercial buildings to provide visibility of the activities inside stores and restaurants and visibility of pedestrian activity outside.
- 2.5C.4e Continue to require mechanical equipment to be fully screened and integrated with the architecture of the building.
- 2.5C.4f Encourage building windows to have a shape and spacing consistent with the building style.
- 2.5C.4g Encourage below grade parking to be unobtrusive and integrated with the building architecture by continuing the same materials and colors as the building, screening auto entrances from public view and using landscaping and berming to reestablish a natural relationship with the ground.
- 2.5C.4h Consider developing zoning ordinance standards for minimum depths of below grade parking and avoid at grade parking under buildings.
- 2.5C.4i Encourage buildings with two or more stories to have architectural elements, which create a pedestrian scale on the ground level, such as variations in the textures and materials, differentiated piers and columns, recessed entries and windows, awnings or offset planes.
- 2.5C.4j Avoid tall buildings, which create a tunnel effect and where necessary step the building back above the second level or stagger setbacks on the street.
- 2.5C.4k Encourage buildings to have interesting articulation on all sides through changes in the building plane and height and the addition of elements such as deeply recessed or bay windows, porticos or dormers, which create shadow and texture.

- 2.5C.4l Avoid blank walls on the ends of buildings facing the roadway and provide detail and articulation on these elevations.
- 2.5C.4m Encourage the spacing and size of doors and windows to have a rhythm compatible with the architectural style.
- 2.5C.4n Encourage buildings where each of the building elements, such as windows, roofs and walls, are in proportion with each other.
- 2.5C.4o Encourage high quality, durable materials for buildings, which create texture.
- 2.5C.4p Avoid piecemeal embellishment, frequent changes in materials or materials that are incompatible with the building style.
- 2.5C.4q Encourage exterior building materials to wrap around corners and any change in materials only to be made in locations where there is a change in the building plane or where a change in materials is effectively used to identify the base of the building.
- 2.5C.4r Review building colors in the context of the scale of the building and avoid strong colors, which may be overwhelming at larger scale.
- 2.5C.4s Encourage buildings where all of the design elements, such as colors, materials, style and ornamentation are unified and create cohesive, attractive and distinctive architecture.

Policy 2C.5 Ensure that buildings are appropriate to their context and designed to be compatible with surrounding properties and special districts.

Action Statements

- 2.5C.5a Encourage new construction to be consistent with the horizontal or vertical building orientation or building shape of special districts or streetscapes.
- 2.5C.5b Encourage roof styles, which are similar to surrounding buildings or unique districts.
- 2.5C.5c Avoid buildings, which do not have a similar scale or height as surrounding properties, except at gateways or for landmark structures.
- 2.5C.5d Consider studying floor area ratio limitations for residential and commercial districts.
- 2.5C.5e Avoid building colors, which are not compatible with adjoining properties or special districts.
- 2.5C.5f Encourage new construction to be designed so that it minimizes the impact on the privacy of adjoining residential properties.
- 2.5C.5g Avoid tall buildings, which substantially shade adjoining residential properties.

2.5C.5h Continue to require additional setbacks for new construction when necessary to preserve the light, air, views and privacy of adjoining residential properties.

Public Facilities

Goal 2.5D Provide public facilities which are accessible, attractive and add to the enjoyment of the physical environment.

Policy 2.5D.1 Ensure that Sunnyvale's public facilities are easily identified, accessible, attractive and representative of the community's values and aspirations.

Action Statements

2.5D.1a Consider implementing a comprehensive sign program for public facilities and City of Sunnyvale entry signs, which may include maps to show the location of City facilities.

2.5D.1b Establish a consistent design vocabulary for all public signage including fixture type, lettering, colors, symbols and logos.

2.5D.1c Consider providing for the use of well designed banners for City events, holidays and other special occasions.

2.5D.1d Consider implementing ways to increase the visibility of the Civic Center on Mathilda Avenue and El Camino Real and consider better identification for the Community Center along Remington Avenue.

Policy 2.5D.2 Maintain beautiful and comfortable outdoor public places which provide a shared sense of ownership and belonging for Sunnyvale residents, business owners and visitors.

Action Statements

2.5D.2a Continue to provide public parks where people can enjoy nature, exercise, socialize and relax.

2.5D.2b Continue to provide courtyards and public plazas around City buildings and encourage at least one large plaza downtown.

2.5D.2c Encourage public courtyards and plazas to have comfortable, shady places to sit, protection from automobile noise and fumes, defined boundaries and,

where appropriate, water elements and artworks.

- 2.5D.2d Choose water elements, such as fountains or water sculptures, which will look attractive when water is not available because of drought conditions.
- 2.5D.2e Continue to acquire public artworks, which contribute to the public identity of outdoor places and provide pleasure and enrichment for Sunnyvale residents.
- 2.5D.2g Encourage selection of public artworks, which have a broad appeal and capture the aspirations or social and cultural heritage of the community.
- 2.5D.2h Insure that some public artworks are meant for children and for touching and playing.
- 2.5D.2i Insure that the scale and subject of public art is appropriate to its location.
- 2.5D.2j Encourage some commercial activities in public plazas downtown.
- 2.5D.2k Continue to encourage pedestrian and commercial activity on the sidewalks of the historic 100 block of Murphy Avenue.
- 2.5D.2l Encourage new redevelopment downtown to be oriented to increase the visibility and use of the small courtyard on Washington Avenue by the parking structure.
- 2.5D.2m Support the parking assessment district downtown.
- 2.5D.2n Encourage below grade parking downtown and avoid parking structures, which hide important buildings and districts or block the view into the downtown from major roadways.

Policy 2.5D.3 Work with outside government agencies to achieve attractive public and quasi-public facilities consistent with the quality of development in Sunnyvale.

Action Statements

- 2.5D.3a Encourage adequate, attractive and legible signage for public and quasi-public facilities not owned by Sunnyvale.
- 2.5D.3b Cooperate with the Santa Clara Water District to develop programs to improve the appearance of flood control channels and drainage swales.
- 2.5D.3c Cooperate with the City and County of San Francisco on improvements to the Hetch Hetchy right-of-way to make better use of this large open space area.
- 2.5D.3d Encourage PG&E and Southern Pacific Railroad to improve the appearance of transmission line easements and the railroad lines.

City of Sunnyvale

Program Performance Budget

Program 216 - Roadside and Median Right-of-Way Services

Program Performance Statement

Promote a well maintained landscape area within City roadsides and medians, Sunnyvale's Multimodal Transit Station and six (6) City Fire Stations for residents, visitors and the business community, by:

- Maintaining landscape trees, shrubs and ground cover areas to have a healthy growth pattern indicative to the specific species, be disease free and have no apparent signs of insect infestation,
- Maintaining hardscape areas, bike lanes and pork chop islands within Sunnyvale at established service levels,
- Maintaining plant material areas on median islands to reduce litter, debris, and noticeable weeds protruding through or above these areas to established service levels,
- Maintaining irrigation system components in satisfactory operating condition that optimizes sprinkler coverage and minimizes water waste,
- Monitoring contractual maintenance at the Multimodal Transit Station, and
- Maintaining landscape trees, shrubs and ground cover areas to have a healthy growth pattern indicative to the specific species at the City's six (6) Fire Stations.

Notes

1. 90% of the Multimodal Transit Station operating cost is reimbursed by the Peninsula Corridor Joint Powers Board.

City of Sunnyvale
Program Performance Budget

Program 216 - Roadside and Median Right-of-Way Services

Service Delivery Plan 21601 - Roadside and Median Streetscape Maintenance

Promote a well maintained landscape area within the City medians, for residents, visitors and the business community, by:

- Maintaining hardscape, sidewalk, and pork chop island areas free of noticeable weeds, litter, and debris at established service levels,
- Maintaining irrigation system components in medians in satisfactory operating conditions that optimize sprinkler coverage and minimize water waste,
- Maintaining median landscape trees, shrubs and ground cover areas to have a healthy growth pattern indicative to the specific species, be disease free, and have no apparent signs of insect infestation, and
- Maintaining plan material areas on median islands to reduce litter, debris, and noticeable weeds protruding through or above these areas to established service levels.

City of Sunnyvale
Program Performance Budget

Program 216 - Roadside and Median Right-of-Way Services

Service Delivery Plan 21602 - Sunnyvale's Multimodal Transit Station Maintenance

Provide a safe and functional parking lot that enhances the aesthetics and environmental quality of the City in a cost effective manner, by:

- Monitoring landscape maintenance,
- Monitoring sweeper maintenance,
- Cleaning the restroom facility daily, and
- Monitoring mechanical systems; elevators, fire system, back-up power and lighting.

Notes

1. Per the Cooperative Agreement for Ownership, Operation and Maintenance of the Sunnyvale Multimodal Transit Station entered as of April 1, 2002 with the Peninsula Corridor Joint Powers Board (PCJPB), the City has agreed to maintain the facilities according to agreed upon maintenance standards. The City must notify the PCJPB of the actual annual operating cost by April 1st of each year, including an annual contribution to a sinking fund for capital maintenance and the cost for the PCJPB to obtain liability insurance for the Multi-Modal Transit Station. The PCJPB has agreed to reimburse the City with 90% of the annual operating cost. The term of this agreement is 20 years, after which either party may terminate by proving the other party with at least 6 months notice.

Program 216 - Roadside and Median Right-of-Way Services

Service Delivery Plan 21603 - Sunnyvale's Fire Station Landscape Maintenance

Promote a well maintained landscape area at the City's Fire Stations in a cost effective manner, by:

- Maintaining irrigation system components at the Fire Stations in satisfactory operating condition to optimize sprinkler coverage and minimize water waste,
- Maintaining Fire Station trees, shrubs and ground cover areas to have a healthy growth pattern indicative to the specific species, be disease free and have no apparent signs of insect infestation, and
- Maintaining Fire Station plant material areas to reduce litter, debris, and noticeable weeds protruding through or above these areas to established service levels.

**City of Sunnyvale
Program Performance Budget**

Program 217 - Concrete Maintenance

Program Performance Statement

Provide pedestrian safe sidewalks, street tree root protection and control, and effective curb and gutter systems, by:

- Identifying and monitoring sidewalk displacements in response to citizen complaints,
- Identifying and mitigating tree root/concrete conflicts on public right-of-way concrete and parkway concrete in order to protect the vigor, health and stability of the conflicting tree, and
- Ensuring curb and gutter systems provide proper drainage for urban storm water runoff management.

**City of Sunnyvale
Program Performance Budget**

Program 217 - Concrete Maintenance

Service Delivery Plan 21701 - Mitigation of Tripping Hazards on City Sidewalks and Parkways

Provide pedestrian safe sidewalks and respond to citizen complaints, by:

- Temporarily ramp patching displaced sidewalks scheduled for repair with asphalt concrete,
- Grinding concrete sidewalks where displacements are one (1) inch or less, and
- Removing parkway concrete that is raised above the right-of-way sidewalk and is a tripping hazard.

Program 217 - Concrete Maintenance

Service Delivery Plan 21702 - Mitigation of Tree Root/Concrete Conflicts

Provide tree root protection and control at Right-of-Way sidewalks, curbs, and gutters, by:

- Installing root control materials at sidewalks, curbs, and gutters displaced by tree roots,
- Installing special sidewalk paving material as an alternative to concrete where beneficial to street trees,
- Installing or specifying root control materials at new sidewalks with new street trees, and
- Adjusting sidewalk, curb, and gutter alignments to allow for tree trunk and root growth.

City of Sunnyvale
Program Performance Budget

Program 218 - Street Tree Services

Program Performance Statement

Promote the safety, environmental functionality and aesthetics of the City's street trees for residents, visitors and the business community, by:

- Providing pruning to maximize the structural integrity and minimize the potential of branch/trunk failure for all inventoried street trees in a manner consistent with International Society of Arboriculture (ISA) standards, and
- Preserving and sustaining the street tree population by new and replacement tree planting.

Program 218 - Street Tree Services

Service Delivery Plan 21804 - Management and Support Services

Facilitate the operation and effectiveness of the Street Tree Service program, by:

- Maintaining complete and thorough records,
- Managing City resources to best deliver Street Tree Services,
- Providing timely applications of administrative support,
- Managing operating funds to meet Street Tree Program service levels within annual budget, and
- Serving on the Plan Review Committee to advise City Council, Planning Commission and Community Development in matters pertaining to Street Trees.

City of Sunnyvale

Program Performance Budget

Program 230 - Housing and Human Services

Program Performance Statement

To preserve and improve housing conditions for low and moderate income residents, support increased development of affordable housing, and ensure that human service needs in the Community are identified and addressed consistent with City policies, by:

- Supporting the development and preservation of affordable housing,
- Managing the City's Housing Improvement Programs,
- Managing the Below Market Rate Housing Program,
- Coordinating the Outside Group funding process, and
- Administering Federal Housing and Urban Development grants and the City Housing Fund.

Notes

1. The Housing and Human Services program receives funding from both federal and local sources. 48% of the program budget is funded by Community Development Block Grant (CDBG), 6% from HOME grant, 34% from local housing revenues, and 12% from the General Fund for outside group funding administration.
2. The City's Affordable Housing Ordinance requires 12.5% of the total number of ownership units to be maintained as below market rate for all residential developments that are over nine dwelling units. (19.66.020 (a))

City of Sunnyvale
Program Performance Budget

Program 242 - Land Use Planning

Program Performance Statement

To plan and manage the physical development and rebuilding of the City in a manner which constantly strives to improve its physical appearance, functionality and its overall quality of life, by:

- Fostering the orderly physical development of the City through the preparation of general and specific plans and policies, the measures for their implementation and the development and maintenance of the planning database,
- Administering the zoning code and other land use policy to achieve a functional, attractive and vibrant community, and
- Supporting the Planning Commission, Heritage Preservation Commission and staff.

Program 242 - Land Use Planning

Service Delivery Plan 24204 - Zoning Administration

Administer the zoning code and other land use policy to achieve a functional, attractive and vibrant community, by:

- Reviewing land use permits,
- Providing land use and zoning information, and
- Reviewing building permit applications for zoning compliance.

**City of Sunnyvale
Program Performance Budget**

Program 243 - Construction Permitting

Program Performance Statement

Manage construction activity in a manner which achieves building safety and compliance with City and State requirements, by:

- Reviewing building plans and issuing permits through an effective centralized process that adds valuable technical knowledge and minimizes review times,
- Providing timely construction inspections to ensure compliance with approved plans, and
- Guiding customers through the centralized development permitting process and coordinating requested services.

Notes

1. Budgeted products include hours in 243 operating budget and hours in project (set aside) budget. Therefore productivity will be based on hours from both budgets.

City of Sunnyvale

Program Performance Budget

Program 245 - Neighborhood Preservation

Program Performance Statement

Promote attractive and well maintained residential and non-residential properties and neighborhoods, and discourage neighborhood decline, by:

- Resolving property maintenance violations in accordance with the Sunnyvale Municipal Code, and
- Providing education, outreach, and resources to the community to foster attractive neighborhoods and prevent neighborhood deterioration.

Notes

1. Neighborhood Preservation (NP) Code Enforcement Priorities Adopted by the City Council on September 26, 2006:

First Priority Issues:

- Junk and debris stored in public view
- Overgrown vegetation
- Weeds
- Vehicles parked on unpaved surfaces
- Major auto repair in residential neighborhoods

Second Priority Issues:

- Illegal fences
- Trash cans placed at the curb or in front of the house
- Illegal structures (garage conversions, additions, sheds, etc.)
- Illegal businesses on residential properties
- Graffiti

Every five years, NP staff will survey the community to determine code enforcement priorities. The priorities will then be provided to the City Council for amendment (if they desire), approval, and adoption. The next survey will be conducted in 2011.

City of Sunnyvale
Program Performance Budget

Program 247 - Economic Development

Program Performance Statement

Promote and maintain a strong and diverse local economy to provide jobs and services for our residents and tax revenue for the City to fund public services, by:

- Attracting and assisting targeted businesses to locate in Sunnyvale,
- Establishing positive relationships with individual businesses to encourage them to remain and expand in Sunnyvale,
- Promoting investment and reinvestment in Sunnyvale's industrial neighborhoods to provide appropriate amount and mix of Class A, B and C buildings,
- Supporting and attracting businesses which provide a variety of needed retail and other services for our residents at locations which are convenient for them,
- Managing the redevelopment of the downtown in a manner which creates a vital and attractive commercial, social and symbolic center of the City, and
- Maintaining a business-friendly attitude among City employees and elected officials and utilizing their regular contacts with the business community as tools in the economic development program.

Notes

A Five-year Economic Development Strategy is being prepared which will define economic development priorities and activities in the City. The Strategy is expected to be completed in early FY 2008/2009. At that time, the budget will be reevaluated to align with the Strategy.

City of Sunnyvale
Program Performance Budget

Program 247 - Economic Development

Service Delivery Plan 24702 - Business Retention

Provide an environment that encourages businesses to remain in Sunnyvale, by:

- Assisting existing businesses in obtaining City approvals,
- Building positive relationships with local businesses through business visits and business forums,
- Promoting the value of businesses to residents to generate a more business-friendly environment and support for Sunnyvale businesses,
- Organizing events to support businesses and acknowledge business achievements,
- Connecting businesses with the community to increase business involvement with residents and community organizations,
- Identifying and responding to issues that impact the ability of businesses to stay and grow in Sunnyvale, and
- Maintaining a network of city employees, elected officials and business leaders to identify businesses at-risk of relocating outside of Sunnyvale and to serve on action teams to retain these businesses.

City of Sunnyvale
Program Performance Budget

Program 247 - Economic Development

Service Delivery Plan 24703 - Research and Support

Provide leadership for Economic Development to focus on relevant activities to support the business community, by:

- Analyzing economic and demographic data to ensure the City's Economic Development Strategy is focused on current and projected economic cycles,
- Reviewing policies affecting the business climate and business development in the City and recommending revisions or positions on policies to improve Sunnyvale's service delivery to businesses,
- Providing adequate training to Economic Development staff for professional development and to enhance technical skills, and
- Providing administrative support for the Economic Development Program.

Program Performance Budget

Program 247 - Economic Development

Service Delivery Plan 24704 - Downtown Redevelopment

Create and implement strategies and programs to stimulate development and investment in the redevelopment area, by:

- Providing administrative support for the Redevelopment Agency (RDA),
- Accurately preparing and filing RDA legal reports with the State of California,
- Informing the public to increase community participation and support for projects and activities within the downtown area,
- Managing development and construction projects within the RDA project area to ensure the projects are in conformance with long-range plans and approved agreements,
- Facilitate the process for the Downtown Parking Maintenance District to involve property owners and businesses, and
- Supporting downtown business organizations to assist them in developing and maintaining programs that will allow them to be self-sufficient.

City of Sunnyvale
Program Performance Budget

Program 254 - Parking District Landscaping Management

Program Performance Statement

Promote a well maintained landscaped area within the Downtown Parking District at established service levels as funded by District property owners for residents, visitors, and the business community, by:

- Maintaining landscape trees, shrubs and ground cover areas to have a healthy growth pattern indicative to the specific species, be disease free and have no apparent signs of insect infestation,
- Maintaining sidewalks and curbing within and around downtown parking lots,
- Reducing litter and debris and maintaining Downtown Parking District lots so that no noticeable weeds protrude through or above these areas, and
- Maintaining irrigation system components in downtown parking lots in satisfactory operating condition that optimizes sprinkler coverage and minimizes water waste.

Notes

1. For 2008-2009 the downtown parking lots are located at Francis and Evelyn, Sunnyvale and Evelyn, Carroll and Evelyn, McKinley and Carroll, and Taffee and Capella (post office). However, at the Taffee and Capella (post office) lot there is no landscaping therefore no work is done at this site under Program 254.

Program 254 - Parking District Landscaping Management

Service Delivery Plan 25401 - Parking District Landscaping Management

Promote a well maintained landscaped area within the Downtown Parking District Lots, for residents, visitors and the business community, by:

- Maintaining 3,317 square yards of hardscape and 22,465 square yards of parking area at established service levels,
- Maintaining irrigation system components in downtown parking lots in satisfactory operating condition that optimizes sprinkler coverage and minimizes water waste,
- Maintaining Parking District Landscaping 85 trees, 1,063 shrubs and 1,312 square yards of ground cover areas to have a healthy growth habit indicative to the specific species, be disease free and have no apparent signs of insect infestation, and
- Maintaining the 3,585 square yards of plant material areas in downtown parking lots in a litter and debris free condition with no noticeable weeds protruding through or above these areas at established service levels.

Program Performance Budget

Program 255 - Downtown Parking District Parking Lots

Program Performance Statement

Maintain and operate 8 Downtown Parking District parking lots at established service levels as funded by District property owners for convenience of use and safety in order to attract customers to the Central Business District, by:

- Performing preventive maintenance in a cost-effective and timely manner to extend the economic life and safety of parking lot pavement,
- Sweeping Parking District parking lots to maintain cleanliness,
- Performing corrective repairs to parking lot pavement,
- Maintaining adequate pavement striping and signage in parking lots, and
- Performing corrective repairs to defective parking lot lighting system components.

For 2008-2009 the downtown parking lots are located at Frances & Evelyn, Sunnyvale & Evelyn, Carroll & Evelyn, and McKinley & Carroll.

