

ADOPTED BUDGET AND RESOURCE ALLOCATION PLAN

Fiscal Year 2008/2009
Twenty-Year Financial Plan

VOLUME IV Operating Budget (cont'd)

Operating Budgets and Redevelopment Agency

**Planning and
Management
Element**

7. Planning and Management Element

Sunnyvale's General Plan is unique. It is a reflection of the City's administrative organization and service delivery system. The long-term goals are planned together with the means to pursue and accomplish these goals and policies. The Planning and Management Element outlines how the City will plan and manage its resources. The following sub-elements are part of this element:

- ❑ Fiscal Management
- ❑ Community Participation
- ❑ Legislative/Management

Fiscal Sub-Element

Goals and Policies

Long Range Goals

- I. To make financial decisions over a 20-year planning horizon to allow decision-makers to consider the long-range implications of short-range budgeting decisions.
- II. To operate a performance based budget system which provides Council and management with data on accurate measures of key successes of service, products and product costs, and motivation to continuously improve overall productivity, cost effectiveness, and quality of service.
- III. To design and maintain capital improvements to assure cost efficiency, accomplish City goals and policies, and focus on prevention so as to minimize or reduce future operating costs.
- IV. To maintain sufficient reserves so as to maintain service levels during periods of economic downturn.
- V. To fund only those programs and projects which are consistent with the General Plan and which are anticipated to most cost-effectively implement the Plan.
- VI. To undertake full cost accounting for all City services to facilitate accurate resource allocation decisions and fee recovery.
- VII. To ensure accuracy and policy consistency in City processes and reporting through regular financial and performance audits of programs.
- VIII. To facilitate the smooth and timely purchase of needed goods and services while maintaining sufficient competitive bidding processes to deliver the lowest prices.
- IX. To ensure proper and diverse investments of the City's idle funds based upon the principles, in priority order, of safety, liquidity and return on investment.
- X. To prudently utilize the issuance of debt to minimize costs, maximize cash flow, and ensure that future users are responsible for costs as appropriate.

- XI. To maintain a diversified and stable revenue base that generates the resources necessary to sustain essential City services over the Long Term Financial Plan.

Financial Policies

Budget Policies

7.1A Budget Policies

A.1: Development of the Budget and Resource Allocation Plan

- A.1.1 The public will be encouraged to participate fully in the budget process.
- A.1.2 A Fiscal Issues Workshop will be held each year prior to preparation of the City Manager’s Recommended Budget to consider budget issues for the upcoming Resource Allocation Plan.
- A.1.3 A balanced Twenty-Year Resource Allocation Plan shall be presented to the City Council annually.
- A.1.4 The Twenty-Year Resource Allocation Plan shall be prepared on a two-year Operating Budget cycle.
- A.1.5 The Operating Budget shall be approved annually with the second year approved in concept.
- A.1.6 A proposed budget shall be recommended to the City Council by the City Manager no less than thirty-five days before the beginning of the fiscal year, in accordance with the City Charter.
- A.1.7 At least one public hearing shall be held after the City Manager’s Recommended Budget is presented to the Council in order to solicit public input before adoption.
- A.1.8 Boards and Commissions should review the annual budget as appropriate to their area of interest and make recommendations to the City Council.
- A.1.9 The City Council shall adopt the City Manager’s Recommended Budget, with any changes desired, by resolution before June 30th of each year.
- A.1.10 Resources will be allocated in direct relation to General Plan goals.
- A.1.11 The Resource Allocation Plan shall be prepared by General Plan element to link city resources with the accomplishment of General Plan goals.

A.1.12 New or expanded services should support the priorities reflected in the General Plan.

A.1.13 All competing requests for City resources should be weighed within the formal annual budget process.

A.1.14 Final actions on study items with significant financial impacts should be withheld until they can be made in the full context of the annual budget process.

A.2: Long Term Financial Planning

A.2.1 The City shall maintain a long term fiscal perspective by annually preparing a Twenty-Year Long Term Financial Plan for each fund. Those funds which account for intergovernmental grants will only include known entitlements.

A.2.2 Major financial decisions should be made in the context of the Twenty-Year Long Term Financial Plan.

A.2.3 Long term financial planning should enable the current service level provided to be sustained over time through the strategic use of reserves.

A.2.4 The Long Term Financial Plans should be used to communicate the fiscal impact of City decisions to all stakeholders whenever possible.

A.3: Performance-Based Budget System

A.3.1 The operating budget will be prepared and managed on a program basis.

A.3.2 All costs attributable to a budgeted program will be fully reflected in program budgets (with the exception of capital costs of general-use public buildings and facilities).