City of Sunnyvale Program Performance Budget

Program 265 - Neighborhood Parks and Open Space Management

Program Performance Statement

Provide 401 acres of parks and open space systems that are hazard-free, usable and attractive for residents and the business community by employing accepted municipal maintenance practices, by:

-Maintaining landscaping in the form of turf (mow weekly, fertilize, renovate, aerify, control pests, water and sprinkler system repair), trees (plant, prune, remove as needed), ground covers (plant, prune, remove, control pests and water) and ornamental water features (remove debris, operate pumps, control algae and drain and fill according to approved schedules),

-Maintaining recreational facilities including, but not limited to, sport courts (repair, clean, wash, resurface, and net replacement), athletic fields (mow weekly, fertilize, renovate, aerify, control pests, water and sprinkler system repair), playgrounds (inspect, remove graffiti, clean and repair), picnic sites (remove graffiti, clean and repair) and multi-purpose buildings (daily janitorial services, clean restrooms, floors, remove graffiti, and replace paper products),

-Maintaining support facilities including, but not limited to, auxiliary restrooms (daily janitorial services, clean restrooms, floors, remove graffiti, and replace paper products), hardscapes (remove litter and debris and correct trip hazards greater than 1/2 inch), lighting systems (replace bulbs and repair light fixtures) and furnishings (remove graffiti and repair benches, bollards, drinking fountains, trash receptacles, etc.), and

-Administrating and supporting services (supervise and direct staff, address customer concerns, complete reports and correspondence, etc.) to promote customer satisfaction and confidence.

Notes

1. Program costs for purchased goods and services have risen sharply with utilities and materials costs leading this increase over the past three years. Planned budget has been increased to accommodate these costs and program managers will finish at or below planned budgets in the future years.
2. Object 5400-Utilities Phones currently budgeted at \$9,755 provides eleven park pay phones at critical sites and one 911 phone at the skate park. In the coming years managers will partner with the Information Technology Department and Recreation Division staffs to determine ways to decrease these costs (911 only, fewer phones, new vendors, etc.)
3. Previous fiscal year program hours were the lowest on record (6.25% below planned amount) and much lower than the average of the recent four years (94,027). The unusually low work hours of FY 2006/2007 are attributed to: high leave use prior to retirements and vacancies that could not be filled with contract/temporary staffs (succession planning issues); unpaid hours and disability higher than the norm; and, the illness and eventual loss of the Administrative Analyst for this program. Managers do not anticipate this high number of unused hours in the future. However to move closer to the average use, work hours per year for Parks Worker I, II, and III, and Parks Leaders (38 total positions) are reduced from 1,800 to 1,750 per worker thereby decreasing program hours by 1,900 hours in fiscal years 2008/2009 and 2009/2010.
4. Historically, the Superintendent of Parks and Part-Time Office Assistant in this program have provided support to Program 645 Golf Course Maintenance Operations and Golf Shop Services. Therefore, 25% of Superintendent hours and 50% of Part-Time Office Assistant hours have been placed in Program 645 to better reflect actual work performed.

City of Sunnyvale
Program Performance Budget

Program 265 - Neighborhood Parks and Open Space Management

Service Delivery Plan 26501 - Landscaping for Neighborhood Parks and Open Spaces

Provide well-maintained parks and open space landscaping for residents and the business community that is hazard-free, usable and attractive, by:

- Maintaining uncontained litter in ornamental turf, tree, ground cover and ornamental water feature areas,
- Maintaining turf in a dark green, dense manner with consistent texture and sharply defined boundaries,
- Maintaining trees to display the form common to their species,
- Maintaining ground covers in a well defined manner with a good display of color in the appropriate season, and
- Maintaining ornamental water features with minimal floating debris or algae and functional fountains and lights.

Program 265 - Neighborhood Parks and Open Space Management

Service Delivery Plan 26502 - Recreational Facilities for Neighborhood Parks and Open Spaces

Provide well-maintained parks and open space recreational facilities for residents and the business community that are hazard-free, usable and attractive, by:

- Maintaining sport courts in a litter and graffiti-free manner,
- Maintaining athletic fields in a dark green, dense manner with consistent texture, sharply defined boundaries and level playing surfaces,
- Maintaining playgrounds and water play features in a clean and graffiti-free manner with bright and colorful equipment, as appropriate,
- Maintaining picnic sites in a clean and graffiti-free manner,
- Maintaining pathways/par courses in a litter and graffiti-free manner,
- Maintaining multi-purpose buildings in a clean and graffiti-free manner with functional restrooms and lighting, and
- Maintaining other recreational facilities including, but not limited to; skate parks, the dog park and the lawn bowling green.

**Environmental
Management
Element**

3. Environmental Management Element

A safe environment is a fragile resource. Without careful management and planning, the physical environment can easily erode causing problems such as shortages in resources and capacities. The City of Sunnyvale is prudent in preserving the physical resources and providing the necessary capacities and operations to maintain the environment. The Environmental Management Element addresses these concerns in the sub-elements, which include:

- ❑ Water Resources
- ❑ Solid Waste
- ❑ Wastewater Management
- ❑ Surface Runoff
- ❑ Energy
- ❑ Noise
- ❑ Air Quality

Water Resources Sub-Element

Goals, Policies and Action Statements

Goal 3.1A Manage future demands to ensure that existing and realistically certain future water supplies will be adequate.

Policy 3.1A.1 Contract for water supplies based on projected reasonable demands.

Action Statements

3.1A.1a Negotiate for long-term supply commitments, using future demands as forecasted by the latest hydraulic network analysis and/or staff estimates.

3.1A.1b Support reasonable, cost-effective, and environmentally sound water supply enhancement projects of San Francisco Water Department/Hetch-Hetchy and Santa Clara Valley Water District.

Policy 3.1A.2 Purchase potable water utilizing the most cost-effective source(s), subject to contractual requirements with our suppliers.

Action Statements

3.1A.2a Provide system controls that can respond to demand while also optimizing the mix of all sources in a cost-effective manner.

3.1A.2b Establish operating budgets that maximize water units in areas where costs are the least.

Policy 3.1A.3 Maintain a cost-effective preventative maintenance program that provides for sufficient reliability of all potable and reclaimed water system facilities.

Action Statements

3.1A.3a Perform preventative maintenance on all system facilities in order to eliminate the need for major unscheduled repairs or replacements.

3.1A.3b Provide for periodic inspection and assessment of system facilities.

3.1A.3c Maintain accurate and up-to-date records and maps.

3.1A.3d Provide for coordination with other utilities as required.

3.1A.3e Test, repair and replace water meters pursuant to established standard frequencies.

3.1A.3f Respond to all customer concerns and inquiries.

3.1A.3g Assure all facilities are properly screened, landscaped and maintained so as not to detract from neighboring developments.

3.1A.3h Provide appropriate security and protection of water facilities.

3.1A.3i Test and repair hydrants pursuant to established standard frequencies.

Goal 3.1B Ensure that potable and reclaimed water meet all quality and health standards.

Policy 3.1B.1 Ensure that backflow from potentially contaminated water services is prevented through an aggressive inspection and maintenance program.

Action Statements

3.1B.1a Ensure that adequate backflow prevention devices are installed as required.

3.1B.1b Monitor annual backflow devices testing program.

3.1B.1c Perform backflow investigations and inspections as required.

3.1B.1d Investigate the potential for the City owning all backflow devices, thereby ensuring proper function and maintenance.

Policy 3.1B.2 Develop a comprehensive water quality monitoring program that meets or exceeds all state and federal requirements, while also meeting specific needs of the City and our citizens.

Action Statements

3.1B.2a Establish parameters to be tested for, together with specific testing frequencies and scheduling.

3.1B.2b Provide adequate laboratory testing facilities.

3.1B.2c Provide adequate training for quality sampling and testing.

3.1B.2d Provide the public with information relative to City's water quality program, bottled water, home water filtering devices, private wells, etc.

3.1B.2e Respond to customer concerns and inquiries.

3.1B.2f Monitor state and federal legislation to ensure City's sampling and testing procedures meet all requirements.

Policy 3.1B.3 Develop an action plan to respond to and protect from contamination of water supplies.

Action Statements

3.1B.3a Monitor all known underground contaminations.

3.1B.3b Ensure responsible parties are taking all reasonable steps to clean up known underground contaminations.

3.1B.3c Ensure responsible enforcement agencies are taking all reasonable steps to have responsible parties clean up known underground contaminations.

3.1B.3d Ensure all business and industry are complying with the City's hazardous materials storage ordinance.

3.1B.3e Maintain an emergency action plan to isolate and prohibit the delivery of known or suspected contaminated water to customers.

3.1B.3f Maintain a program to notify customers of known or suspected contaminated water and of the City's action plan.

3.1B.3g Work with the Santa Clara Valley Water District to identify all private wells in the City.

3.1B.3h Advise owners of private wells of health risks, adequate quality testing, etc., and encourage proper abandonment of the wells where appropriate.

3.1B.3i Encourage owners of private wells that do not have City water service to properly abandon their wells and hook up to the City's water system.

Goal 3.1C Ensure that the water distribution system can meet minimum fire and quality standards during emergency conditions.

Policy 3.1C.1 Maintain an emergency water operations plan.

Action Statements

3.1C.1a Maintain sufficient emergency inter-ties with other water utilities.

3.1C.1b Develop and maintain standard operating procedures for responding to losses of supply or water contamination events.

3.1C.1c Develop and maintain standard operating procedures for notifying the public during losses of supply or water contamination events.

Policy 3.1C.2 Provide sufficient storage and backup power to meet minimum requirements for water during emergencies.

Action Statements

3.1C.2a Check periodically the adequacy of storage facilities and distribution system through a computer modeling program (hydraulic network analysis).

3.1C.2b Study need for additional backup power at key water facilities.

Goal 3.1D Manage potable water demand through the effective use of water rates, conservation programs and reclaimed water.

Policy 3.1D.1 Provide for an on-going potable water conservation program.

Action Statements

3.1D.1a Monitor unaccounted-for water and notify Finance Department when percentages exceed norms.

3.1D.1b Support demand management programs identified as “Best Management Practices” in the City’s Memorandum of Understanding with the State Department of Water Resources.

3.1D.1c Update our City’s Urban Water Management Plan as required by the State.

3.1D.1d Inform the community periodically on the status of water supply and the need to conserve.

3.1D.1e Maintain current inverted rate structure policy.

Policy 3.1D.2 Provide for potable water conservation programs that will effectively respond to periods of water shortages/droughts.

Action Statements

3.1D.2a Implement staged water conservation plans similar to those implemented during the 1987-1992 drought, depending on the severity of future water shortages.

3.1D.2b Implement water usage restrictions tailored to the level of conservation required.

3.1D.2c Keep the community regularly advised as to the status of the water shortage emergency, how they can achieve conservation goals, and the community's progress toward those goals.

3.1D.2d Coordinate drought planning with other involved agencies.

Policy 3.1D.3 Expand opportunities for reclaimed water use consistent with ecology needs of the Bay and/or diminished potable water supplies.

Action Statements

3.1D.3a Complete Phases I and II of the existing Reclaimed Water Project.

3.1D.3b Consider expanding this project into Phase III and beyond.

3.1D.3c Pursue funding for existing and future projects.

3.1D.3d Provide information and assistance to potential reclaimed water customers.

3.1D.3e Monitor use and effectiveness of reclaimed water on turf and landscaping.

Goal 3.1E Maintain a financially stable Water Fund through a user based fee system that funds operation, capital improvements, infrastructure replacement and public education programs.

Policy 3.1E.1 Establish potable and reclaimed water rate structures that will ensure funding of capital improvements, operational and maintenance needs and the development of an adequate reserve.

Action Statements

3.1E.1a Review rate structures annually.

3.1E.1b Establish appropriate reserves to ensure stable rates and provide for capital improvement and replacement needs.

3.1E.1c Review Ten-Year Plan annually for capital improvement and replacement needs.

3.1E.1d Ensure that the City receives 100% of utility entitlement by preparing utility bills accurately, by providing on-going monitoring for the completeness and accuracy of and collection of utility billings.

3.1E.1e Provide timely initiation, discontinuance and changes in water services.

Policy 3.1E.2 Establish rate structures that encourage on-going potable water conservation and that can be modified to achieve even greater levels of water conservation

during period of water shortages/droughts.

Action Statements

3.1E.2a Establish reclaimed water rates in such a way as to attract customers.

3.1E.2b Utilize inverted rate scenarios to achieve both on-going and severe water conservation goals.

Policy 3.1E.3 Establish and maintain adequate reserve levels to replace or renovate Water Fund infrastructure components in order to maximize asset life and meet future community needs.

Action Statements

3.1E.3a Maintain and periodically update an inventory of Water Fund infrastructure components.

3.1E.3b Establish, maintain and review infrastructure renovation and replacement fund schedules for the water distribution system.

Goal 3.1F Provide a customer service program that emphasizes customer satisfaction and confidence.

Policy 3.1F.1 Maintain the provision of a high-quality, dependable source of both potable and reclaimed water at a reasonable and competitive cost to the consumer.

Action Statements

3.1F.1a Expand opportunities for cost savings in operations and maintenance.

3.1F.1b Oppose unreasonable rate increases from our suppliers.

3.1F.1c Notify the community regarding Sunnyvale's water rates, how they were developed, and how they compare with neighboring utilities.

Policy 3.1F.2 Inform customers on issues relating to water supply, quality, rates, conservation, and other matters.

Action Statements

3.1F.2a Utilize bill stuffers, cable TV, direct mailers, civic events, and other media to inform customers on water resource issues.

3.1F.2b Conduct public/neighborhood meetings when and where appropriate.

3.1F.2c Continue to produce and distribute the annual water quality report.

Policy 3.1F.3 Solicit customer input through consumer surveys, City-wide events, and other forums.

Action Statements

3.1F.3a Insert customer input surveys into selected quarterly reports, bill stuffers, door knob hangers, etc.

3.1F.3b Hand out survey forms at selected City-wide events, at neighborhood meetings, schools, and other forums.

Policy 3.1F.4 Monitor customer satisfaction through periodic surveys and responses to citizen inquiries.

Action Statements

3.1F.4a Track customer compliments and complaints from phone calls, letters, etc.

3.1F.4b Distribute customer satisfaction surveys during work activities, by mail, or other delivery systems.

3.1F.4c Incorporate results of 3.1F.4a & b into measurement of desired service levels and/or outcomes measures.

Policy 3.1F.5 Train and encourage employees to develop a customer service work ethic.

Action Statements

3.1F.5a Provide on-going customer service training to employees.

3.1F.5b Incorporate customer service performance into all employee audit processes.

3.1F.5c Develop means to reward outstanding customer service by employees.

Goal 3.1G Support legislation and other efforts that promote the accomplishment of the City's water resources sub-element goals and policies.

Policy 3.1G.1 Support efforts by both the federal and state governments to work cooperatively with municipal governments to ensure safe drinking water.

Action Statements

3.1G.1a Work through the various water utility professional organizations (AWWA, CMUA, BAWUA, etc.) to promote collaborative working relationships with state

and federal drinking water authorities (EPA, DOHS, etc.).

3.1G.1b Work through lobbying organizations (LCC, CMUA, SCVWD, SFWD, etc.) to develop networks with state and federal agencies.

3.1G.1c Support legislation that promotes better cooperation between state and federal governments and municipal governments.

Policy 3.1G.2 Seek support for federal and state funding of Sunnyvale's water resources projects and programs.

Action Statements

3.1G.2a Continue to pursue funding of reclaimed water projects through Santa Clara Valley Water District, San Francisco Water Department and the Legislature.

3.1G.2b Monitor and pursue other available funding for major capital improvements and infrastructure replacement projects.

Policy 3.1G.3 Oppose efforts to unreasonably reduce the availability of water supply to Sunnyvale.

Action Statements

3.1G.3a Oppose efforts by the federal government to eliminate Hetch-Hetchy Reservoir.

3.1G.3b Oppose legislation that unreasonably diverts existing water supplies from municipalities to other uses.

3.1G.3c Oppose legislation that would block proposed water supply projects that are necessary, reasonable, cost-effective, and environmentally sound.

Policy 3.1G.4 Support efforts to encourage reasonable demand-side water conservation programs.

Action Statements

3.1G.4a Support on-going state and local water conservation efforts and support legislation encouraging the installation of reasonable water conservation devices in a building prior to transfer of title, provided there is some economic impact criteria.

3.1G.4b Oppose legislation requiring cities and counties to conduct a water supply analysis every three years.

3.1G.4c Work with Santa Clara Valley Water District, San Francisco Water Department and other retailers to support ULFT rebate programs, showerhead giveaways, and other Best Management Practices.

Policy 3.1G.5 Support legislation that would allow greater flexibility for water transfers, subject to protection of water rights and any adverse impacts on affected

communities.

Action Statements

3.1G.5a Support legislation that authorizes any retail water user with a water allocation to transfer that allocation to another user and work with water agencies to devise a means of effective transfer that will not risk existing water rights, but rather augment supplies that are severely impacted by drought and encourage the federal government to consider similar legislation.

Policy 3.1G.6 Support legislation and regulations that establish beneficial water quality standards that are based on scientific facts, benefit-risk analyses and other supportable evidence.

Action Statements

3.1G.6a Support efforts by Congress to direct EPA to give to the State the flexibility to adopt toxicity standards based on site-specific conditions, which will provide reasonable, cost-effective protection to aquatic organisms and human health. Support a more cooperative approach between all levels of government and the private sector to determine environmental priorities and standards.

3.1G.6b Support a moratorium on the promulgation and implementation of drinking water regulations under the Safe Drinking Water Act until such time as studies are completed and the reauthorization of the Act is carried out.

3.1G.6c Oppose any water quality legislation or regulations that are not based on scientific evidence and/or do not provide measurable improvements in public health.

Solid Waste Sub-Element

Goals, Policies and Action Statements

Goal 3.2A Ensure that all municipal solid waste generated within the City is collected and transported in a manner that protects public health and safety.

Policy 3.2A.1 Provide convenient, competitively priced, solid waste collection services.

Action Statements

3.2A.1a Establish, enforce and periodically update collection service standards.

3.2A.1b Provide collection services that meet the needs of elderly and disabled residents.

3.2A.1c Evaluate methods of achieving increased efficiencies in solid waste collection.

3.2A.1d Compile and analyze information regarding collection operations to ensure that existing operations are operated in a safe, sanitary and efficient manner, and that collection costs are necessary and reasonable.

Policy 3.2A.2 Ensure that standards of Customer Service Excellence policies are met by those providing solid waste collection service.

Action Statements

3.2A.2a Provide and publicize convenient methods by which customer complaints can be filed.

3.2A.2b Investigate all complaints regarding solid waste collection and maintain records of complaint resolution.

Goal 3.2B Reduce solid waste disposal to 50% or less of the amount generated in 1990 (as adjusted to reflect population and economic changes) in the most cost-effective manner.

Policy 3.2B.1 Reduce generation of solid waste by providing source reduction programs and promoting source reduction behavior.

Action Statements

- 3.2B.1a Provide source reduction programs that reduce the generation of solid waste.
- 3.2B.1b Encourage and facilitate private source reduction programs, services and facilities.
- 3.2B.1c Provide comprehensive and ongoing public education programs to encourage source reduction behavior by Sunnyvale residents and businesses.
- 3.2B.1d Continue to monitor the effectiveness of unlimited residential refuse collection.
- Policy 3.2B.2 Maximize diversion of solid waste from disposal by use of demand management techniques, providing and promoting recycling programs, and encouraging private sector recycling.

Action Statements

- 3.2B.2a Continue to use demand management in determining refuse collection rates and policies.
- 3.2B.2b Provide, or facilitate the provision of, recycling collection services to residential, commercial and industrial customers in a cost-effective way that allows achievement of the 50% diversion goal.
- 3.2B.2c Provide comprehensive and ongoing public education and promotion programs to encourage residents and businesses to participate in recycling programs.
- 3.2B.2d Make City facilities models of source reduction and recycling behavior by stating that all employees are expected and empowered to incorporate source reduction and recycling in their work practices.
- 3.2B.2e Compile and analyze information regarding recycling and disposal amounts, program costs and customer satisfaction to evaluate the City's progress toward achieving its disposal diversion goal.
- Policy 3.2B.3 Meet or exceed all federal, state and local laws and regulations concerning solid waste diversion and implementation of recycling and source reduction programs.

Action Statements

- 3.2B.3a Periodically update the Sunnyvale Source Reduction and Recycling Element and perform related tasks as required by state law.
- 3.2B.3b Continue to implement the source reduction and recycling programs described in the Sunnyvale Source Reduction and Recycling Element.

3.2B.3c Continue to monitor the City's compliance with waste diversion laws and regulations.

Policy 3.2B.4 Increase demand for recycled materials by advocating local, state and federal legislation that will increase use of recycled content products.

Action Statement

3.2B.4a Identify and support proposed laws and administrative actions that would increase the demand for and value of recycled materials in a cost effective manner.

Goal 3.2C Encourage residents to maintain clean neighborhoods by preventing unsightly accumulations of discarded materials and illegal dumping of municipal solid waste.

Policy 3.2C.1 Provide periodic opportunities for residents to dispose of refuse at discounted or no charge.

Action Statements

3.2C.1a Periodically provide "extended curbside collection" of bulky residential refuse.

3.2C.1b Periodically provide City residents free disposal of refuse at the Sunnyvale Materials Recovery and Transfer Station.

3.2C.1c Provide disposal services for neighborhood cleanup events.

Goal 3.2D Dispose of solid waste generated within the City in an environmentally sound, dependable and cost-effective manner.

Policy 3.2D.1 Assure that the City possesses a minimum of five years of refuse disposal capacity at all times.

Action Statements

3.2D.1a Annually assess the amount of disposal capacity available with existing disposal arrangements and projected disposal amounts.

3.2D.1b When available disposal capacity equals ten years or less, initiate actions to arrange for sufficient capacity to accommodate present and projected City needs.

Policy 3.2D.2 Reduce the amount of refuse being disposed, generate recycling revenues and minimize truck travel to the disposal site through use of the Sunnyvale Materials Recovery and Transfer Station.

Action Statements

3.2D.2a Achieve economies of scale in the operation of the Sunnyvale Materials Recovery and Transfer Station.

3.2D.2b Continue to monitor Sunnyvale Materials Recovery and Transfer Station operations to ensure compliance with all performance standards and regulatory requirements.

3.2D.2c Research developments in refuse transfer, materials recovery equipment and operations, and markets for recovered materials and implement appropriate changes to Sunnyvale Materials Recovery and Transfer Station equipment and operations.

Goal 3.2E Minimize potential future City liability for wastes generated in the City.

Policy 3.2E.1 Select disposal methods and sites for solid and hazardous wastes that incorporate technologies and practices most likely to eliminate or minimize future City liabilities.

Action Statements

3.2E.1a Obtain and review permits, reports and other information related to disposal facilities to verify compliance with laws, regulations and prudent practices.

3.2E.1b Whenever practical, select to dispose of hazardous wastes by reuse, recycling, incineration and landfilling, in that order.

Policy 3.2E.2 Minimize impact on future rate payers of potential liability for past disposal practices.

Action Statements

3.2E.2a Evaluate existing reserve funds and potential liabilities and adopt appropriate reserve fund policies.

3.2E.2b Seek changes to federal law to minimize the City's potential liability for disposal of municipal solid waste.

Policy 3.2E.3 Minimize illegal and inappropriate disposal of Household Hazardous Waste.

Action Statements

3.2E.3a Encourage use of Household Hazardous Waste source reduction practices by providing promotion and public education.

3.2E.3b Provide and promote convenient Household Hazardous Waste disposal services.

Policy 3.2E.4 To meet or exceed all federal, state and local laws and regulations concerning Household Hazardous Waste and implementation of Household Hazardous Waste programs.

Action Statements

3.2E.4a Periodically update the Sunnyvale Household Hazardous Waste Element and perform related tasks as required by state law.

3.2E.4b Implement the Household Hazardous Waste programs described in the Household Hazardous Waste Element.

Goal 3.2F Maintain sound financial strategies and practices that will enable the City to provide comprehensive solid waste management services to the community while keeping refuse rates at or below countywide averages for cities using cost of service pricing.

Policy 3.2F.1 Establish refuse collection and disposal rates in a manner that equitably allocates program costs among rate payers and promotes rate stability.

Action Statements

3.2F.1a Periodically restructure refuse collection and disposal rates to incorporate demand management, minimize demand for services and reflect actual costs.

3.2F.1b Annually survey refuse rates and rate-setting methods for comparable Santa Clara County cities to determine City's relationship to countywide averages.

Policy 3.2F.2 To the greatest extent possible, anticipate changes required in refuse collection rates in response to changes in laws, regulations and economic factors affecting the solid waste management system.

Action Statements

3.2F.2a Prepare budgets that reflect costs for anticipated legislation and regulations, new programs and modifications to existing programs.

3.2F.2b Annually establish refuse collection rates that use long-range budget projections to maximize the predictability of future rates.

3.2F.2c Identify, and work to modify, proposed laws and legislation that have potential financial impacts on the solid waste management program.

Policy 3.2F.3 Identify additional revenue sources and, where possible, increase revenues from solid waste programs, services and facilities without jeopardizing program goals and customer service quality.

Action Statements

3.2F.3a Seek grant funding from the State and other sources where the cost of obtaining and maintaining the grant does not negate its value.

3.2F.3b Identify and pursue potential customers for any unused capacity of the Sunnyvale Materials Recovery and Transfer Station.

3.2F.3c Review and audit revenue sources to ensure that all appropriate revenues are being received.

3.2F.3d Evaluate revenues of existing and proposed programs as decisions are being made regarding those programs.

Goal 3.2G Contribute to an economic development environment that is supportive of a wide variety of businesses.

Policy 3.2G.1 Provide solid waste services desired by businesses at competitive rates.

Action Statement

3.2G.1a Conduct periodic surveys to verify that businesses receive useful services at a competitive price.

Goal 3.2H Manage the closed Sunnyvale Landfill in a manner that protects the public health and safety and the environment, promotes enjoyable public use of the site and assists in the achievement of other goals of the Solid Waste Sub-Element.

Policy 3.2H.1 Ensure compliance with federal, state and local laws and regulations.

Action Statements

3.2H.1a Continue to monitor and manage leachate, groundwater and landfill gas.

3.2H.1b Continue to monitor and manage the landfill cap, slopes and surface vegetation.

3.2H.1c Maintain post-closure maintenance financial assurance mechanism in compliance with regulations.

Policy 3.2H.2 Extract available resources from the refuse buried at the landfill.

Action Statements

3.2H.2a Provide landfill gas of a quality and at a flow rate suitable for energy recovery.

3.2H.2b Continue to monitor new technologies for further opportunities to extract buried resources.

Policy 3.2H.3 Provide for safe, enjoyable recreational access to portions of the landfill.

Action Statements

3.2H.3a Maintain environmental control systems to provide for safe public access to open space portions of the site.

3.2H.3b Maintain a vegetative screen along Caribbean Drive and Borregas Avenue to enhance the aesthetics of the landfill, as viewed from the adjacent industrial area.

3.2H.3c Provide information to visitors regarding the site's history and relationship to other nearby City-operated environmental management facilities.

Policy 3.2H.4 Provide for facilities and activities on portions of the landfill that support achievement of the City's solid and household hazardous waste goals and policies.

Action Statements

3.2H.4a Continue to provide for concrete and asphalt recycling.

3.2H.4b Consider long-term use of the Carl Road Recycling Center as a household hazardous waste facility.

3.2H.4c Provide a disposal area for dried sewage sludge from the Water Pollution Control Plant.

3.2H.4d Evaluate the benefits to the solid waste program of other waste diversion facilities and activities proposed to be located on the landfill.

Policy 3.2H.5 Generate revenues from post-closure uses of the landfill.

Action Statements

3.2H.5a Periodically evaluate the possibility of increasing revenues generated by existing facilities located on the landfill.

3.2H.5b Evaluate the suitability and revenue potential of proposed revenue-generating uses of the landfill.

Wastewater Management Sub-Element

Goals, Policies and Action Statements

GOAL 3.3A: Ensure the quantity and composition of wastewater generated in the City does not exceed the capabilities of the wastewater collection system and Water Pollution Control Plant.

Policy A.1 Water Pollution Control Plant improvements should be designed, constructed, and maintained and the quantity of industrial wastes should be controlled so the plant does not have to be expanded in excess of its capacity of 29.5 MGD.

Action Statements

3.3A.1a Monitor the generation of industrial wastes by new industries and enlargements of existing industries to insure that the safe treatment capacity is not exceeded at any time.

3.3A.1b If the average flow reaches 75% of design flow, review projected flows and existing plant capacity to determine the advisability of imposing a wastewater discharge moratorium.

3.3A.1c Maintain a fair and equitable allocation system of Water Pollution Control Plant treatment capacity to land use categories.

Policy A.2 Ensure that wastes discharged to the wastewater collection system can be treated by existing treatment processes of the Water Pollution Control Plant.

Action Statements

3.3A.2a Provide adequate pretreatment monitoring to ensure that discharge standards are met by the discharger community.

3.3A.2b Maintain an active information program to inform wastewater management users of prohibited discharges, pretreatment methods, and reporting requirements.

GOAL 3.3B: Continue to operate and maintain the wastewater collection system so all sewage and industrial wastes are generated within the City are collected and conveyed under safe and sanitary conditions to the Water Pollution Control Plant.

Policy B.1 Inspect critical points in the wastewater management system annually to ensure the proper level of maintenance is being provided and the flow in sewers does not exceed design capacity.

Action Statements

- 3.3B.1a. Jet flush the wastewater collection system on a regular basis.
- 3.3B.1b. Monitor locations where the capacity is critical in the wastewater collection system.
- 3.3B.1c. Continue the program of minimizing illegal storm connections on private property to the City wastewater collection system.
- 3.3B.1d. Continue the program of locating and correcting points of infiltration in the wastewater management system.
- 3.3B.1e. Continue to provide an optimum level of maintenance to the wastewater management system.
- 3.3B.1f. Develop and maintain accurate, up-to-date maps and records of the wastewater management system.
- 3.3B.1g. Insure the City's 50-year infrastructure plan provides for necessary capital improvements and replacements.

GOAL 3.3C: Continue to operate and maintain the Water Pollution Control Plant using cost effective methods, so that all sewage and industrial wastes generated within the City receive sufficient treatment to meet the effluent discharge and receiving water standards of regulatory agencies.

Policy C.1 Monitor Water Pollution Control Plant operations and maintenance to meet regulatory standards.

Action Statement

- 3.3C.1a. Continue to provide water pollution control facilities, personnel, materials and utilities so sewage and industrial waste generated within the City can be treated to meet the regulatory standards.

Policy C.2 Coordinate operating procedures with the City energy policy to optimize an alternative energy program so minimum use and reliance are placed on outside energy sources.

Action Statements

- 3.3C.2a Maximize production and use of landfill gas for power production.
- 3.3C.2b. Maximize production and use of digester gas for power production.

- 3.3C.2c. Implement necessary changes to allow power production with use of landfill, digester, or natural gas, or a combination of any of the three.

Policy C.3 Actively participate in the watershed management approach to solving water quality issues of the Santa Clara Basin Watershed and the South Bay.

Action Statement

- 3.3C.3a. Continue to work with neighboring cities, state and federal agencies, and through the Watershed Management Initiative, to solve mutual water quality problems.

- 3.3C.3b. Support the development of environmental regulations that have a sound scientific basis and allow for reasonable implementation.

Policy C.4 Produce quality recycled water and seek to maximize the use of this resource.

Action Statements

- 3.3C.4a. Produce recycled water, fulfilling California Code of Regulations Title 22 water quality standards, to meet the demand of recycled water customers.

- 3.3C.4b Maximize the efficiency of recycled water production and distribution.

- 3.3C.4c Market recycled water to potential new customers and maximize the use of recycled water within existing distribution area.

- 3.3C.4d. Annually review the usage of recycled water and the feasibility of expanding its use and distribution.

- 3.3C4e. Monitor effects of water reuse and its relationship on discharge to San Francisco Bay.

- 3.3C4f. Study feasibility of recycled water for restoration and/or enhancement of marshlands.

GOAL D: Maintain a financially stable Wastewater Management Fund through a user-based fee system.

- Policy D.1 Assess connection fees to new system users to recoup the costs of excess system capacity constructed for their eventual use.
- Policy D.2 Assess user fees based on quantity and composition of wastewater generated.
- Policy D.3 Establish appropriate reserves to ensure reliable rates and to provide capital improvements and infrastructure replacement needs.
- Policy D.4 Annually review the wastewater rate structure.
- Policy D.5 Bi-annually review the 50-year plan for capital improvement and replacement needs.
- Policy D.6 Continue to make landowners responsible for maintenance of sewer laterals, with the exception that the City will make repairs to laterals between property line and sewer mains caused by broken pipes and street tree roots.
- Policy D.7 Properties outside the City limit that are served by the Sunnyvale wastewater collection system shall pay the full cost of wastewater management service. In addition to a higher rate for such special service, outside customers should also pay all costs for special maintenance and necessary repairs. This includes the use of outside plumbers, delivery of service at call back times, any expenses to the City of Sunnyvale from other jurisdictions connected to the provision of service (i.e. franchise fees), and costs for improvements to the system.
- Policy D.8 Explore agreements with neighboring cities where the Water Pollution Control Plant would treat interjurisdictional wastewater for a fee as long as these agreements:
- Create no capacity issues,
 - Do not hinder future development, and
 - Are economically advantageous.

Surface Runoff Sub-Element

Goals, Policies and Action Statements

Protect Beneficial Uses of Creeks and South San Francisco Bay

Goal 3.4A Assure the reasonable protection of beneficial uses of creeks and South San Francisco Bay, established in the Regional Board's Basin Plan, and protect environmentally sensitive areas.

Policy 3.4A.1 Continue to support the identification and development of Best Management Practices suitable for use in the City through participation in the Santa Clara Valley Non-point Source (NPS) Control Program, American Public Works Association's Stormwater Quality Task Force, the Bay Area Stormwater Management Agencies Association, and similar organizations.

Policy 3.4A.2 Comply with regulatory requirements and participate in processes which may result in modifications to regulatory requirements.

Action Statements

3.4A.2a Conduct internal audits in order to continue to improve environmental programs.

3.4A.2b Implement appropriate pollution prevention activities for targeted pollutants to comply with regulatory requirements.

3.4A.2c Review proposed changes in regulatory requirements and comment as appropriate.

3.4A.2d When evaluating pollutant control measures, consider all potential impacts including effects on the storm drain system, sanitary sewer system, and groundwater.

Policy 3.4A.3 Ensure that Best Management Practices are implemented to reduce the discharge of pollutants in storm water to the maximum extent practicable.

Action Statements

- 3.4A.3a Inspect industrial and commercial businesses for potential discharges to storm drains as part of industrial pretreatment inspections for the Water Pollution Control Plant.
- 3.4A.3b Modify Industrial Pretreatment permits to also require Best Management Practices to control the discharge of pollutants to City-owned storm drains.
- 3.4A.3c Use the City newsletter and utility billings to disseminate information regarding the proper disposal of waste and to encourage the public to participate in reducing pollutants in storm water runoff.
- 3.4A.3d Continue outreach programs to industrial and commercial businesses to educate them on proper disposal of waste to the sanitary sewer and storm drains.
- 3.4A.3e Label approximately 1,060 municipal storm drainage inlets a year until all inlets are labeled and maintain labels as necessary to educate the public on the fate of material discharged to storm drains.
- 3.4A.3f Encourage private property owners to label storm drain inlets.
- 3.4A.3g Conduct surveys during public events to track public awareness of the Santa Clara Valley NPS Control Program.
- 3.4A.3h Obtain copies and use the Statewide Best Management Practices Manual as guidance.
- 3.4A.3i Modify new development and redevelopment permitting procedures to require developers and contractors to implement Best Management Practices before, during and after construction to minimize pollutants discharged in storm water runoff. The report titled "Storm Water Quality Controls for New Developments in Santa Clara Valley and Alameda County: A Guide for Controlling Post-Development Runoff" will be used as guidance to achieve post-development controls.
- 3.4A.3j Continue to participate with the Santa Clara Valley NPS Control Program to hold workshops to notify developers, consulting firms and contractors of the General Construction Activity Storm Water Permit; to notify industries of industrial National Pollution Discharge Elimination System storm water permit requirements and everyone about the requirements of the City's area-wide municipal storm water National Pollution Discharge Elimination System permit.
- 3.4A.3k Continue to develop and maintain accurate maps of the storm drain system owned and operated by the City.
- 3.4A.3l Track existing municipal government activities, which remove pollutants prior to discharge to storm drains such as the number of storm drain inlets cleaned, curb miles swept and amounts of material removed.

- 3.4A.3m In addition to sweeping streets for aesthetic purposes, sweep to prevent pollutants from entering storm drain inlets. Similarly, in addition to cleaning storm drain inlets to prevent flooding, clean inlets to remove pollutants from the storm drain system. The " Best Management Practices for Street Cleaning and Storm Drainage Facilities" developed by the Alameda County Urban Runoff Clean Water Program may be used as guidance.
- 3.4A.3n Track creek and South San Francisco Bay water quality data collected by the Santa Clara Valley NPS Control Program, the Water Pollution Control Plant and other environmental monitoring programs, for changes resulting from the implementation of Best Management Practices.
- 3.4A.3o Continue to detain storm water runoff in the Pump Station No. 2 basin to settle sediment and associated pollutants prior to discharge to receiving waters.
- 3.4A.3p Monitor influent and effluent from the basin to determine percent removal of pollutants to evaluate the effectiveness of the detention basin in removing pollutants.
- 3.4A.3q Test pollutants in the basins, and develop and implement a maintenance plan to ensure sediment is periodically removed and properly disposed.

Policy 3.4A.4 Effectively prohibit illicit discharges and improper disposal into the storm drain system.

Action Statements

- 3.4A.4a Encourage all residents, industrial and commercial facilities, and public agencies to report spills and illegal dumping incidents to the Water Pollution Control Plant to initiate an immediate response and log spills.
- 3.4A.4b Perform tests and inspections to discover unauthorized discharges into storm drains.
- 3.4A.4c Track reports of spill incidents received at the Water Pollution Control Plant.
- 3.4A.4d Locate and eliminate illicit connections.
- 3.4A.4e Consider possible improvements to ordinances to more clearly specify the requirements for implementing Best Management Practices and for providing the authority to request monitoring or technical reports that might be necessary from dischargers to the City's storm drainage system.

Policy 3.4A.5 Prevent accelerated soil erosion.

Action Statements

- 3.4A.5a Require developers and contractors to implement Association of Bay Area Governments soil erosion control measures.
- 3.4A.5b Encourage property owners to maintain vegetative cover.

Maintain Storm Drain System

Goal 3.4B Maintain storm drain system to prevent flooding.

Policy 3.4B.1 Maintain and operate the storm drain system so storm waters are drained from 95% of the streets within one hour after a storm stops.

Action Statements

- 3.4B.1a Inspect and clean as necessary all storm drainage inlets at least once a year prior to the rainy season.
- 3.4B.1b Clean drop inlets in response to flood complaints.
- 3.4B.1c When cleaning storm drain inlets and lines, maximize removal of material at the nearest access point to minimize discharges to watercourses.
- 3.4B.1d Inspect storm water pump stations weekly and maintain as needed.
- 3.4B.1e Ensure proper disposal of all material cleaned from storm drain inlets and lines.

Policy 3.4B.2 Respond to storm drain emergencies.

Action Statements

- 3.4B.2a Respond to all emergency calls within 20 minutes during storms and within 45 minutes during other periods.
- 3.4B.2b Inspect and eliminate unauthorized discharges into the storm drain system.

Recognize Flood Hazard

Goal 3.4C Ensure flood hazards are recognized.

Policy 3.4C.1 Operate and maintain the storm drainage system at a level to minimize damages and ensure public safety.

Action Statements

3.4C.1a Update maps of the storm drain system after new developments and/or re-developments and storm drainage additions.

3.4C.1b Maintain records of incidents of local flooding and budget for system improvements.

Policy 3.4C.2 Prevent flooding to protect life and property.

Action Statements (primarily from the Seismic Safety & Safety Sub-Element)

3.4C.2a Encourage the Santa Clara Valley Water District to periodically reevaluate the capacity of creeks and channels.

3.4C.2b Encourage the Santa Clara Valley Water District to maintain creeks and channels to remove flow-inhibiting vegetation, debris and silt.

3.4C.2c Encourage the Santa Clara Valley Water District to maintain dikes and levees at least three feet above the 1% flood level and to inspect and repair damage caused by burrowing animals.

3.4C.2d Continue to maintain the flood plain management practices outlined by the Federal Emergency Management Agency and the Army Corps of Engineers.

3.4C.2e Continue participation in the National Flood Insurance Program.

Policy 3.4C.3 Monitor and plan for hydraulic changes due to global warming, earthquakes and/or subsidence.

Action Statements

- 3.4C.3a Track sea level elevations at tide gauge locations maintained by the U.S. Coast Guard, National Oceanic and Atmospheric Administration, and the San Francisco Bay Conservation and Development Commission to monitor changes in sea level.
- 3.4C.3b Monitor compaction, water level, and land surface elevation data compiled by the Santa Clara Valley Water District for possible land subsidence.
- 3.4C.3c Encourage the Santa Clara Valley Water District to consider installing tide gates in channels and creeks to prevent flooding during high tides.
- 3.4C.3d Budget for and construct additional storm drainage detention and pumping facilities as needed to assure continued ability to discharge surface runoff into the various Santa Clara Valley Water District facilities and San Francisco Bay.
- 3.4C.3e When designing structures along shorelines, consider future sea level changes.
- 3.4C.3f Ensure that private developers adequately plan and construct buildings to protect property in low lying areas.
- 3.4C.3g Review Federal Emergency Management Agency maps when they are updated every three to five years and incorporate information on flood prone areas into future land use plans.

Minimize Pollutants and Runoff from New Developments

- Goal 3.4D Minimize the quantity of runoff and discharge of pollutants to the maximum extent practicable by integrating surface runoff controls into new development and redevelopment land use decisions.
- Policy 3.4D.1 Consider the impacts on the water quality of surface runoff as part of land use and development decisions and implement Best Management Practices to minimize the total volume and rate of runoff.

Action Statements

- 3.4D.1a Study and determine the appropriateness of a particular parcel of land to support selected Best Management Practices for removing pollutants prior to discharge.

- 3.4D.1b Ensure that all applicable development projects (those disturbing five acres or greater of land) obtain coverage under the State Water Board's general construction activity storm water National Pollution Discharge Elimination System permit or under a similar Regional Board permit if one is adopted in the future.

- 3.4D.1c Ensure that a reference list of Best Management Practices and copies of appropriate Best Management Practice manuals and/or guidelines are available at City libraries and City offices.

Policy 3.4D.2 Consider the ability of a land parcel to detain excess storm water runoff in flood prone areas and require incorporation of appropriate controls.

Action Statement

- 3.4D.2a Land use decisions should also consider the ability of a parcel to detain excess storm water in areas prone to flooding through use of oversized collection systems and detention facilities.

Funding

Goal 3.4E Consider alternative methods of generating revenue to support the City's surface runoff quality improvement activities.

Policy 3.4E.1 Develop a revenue program that will ensure funding to: 1) implement Best Management Practices; 2) conduct public information and participation outreach activities; 3) inspect and eliminate illicit discharges, and inspect industrial and commercial facilities; 4) meet storm drain operational and maintenance needs to improve surface runoff quality; 5) monitor storm water quality; 6) participate in general Santa Clara Valley NPS Control Program activities; and 7) provide appropriate reserves.

Action Statements

- 3.4E.1a Evaluate the ability of the existing sanitary sewerage revenue program to provide adequate support for the City to comply with activities mandated by the area-wide municipal storm water National Pollution Discharge Elimination System permit and with the other surface runoff control activities included in the Santa Clara Valley NPS Control Program.

- 3.4E.1b Review the rate structure annually and consider appropriate changes.