A.3.3 An emphasis should be placed on achieving maximum work productivity to ensure an optimal allocation of human and fiscal resources for Council approved services and programs.

A.3.4 All operating programs must identify the service provided, the service level, and the resources necessary to accomplish the specific service level.

A.3.5 A performance measurement system will be maintained and used to evaluate quality of service and to report results.

A.4: Budget Monitoring and Modification

A.4.1 Expenditures for each department are legally limited to the amount authorized by the City Council in the Budget Resolution, plus subsequent changes individually approved by the City Council through Budget Modifications.

- A.4.2 The City’s annual budget may be modified at any Council meeting by a majority vote of the City Council.
- A.4.3 The City’s budget appropriation control shall be by program within the same fund for operating programs in the General Fund and Special Revenue Funds. For the Proprietary and Internal Service Funds, expenditures cannot exceed actual revenues plus the planned use of reserves.
- A.4.4 Appropriations for capital and special projects shall be limited to the amounts contained on the Budget Resolution for each project. All modifications to project budgets require Council approval.
- A.4.5 Budget reappropriations among programs within a Department and Fund may be authorized by the City Manager if service levels as approved by City Council are maintained.
- A.4.6 Any unexpended appropriations shall expire at fiscal year-end unless specifically reappropriated by the City Council for expenditure during the new fiscal year.

Revenue Policies

7.1B Revenue Policies

B.1: Revenue Base

- B.1.1 The City will maintain a diversified and stable revenue base, not overly dependent on any land use or external funding source.
- B.1.2 Taxes levied by the City will be used for the purpose of financing services performed for the common benefit.
- B.1.3 Taxes should be held at their lowest possible level, while maintaining Council-approved service levels.
- B.1.4 When considering a new tax or revenue source or an increase in an existing tax or revenue source, the following criteria should be considered:
 - Community/voter acceptance
 - Competitiveness with surrounding communities
 - Efficiency of revenue collection and enforcement
 - Effectiveness in generating sufficient revenues in the short and long-term to justify its establishment

- Enhancement of revenue diversity to promote stability and provide protection from downturns in business cycles
- Equity/Fairness in distribution of the revenue burden on various segments of the community

B.1.5 Reliance on any restricted and/or inelastic sources of revenue will be avoided.

B.1.6 One-time revenues should not be used for ongoing expenditures.

B.1.7 Revenue should not be targeted for a specific program, unless a revenue source has been established for the sole purpose of financing a particular expenditure.

B.1.8 Potential new revenue sources will be investigated periodically to ensure that the City's revenue base is stable and diversified.

B.1.9 Donations, contributions, and sponsorships may be accepted if they are in accordance with City policy and General Plan priorities.

B.2: Revenue Forecasting and Monitoring

B.2.1 All revenue estimates must be conservative, objective and reasonable.

B.2.2 Revenue forecasts should be based on detailed information regarding historical performance and economic conditions whenever possible.

B.2.3 At least ten years data for all tax revenue sources will be maintained.

B.2.4 Revenues will be estimated for the budget year and for each planning year in the Twenty-Year Resource Allocation Plan.

B.2.5 Methods to maximize the accuracy of revenue forecasts will be established.

B.2.6 Estimated revenues from grant sources will be projected only to the specific date on which the entitlement will end.

B.2.7 Estimated intergovernmental revenues for which the City is eligible (but which are not guaranteed) will be forecast to assure that local matching funds will be available if the revenues are realized.

B.3: Revenue Collection

B.3.1 The City will seek all possible Federal and State reimbursement for mandated projects and/or programs.

- B.3.2 An aggressive collection system for all accounts receivable, including utility receivables, will be utilized to assure that monies due to the City are received in a timely fashion.
- B.3.3 Monthly reviews and periodic audits of Transient Occupancy Tax returns will be conducted.
- B.3.4 Monthly reviews and periodic audits of all major locally administered revenue sources will be conducted.
- B.3.5 Periodic point-of-sale audits for Sales Tax will be conducted.

B.4: Grants and Intergovernmental Assistance

- B.4.1 The use of intergovernmental grant assistance for routine programs will be discouraged. Intergovernmental grants may be used for special projects which strengthen a program, have a definable starting and ending date, and do not expand a service in such a way as to require the substitution of local funds to continue part or all of the service once intergovernmental assistance ends.
- B.4.2 Intergovernmental assistance may only be used to establish or expand a program when the Twenty-Year Resource Allocation Plan meets the following conditions:
 - The program is eliminated at the end of the intergovernmental funding period, or
 - The program continues with the requisite local funding in the Twenty-Year Resource Allocation Plan upon completion of intergovernmental funding
- B.4.3 A uniform grants application process must be utilized to assure that the City Council has the information necessary to make a decision regarding a potential intergovernmental grant. Staff should present to Council a Notice of Intent regarding a possible grant source which shall include at least the following information:
 - The grant being pursued and the use to which it would be placed
 - The objectives or goals of the City which will be achieved through use of the grant
 - The local match required, if any, plus the source of the local match
 - The increased cost to be locally funded upon termination of the grant
 - The ability of the City to administer the grant