Energy Sub-Element

The Energy Sub-Element was retired Fiscal Year 1998/1999.

Noise Sub-Element

Goals, Policies and Action Statements

Goal 3.6A Maintain or achieve a compatible noise environment for all land uses in the community (land use compatibility).

Policy 3.6A.1 Prevent significant noise impacts from new development by applying state noise guidelines and Sunnyvale Municipal Code noise regulations in the evaluation of land use issues and proposals.

Action Statements

- 3.6A.1a Apply the Sunnyvale Municipal Code noise regulations in the evaluation of land uses and proposals. Acoustical analysis may be required to determine if mitigation measures shall be required for the new development. If required, mitigation measures shall be incorporated into the new development that bring the proposed development into conformance with the noise regulations in the Sunnyvale Municipal Code.
- 3.6A.1b Consult the Noise Condition Map to determine noise levels throughout the City.
- 3.6A.1c Comply with the “Noise and Land Use Compatibility Guidelines” for the compatibility of land uses with their noise environments, except where the City determines that there are prevailing circumstances of a unique or special nature.
- 3.6A.1d Use Table 3.6A.1d to determine if proposed development results in a “significant noise impact” on existing development.

Table 3.6A.1d Significant Noise Impacts from New Development on Existing Land Uses

Ldn of Existing Development ¹	Significant Noise Impact Increase in Ldn of Existing Development from New Development
"Normally Acceptable" ²	More than 5 dBA, but noise level still in the "Normally Acceptable" category
"Normally Acceptable"	More than 3 dBA and the noise level exceeds the "Normally Acceptable" category

exceeds "Normally Acceptable"	More than 3 dBA
-------------------------------	-----------------

1. The Ldn shall be measured at any point along the property line shared by the proposed development and existing land uses.
2. "Normally Acceptable" as defined by the State of California "Noise and Land Use Compatibility Guidelines", summarized in this Sub-Element.

- 3.6A.1e Use the CEQA and the discretionary permit processes to protect existing land uses from significant noise impacts due to new development. Acoustical analysis required as part of the CEQA or discretionary permit process, master plans, and/or design review shall determine if significant noise impacts occur from proposed development on existing land uses. If significant noise impacts occur, then mitigation measures shall be required to minimize the impact of the new development on existing land uses.
- 3.6A.1f Supplement the "Noise and Land Use Compatibility Guidelines" for residential uses by attempting to achieve an outdoor Ldn of no greater than 60 dBA for common recreation areas, backyards, patios, and medium and large-size balconies. These guidelines should not apply where the noise source is a railroad or airport. If the noise source is a railroad, then an Ldn of no greater than 70 dBA should be achieved in common recreation areas, backyards, patios, and medium and large balconies. If the noise source is from aircraft, then preventing new residential uses within areas of high Ldn from aircraft noise is recommended.

Policy 3.6A.2 Enforce and supplement state laws regarding interior noise levels of residential units.

Action Statements

- 3.6A.2a Enforce Title 24 Noise Insulation Requirements for all new hotels, motels, apartments, condominiums, group care homes and all other dwellings, except single-family detached homes.
- 3.6A.2b Apply Title 24 Noise Insulation Requirements to all new single-family detached homes.
- 3.6A.2c Attempt to achieve a maximum instantaneous noise level of 50dBA in bedrooms and 55dBA in other areas of residential units exposed to train or aircraft noise, where the exterior Ldn exceeds 55dB.

Policy 3.6A.3 Consider techniques, which block the path of noise and insulate people from noise.

Action Statements

- 3.6A.3a Use a combination of barriers, setbacks, site planning and building design techniques to reduce noise impacts, keeping in mind their benefits and shortcomings.
- 3.6A.3b Consider compiling and distributing information to residents of noise-impacted areas about what they can do to protect themselves from noise.
- 3.6A.3c Proposed sound walls or other noise reduction barriers should be reviewed for design, location, and material before installing the barrier. Sound readings should be taken before and after installing the noise reduction barrier in order to determine the efficacy of the noise reduction barrier. Measurement techniques shall be similar to procedures used by Caltrans to measure efficiency of sound walls.

Goal 3.6B Preserve and enhance the quality of neighborhoods by maintaining or reducing the levels of noise generated by transportation facilities (transportation noise).

Policy 3.6B.1 Refrain from increasing or reduce the noise impacts of major roadways.

Action Statements

- 3.6B.1a Identify and mitigate roadway noise impacts as part of local land use plans and proposals.
- 3.6B.1b Regulate the location, design and capacity of local roadway improvement projects to mitigate their noise impacts.
- 3.6B.1c Use local traffic management techniques to reduce or protect noise levels. (For example, the City can place truck routes away from neighborhoods. Commuters can be diverted from residential streets. Note that some techniques may address one problem, but cause others. For instance, stop signs can improve safety, but they can also raise noise levels. In such cases, the City must balance its goals to the extent possible.)
- 3.6B.1d Advocate that neighboring cities should identify and mitigate roadway noise impacts that affect Sunnyvale as part of their land use plans.
- 3.6B.1e Advocate that public agencies should identify and mitigate noise impacts as part of their transportation system improvement projects.
- 3.6B.1f Support state legislation to reduce vehicle noise levels.
- 3.6B.1g Continue to enforce state muffler and exhaust laws.

Policy 3.6B.2 Support efforts to reduce or mitigate airport noise.

Action Statements

3.6B.2a Support the retention of the Airport Land Use Commission.

3.6B.2b Support the right of private citizens to sue airports for noise impacts.

3.6B.2c Encourage airport operation policies and procedures which reduce the level and frequency of noise, as well as other policies and federal funding, to alleviate the effects of aircraft noise.

Policy 3.6B.3 Support activities that will minimize the noise impacts of Moffett Federal Airfield.

Action Statements

3.6B.3a Monitor the annual number of flight operations and evaluate any increases in activity.

3.6B.3b Encourage NASA to seek ways to minimize flights over the community and manage practice landings.

3.6B.3c Encourage NASA to continue to direct flight operations over the Bay during evening and nighttime hours.

3.6B.3d Encourage NASA to continue flight, landing and maintenance procedures which lower noise levels.

3.6B.3e Encourage NASA to establish a complaint record and response program.

3.6B.3f Support the continuation of NASA's public information program.

3.6B.3g Oppose any effort and/or expenditure of public funds to promote Moffett Federal Airfield for non-federal purposes.

3.6B.3h Support efforts to limit non-essential air traffic at Moffett Federal Airfield.

3.6B.3i Support federal legislation that requires military and federal aircraft to meet Stage 3 noise requirements similar to commercial aircraft.

Policy 3.6B.4 Support activities that will minimize and/or reduce the noise impacts of San Jose International Airport.

Action Statements

- 3.6B.4a Monitor the annual number of passengers and evaluate trends in activity at San Jose International Airport.
- 3.6B.4b Monitor plans for expansion of San Jose International Airport terminals and evaluate the resulting increases in activity.
- 3.6B.4c Consider encouraging the City of San Jose to install a local noise monitoring station in the Lakewood area.
- 3.6B.4d Encourage the City of San Jose to promote the use of Stage 3 aircraft.
- 3.6B.4e Encourage the City of San Jose to maintain strict control over flight patterns, which influence noise in Sunnyvale.
- 3.6B.4f Encourage the City of San Jose to educate pilots and seek their cooperation in using cockpit techniques that reduce noise levels.
- 3.6B.4g Support federal legislation to lower the noise levels of civilian aircraft.
- 3.6B.4h Support state legislation to lower the noise levels of civilian airports.

Policy 3.6B.5 Encourage activities that limit the noise impacts of helicopters.

Action Statements

- 3.6B.5a Encourage NASA to direct helicopter flight operations and flight patterns so that they occur over industrial, not residential, areas.
- 3.6B.5b Allow the use of airborne helicopters at construction sites on a limited basis as permitted by the FAA and the Caltrans Division of Aeronautics.

Policy 3.6B.6 Mitigate and avoid the noise impacts from trains.

Action Statements

- 3.6B.6a Monitor plans and projects which would increase the number of commuter trains and evaluate their noise impacts and seek mitigation for any change that worsens local conditions.

- 3.6B.6b Monitor plans and projects which would increase the number of freight trains and evaluate their noise impacts and seek mitigation for any change that worsens local conditions.
- 3.6B.6c Avoid construction of new residential uses where the outdoor Ldn is greater than 70 dBA as a result from train noise.
- 3.6B.6d Educate owners of older homes on ways to reduce noise levels from trains.
- 3.6B.6e Support legislation to reduce the noise level of trains.
- 3.6B.6f Seek the cooperation of train engineers to avoid unnecessary and prolonged use of air horns except for safety purposes.

Policy 3.6B.7 Monitor and mitigate the noise impacts of light rail facilities.

Action Statements

- 3.6B.7a Monitor regional plans for light rail facilities in Sunnyvale to ensure that noise impacts are identified and mitigated.

Goal 3.6C Maintain or achieve acceptable limits for the levels of noise generated by land use operations and single-events (community noise).

Policy 3.6C.1 Regulate land use operation noise.

Action Statements

- 3.6C.1a Monitor the effectiveness of operational noise regulations every five years by referring to related community condition indicators.
- 3.6C.1b Apply conditions to discretionary land use permits, which limit hours of operation, hours of delivery and other factors, which affect noise.
- 3.6C.1c Continue interdepartmental procedures to respond to complaints about operational noise.
- 3.6C.1d Instantaneous noise measurements taken for the purpose of enforcing the noise regulations in the Sunnyvale Municipal Code shall be taken at the property line of the property generating the noise and in a location and time(s) that fairly represents the noise.

Policy 3.6C.2 Regulate select single-event noises and periodically monitor the effectiveness of the regulations.

Action Statements

- 3.6C.2a Monitor the effectiveness of limits on delivery hours and hours of operation of powered equipment on properties adjacent to residentially zoned properties every five years by referring to related community condition indicators.
- 3.6C.2b Continue efforts by the Department of Public Safety and Neighborhood Preservation Division to mediate complaints about single-event noise that is not regulated by the Sunnyvale Municipal Code.

Air Quality Sub-Element

Goals, Policies and Action Statements

Goal 3.7A Improve Sunnyvale's Air Quality and reduce the exposure of its citizens to air pollutants.

Policy 3.7A.1 Require all new development to utilize site planning to protect citizens from unnecessary exposure to air pollutants.

Action Statements

3.7A.1a Evaluate new development with potential sources of odors or criteria air pollutants to determine whether it is appropriate for them to be located near existing or planned residential development or sensitive receptors.

3.7A.1b New residential zones or residential development in non-residential zones should not be permitted near existing sources of TAC's, unless it can be shown through a Health Risk Assessment that no unacceptable health risk is created.

3.7A.1c New residential development should be located at least 15 feet from the property line along major streets or intersections unless a lesser distance can be demonstrated to not expose residents to unhealthful pollutant concentrations.

Policy 3.7A.2 Reduce automobile emissions through traffic and transportation improvements. Since traffic congestion delays increase the level of emissions, congestion management has air quality benefits.

Action Statements

3.7A.2a Develop and maintain a balanced transportation system in Sunnyvale by promoting pedestrian, bicycle and transit modes of travel.

3.7A.2b The City should give high priority to traffic improvements that improve vehicle operating conditions (average speed, delay) such as signal timing improvements, signal synchronization, turn lanes, etc. Bay Area Air Quality Management District guidance developed for the CMP program deficiency plans defines such improvements.

Goal 3.7B Reduce air pollution impacts from future development.

Policy 3.7B.1 Utilize land use strategies to reduce air quality impact.

Action Statements

- 3.7B.1a Promote extension of transit systems, and locate higher density development/redevelopment along transit corridors.
- 3.7B.1b Promote mixed land use development that provides commercial services such as day care, restaurants, banks and stores near employment centers, reducing auto trip generation by promoting pedestrian travel. Promote neighborhood commercial and park uses within residential developments to reduce short auto trip generation by making pedestrian and bicycle trips feasible (for example, require sidewalks, bike trails and bicycle parking areas).

Policy 3.7B.2 Assist employers in meeting requirements of Transportation Demand Management plans for existing and future large employers and participate in the development of Transportation Demand Management plans for employment centers in Sunnyvale.

Action Statements

- 3.7B.2a Enforce the provisions of the City's Transportation Demand Management ordinance covering businesses employing 100 or more persons.
- 3.7B.2b Amend the City's existing Transportation Demand Management ordinance to comply with the Bay Area Air Quality Management District's Trip Reduction Rule.
- 3.7B.2c At the appropriate time, the City should explore the feasibility of seeking delegation of regulations which would affect smaller employers located within multi-tenant complexes, which are not included in the Trip Reduction Rule authority from the Bay Area Air Quality Management District.

Policy 3.7B.3 Apply the Indirect Source Rule to new development with significant air quality impacts. Indirect Source review would cover commercial and residential projects as well as other land uses that produce or attract motor vehicle traffic.

Action Statements

- 3.7B.3a Increase densities near transit stations.
- 3.7B.3b Develop requirements for bicycle and pedestrian facilities.

3.7B.3c Require site design to encourage transit circulation and stops/waiting areas for transit and carpools.

3.7B.3d Consider controls to decrease vehicle idling emissions caused by “drive-through” operations.

Goal 3.7C Make a contribution towards improving regional air quality.

Policy 3.7C.1 The City should actively participate in regional air quality planning.

Action Statements

3.7C.1a The City should work with regional air quality planning agencies such as the Bay Area Air Quality Management District, Metropolitan Transportation Commission, Association of Bay Area Governments, and Congestion Management Agency in the development and implementation of regional air quality strategies.

3.7C.1b Continue to monitor federal and state legislation regarding air quality issues.

Policy 3.7B.2 Improve opportunities for citizens to live and work in close proximity.

Action Statements

3.7C.2a In the long term, the City should encourage a better balance between jobs and housing than currently exists in Sunnyvale to reduce long distance commuting.

3.7C.2b The City should encourage affordable housing.

Policy 3.7C.3 Contribute to a reduction in regional vehicle miles traveled.

Action Statements

3.7C.3a The City should support and actively promote the expansion and improvement of local and regional transit systems providing service to Sunnyvale.

3.7C.3b The City should be a leader in implementing the Transportation Control Measures that are included in the Bay Area '91 Clean Air Plan, the regional plan required under the California Clean Air Act. The Plan currently includes 23 Transportation Control Measures. Of these the following identify cities as an implementing agency:

- Transportation Control Measure 1: Expand Employer Assistance Programs
- Transportation Control Measure 2: Adopt Employer-Based Trip Reduction Rule
- Transportation Control Measure 9: Improve Bicycle Access and Facilities
- Transportation Control Measure 12: Improve Arterial Traffic Management
- Transportation Control Measure 13: Transit Use Incentives
- Transportation Control Measure 15: Provide Carpool Incentives
- Transportation Control Measure 16: Indirect Source Control Program
- Transportation Control Measure 18: Zoning for Higher Densities Near Transit Stations
- Transportation Control Measure 10: Air Quality Elements for General Plans

Policy 3.7C.4 Reduce Emissions from City of Sunnyvale fleet vehicles.

Action Statements

- 3.7C.4a As a large employer, the City will provide leadership in the implementation of air quality programs such as the Trip Reduction Ordinance.
- 3.7C.4b The City will evaluate the development and implementation of a program to introduce and expand the use of alternative, cleaner fuels in its fleet of vehicles.

City of Sunnyvale
Program Performance Budget

Program 302 - Public Works Department Management and Support Services

Program Performance Statement

Facilitate the cohesive and cost-effective operation of Public Works functions, coordinate financial analysis and long range planning, and respond to administrative support needs, by:

- Monitoring the ongoing financial condition and results of operations of Department programs,
- Creating strategies to address future Departmental needs and organizational changes,
- Providing clear, timely, and complete information to support Citywide operations, and
- Providing timely applications of administrative support.

Notes

City of Sunnyvale
Program Performance Budget

Program 302 - Public Works Department Management and Support Services

Service Delivery Plan 30201 - Management Services

Provide leadership to Public Works staff, City Council, the general public, and the business community, by:

- Planning for the long range needs of the Department,
- Analyzing financial reports and making recommendations to improve operations,
- Coordinating the preparation of operating or capital project budgets with Department of Public Works (DPW) managers and outside departments,
- Responding to Council, citizen, and business inquiries in a professional and timely manner, and
- Coordinating the analysis of Department wide issues to prevent duplication and ensure the even application of policies and procedures.

Program 302 - Public Works Department Management and Support Services

Service Delivery Plan 30203 - Administrative Support Services

Support the operation and overall effectiveness of the Public Works Department, by:

- Providing main answer point services to the general public and business community,
- Supporting the administrative needs of Public Works professional staff and management,
- Accurately filing and retrieving Public Works onsite and offsite records,
- Processing purchase requisitions, Purchase Orders (PO's), check requisitions, and contract payments to meet deadlines,
- Responding to development related inquiries from the One Stop Center, and
- Maintaining the operation of office equipment and the collection and distribution of interoffice mail.

City of Sunnyvale
Program Performance Budget

Program 303 - City Property Management Services

Program Performance Statement

Provide and contract for services to manage downtown and park-site rental housing, Fair Oaks Industrial Complex, Sunnyvale Office Center, other City-owned rental and excess roadway property that comply with governmental regulation, maximize revenue and prolong economic life, by:

- Assisting other City departments and the general public with City-owned real estate information,
- Inspecting City-owned rental and excess land parcels to remove hazardous conditions and maintain appearance,
- Coordinating the timely and cost-effective maintenance of buildings and land improvements,
- Working with other real estate professionals to obtain favorable lease terms and maximize revenues for approximately 80 City-owned rental units, and
- Negotiating the best possible terms in the acquisition or sale of City-owned real property.

**City of Sunnyvale
Program Performance Budget**

Program 306 - Engineering Services

Service Delivery Plan 30604 - General Engineering

Provide general engineering services for land development, by:

- Providing general engineering information at the One Stop Center and to City staff,
- Reviewing miscellaneous permit applications and issuing of permits,
- Reviewing parcel maps, final subdivision maps, and plans,
- Providing engineering review of private development projects,
- Calculating fees correctly and ensuring collection, and
- Updating of engineering drawings and records.

Program Performance Budget**

Program 307 - Capital Project Administration

Program Performance Statement

Ensure safe, functional, reliable, timely and cost-effective capital improvements to the City infrastructure and provide engineering support, by:

- Working with customers to develop multi-year plans to scope budget and schedule future projects, and
- Providing technical and project management services, utilizing value engineering principles, and meeting approved project scopes, budgets, schedules, plans and specifications.

City of Sunnyvale
Program Performance Budget

Program 307 - Capital Project Administration

Service Delivery Plan 30701 - Capital Improvement Planning and Design Management Services

Plan and design capital improvements to the City infrastructure according to City standards, in coordination with customer departments to meet their requirements on schedule and within the project budget, by:

- Working with customers to update twenty-year capital improvement plan and establish schedules for projects to be initiated in the first two years of the plan,
- Providing functional and cost effective designs that meet approved scope and are within project budget,
- Ensuring project design is completed per approved schedule,
- Meeting the needs of the customer by communicating regularly throughout the process,
- Providing support during bidding process, and
- Providing design support during construction.

City of Sunnyvale Program Performance Budget

Program 313 - Water Supply and Distribution

Program Performance Statement

Supply the community with safe and reliable water at competitive prices funded through user fees, by:

- Managing water resources in a safe, reliable and cost-effective manner through management of contracts with major wholesale water providers, San Francisco Public Utilities Commission (SFPUC) and Santa Clara Valley Water District (SCVWD), and effective utilization of conservation programs, recycled water and City-owned wells,
- Managing the operation, maintenance and construction of the distribution system infrastructure to ensure reliable delivery of water that meets all quality and health standards,
- Responding to water system emergencies in a timely manner,
- Monitoring water quality, and
- Providing administrative and support services to promote customer satisfaction and confidence.

Notes

The City's water system is aging and beginning to fail on a more regular basis. In Fiscal Year 2006/07, the system experienced 30 main breaks. Fourteen of these breaks were significant and caused water service disruption for our customers. The remaining sixteen were repaired without disruption to service, but are still a sign of age and the need for rehabilitation. To address the needed improvements, the current budget includes a variety of infrastructure replacement projects for tanks, wells, turnouts, and piping including funding to replace aging cast iron and concrete pipe with brand new C900 plastic piping at a rate of 0.3 m/yr ramping up to 2.0 m/yr by 2011.

Program 313 - Water Supply and Distribution

Service Delivery Plan 31304 - Water Metering Services

Provide accurate and reliable water metering to both City and residents and to protect City water system from contamination, by:

- Installing, testing, repairing and replacing meters of different sizes and purposes,
- Installing, maintaining and repairing backflow devices for City-owned systems, and monitoring their operational performance, and
- Actively monitoring and reporting proper operational specifications of privately-owned backflow devices are tested to maintain compliance.

Program 313 - Water Supply and Distribution

Service Delivery Plan 31305 - Recycled Water System

Ensure reliability and performance of Recycled Water System, by:

- Performing preventive maintenance of recycled water distribution system components and infrastructure on a monthly or annual basis, as required,
- Performing repairs of recycled water distribution system components, as needed, and
- Optimizing the availability of recycled water to meet demand and maximize savings.

Program Performance Budget

Program 313 - Water Supply and Distribution

Service Delivery Plan 31306 - Emergency Response

Respond to water system emergencies in a timely manner to avoid property damage, ensure system reliability and protect the health of the community, by:

- Providing rapid response to emergencies in the water system within approximately 30 minutes of call out,
- Providing emergency repairs to potable and recycled water system components within 24 hours, and
- Responding to citizen service requests outside of normal work hours within approximately 60 minutes of call out.

City of Sunnyvale
Program Performance Budget

Program 323 - Solid Waste Management

Program Performance Statement

Reduce the amount of refuse disposed and provide reliable, competitively priced and environmentally sound services for collection, source reduction, reuse, recycling, and other forms of disposal reduction, and disposal of solid wastes, by:

- Promoting recycled content purchasing and source reduction and reuse behavior, and providing recycling services that divert solid waste from disposal and into economically productive uses,
- Providing reliable, convenient, competitively priced and environmentally sound solid waste collection and disposal services in compliance with all applicable regulations, and
- Taking advantage of economies of scale by sharing Sunnyvale Materials Recovery and Transfer (SMaRT) Station diversion and refuse transfer costs with other jurisdictions.

Notes

City of Sunnyvale Program Performance Budget

Program 323 - Solid Waste Management

Btu Data Point for Measure P2

The product for Program Measure P2 is the number of British thermal units (Btu's) of methane energy contained in the landfill gas collected from the closed Sunnyvale Landfill and delivered to the Water Pollution Control Plant as fuel for the Power Generation Facility that provides electricity to the WPCP. The methane is produced by anaerobic bacteria that live in the oxygen-free environment of the landfill and consume the garbage buried there. Because the landfill has been closed since 1993, the amount of methane being produced is gradually declining, as reflected in the annual decrease in the number of products. At the time of landfill closure, a 10% annual reduction in gas capture was assumed, based on industry rules of thumb. However, landfill gas production is greatly affected by site specific factors that include climate and the nature of the waste disposed. Experience has shown the rate of annual decline over time to be closer to 5% annually, which is the assumption for this data point.

Changes to SMaRT Station Contractor Payment

323240

Sunnyvale's share of SMaRT Station contractor payment expenses in 323240-5240 increases \$2,332,177 (including inflation) between FY 06/07 and 08/09. Factors behind the increase are:

New contract labor standards approved by City Council	\$759,347
New contract structure increases City share of recycling revenues	\$1,172,939
Two years of inflation	\$340,263
Reduced contractor payment during MRF construction (2 mos.)	(\$66,708)
Contract pricing reset to market through competitive RFP process	\$126,336

Cost to Divert Recyclables from the Landfill, Long Term Impacts

323100, 323110, 323120, 323130, 323240

The City provides a range of recycling services both to comply with the state mandate (50% diversion) and in response to community desire for these services.

The cost of the services is offset to some extent by revenues from the sale of recyclables and savings from reduced landfill disposal costs. Costs, revenues and disposal savings are used each year to calculate a net "per ton" cost to divert for each service.

Some are closer to covering their costs than others. Overall there is a net cost to recycle materials and the unit cost to divert an additional ton from disposal generally rises as the diversion rate rises.

Manufacturing products with recycled materials instead of "virgin" materials extracted from nature creates benefits to the City, its residents, and the community at large. These benefits include reduced industrial water and energy use, reduced air pollution, and conservation of timber, mineral and energy resources. Due to federal tax and resource extraction subsidies for virgin materials and other incomplete economic linkages, these environmental benefits are only partially reflected in financial returns for the Solid Waste Fund.

Program Performance Budget**

Program 323 - Solid Waste Management

Service Delivery Plan 32301 - Promote and Coordinate Waste Reduction and Recycling

Conserve landfill capacity, energy and natural resources, by:

- Providing source reduction programs and promoting source reduction behavior,
- Maximizing diversion of solid waste from disposal by use of demand management techniques and recycling programs, and
- Increasing demand for recycled materials by advocating local, state and federal legislation and policies that will increase use of recycled content products.

Program 323 - Solid Waste Management

Service Delivery Plan 32302 - Provide Solid Waste Collection and Disposal Services

Provide solid waste collection and disposal services that protect the public from disease and odors associated with unsightly accumulations of refuse and minimize current and future community financial and legal liabilities, by:

- Collecting and disposing of discarded materials (refuse, yard trimmings and recyclable materials including newspapers and phone books, corrugated cardboard, glass bottles and jars, metal cans, plastic bottles, jars and other containers, household batteries, motor oil and oil filters) in a dependable, environmentally sound and cost effective manner,
- Providing periodic opportunities for residents to dispose of refuse at discounted or no charge, and
- Minimizing illegal and inappropriate disposal of household hazardous wastes.

Program Performance Budget

Program 323 - Solid Waste Management

Service Delivery Plan 32303 - Monitor, Manage and Assure Regulatory Compliance at the Closed Sunnyvale Landfill

Monitor and manage the closed Sunnyvale Landfill in a manner that protects public health and safety and the environment, promotes enjoyable public use of the site, and assists in the achievement of other goals of the Solid Waste Sub-Element, by:

- Ensuring compliance with federal, state, and local laws and regulations,
- Providing landfill gas (LFG) fuel to the Power Generation Facility (PGF),
- Providing for safe, enjoyable recreational access to portions of the landfill,
- Managing the landfill cover so as to encourage the presence of native plant and animal species,
- Providing, on portions of the landfill, for facilities and activities that support achievement of the City's solid and household hazardous waste goals and policies, and
- Generating revenues from post-closure uses of the landfill.

City of Sunnyvale
Program Performance Budget

Program 324 - Materials Recovery and Refuse Transfer (SMaRT)

Program Performance Statement

Increase diversion of solid waste from disposal and use economies of scale to minimize diversion and refuse transfer expenses for SMaRT Station cities (Sunnyvale, Mountain View and Palo Alto), by:

- Providing recycling services and facilities,
- Providing services and facilities to extract recyclables from solid waste (i.e. materials recovery), and
- Providing refuse transfer services and facilities.

Notes

City of Sunnyvale Program Performance Budget

Program 324 - Materials Recovery and Refuse Transfer (SMaRT)

324110

Council has directed staff to work with Bay Counties Waste Services to explore installing a construction and demolition (C&D) sorting line at the SMaRT Station. The purpose of the C&D equipment would be to elevate the waste to improve worker ergonomics and increase the efficiency of the existing C&D sorting operation.

City staff and engineers have reviewed three optional layouts for a C&D sorting line submitted by Bay Counties. Both staff and Bay Counties prefer a layout that extends the sort line outside the transfer station building. This location would minimize interference between the C&D sort line and the enclosed tipping floor area used for the transfer of solid waste, which is the SMaRT Station's critical function. Implementation of this design may require an amendment to the facility's conditional use permit, and may require approval by other agencies. Staff is currently reviewing existing permits to determine the actions required to obtain the necessary approvals.

The Materials Recovery Facility (MRF) equipment project occupies a large area of the tipping floor, reducing the area available for use by Bay Counties and making installation of a C&D line impractical at this time.

Staff will continue to work with the Community Development Department, the SMaRT partner cities and regulatory agencies to assess the processes and time lines needed to install a C&D line following the completion of the MRF equipment project. Following those discussions, staff will explore with Bay Counties the economic factors involved in procuring and installing the equipment and will bring to Council any necessary changes to the SMaRT Station operations contract and/or the budget.

Change in Landfill Costs

324180, 324190, 324000

Total landfill disposal costs increase \$415,225 from 06/07 to 08/09. Consists of a 17 cents per ton decrease in the Countywide AB 939 Fee (HHW portion) netted against a seven cents per ton increase in the City of San Jose Landfill Enforcement Fee, plus two years of inflation (\$2.16 per ton) on the unit cost of Waste Management's disposal fee, less savings from reduced disposal of refuse, assuming 22% diversion rate at SMaRT Station for FY 08/09.

Put or pay (324000) is negative in 08/09 because the temporary SMaRT shutdown for equipment replacement resulted in landfill deliveries in excess of the "put or pay" minimum tonnage. At this level, bottom line disposal cost is reduced by the cities getting a \$298,531 credit for amounts paid for, but not delivered, in prior years.

In 09/10, the materials recovery system is complete. Diversion levels are assumed to rise to 25%. At this diversion level, landfill deliveries are reduced and landfill disposal charges in 324180 decrease by \$59,231. Fees and taxes are not charged on tons not disposed, decreasing costs in 324190 by \$121,655. "Put or pay" minimums are not met, resulting in \$984,409 in put or pay charges in 324000.

Program 324 - Materials Recovery and Refuse Transfer (SMaRT)

Service Delivery Plan 32401 - SMaRT Station Operation

Increase diversion of solid waste from disposal and use economies of scale to minimize diversion and refuse transfer expenses for SMaRT Station cities, by:

- Providing materials recovery services and facilities,
- Providing processing and marketing of source-separated recyclable materials, and
- Transferring refuse to disposal site.

City of Sunnyvale
Program Performance Budget

Program 343 - Storm Water Collection System

Program Performance Statement

Protect the City from flooding to avoid property damage and minimize inconvenience to traffic, by:

- Responding to and assisting residents and businesses during storm drainage emergencies,
- Assisting in storm water discharge cleanup efforts,
- Managing the Storm Water Collection System in accordance with National Pollutant Discharge Elimination System (NPDES) storm water discharge permit requirements,
- Maintaining the Storm Water Collection System through regular preventive maintenance and prompt repairs as needed,
- Coordinating waterway maintenance with Santa Clara Valley Water District,
- Minimizing the amount of debris entering the Storm Water Collection System, and
- Providing administrative and support services to promote customer satisfaction and confidence.

Notes

1. The actual number of permit requirements for managing the Storm Water Collection System is determined each year in the City's Storm Water NPDES work plan and reflected in prior year actual columns. The projected number of requirements for each year is estimated.

Program 343 - Storm Water Collection System

Service Delivery Plan 34301 - Storm Water System Preventive Maintenance

Maintain the Storm Water Collection System to reduce blockages and safely convey storm water to the waterways, by:

- Inspecting and cleaning drain inlets and outfalls by machine and by hand,
- Inspecting and cleaning manholes,
- Performing routine maintenance at pump stations, and
- Inspecting the Storm Water System to minimize flooding during storms.

City of Sunnyvale
Program Performance Budget

Program 344 - Wastewater Treatment

Program Performance Statement

Provide cost-effective wastewater treatment services that protect public health and safety, the quality of the Bay, and provide high quality recycled water, by:

- Treating wastewater to meet industry standard of excellence set by the National Association of Clean Water Agencies (NACWA), which establishes a base level of no more than five (5) National Pollutant Discharge Elimination System (NPDES) Permit violations in one year,
- Treating a portion of wastewater flows to California Water Code Title 22 standards for recycled water to meet the demand of recycled water customers,
- Maintaining plant assets to minimize life-cycle costs,
- Using wastewater treatment by-products to enhance cost effectiveness by avoiding purchase of electricity through use of waste gases from digesters and landfill to produce energy, producing recycled water to divert discharge away from the Bay and thus avoid additional costly treatment and disposal requirements, and removing biosolids from the Water Pollution Control Plant (WPCP) site in the most economical manner to beneficial re-use, where cost-effective,
- Operating an Industrial Pretreatment Program to monitor and regulate the discharge of toxic pollutants to the sewer system,
- Maintaining a certified laboratory to monitor plant processes for operational and compliance needs and to support the Industrial Pretreatment Program in compliance and enforcement actions, and
- Promoting water pollution prevention, conservation and reuse behavior in the Community.

Notes

City of Sunnyvale Program Performance Budget

Program 344 - Wastewater Treatment

Power Generation Facility Projections

The costs for the Water Pollution Control Plant's Power Generation Facility (PGF) are modeled on actual operation of the PGF during 06-07, in which engines were operated to approximate plant load, while maintaining a small buffer of approximately 200kw, which was then exported to the power grid, and sold at going rates. Other alternatives included operation modeled so the engines would just meet plant load, with no buffer whatsoever, and an alternative to export the maximum amount of power that could be generated were the engines to run at full output using purchased natural gas. The chosen alternative is the most cost effective and reflects the purchase of minimum natural gas, and relies primarily on plant and landfill-produced biogas.

FY08/09 Budget for Chemicals

There are several chemicals used at the plant in significant quantities to achieve the level of treatment required by the NPDES (National Pollutant Discharge Elimination System) permit. These chemicals include polymer flocculant, used to remove the algae from the treatment stream, chlorine to disinfect the wastewater, and sulfur dioxide to deactivate the chlorine after disinfection has been accomplished. In addition, a relatively smaller amount of sodium bisulfite is used to reduce the chlorine level in recycled water to a level suitable for irrigation purposes. The proposed budget for Object Code 5020 was increased to reflect actual operating costs for chemicals for the previous two fiscal years.

Environmental Outreach

Outreach is performed to meet requirements of two permits, the plant NPDES discharge permit, and the storm water discharge NPDES permit, as well as to educate city businesses and residents about the city-owned water pollution control plant and ways to prevent pollution, to protect the plant and the bay, and help keep operating costs down. Each of the permits includes general and specific requirements for conducting public outreach to educate the public, and city employees, about pollutants of concern and ways that groups, individuals, and commercial enterprises can minimize pollution that reaches creeks and the bay.

Proposed FY08/09 Budget for Environmental Laboratory Services

The proposed budget for Environmental Laboratory Services represents an overall reduction of 850 hours (5.2%) from the FY 06/07 actual. Hours budgeted in seven of the twenty three activities decreased by greater than ten percent, and hours budgeted in two activities increased by greater than ten percent. The reduction in budgeted hours resulted from recent revision of the wastewater monitoring plan.

Proposed FY08/09 Budget for SCVURPPP Assessment

The proposed budget for Activity 344960 was increased to reflect a change in the anticipated annual assessment for the regional program, SCVURPPP (Santa Clara Valley Urban Runoff Pollution Prevention Program). An increase of \$50,000, or 22% of the 07-08 assessment, was added.

Program Performance Budget**

Program 344 - Wastewater Treatment

Service Delivery Plan 34401 - Water Pollution Control Plant Operations

Treat sewage to meet regulatory standards, protect the public health and the environment and beneficially reuse wastewater treatment by-products, by:

- Monitoring and assessing plant flows and solids,
- Continuously operating and monitoring processes and related equipment,
- Producing recycled water that meets State Title 22 requirements for quality and system customer demands for quantity,
- Recovering and converting waste gases into energy to operate the Plant, and selling excess power to the California utility grid,
- Producing reusable biosolids, and
- Ensuring cost effective operations.

Program 344 - Wastewater Treatment

Service Delivery Plan 34402 - Water Pollution Control Plant Maintenance

Maintain Water Pollution Control Plant equipment to enable the treatment of sewage to meet regulatory standards, and to protect the public health and the environment, by:

- Performing preventative maintenance to reduce the unscheduled downtime due to unscheduled repairs,
- Correcting mechanical/electrical deficiencies and completing necessary modifications to Water Pollution Control Plant equipment and facilities,
- Maintaining redundancy for critical Water Pollution Control plant equipment,
- Optimizing Plant equipment replacement based on replacement cost, life and current condition, and
- Maintaining just-in-time inventory for replacement parts for non-critical items.

Program 344 - Wastewater Treatment

Service Delivery Plan 34403 - Environmental Laboratory Services

Providing customers with timely, certified and legally defensible analytical services and scientific studies at comparable costs, by:

- Maintaining State Environmental Laboratory certification for critical testing methods,
- Collecting representative samples and maintaining documentation per established standards,
- Providing in-house, contract routine and emergency analytical services to generate quality data,
- Supporting and conducting special studies that improve the quality of treatment and operation of the water pollution control plant and drinking water distribution system,
- Developing and implementing study plans which provide pertinent data and information to assist in/with operational improvements, and
- Reviewing and managing data required to generate State and Federal reports.

Program 344 - Wastewater Treatment

Service Delivery Plan 34404 - Pretreatment Services

Provide environmental regulatory services that protect the community, sanitary sewer collection system, Water Pollution Control Plant and the Bay, by:

- Permitting users of the sanitary sewer collection system,
- Monitoring discharges to the sanitary sewer collection system,
- Implementing the Programs' Enforcement Response Plan,
- Reporting the effectiveness of the Pretreatment Program to the U.S. Environmental Protection Agency (USEPA) and Regional Board,
- Review development plans for appropriate source control and treatment best management practices, and
- Develop and implement pollutant prevention and minimization programs to reduce adverse impacts to the sanitary sewer collection system and wastewater treatment plant.

City of Sunnyvale
Program Performance Budget

Program 344 - Wastewater Treatment

Service Delivery Plan 34405 - Compliance Reporting, Public Outreach, and Environmental Program Participation

Meet permit requirements related to reporting, environmental outreach and education, and regional environmental collaboration for the plant discharge and storm water discharge permits, by:

- Participating in the regional stakeholder approach to environmental regulations to represent the City's interest and environmental protection,
- Monitoring and reporting on regulatory requirements for treatment plant operations and facilitating compliance, and
- Planning and implementing an environmental awareness program about water pollution prevention, conservation, and the water reuse program.

City of Sunnyvale
Program Performance Budget

Program 344 - Wastewater Treatment

Service Delivery Plan 34406 - Management and Support Services

Facilitate the cohesive and cost-effective operation of Water Pollution Control Plant (WPCP) administrative functions, coordinate financial analysis and planning and meet regulatory support needs, by:

- Providing timely application of administrative support hours,
- Monitoring the ongoing financial condition and results of operations of Water Pollution Control Plant projects and programs,
- Providing customer service to the visitors and callers to the WPCP at the front reception desk and the Answer Point,
- Coordinating the purchase and payment of goods and services for the WPCP,
- Preparing administrative and regulatory reports, and
- Maintaining the official files and records for the WPCP as prescribed by regulatory and City record keeping policies.

City of Sunnyvale
Program Performance Budget

Program 344 - Wastewater Treatment

Service Delivery Plan 34407 - Storm Water Permit Compliance Program

Facilitate the implementation of the City's Urban Runoff Management Plan and City-Wide compliance with the NPDES permit for storm water discharges, by:

- Participating in the regional storm water program (Santa Clara Valley Urban Runoff Pollution Prevention Program),
- Monitoring and reporting on regulatory requirements for storm water discharge permit,
- Ensuring implementation of the City's Urban Runoff Management Plan (URMP) throughout City departments,
- Provide training to meet City departments annual requirements, and
- Conducting community outreach and education programs to facilitate water pollution prevention awareness.

Program Performance Budget**

Program 345 - Sanitary Sewer Collection System

Program Performance Statement

Provide for the reliable collection of sewage throughout the City to protect public health, prevent sanitary sewer overflows and minimize odors, by:

- Ensuring all sanitary sewage is collected and transported to the City's Water Pollution Control Plant,
- Maintaining and repairing the City's Sanitary Sewer Collection System in a cost-effective, safe, reliable and timely manner,
- Complying with all federal, state, and local laws and regulations pertaining to sanitary sewer collection and maintenance,
- Responding to emergency events and assisting residents and businesses during these events,
- Providing contracted sewer collection services outside of City limits (Rancho Rinconada), and
- Providing administrative and support services to promote customer satisfaction and confidence.

**City of Sunnyvale
Program Performance Budget**

Program 345 - Sanitary Sewer Collection System

Service Delivery Plan 34501 - Sewer System Preventive Maintenance

Maintain the Sanitary Sewer Collection System to reduce blockages and ensure system reliability, by:

- Jet flushing sewers,
- Maintaining sewer lift stations,
- Inspecting and cleaning manholes,
- Preventing sewer main overflows, and
- Using foam treatment on sewer laterals.

**Public Safety
Element**

4. Public Safety Element

The creation and preservation of a safe environment is a City's responsibility to its citizens. Fire, crime, and other hazards that may have a negative effect on lives and the environment are a major concern. The Sunnyvale Public Safety Element addresses the City's problems and outlines its goals and policies to create a safe community. The Public Safety sub-elements include:

- ❑ Law Enforcement
- ❑ Fire Services
- ❑ Support Services

Law Enforcement Sub-Element

Goals, Policies and Action Statements

Goal 4.1A Provide a safe and secure environment for people and property in the community.

Policy 4.1A.1 Provide rapid and timely response to all emergencies.

Action Statements

4.1A.1a Study resource deployment variables, which impact response time.

4.1A.1b Provide training to certify personnel in First Aid and Cardiopulmonary Resuscitation.

4.1A.1c Assist in the implementation and evaluation of the Emergency Preparedness Plan.

4.1A.1d Maintain, train and equip special response teams for extraordinary or extremely hazardous emergency incidents.

Policy 4.1A.2 Control conduct recognized as threatening to life and property.

Action Statements

4.1A.2a Provide on-scene services to restore the peace and prevent further injury to life or property.

4.1A.2b Investigate all reported criminal actions.

4.1A.2c Study and implement methods whereby response to service calls can be managed more effectively in order to permit better utilization of non-committed patrol time.

4.1A.2d Effectively structure and use preventive patrol time in order to accomplish specific patrol objectives.

4.1A.2e Limit the amount of time administrative tasks detract from patrol operations, thereby increasing the amount of time available for other activities such as preventive or directed patrol.

4.1A.2f Enhance crime analysis techniques and capabilities in order to provide timely information which identifies evolving or existing social problems and crime

patterns so as to provide supporting data for improved allocation of resources.

4.1A.2g Study methods to further enhance community/problem oriented policing.

4.1A.2h Identify evolving and existing gang activity and gang involved crime problems that impact the quality of life in the community.

4.1A.2i Develop information and strategies in order to proactively impact current and evolving gang activity.

Policy 4.1.A.3 Provide investigative services directed toward successful prosecution and conviction of criminal offenders.

Action Statements

4.1A.3a Provide for quality preliminary investigations that will enhance the success of follow-up investigation and subsequent court presentation.

4.1A.3b Provide for selective screening of cases to be investigated past the preliminary investigation stage.

4.1A.3c Investigate all major FBI Part I crimes (murder, rape, robbery and burglary).

4.1A.3d Provide continuous monitoring of the effectiveness and efficiency of the investigative process.

4.1A.3e Strengthen the investigator/victim/witness relationship.

4.1A.3f Maintain a cooperative liaison with the prosecuting attorney.

Policy 4.1A.4 Reduce crime and fear by strengthening the police/community partnership.

Action Statements

4.1A.4a Continue and enhance neighborhood based crime prevention activities.

4.1A.4b Continue and enhance programs designed to reinforce positive juvenile behavior and prevent juvenile delinquency.

4.1A.4c Continue and enhance loss prevention programs in the commercial and industrial sectors.

4.1A.4d Continue and enhance programs designed to prevent and reduce drug and alcohol abuse.

4.1A.4e Identify geographical areas or population groups experiencing noticeable crime victimization in order to improve effectiveness of crime prevention efforts.

4.1A.4f Develop citizen involvement in all phases of prevention programs.

4.1A.4g Provide early intervention through education of youth, families, school staff and other community members on gang recognition and prevention.

Policy 4.1A.5 Facilitate the safe movement of pedestrians, bicyclists and vehicles.

Action Statements

4.1A.5a Provide traffic enforcement to deter traffic violations.

4.1A.5b Provide traffic enforcement in congested areas during commute hours to enhance the safe flow of traffic.

4.1A.5c Provide vehicle and pedestrian accident analysis to determine common locations and causes so as to properly plan selective enforcement.

4.1A.5d Provide bicyclist accident analysis to determine common locations and causes so as to properly plan selective enforcement.

4.1A.5e Participate in citywide bicycle plan.

4.1A.5f Maintain liaison with the Traffic Engineering Department in studying and solving traffic problems.

4.1A.5g Participate in activities that enhance the successful detection, apprehension, rehabilitation and prevention of persons driving under the influence of alcohol/drugs.

4.1A.5h Participate in prevention and enforcement activities directed at minimizing personal injury in traffic collisions.

4.1A.5i Maintain liaison with schools and Traffic Engineering Department to determine locations where crossing guards are required during the school year. Hire, train and deploy crossing guards.

Goal 4.1B Provide community oriented services that are responsive to citizen's needs in traditionally-non-criminal areas.

Policy 4.1B.1 Aid those who cannot care for themselves (intoxicated, addicted, mentally ill, physically disabled, the young and the old).

Action Statements

4.1B.1a Identify and maintain list of current community referral agencies.

4.1B.1b Provide emergency transportation or commitment to medical, mental health or other appropriate facilities.

4.1B.1c Maintain liaison with social services agencies providing support to indigent persons.

Policy 4.1B.2 Provide crisis intervention, conflict management and resolution.

Action Statements

4.1B.2a Identify and maintain list of current referral agencies.

4.1B.2b Provide diversion programs and referrals for juvenile offenders.

4.1B.2c Monitor repeat juvenile offenders and identify them to the proper authorities such as juvenile probation and the juvenile court system.

4.1B.2d Develop programs aimed at violence prevention.

4.1B.2e Develop programs that are aimed at reducing domestic violence.

4.1B.2f Maintain liaison with appropriate support groups for victims of domestic violence and other traumatic crimes.

4.1B.2g Provide training for officers on the resolution of personal and interpersonal conflicts.

4.1B.2h Facilitate civil conflict resolutions by intervention/referral.

Goal 4.1C Increase and maintain public confidence in the ability of the public safety department to provide quality police services.

Policy 4.1C.2 Provide inspection and control of personnel and Department operations, which is responsive to citizens concerns.

Action Statements

4.1C.1a Maintain Department policies and procedures for control and internal discipline.

4.1C.1b Maintain Internal Affairs policies and procedures.

4.1C.1c Facilitate the process of handling citizen complaints.

4.1C.1d Promote public awareness of the Citizen's Inquiry process.

Policy 4.1C.1 Provide for assessment of changing community needs and expectations.

Action Statements

4.1C.2a Identify means of measuring citizen satisfaction with police services.

4.1C.2b Provide timely analysis of crime data so as to adequately plan enforcement strategies.

4.1C.2c Provide for data systems enhancements to improve data used for resource allocation strategies and changing community conditions.

Goal 4.1D Conduct planning and administration that incorporates interaction with other city departments as well as other agencies, both public and private, where mutual concerns exist which could have impact on the delivery of law enforcement services.

Policy 4.1D.1 Coordinate law enforcement planning with local, regional, State and Federal plans.

Action Statements

4.1D.1a Identify and maintain liaison with appropriate governmental and private agencies and organizations.

4.1D.1b Maintain close liaison with Community Development Department, City Attorney, Public Works, other City Departments and community organizations in order to develop a problem solving team approach to resolving issues that contribute to crime and disorder in the City.

4.1D.1c Encourage the development of neighborhood organizations and maintain a close liaison with these organizations in order to determine the citizen's concerns about the wellbeing of their neighborhoods.

4.1D.1d Establish and maintain agreements (plans) for Mutual Aid and Participate in statewide Law Enforcement Mutual Aid Plan.

4.1D.1e Establish and train in local and statewide Mutual Aid procedures.

4.1D.1f Participate in Major Disaster Preparedness planning at all levels of government.

Policy 4.1D.2 Provide effective and efficient management of Public Safety resources.

Action Statements

4.1D.2a Monitor actions of appropriate governmental legislative and regulatory bodies which impact Department planning and operations.

4.1D.2b Develop proposals and apply for appropriate governmental grants.

4.1D.2c Provide professional input to assist Council when considering community position on legislative issues.

4.1D.2d Monitor the development of technology and apply appropriate technology in order to enhance Police Services.

Goal 4.1E Sustain a highly trained police services division in order to assure that police services are provided in a quality and efficient manner.

Policy 4.1E.1 Train and develop employees to meet state and local standards.

Action Statements

4.1E.1a Provide skills training to employees to enhance performance.

4.1E.1b Provide in-service training to maintain proficiency and provide technical development to personnel.

Fire Services Sub-Element

Goals, Policies and Action Statements

Goal 4.2A Provide a fire service response system that will control the spread of fire in buildings and other properties and maintain minimal casualties and property loss from fire and other related emergencies.

Policy 4.2A.1 Assure that equipment and facilities are provided and maintained to meet reasonable standards of safety, dependability and compatibility with fire service operations.

Action Statements

4.2A.1a Work cooperatively with the appropriate City Departments in issues related to the acquisition, use and maintenance of equipment. Assign highest priority to emergency equipment.

4.2A.1b Research new equipment and replacement needs and recommend purchases with specifications that meet industry and professional standards, local needs and Public Safety requirements.

4.2A.1c Meet or exceed the manufacturers' recommended standards for the frequency of testing of apparatus and equipment and correct deficiencies.

4.2A.1d Conduct effective in-service maintenance and inspection of facilities and equipment.

4.2A.1e Work cooperatively with the appropriate City Departments in issues related to the acquisition, use, maintenance and modification of facilities.

Policy 4.2A.2 Provide training that is adequate for required duties.

Action Statements

4.2A.2a Provide coordination for all training activities within the Fire Services Division.

4.2A.2b Identify in-service training requirements by test and inspection and by observing performance at emergencies.

- 4.2A.2c Meet or exceed recommended or mandatory training for the fire service.
- 4.2A.2d Provide specialized training to establish a high level of expertise for extremely hazardous or critical operations.
- 4.2A.2e Study the effectiveness of a firefighters physical fitness program and the impacts it may have on job performance.

Policy 4.2A.3 Respond to requests for services.

Action Statements

- 4.2A.3a Give highest priority to emergency calls so that responses are made within an average time of 5.6 minutes or less and within 6 minutes or less 90% of the time from receipt of call.
- 4.2A.3b Coordinate with the Department of Public Works to provide traffic signal controllers, street signing and other methods which reduce response times.
- 4.2A.3c Seek improvement of dispatch and response policies, provide resources and implement changes that may favorably affect response times. Analyze response time data.
- 4.2A.3d Annually review data in regard to calls for service, response times and changing risk probabilities. If annual data reveals deterioration in service levels, consider initiating needs analysis for additional or relocated facilities, additional apparatus and/or additional personnel.
- 4.2A.3e Investigate and identify factors that cause or may cause injuries or property damage when responding to calls and take corrective actions.

Policy 4.2A.4 Conduct field operations and emergency scene management in a safe, effective and efficient manner.

Action Statements

- 4.2A.4a Be sensitive to conditions that may be potential fire or safety hazards in buildings and other properties and maintain liaison with appropriate departments and agencies to correct those conditions.
- 4.2A.4b Maintain a system of pre-fire surveys for selected buildings and provide critical information that is immediately available to responding emergency personnel should an incident occur. Consider electronic technology to provide survey information "on-line" at emergency scenes.
- 4.2A.4c Maintain liaison with the Department of Public Works to assure an adequate and well-maintained water supply system for fire suppression purposes.

- 4.2A.4d Identify and adopt methods and policies, which provide safety, improve communications and enhance command and control of emergency incidents. Adopt State Emergency Management System.
- 4.2A.4e Maintain policies and agreements with other agencies that provide for mutual emergency assistance when required.
- 4.2A.4f Take measures that reduce the number of false or malicious alarm reports.
- 4.2A.4g Participate in regional efforts to create utilities geo-base with on-scene access to digital mapping.

Goal 4.2B Provide effective response capability for non-fire incidents that may directly endanger the lives, property and well being of the community.

Policy 4.2B.1 Provide immediate life support to those who are threatened by situations requiring emergency medical services or rescue.

Action Statements

- 4.2B.1a Meet or exceed mandated minimum standards of training for emergency medical response personnel.
- 4.2B.1b Study, and where feasible, provide alternate methods of emergency medical service delivery when it is determined to be more efficient and beneficial to those in need. Consider EMT-P level training.
- 4.2B.1c Maintain liaison with the County Emergency Medical Services Agency and other agencies involved in the Emergency Medical System.
- 4.2B.1d Monitor performance results of Emergency Medical System providers to assure adequate levels of service delivery and if appropriate study the feasibility of City-operated Emergency Medical System.
- 4.2B.1e Participate in joint agency mass casualty and medical disaster drills, and maintain capability for response to actual situations.
- 4.2B.1f Participate in County Emergency Medical System Design Committee.

Policy 4.2B.2 Operate a response system that will provide effective control and investigation of hazardous materials emergencies.

Action Statements

- 4.2B.2a Provide a specially trained and equipped response team capable of mitigating emergencies resulting from hazardous materials leaks, spills and discharges and conduct related inspections and permit activities.
- 4.2B.2b Complete required reports and conduct follow-up investigations when necessary.
- 4.2B.2c Consider electronic technology to provide Hazardous Materials Management Plan information "on-line" at emergency scenes.
- 4.2B.2d Consider regional hazardous materials response system.
- 4.2B.2e Study potential impacts of emerging biotechnology on response capabilities and related inspection and permit activities.

Goal 4.2C Reduce the demand for fire suppression and hazardous materials response, reduce the severity of the incidents and provide protection for the lives, welfare and environment of people within the community.

Policy 4.2C.1 Apply demand management principles to control hazards through enforcement of fire and life safety codes, ordinances, permits and field inspections.

Action Statements

- 4.2C.1a Revise and adopt appropriate codes, ordinances and policies significant to fire and life safety issues.
- 4.2C.1b Assist local industry and residents by timely review of building plans and applications for permits in order to enhance understanding and consistency in interpreting code requirements.
- 4.2C.1c Review proposals for new or rehabilitated properties so that, minimum protection standards for access, water supply, fire resistive construction, exiting, fire protection equipment and control of hazardous processes are considered.
- 4.2C.1d Conduct building and permit inspections for safety at a frequency sufficient to promote compliance with appropriate codes and ordinances.
- 4.2C.1e Provide a fire investigation system that will determine the cause of fires and provide adequate collection of data. Pursue the arrest and prosecution of those responsible for arson.

Policy 4.2C.2 Coordinate a comprehensive program designed to control and mitigate harmful effects resulting from the storage, use and transport of hazardous materials.

Action Statements

- 4.2C.2a Conduct inspection and permit activities consistent with laws and requirements governing the use and storage of hazardous substances.
- 4.2C.2b Participate in cooperative efforts directed toward remedying problems associated with hazardous materials.
- 4.2C.2c Make appropriate notifications and maintain liaison with other agencies and departments concerned with or responsible for testing, monitoring and cleaning up hazardous contamination. Maintain records concerning status.
- 4.2C.2d Secure evidence and pursue prosecution and/or cost recovery for illegal or negligent activities concerning the use, storage and transport of hazardous materials.
- 4.2C.2e Participate with business in local, regional and state initiatives to streamline the regulatory process.
- Policy 4.2C.3 Heighten public consciousness of fire and life safety in ways so that citizens can not only prevent fires from starting but react properly to emergencies when they occur, lowering the demand for services.

Action Statements

- 4.2C.3a Provide a means to assist local business and industry with their in-house fire prevention programs.
- 4.2C.3b Participate with schools in a comprehensive fire safety and fire education program targeted at early elementary school students.
- 4.2C.3c Sponsor an annual fire safety awareness campaign, which involves active participation by elementary school students.
- 4.2C.3d Maintain effective liaison with the news media.
- 4.2C.3e Provide appropriate talks, tours and demonstrations regarding fire safety and suppression methods.
- 4.2C.3f Disseminate fire and life safety information materials. Release special public warning notices when necessary to inform of a particular or unusual hazard.
- 4.2C.3g Coordinate fire and life safety education activities through the Community Services Bureau.
- Goal 4.2D Provide planning and administration while maintaining liaison with other agencies and organizations to provide a quality level of fire services to the community.

Policy 4.2D.1 Adjust to changing service requirements, new laws, regulations, policies, technologies and changes occurring in the Community.

Action Statements

4.2D.1a Develop and maintain data processing systems capable of providing information for operational and management analysis.

4.2D.1b Cost effectively allocate personnel and equipment to each fire district and all fire service activities.

4.2D.1c Review and apply new regulations and legislative requirements that affect emergency service delivery, planning and program operations.

4.2D.1d Develop and apply internal planning, policies and procedures consistent with operational needs.

4.2D.1e Evaluate personnel, facilities and equipment through periodic inspections.

4.2D.1f Provide a work environment that encourages personal growth, challenge and participation. Participate in Citywide Continuous Quality Improvement activities.

Policy 4.2D.2 Work cooperatively with other agencies and organizations when addressing issues that affect fire services.

Action Statements

4.2D.2a Study benefits of participating in future ISO Rating Schedule evaluations.

4.2D.2b Maintain professional memberships and participation with appropriate fire service and public administration organizations.

4.2D.2c Participate in Emergency and Disaster Preparedness planning at all levels of government. Participate in the City's Emergency Management Organization.

4.2D.2d Provide fire station facilities for civic and charitable uses consistent with City policy.

Policy 4.2D.3 Take all viable opportunities to include the principles of demand management in decision making processes.

Action Statements

- 4.2D.3a Incorporate market-based pricing to the extent possible when fees are being set or adjusted.
- 4.2D.3b In decision making with regards to proposed expansion or creation of services thoroughly analyze demand and the implications of the proposal on future demand.
- 4.2D.3c Modify or revise unit definitions and performance indicators which may be demand creating wherever applicable.

Support Services Sub-Element

Goals, Policies and Action Statements

In this section of the Support Services Sub-Element, an integrated set of goals, policies and action statements are presented. These commitments govern the provision of support services to the line Divisions of the Public Safety Department. The goals and policies reflect the general direction of efforts that are necessary for the comprehensive delivery of efficient and effective public safety services. The action statements reflect specific ways to achieve the desired results.

The Sub-Element is one of three in the Public Safety Element of the City's General Plan. The very nature of the services provided by the Support Division dictates the necessity for strong interrelationships with various other Sub-Elements if the provision of Support Services is to be effective.

The goals, policies and action statements within the Support Services Sub-Element were developed based on several basic underlying assumptions. They include:

1. The citizens of Sunnyvale desire a community safe from crime, fire, social disorder and other hazards.
2. A highly trained force capable of delivering all public safety services is necessary to provide 24-hour response to a variety of emergency and non-emergency requests for service.
3. For the current public safety concept to remain viable, the Department must continue to avail itself of all practical technological advances.
4. The Department will continue to comply with all mandatory requests for information as well as those non-mandatory requests from State and Federal agencies.
5. Effective command and management is enhanced through a reliable system of communications, data processing, internal policies and procedures and participation and cooperation with other agencies and organizations.

Goal 4.3A Sustain a quality work force to assure that Public Safety Services are provided in a quality and efficient manner.

Policy 4.3A.1 Train and develop employees to meet state and local standards.

Action Statements

4.3A.1a Provide skills training to employees to enhance performance.

4.3A.1b Provide recruit and basic training to ensure the highest quality of entry level personnel.

4.3A.1c Provide in-service training to maintain proficiency.

Policy 4.3.A.2 Maintain a recruitment and selection process that ensures a highly competent work force meeting City affirmative actions goals.

Action Statements

4.3A.2a Select candidates based on merit and fitness.

4.3A.2b Actively recruit women and minorities for vacancies in the Department.

Goal 4.3B Facilitate quality decision making, through planning and research.

Policy 4.3B.1 Maintain knowledge of technological advances, current trends and issues that impact Public Safety services.

Action Statements

4.3B.1a Review Public Safety related literature to maintain an awareness of innovations in Public Safety service delivery.

4.3B.1b Monitor citizen perception of the quality of Public Safety service delivered.

4.3B.1c Maintain active representation in professional organizations to facilitate information exchange.

Policy 4.3B.2 Provide alternative options to enhance the effectiveness of Public Safety operations.

Action Statements

4.3B.2a Compile and analyze statistical data to ascertain the effectiveness of Public Safety operations

4.3B.2b Research the impact of proposed service level changes.

4.3B.2c Periodically review the current public safety concept to assure that it is a viable alternative to the provision of services.

Goal 4.3C Enhance and facilitate department operations by providing document management data processing and all other information management functions.

Policy 4.3C.1 Provide accurate and efficient document management.

Action Statements

4.3C.1a Store documents in the most appropriate medium to ensure accessibility depending upon the demand for the information.

4.3C.1b Ensure all records are made available for the public upon request and in compliance with all laws and ordinances relating to their release.

4.3C.1c Destroy official records in a timely manner consistent with all laws and ordinances regulating such destruction.

Policy 4.3C.2 Provide program support and statistics.

Action Statements

4.3C.2a Provide statistics and report generation in a timely and efficient manner in response to requests.

4.3C.2b Create "user friendly" system to enable staff to generate customized reports on an as-needed basis.

4.3C.2c Provide staff training to enable end users to access on-line information.

Goal 4.3D Provide Emergency Communications Services.

Policy 4.3D.1 Provide emergency communications services 24 hours a day 100% of the time

Action statements

4.3D.1a Assure the answering of emergency telephone calls to the Department 24 hours a day.

4.3D.1b Assess the need for emergency translation services for non-English speaking requestors of emergency Public Safety services.

4.3D.1c Assure effective deployment of sworn personnel through radio communications.

4.3D.1d Implement appropriate Department standards to assist in more efficient, timely emergency response.

4.3D.1e Provide staff training to optimize emergency response actions.

Goal 4.3E Assure that the property safety and physical needs of the Department are met.

Policy 4.3E.1 Assure that City facilities used by the Department are safe, well maintained and contribute to the efficient delivery of services.

Action Statements

4.3E.1a Monitor trends and changes within the community and the Department.

4.3E.1b Monitor the physical condition of Public Safety facilities and coordinate corrections as needed.

4.3E.1c Provide a work environment with adequate equipment and supplies to support department activities.

Policy 4.3E.2 Provide personal safety equipment consistent with legal requirements and City policy.

Action Statements

4.3E.2a Maintain equipment that will enhance the productivity and safety of employees.

4.3E.2b Identify and evaluate personal safety equipment needs.

Policy 4.3E.3 Catalog, store and monitor evidence and property to support Public Safety operations.

Action Statements

4.3E.3a Maintain a system of property management to assure compliance with state law and local policy.

4.3E.3c Assure that all evidence and property is safely and securely stored.

City of Sunnyvale
Program Performance Budget

Program 481 - Police Services

Program Performance Statement

Ensure community safety and deliver effective and efficient police services that protect the lives, property, and rights of all people who live in, work in, or are visiting Sunnyvale, by:

- Managing the program budget to stay within planned costs,
- Responding in a safe and timely manner to all emergency and non-emergency Police, Fire and Medical calls for service,
- Providing traffic enforcement and education to ensure the safe and orderly flow of traffic throughout the City,
- Conducting preliminary and follow up investigations,
- Identifying and arresting all violators,
- Preparing cases for prosecution,
- Reducing crime through providing problem resolution, patrol and community policing activities,
- Ensuring that mandated training and certification standards are maintained for all employees,
- Maintaining a low crime rate for violent crimes including murder, forcible rape, robbery and aggravated assault,
- Maintaining a low crime rate for the property crimes of burglary, grand theft and motor vehicle theft,
- Maintaining a high clearance rate for the crimes of murder, forcible rape, robbery and aggravated assault,
- Maintaining a perception of safety throughout the City, and
- Maintaining a high resident satisfaction rating.

Notes

City of Sunnyvale

Program Performance Budget

Program 481 - Police Services

1. Fire Staff Maintenance Officer position was created from the efficiency adjustment to the Patrol schedule (Matrix study recommendation). No adverse impact to patrol as MOU contractual minimums still maintained.
2. To address specific crimes or activity, a "Beat 7" system has been created. This "Beat" can be established with specific flexible boundaries to overlay on a particular area to address specific crimes. The data for the designed area is then captured and analyzed for future strategies/tactics or result analysis.
3. The Patrol Staff Lieutenant supports the Patrol Lieutenants and Captains by managing several programs such as the Police Training Program, Canine Unit, Crime Scene Investigators, conducts Planning and Research activity for new equipment or procedures, policy/procedure updates and other duties as assigned.
4. Crime rate calculation is the number of crimes divided by the population times 100,000. The average in the measure is based on FY 04/05, FY05/06 and FY 06/07.
5. Petty Theft and Identity Theft are captured and tracked through separate crime data collection systems and are published regularly or available upon request.
6. SDP 48103 identifies and funds specific Desk Officer duties and is funded separately from Patrol Officer field duties. These duties surround activity specifically performed by the Desk Officer inside Public Safety headquarters.
7. 481200 supports the entire Department for police related training. For the Patrol Division, basic training is 78 hours per officer per year: 82 officers x 78 = 6,396. This training includes POST required or recommended perishable skills training for firearms, driving, and defensive tactics. In addition training is provided for legal updates, domestic violence, harassment prevention, child abuse, elder abuse, critical policy and procedure updates, EMS training and fire cross training.

The remaining budget supports basic and advanced SWAT Team training, basic and advanced Crisis Negotiator training, basic and advanced Canine training, basic and advanced specialized training for Crime Scene Investigators, all specialized in-house instructor training, Supervisory training, Initial and advanced Police Training Officer training.

City of Sunnyvale

Program Performance Budget

Program 481 - Police Services

Service Delivery Plan 48101 - Police Field Services

Provide police services that directly respond to the emergency and general needs of the people and businesses within Sunnyvale, by:

- Responding in a safe and timely manner to all Police, Fire and Medical emergencies,
- Providing traffic enforcement to ensure the safe and orderly flow of traffic throughout the City,
- Providing pro-active, preventative patrol to prevent, detect and apprehend perpetrators, and
- Responding to special enforcement demands such as gang activity, SWAT calls, drunk driving enforcement, large public gatherings and community events to ensure their safe operation.

Notes

1. 481100 captures total time spent on each police call for service from dispatch, to time on call, to report writing, booking, prisoner transport, etc. Time does not include court time as that is captured in a separate activity.
2. 481100 - A greater emphasis has been placed on use of non-directed patrol time to produce a higher level of self initiated activity as related to preventative patrol, gang enforcement, etc. This is reflected in the projected product increase.
3. 481120 - The training of all Public Safety Officers to the EMT I level is now complete. Patrol will now be able to provide a consistent higher level of service on all EMS calls which should result in more time on the calls.
4. 481030-Field Supervision captures Lieutenant time only for field supervision. This is time in the field spent monitoring and supervising calls he/she is NOT assigned to. It is budgeted at 48% of total lieutenant time.
5. 481160-Non Directed Patrol is budgeted at 44% of total officer time in the field. This activity represents that time budgeted for officers to perform preventative patrol and traffic enforcement activities.

City of Sunnyvale
Program Performance Budget

Program 481 - Police Services

Service Delivery Plan 48102 - Capacity and Administrative Support

Provide Police services that ensure the capacity of Police, Fire and Emergency Medical Services to meet the needs of the Community, by:

- Ensuring training is provided and received by all personnel to maintain certifications and qualifications in all areas,
- Ensuring that all asset forfeiture audits are completed as required by law,
- Providing resources to ensure capacity to support the prosecution of criminal and traffic complaints, and
- Providing resources to ensure capacity to support all administration functions by the Deputy Chief, Captains and Administrative Support.

Notes

1. 481200 - Employee training subject matter includes training to maintain specialized perishable skills, certifications, qualifications, legal updates and strategies and tactics to improve and maintain a high level of customer service.
2. 481820 - Management and Supervisory Services for Patrol captures Lieutenant time spent in Headquarters dealing with administrative issues, employee counseling/mentoring, special projects and is budgeted at 40% of total lieutenant time. The remainder of lieutenant time, 12%, is budgeted across the call for service activities.

City of Sunnyvale Program Performance Budget

Program 482 - Fire Services

Program Performance Statement

Ensure protection of the lives and property of the community and the delivery of effective and efficient fire, emergency medical and hazardous material services, by:

- Managing the program budget to stay within planned costs,
- Responding in a safe and timely manner to all emergency and non emergency Fire, Hazardous Material and Medical emergency calls for service,
- Ensuring skillful application of available resources in the preservation of life and property,
- Maintaining high level knowledge of the City's Insurance Services Office (ISO) rating criteria to ensure the City's current rating measure is maintained,
- Conducting effective inspection and fire cause programs in partnership with the community, and
- Ensuring that mandated training and certification standards are provided effectively for all employees within this program.

Notes

1. 482100 - In addition to Fire and EMS calls for service, subactivities have been added to capture Hazardous Materials calls, Mutual Aid responses, and Fire False Alarm calls.
2. 482340 - Fire Employee Training will ensure that mandated training and certification standards are maintained for all employees within this program.
3. The Fire Services budget includes a position for a Staff Maintenance Officer (SMO) using Public Safety Officer II hours from Police Services Program 481. This position was created from the efficiency adjustment to the Patrol schedule (Matrix Study Recommendation) with no adverse impact to Patrol as MOU contractual minimums are still maintained. SMO responsibilities include, but are not limited to; scheduling of monthly and annual maintenance of fire apparatus, equipment, and tools; scheduling of repairs for fire apparatus, equipment, and tools; coordinate annual and special tests of all fire related equipment including hydrostatic testing of all pressure tanks. In addition, the SMO maintains and tracks monthly/annual records for all apparatus, tools, equipment, ladders, hoses, personal protection devices/equipment, records results of annual and special tests, oversees specification design of new fire apparatus including interfacing with vendor during the ordering and delivery of this equipment.
4. Fire based personnel mandatory training includes EMT training, firearms qualifications, mandated POST training to maintain police officer status, perishable skills training to maintain proficiencies with all power equipment, fire fighting techniques, rescue, wildland fire fighting, auto extrication, and SCBA skills. Specialized and advanced skills training required for fire based personnel includes Rescue Systems I, Rescue Systems II, Confined Space, Trench Rescue, and Hazardous Materials.
5. These are productive work hours not previously tracked. Hours charged into this activity are for time working on Pre-fire surveys, Hazmat surveys, research on equipment, assigned projects, writing policy updates, formal structured meetings such as FTO meetings, Hazmat meetings and all monthly scheduled supervisory meetings.

City of Sunnyvale Program Performance Budget

Program 483 - Community Safety Services

Program Performance Statement

Promote a safe environment for neighborhoods, businesses, and schools by providing specialized traffic enforcement, disaster preparedness training and education, animal control services, and crime prevention programs, by:

- Managing the program budget to stay within planned costs,
- Providing Community Education for Animal Control, Traffic Safety, Disaster Preparedness Education and Crime Prevention,
- Responding to community calls for Animal Control services and investigating animal abuse, reports of vicious animals and animal bite cases,
- Conducting inspections of retail animal facilities and managing the animal licensing program,
- Responding to traffic complaints through specialized enforcement and education,
- Providing traffic enforcement to ensure the safe and orderly flow of traffic throughout the city in an effort to reduce traffic collisions,
- Maintaining special traffic programs including Driving Under the Influence Enforcement, Child Safety Seat program/inspections and Taxi Cab Inspections,
- Maintaining special disaster preparedness programs including the Sunnyvale Neighborhoods Actively Prepare (SNAP), Disaster Service Worker's (DSW) and Sunnyvale Amateur Radio Emergency Services (SARES) program participation,
- Maintaining interaction with state and local Office of Emergency Service agencies and effectively managing grant opportunities and programs,
- Responding to complaints and conducting Crime Prevention education presentations for schools, neighborhoods, business and civic groups,
- Working in cooperation with the Columbia Neighborhood Center to provide after school activities, special programs such as the Health and Safety Bike Rodeo Fair, Family Fun Night, and other sports events and athletic activities,
- Partnering with City schools to effectively reduce truancy,
- Providing the Neighborhood Watch Program and supporting neighborhood association activities,
- Reducing Police and Fire false alarms,
- Coordinating removal of abandoned vehicles within the City through aggressive tagging and towing of abandoned vehicles,
- Utilizing the Volunteers in Public Safety (VIPS) program to enhance community awareness and support the delivery of Public Safety Services, and
- Enforcing parking standards throughout the City, focusing on the downtown area.

Notes

1. Three year average is calculated using fiscal years 2004/05, 2005/06 and 2006/07 and averaging the three years together.
2. Parking Enforcement Officers (POE) implemented in FY 2006/07 and all POE's and Nuisance Vehicle Officers are fully staffed by part-time employees and tracked by assigned activities within this program.
3. In FY 2007/2008 540 work hours of a Public Safety Officer were transferred from Program 483 - Community Safety Services to fund Public Safety activities/events in SDP 52505 - Youth and Neighborhood Safety.

City of Sunnyvale Program Performance Budget

Program 483 - Community Safety Services

Service Delivery Plan 48303 - Office of Emergency Services (OES)

Provide emergency preparedness services and training, in partnership with the community and the county, to ensure an appropriate civic and community response to major disasters and emergencies, by:

- Providing Office of Emergency Services community outreach and city preparedness training and events,
- Conducting outreach, training and education through the Office of Emergency Services to businesses, schools and the community,
- Maintaining special disaster preparedness programs including the Sunnyvale Neighborhoods Actively Prepared (SNAP), Disaster Service Worker's (DSW) and Sunnyvale Amateur Radio Emergency Services (SARES) program participation,
- Maintaining interaction with state and local Office of Emergency Service agencies and effectively manage grant opportunities and programs, and
- Ensuring adequate planning and research of possible major disasters and emergencies to become better prepared.

City of Sunnyvale
Program Performance Budget

Program 483 - Community Safety Services

Service Delivery Plan 48304 - Crime Prevention

Provide specialized services, in partnership with the community, to support a safe environment for neighborhoods, schools and businesses, by:

- Responding to complaints and conducting presentations for schools, neighborhoods, business and civic groups,
- Working in cooperation with the Columbia Neighborhood Center to provide after school activities, special programs such as the Health and Safety Bike Rodeo Fair, Family Fun Night, and other sporting events and athletic activities,
- Partnering with City schools to effectively reduce truancy,
- Providing the Neighborhood Watch Program and supporting neighborhood association activities,
- Reducing Police and Fire false alarms,
- Coordinating the removal of abandoned vehicles within the City through an aggressive marking, tagging and towing of abandoned vehicles,
- Utilizing the Volunteers in Public Safety (VIPS) program to enhance community awareness and support the delivery of Public Safety Services,
- Effectively managing the School Crossing Guard Program, and
- Enforcing parking standards throughout the City, focusing on the downtown area.

Program Performance Budget

Program 484 - Personnel and Training Services

Program Performance Statement

Develop and retain a public safety workforce that is responsive to the changing needs of the department and the community, by:

- Managing the program budget to stay within planned costs,
- Recruiting and hiring highly qualified applicants,
- Providing Police Academy, Fire Academy and Emergency Medical Training,
- Providing continuing professional training that meets California Police Officer Standards and Training (POST) requirements, State Fire Marshall standards and Santa Clara County Emergency Medical Service standards,
- Providing firearms training, and
- Ensuring mandated training and certification standards are provided effectively for all employees within this program.

Notes

1. In FY 2008/2009-2009/2010 DPS shows a net increase of 500 hours to its overall budget as compared to FY 2007/2008. The primary reasons for this are the addition of a new Management Analyst position in program 487 and the refunding of the Community Services Officer position in program 484. These positions were funded by taking hours for other areas and redirecting them to the new positions. Although the creation of the positions were created to be budget neutral, there was a net increase in hours due to the conversion of hours that were funded at a higher level.

City of Sunnyvale Program Performance Budget

Program 485 - Investigation Services

Program Performance Statement

Ensure community safety by conducting effective and efficient police criminal investigations, fire and hazardous materials investigations, and by providing inspection and permitting services, by:

- Managing the program budget to stay within planned costs,
- Providing effective crime analysis,
- Conducting thorough criminal investigations for person and property crimes,
- Conducting thorough fire and hazardous materials investigations,
- Maintaining effective and proactive deployment of the Community Crimes Unit to address narcotics, prostitution, and gang related investigations,
- Maintaining outside service contracts with the Santa Clara County Crime Lab and California Identification Systems to support case investigations,
- Providing liaison to the District Attorney's Office to ensure proper filing of cases submitted for prosecution,
- Utilizing the Community Crimes Unit to conduct thorough and proactive police operations in the investigation and prevention of violent crime, gang activity, or crime series occurring in the community,
- Reviewing regular building plan checks and fire safety related plan checks,
- Conducting comprehensive construction, fire safety and hazardous materials site inspections,
- Providing origin and fire cause investigation and the origin of hazardous materials releases, and
- Ensuring that mandated training and certification standards are provided effectively for all employees within this program.

Notes

1. Three year average is calculated using fiscal years 2004/05, 2005/06 and 2006/07 and averaging the three years together.

City of Sunnyvale
Program Performance Budget

Program 485 - Investigation Services

Service Delivery Plan 48501 - Police Investigations

Solve crime by conducting thorough criminal investigations to identify the persons responsible for the crimes and working with the District Attorney's office to successfully prosecute criminals, by:

- Providing effective crime analysis,
- Conducting thorough criminal investigations for person and property crimes,
- Maintaining outside service contracts with the Santa Clara County Crime Lab and California Identification Systems to support case investigations,
- Providing a liaison to the District Attorney's Office to ensure proper filing of cases submitted for prosecution, and
- Utilizing Community Crimes Unit (CCU) to identify, target and investigate crime series, narcotics, prostitution gang-related, and violent crimes within the City.

Program 486 - Communication Services

Program Performance Statement

Support community and officer safety, by:

- Efficiently and accurately processing incoming and outgoing calls for service,
- Efficiently and accurately dispatching police, fire and medical services,
- Meeting or exceeding medical protocol compliance standards set by the National Academy of Emergency Dispatch,
- Responding to requests for assistance and/or information from the community, City staff and other public safety agencies in a timely manner, and
- Ensuring that mandated training and certification standards are maintained for all employees.

City of Sunnyvale
Program Performance Budget

Program 486 - Communication Services

Service Delivery Plan 48601 - Communication Services

Provide efficient, accurate and safe emergency communications services to the community, internal public safety customers, other law enforcement/fire suppression and emergency medical provider agencies, by:

- Processing 911 calls for service in a timely manner,
- Dispatching Police, Fire and Emergency Medical events in a timely manner,
- Responding to requests for information in a timely manner,
- Ensuring training is provided and received by all personnel to maintain skills, knowledge and expertise in all areas, and
- Providing administrative and supervisory support for all components of the Communications Program.

Program 486 - Communication Services

Service Delivery Plan 48605 - Management and Support Services

Provide efficient, accurate and safe emergency communications services to the community, internal public safety customers, other law enforcement/fire suppression and emergency medical provider agencies, by:

- Providing Computer Aided Dispatch (CAD) management information, reporting on the number of emergency services calls, response times and total time on task, to Patrol, Fire and Technical Services in support of their respective budgets,
- Responding to requests for electronic and audio reports/data in a timely manner,
- Updating the CAD address information files (Geofile) with accurate locations for all parcels in the City, including new addresses/tracks in a timely manner,
- Providing training to all personnel to ensure maintenance of certifications, skills, knowledge and expertise in all areas of police, fire and medical call taking and dispatching,
- Conducting quality improvement reviews of emergency calls for service for accuracy and positive customer contact, thus ensuring compliance with National Academy of Emergency Dispatch standards, and
- Providing administrative and supervisory support for all components of the Communications Program.

Program Performance Budget

Program 487 - Public Safety Department Management and Support

Program Performance Statement

Ensure the effective and efficient management of the Department of Public Safety, by:

- Managing the program budget to stay within planned costs,
- Providing Executive Management that provides leadership and oversight of the entire Department,
- Conducting planning and research activities that ensures the utilization of best practices,
- Conducting Professional Standards Investigations,
- Providing Administrative Analysis of Departmental activities,
- Providing Personnel Services that support the human resource function of the Department,
- Providing Budget Administration to ensure the fiscal responsibility of the Department,
- Providing Facilities and Maintenance Support to maintain a safe and efficient work environment of all Public Safety employees, and
- Ensuring that mandated training and certification standards are provided effectively for all employees within this program.

Notes

1. Booking Fees paid to Santa Clara County are included in the FY 2008/09 budget at \$178,633. This is the amount paid to the County in FY 2006/07. Future Booking Fee expenditures will be determined based on the appropriation of the State of California budget.

Program Performance Budget

Program 488 - Records Management and Property Services

Program Performance Statement

Support for Public Safety operations, by:

- Providing timely and accurate input and modifications into the Justice Systems databases,
- Responding to requests for information from the community, City staff, other public safety and judicial agencies efficiently and effectively,
- Submitting accurate court cases to the District Attorney's Office in a timely manner,
- Providing efficient coordination of licensing and permitting services,
- Responding to requests for adjudication of parking citations in an efficient and effective manner,
- Ensuring that all fingerprint services (LIVESCAN) are submitted to State and Federal agencies efficiently and effectively,
- Ensuring that all towed and stored vehicles are released according to California Vehicle Code (CVC) in a timely manner,
- Auditing all Automated Reporting System (ARS) reports for accuracy in a timely manner,
- Providing timely and accurate statistical reports to State and Federal agencies,
- Processing, storing and purging property and evidence efficiently and effectively,
- Conducting an accurate inventory of and responding to requests for department equipment and supplies in a timely manner, and
- Ensuring that mandated training and certification standards are maintained for all employees.

**Socio-Economic
Element**

5. Socio-Economic Element

The social and economic factors that affect its citizens in the home, workplace and everyday activity are a major concern of the City. The Socio-Economic Element of the Sunnyvale General Plan deals with quality of life issues in Sunnyvale. The Socio-Economic Element addresses problems and identifies goals and policies concerning health, social services, economy, employment, and education.

Socio-Economic Element

Goals, Policies and Action Statements

Demographics and Neighborhoods

- Goal 5.1A Preserve and enhance the physical and social environment and facilitate positive relations and a sense of well-being among all community members, including residents, workers and businesses.
- Policy 5.1A.1 Encourage citizen and business participation in City policy decisions and civic affairs and assure that all of the City's residents have equal opportunities to participate. (Refer to the Community Participation Sub-Element for related goals and policies.)
- Policy 5.1A.2 Strive to assure that all residents have equal access to City services.
- Policy 5.1A.3 Ensure an integrated planning approach that considers all elements of the City's General Plan in establishing long or short-range plans, goals and objectives for the City.
- Policy 5.1A.4 Maintain City facilities and City properties to a high standard of maintenance and promote a positive aesthetic appearance in the neighborhoods.
- Policy 5.1A.5 Maintain City neighborhoods as safe and healthy places to live.
- Policy 5.1A.6 Encourage neighborhood patterns that encourage social interaction and avoid isolation.

Economy and Employment

- Goal 5.1B Maintain and establish policies that promote a strong economy which provides economic opportunities for all Sunnyvale residents within existing environmental, social, fiscal and land use constraints.

- Policy 5.1B.1 Provide existing employers with opportunities to expand employment within land use constraints and in accordance with regional planning goals.
- Policy 5.1B.2 Participate in partnerships with local industry/businesses in order to facilitate communication and address mutual concerns.
- Policy 5.1B.3 Monitor the effect of City policies on business development and consider the effects on the overall health of business within the City.
- Policy 5.1B.4 Participate in regional efforts to respond to transportation and housing problems caused by economic growth in order to improve the quality of life and create a better environment for business to flourish.

Action Statements

- 5.1B.4a Support land use policies to achieve a healthy relationship between the creation of new jobs and housing.
- 5.1B.4b Support regional revenue raising efforts to fund needed highway and transit improvements.
- 5.1B.4c Support transportation demand management programs and other ride sharing programs countywide.
- Goal 5.1C Endeavor to maintain a balanced economic base that can resist downturns of any one economic sector.
 - Policy 5.1C.1 Support efforts to establish Sunnyvale’s Downtown area as a strong commercial center for the City.
 - Policy 5.1C.2 Monitor revenues generated by different economic sectors on an on-going basis.
 - Policy 5.1C.3 Maintain an attractive business community.
 - Policy 5.1C.4 Promote business opportunities and business retention in Sunnyvale.
 - Policy 5.1C.5 Support land use policies that provide a diversified mix of commercial/industrial development.
 - Policy 5.1C.6 Consider development of a strong business retention program.
- Goal 5.1D Support efforts to create employment opportunities for economically disadvantaged individuals, disabled individuals, minorities, women, youth and others with special employment needs.
 - Policy 5.1D.1 Support reforms to the welfare system that will provide positive incentives to those on welfare to enter the workforce and decrease welfare dependency.

Policy 5.1D.2 Support federal programs, such as JTPA, aimed at increasing employment opportunities for groups with special employment needs.

Education and Training

Goal 5.1E Support efforts to improve the availability and quality of education made available in Sunnyvale.

Policy 5.1E.1 Support educational reforms that will cost-effectively result in better education.

Policy 5.1E.2 Support unification of school districts within the Sunnyvale City limits.

Policy 5.1E.3 Support legislation that will provide appropriate state funding for kindergarten through 12th grade education in Sunnyvale, including funding for extracurricular activities.

Policy 5.1E.4 Support reforms to the State's school formula based upon average daily attendance to recognize actual needs of funding for schools.

Policy 5.1E.5 Support legislation returning more local control to boards of education.

Policy 5.1E.6 Support and/or consider the feasibility of attracting higher education into Sunnyvale and the region.

Policy 5.1E.7 Support reforms to improve educational quality.

Policy 5.1E.8 Support appropriate funding for community colleges serving Sunnyvale.

Goal 5.1F Provide job training and employment services, within constraints of operative Federal regulations and available Federal funding, to address the locally-determined employment and training needs of economically disadvantaged residents and others with special needs.

Policy 5.1F.1 Participate in JTPA as a service delivery area as long as adequate Federal and State funding for the program is available, legislation remains essentially intact and the program can be cost-effectively administered.

Action Statements

5.1F.1a Develop an annual job training plan responding to local economic needs.

5.1F.1b Support strong private sector involvement (through the Private Industry Council) in developing local program goals and objectives.

- 5.1F.1c Develop program alternatives to address the unique needs of special populations, such as youth, seniors, the disabled, welfare recipients and others.
- 5.1F.1d Develop a comprehensive, flexible delivery system oriented to placing participants in employment opportunities with future potential.
- 5.1F.1e Cooperate to the maximum extent feasible with other Federal, State and local agencies providing similar services or serving common clients.
- 5.1F.1f Stress performance outcomes in setting program objectives and monitor and evaluate performance in relation to those targets on an on-going basis.
- 5.1F.1g In event that federal/state funding for job training services is insufficient to continue City sponsorship of a Service Delivery Area, the City will consider alternative delivery systems that will assure effective delivery of job training services to Sunnyvale residents.

Policy 5.1F.2 Support Federal job training and related legislation that maintains the primary role of local governments for serving economically disadvantaged and others with special needs.

Action Statements

- 5.1F.2a Support legislation that establishes an active participating role for the Private Industry Council.
- 5.1F.2b Support legislation that establishes local service delivery areas responsive to local needs.
- 5.1F.2c Support adequate funding for the program, based upon a formula that is realistically based on the needs of the local areas.

Health and Social Services

- Goal 5.1G Enhance the provision of health and social services to Sunnyvale residents by providing opportunities for the private marketplace to meet the health and social service needs of City residents.
- Policy 5.1G.1 Encourage the co-location of health and social service providers in Sunnyvale to facilitate the availability of such services.
- Policy 5.1G.2 Provide incentives, such as co-location privileges or rent subsidies, to attract private agencies to provide needed health and social services.
- Policy 5.1G.3 Support measures to reduce the number of individuals who are uninsured for medical coverage, including catastrophic illnesses.

Action Statements

5.1G.3a Develop and maintain an active policy on health insurance that establishes a national or statewide plan of coverage but does not unnecessarily burden employers with the financial responsibility for covering the added costs.

Goal 5.1H Identify pressing health and social needs of the Sunnyvale community, encouraging appropriate agencies to address these needs in an adequate and timely manner.

Policy 5.1H.1 Support efforts to increase the availability, quality and affordability of childcare in North Santa Clara County.

Action Statements

5.1H.1a Support involvement of employers in the provision of childcare services for their workers.

5.1H.1b Support measures that increase the number of childcare programs available to Sunnyvale residents and workers.

5.1H.1c Support state and federal measures that provide financial subsidies to low income workers for childcare.

5.1H.1d Support the availability of information and resource referral services in North County.

5.1H.1e Support appropriate legislation that will increase the availability and quality of childcare.

5.1H.1f Develop and maintain an active childcare policy that specifies City role in the childcare area.

Policy 5.1H.2 Support non-discriminating efforts to cure catastrophic diseases (such as AIDS) and prevent their spread in the community.

Action Statements

5.1H.2a Support state and federal legislation to provide health care to AIDS patients.

5.1H.2b Participate in organized efforts to educate the general public about AIDS.

5.1H.2c Support adequate state, federal and private sector funding directed at the cure and treatment of AIDS.

Policy 5.1H.3 Encourage the provision of services for older adults in Sunnyvale.

Action Statements

5.1H.3a Continue to provide incentives to co-locate services at City facilities serving seniors.

5.1H.3b Consider matching support for County wide programs that serve the nutritional needs of low-income seniors.

5.1H.3c Consider incentives to attract private "senior day care" services.

5.1H.3d Support senior escort services for low-income seniors.

5.1H.3e Support programs that provide low-cost housing alternatives to Sunnyvale seniors.

5.1H.3f Continue to provide transportation services for seniors.

Policy 5.1H.4 Support programs that cooperate closely with the City's Public Safety program in providing crisis intervention/emergency services.

Policy 5.1H.5 Support programs that decrease drug and alcohol use and dependence in the community.

Action Statements

5.1H.5a Target drug and alcohol education and enforcement efforts to youth and schools.

Policy 5.1H.6 Support the provision of emergency shelter to Sunnyvale residents.

Action Statements

5.1H.6a Support regional efforts to provide and develop emergency shelters in North County for the homeless. (Refer to the Housing and Community Revitalization Sub-element for additional policies.)

Policy 5.1H.7 Encourage the provision of programs that provide assistance in the acculturation and assimilation of refugees into the community.

Action Statements

5.1H.7a Support federal and state funding of language programs.

5.1H.7b Support federal and state funding of employment assistance programs.

5.1H.7c Support cooperative programs with local school districts.

Policy 5.1H.8 Encourage programs that assist at-risk youth in obtaining an education and learning job skills.

Action Statements

5.1H.8a Support cooperative programs with local school districts.

5.1H.8b Develop employment services through NOVA that assist at-risk youth in obtaining basic skill competencies.

Policy 5.1H.9 Encourage programs and services that address the special needs of the disabled population and assure that disabled individuals have access to services.

Action Statements

5.1H.9a Maintain an active City policy that assures that disabled individuals have access to City Programs and services.

5.1H.9b Strive to assure that outside group contract agencies have non-discrimination policies and practices.

5.1H.9c Maintain an assisted recreation program to address the special recreational needs of the disabled.

5.1H.9d Encourage and support efforts to allow disabled individuals to live independently.

5.1H.9e Provide special job training services for the disabled through JTPA funds and seek out special grants for additional services.

5.1H.9f Support efforts to inform disabled individuals about services that are available.

5.1H.9g Support county, state and federal legislation, which addresses the needs of the disabled.

5.1H.9h Encourage and support efforts to provide residential, transitional facilities for disabled residents.

Policy 5.1H.10 Encourage the provision of residential health care services for seniors by the private sector.

Action Statements

5.1H.10a Encourage the provision of residential health care services for seniors by the private sector.

5.1H.10b Assure that adequate medical care facilities are available to Sunnyvale residents.

5.1H.10c Support fiscally reasonable legislation that will provide all citizens with health care insurance.

5.1H.10d Review land use policies to assure that consideration is given to senior care facilities.

5.1H.10e Support an active role in El Camino Hospital District and assure that its services address community needs.

Policy 5.1H.11 Encourage the adequate provision of social services to Sunnyvale residents.

Action Statements

5.1H.11a Assist appropriate agencies, such as the County and United Way, in assessing social service needs.

5.1H.11b Coordinate funding of outside agencies with County and United Way funding and other funding sources.

5.1H.11c Participate in joint planning efforts with appropriate agencies.

5.1H.11d Provide support to enhance the service capabilities of a local community services organization.

Human Services Planning and Policy

Goal 5.II Monitor human service needs of the community in order to identify appropriate responses and encourage the provision of needed services.

Policy 5.II.1 Maintain an active “Outside Groups Funding Policy” relating to the City’s standards and requirements for accepting applications for funding from non-profit agencies.

Action Statements

5.II.1a Assure that groups receiving City funds are held accountable for contract performance.

5.II.1b Assure that the performance of groups receiving funds are monitored in an on-going basis.

5.II.1c Maintain an annual process for acceptance and evaluation of applications for human service groups.

5.II.1d Consider providing limited financial support to those agencies/programs that are closely related with existing General Plan goals and objectives.

Goal 5.IJ Encourage and support a network of human services that provides for the basic needs of Sunnyvale's residents.

Policy 5.1J.1 The City shall seek to have as many Human Service needs as possible met through other resources in the following priority:

- ◆ self-help
- ◆ private non-profit organizations
- ◆ other government agencies

Policy 5.1J.2 The City shall assume an advocate role to manage the use of its resources to meet Human Services needs in Sunnyvale.

Action Statements

5.1J.2a Encourage and advocate coordination and cooperation among organizations providing human services in Sunnyvale.

5.1J.2b Advocate, encourage, and wherever possible, facilitate the co-location of human service providers.

5.1J.2c Actively pursue the cooperation of federal, state, county and other agencies to enhance the quality of availability of human services to citizens of Sunnyvale.

Policy 5.1J.3 The City may assume the role of a direct service provider of human services when:

- ◆ Specifically targeted intergovernmental funds (such as JTPA, CDBG) are available for which the City could most cost-effectively administer the human service programs (rather than outside groups) to address significant community needs, direct service provider role will terminate when such funds are no longer available, or
- ◆ Specific community needs are identified and the General Plan, City policies or action plans provide for the City to take on such a role.

Policy 5.1J.4 The City may assume the role of an indirect service provider of human services when specifically targeted intergovernmental funds (i.e. JTPA, CDBG) are available to the City but another agency could most cost-effectively administer the human service program to be addressed by the funds. Funding to the provider will terminate when such funds are no longer available, or the provider can no longer provide the service or the specific community need has been fulfilled or the City determines to take on the service directly.

Policy 5.1J.5 The City may provide limited financial assistance to qualified outside group if:

- ◆ The program proposed for funding does not duplicate existing services, addresses a significant community need or facilitates the co-location

of human service providers in the City of Sunnyvale, augments (but does not duplicate) service provided directly by the City, provides the service at a cost lower than the City can provide or is the most logical service provider, and provision of such services is compatible with the City's General Plan, policies or action plans, and

- ◆ The program for which funding is requested is qualified under the City's Outside Group Funding Policy.

City of Sunnyvale Program Performance Budget

Program 525 - Columbia Neighborhood Center (CNC)

Program Performance Statement

The Columbia Neighborhood Center supports and empowers youth and families so that the children of the community will develop the life skills necessary to be successful in school and beyond.

The Center's priorities are to serve the following groups:

- At-risk youth attending Bishop, Fairwood, Lakewood, San Miguel, and Columbia schools,
- Families with limited access to basic services residing in the Center's service area, and
- The surrounding community residing in the Center's service area. The Center's service area is bounded by Central Expressway to the south, and City boundaries to the west, north and east.

The Center collaborates with the Sunnyvale School District as well as non-profit organizations, businesses, community members and others. The Center coordinates all these entities to provide a connected network of services and programs in Community Education, Mental Health Services, Health Care, Recreation, and Youth and Neighborhood Safety. The Center and its partners also promote a strong community through events and activities for the neighborhood.

Notes

1. This program is jointly operated by the City of Sunnyvale and the Sunnyvale Elementary School District. The performance measures reflect the contractual commitment between the City and the School District. A portion of the operating expenses are reimbursed by the School District per the contract.
2. The Academic Performance Index score is determined annually by the State Department of Education in January and the score results are available in September.
3. In FY 2007/2008 540 work hours of a Public Safety Officer were transferred from Program 483 - Community Safety Services to fund Public Safety activities/events in SDP 52505 - Youth and Neighborhood Safety.
4. The cost of providing recreation programs in the CNC service area through the CNC budget will exceed the revenues those programs generate through recreation fees as they may be offered at below normal market rates. Since the purpose of providing programming through CNC is to serve youth at-risk and those who have limited access to basic services, a subsidy from the General Fund is required to close the gap between the revenues generated and the expenditures to offer quality recreation programs that meet the needs of the youth.

Program 525 - Columbia Neighborhood Center (CNC)

Service Delivery Plan 52502 - Mental Health Services

Promote healthy social and emotional development of youth by supervising mental health referrals coordination and coordinating providers of:

- Mental health counseling (short-term therapy, crisis intervention) to at-risk youth and their families,
- Case management (assessment, referrals to needed services, parent support and case monitoring) for at-risk students attending Center service area schools, and
- Preventative education on mental health issues (e.g. depression, suicide, etc.), mentoring, support groups, referrals to support services, or other types of mental health services to youth, families and adults.

Notes

1. The case management activity is staffed by the Sunnyvale School District, coordinated by Columbia Neighborhood Center, and provided as a service to students attending Columbia school.

City of Sunnyvale
Program Performance Budget

Program 525 - Columbia Neighborhood Center (CNC)

Service Delivery Plan 52505 - Youth and Neighborhood Safety

Prevent youth from getting involved in destructive or dangerous activities by promoting positive choices and building relationships with youth and their parents through:

- Juvenile diversion classes for youth and parents,
- Positive activities for at-risk youth (e.g. Basketball Shoot-Out, boxing, soccer, ropes course), and
- One-on-one meetings with at-risk youth and their parents.

Create a safer neighborhood by supporting the community through:

- Safety information and interactions with the community at neighborhood events (e.g. Health and Safety Fair, City Year Spring Camp, Family Fun Night), and
- Community education programs that focus on personal safety, crime prevention and neighborhood relations (e.g. presentations for community groups, community safety workshops, parent education).

Notes

1. Consistent with the Community Policing Model, the Department of Public Safety provides positive activities for youth in the Center's service area, such as the Basketball Shoot-Out, through collaboration with the Center, the Department of Parks and Recreation, and the Sunnyvale School District.

Program 525 - Columbia Neighborhood Center (CNC)

Service Delivery Plan 52506 - Community Outreach

Promote community well-being, positive neighborhood identity, and greater connection between neighbors by providing:

- Support to the CNC's community events including the Health and Safety Fair and Family Fun Night,
- Volunteer opportunities to serve the neighborhood,
- Presentations and publicity about the CNC's services to the community,
- Information and referrals to CNC and non-CNC services for customers,
- Facility rental information and reservations to service providers and the community, and
- Community input and support on the CNC's efforts through staffing of the CNC's Community Advisory Committee.

Program 525 - Columbia Neighborhood Center (CNC)

Service Delivery Plan 52507 - Management and Support Services

Provide leadership to Office of the City Manager staff, City Council, the general public, and the business community by:

- Planning for the long range needs of the department,
- Analyzing financial reports and making recommendations to improve operations,
- Responding to Council, citizen, and business inquiries in a professional and timely manner,
- Supervision of staff and coordination of service providers,
- Management of funding to support Columbia Neighborhood Center (CNC's) services including grant funding and in-kind services, and
- Providing training and educational opportunities for staff development.

Support the operation and overall effectiveness of Columbia Neighborhood Center by:

- Providing answer point services to the general public and business community,
- Supporting the administrative needs of staff and management,
- Accurately filing and retrieving CNC onsite and offsite records,
- Processing purchase requisitions, POs and check requests, and
- Maintaining the operation of office equipment and collection and distribution of interoffice mail.

Program 526 - Youth, Family and Child Care Resources

Program Performance Statement

Ensure a high quality of life for youth and families, and address child care needs by facilitating affordable, available, high-quality child care and early education services for children through age 12; promote a family-friendly environment; and leverage community resources to support youth and families.

Service areas include:

- Support child care providers with information and referral, sponsor trainings to support continual professional growth and development of child care professionals to promote high quality child care service to families,
- Collaborate with child care related organizations to develop and enhance child care and early education,
- Support child care seekers and businesses seeking to address their employee's child care needs with information and referral,
- Support and staff the Child Care Advisory Board which acts in an advisory capacity to City Council and City Administration,
- Provide information and referral services to youth and families,
- Coordinate annual Health and Safety Fair, and
- Outreach to youth and families to encourage them to engage in civic activities and in the community at-large.

Program 526 - Youth, Family and Child Care Resources

Service Delivery Plan 52604 - Conduct Outreach to Youth and Families

Encourage youth and families' participation in the community, by:

- Conducting outreach to youth and families and engaging them in civic activities, and
- Coordinating the annual Health and Safety Fair.

Notes

1. Activity 526440 Sponsor Training Sessions for Youth and Families on Relevant Youth and Family Issues - This activity will include working with the Columbia Neighborhood Center to expand parenting classes and convening service providers to identify new programs that would serve families such as: expanding networking and collaborative opportunities with service providers; developing a community score card for youth and family issues; developing multi-lingual parenting classes; collaborating with the library to focus on family literacy, expanding City Skills to youth; holding financial literacy classes in multiple languages; working closely with Project Cornerstone to implement their ideas for connecting with youth in the community; developing cultural awareness programs for teenagers; and working with high schools to disseminate information included in the "When You Turn 18" brochure.

Program 526 - Youth, Family and Child Care Resources

Service Delivery Plan 52605 - Management and Support Services

Provide leadership to Office of the City Manager staff, City Council, the general public, and the business community, by:

- Planning for the long range needs of the department,
- Analyzing financial reports and making recommendations to improve operations,
- Responding to Council, citizen, and business inquiries in a professional and timely manner, and
- Coordinating the analysis of department-wide issues to prevent duplication and ensure the even application of policies and procedures.

Support the operation and overall effectiveness of Youth, Family and Child Care Resources, by:

- Providing answer point services to the general public and business community,
- Supporting the administrative needs of staff and management,
- Accurately filing and retrieving Youth, Family and Child Care Resources onsite and offsite records,
- Processing purchase requisitions, POs and check requests, and
- Maintaining the operation of office equipment and collection and distribution of interoffice mail.

Program Performance Budget

Program 535 - Employment Services Provided to the General Public

Program Performance Statement

Provide access to a full range of employment, training and support services for customers in a comprehensive one-stop environment, by:

- Offering an array of self-access technology and resources for customers to pursue employment and career development,
- Providing job search workshops, drop-in career advising appointments and resume critique,
- Maintaining a career library with job search and career information and resources,
- Providing minimally assisted services to support customers in their job search and career advancement,
- Developing a collaborative of partner organizations to expand the services and resources of the One-Stop Center - the CONNECT! Job Seeker Center (JSC),
- Facilitating One-Stop operations through the CONNECT! Steering Committee,
- Determining client needs and recruiting/coordinating appropriate partners to provide services to meet those needs,
- Providing updated resources so partner staff are knowledgeable about services available through CONNECT! organizations, and
- Holding quarterly stakeholder meetings to facilitate partner participation in the CONNECT! collaborative.

Notes

1. The Department of Employment Development (DED) is also known as NOVA. The North Valley Job Training Consortium (NOVA) is a joint venture of the cities of Cupertino, Los Altos, Milpitas, Mountain View, Palo Alto, Santa Clara and Sunnyvale. These cities have joined together through the leadership and administration of the City of Sunnyvale to enhance employment and business development opportunities for the region's residents, workers and businesses. The policies and framework for NOVA are established by both the City of Sunnyvale and the NOVA Workforce Board.
2. NOVA programs are funded by a variety of federal and state initiatives, supplemented with foundation and corporate grant monies.
3. Participant and service plans for a given fiscal year are developed and formally submitted to the State of California in September of that fiscal year. The product target for activity 535100 will be submitted to the City upon completion of negotiations and official acceptance of the plan by the State.

Program 536 - Employment Services Provided to Workforce Investment Act (WIA) Enrolled Participants

Program Performance Statement

Provide opportunities for adults enrolled under the Workforce Investment Act (WIA) to increase their skill levels, competitiveness for employment opportunities and career mobility, by:

- Providing enrollment into WIA Programs which provide in-depth case management services,
- Providing specific assistance through working with a Career Advisor,
- Providing a formal assessment of client training needs,
- Providing occupational and educational training opportunities to build the necessary skills to obtain/retain employment,
- Providing basic job seeker services, such as employment topic workshops, Professional Effectiveness Program (PEP) Training, and the computer-based training programs of the Learning Lab, and
- Maintaining relationships with training providers with which we enroll clients.

Notes

Program Performance Budget

Program 537 - Business Services

Program Performance Statement

Provide access to workforce development services which are relevant to the business community in NOVA's seven (7) cities, by:

- Providing local businesses resources and information about workforce development services available to them through NOVA and the partners of the CONNECT! partnership,
- Providing layoff/workforce transition services (Rapid Response) in response to Workforce Adjustment and Retraining Notification Act (WARN Act) incidents and other local layoffs and employment reductions,
- Providing presentations highlighting services available to aid employers and employees including the employment services available through the NOVA Workforce Board, the CONNECT! partnership, the local one-stop facility, and the Employment Development Department of the State of California,
- Assisting businesses to find and retain talent, and
- Providing information to local businesses regarding current trends in workforce development.

Program Performance Budget

Program 538 - Youth Services

Program Performance Statement

Provide opportunities for youth to build the knowledge, skills and attitudes necessary for employment and future economic independence, by:

- Providing in-depth services to Workforce Investment Act (WIA) eligible youth, and
- Providing career exploration and employment and training-related resources to youth in the community.

Notes

1. Participant and service plans for a given fiscal year are developed and formally submitted to the State of California in September of that fiscal year. The product targets for activities 538110 and 538120 will be submitted to the City upon completion of negotiations and official acceptance of the plan by the State.

City of Sunnyvale Program Performance Budget

Program 539 - Enterprise Support

Program Performance Statement

Provide administrative and operational support to ensure high quality services to the NOVA organization, its policy makers, customers and investors, by:

- Entering clients, their outcomes, and their data changes into the Job Training Automation (JTA) system as required,
- Tracking applicants and enrolled clients and their outcomes and reporting in accordance with grant and City fiscal requirements,
- Developing and producing ad hoc reports in response to situational requests,
- Providing financial management and reporting through the Job Training Automation (JTA) System in accordance with grant requirements,
- Providing procurement, purchasing, financial management and reporting in accordance with grant requirements and the Workforce Investment Act (WIA),
- Providing support of monitoring actions (audits) by sponsoring agencies and providing outbound monitoring of agencies who receive funds from NOVA to perform grant defined tasks (sub recipients per WIA),
- Providing support for computer systems and functioning for staff and one-stop center systems,
- Managing basic maintenance and facility repairs and improvements for staffed buildings,
- Researching and writing grant proposals to support operational goals,
- Generating funds to provide employment services,
- Building demand and awareness of NOVA services,
- Providing appropriate staff support to the NOVA Workforce Board to facilitate policy direction, the prioritization of projects and oversight of program operations, and
- Providing organizational management to meet or exceed grant goals.

Program Performance Budget

Program 542 - Supplemental Grants - Staffed

Program Performance Statement

Provide employment and training services targeted to the needs of the community, by:

- Operating grants to support job seekers in targeted areas,
- Providing services that complement DED's basic employment services through discrete grants,
- Providing job seekers, employers, educators, and the community with labor market/industry intelligence targeted to current needs, and
- Developing research and providing information to job seekers and industry on topics such as local job opportunities, career paths, and challenges and approaches to employment for select groups such as older residents, people with disabilities, people with varying education levels, or other barriers.