B.5: User Fees

- B.5.1 User fees should be used to recover the cost of services that benefit specific segments of the community.
- B.5.2 User fees should be reviewed and adjusted at least annually to avoid sharp changes.
- B.5.3 User fees and charges should not exceed the City's full cost of providing the service.
- B.5.4 User fees should be established at a level which reflects the full cost of providing those services.
- B.5.5 The City Council may determine for any service whether a subsidy from the General Fund is in the public interest.
- B.5.6 User fees shall only be used when the cost of providing the service can be readily calculated and administered.
- B.5.7 User fees should be adopted by Council resolution and included in the Annual Fee Schedule.

*Note: For additional user fee policies specific to the Utility Funds or the Community Recreation Fund, please see those sections under Enterprise Fund Policies.

Capital Improvement Policies

7.1C Capital Improvement Policies

C.1: Capital Improvement Plan

- C.1.1 An updated Twenty-Year Capital Improvement Plan shall be prepared on a two-year budget cycle.
- C.1.2 The City shall fund only those Capital Improvement Projects that are consistent with the adopted Capital Improvement Plan, City priorities, and General Plan goals.
- C.1.3 High priority should be given to replacing capital improvements prior to the time that they have deteriorated to the point where they are hazardous, incur high maintenance costs, negatively affect property values, or no longer serve their intended purposes.
- C.1.4 New or expanded capital improvements should maximize value and avoid duplication whenever possible by partnering with other entities to pool resources or share facilities.

- C.1.5 Priority will be given to the repair and replacement of existing infrastructure as compared to the provision of new or expanded facilities.
- C.1.6 The decision on whether to repair or to replace an existing capital asset will be based on which alternative is most cost-effective or provides the best value to the City.
- C.1.7 The operating impact of proposed capital projects, including ongoing operating expenditures, capital outlay, debt service, and infrastructure replacement will be identified in the Capital Budget and considered in the selection of projects for funding.
- C.1.8 Staff will identify the estimated costs, potential funding sources, return on investment, project schedule and relationship to the General Plan for each capital project proposal before it is submitted to the Council for approval.
- C.1.9 Capital improvements should be maintained to the level required to adequately protect the City’s capital investment and to minimize future maintenance and replacement costs.
- C.1.10 A Capital Projects Fund shall be used to account for major capital acquisition or construction projects associated with the General Fund and other governmental funds. The capital projects of the Utility Enterprise Funds shall be accounted for within the respective fund.
- C.1.11 The Infrastructure Renovation and Replacement Fund shall be used to account for projects related to the City’s Long-Range Infrastructure Plan for the renovation and replacement of existing general City assets. Infrastructure projects related to the City’s utilities shall be accounted for in the respective utility fund.

C.2: Funding

- C.2.1 Governmental capital improvements should be funded on a “pay-as-you-go” basis in most cases. Alternate financing strategies may be considered in light of the specific project and the consequences of each financing strategy.
- C.2.2 Development-related improvements such as sidewalks, curbs and gutters, street lights, and water and sewer lines should be funded by those directly benefiting from the improvements.
- C.2.3 The City will seek out and use intergovernmental funding sources for capital improvements, as is consistent with City priorities and General Plan goals.
- C.2.4 Funds for the replacement of City assets originally paid for by a developer should be included in the Capital Improvement Plan of the appropriate City fund.

C.3: Design and Evaluation

- C.3.1 The planning and design of capital improvements should be based on standards that minimize construction costs, while assuring acceptable useful life and reducing maintenance requirements. Value engineering processes will be utilized when necessary and appropriate.
- C.3.2 Budgeting for capital projects must reflect when the expenditures are scheduled to occur, using multi-year planning to ensure a reasonable time frame for projecting costs.
- C.3.3 Improvements should be designed with the following goals: to maximize energy efficiency, require minimal maintenance, create an efficient physical relationship for those working in the facility, provide adequate capacity for the projected useful life, and to have the ability to accommodate future expansion with minimum remodeling costs.

Land Policies

7.1D Land Policies

D.1: Acquisition, Disposition and Leasing of City-Owned Real Property

- D.1.1 A high priority will be given to acquiring undeveloped land needed to meet City goals before it is developed.
- D.1.2 Developed land should be acquired in reasonable proximity to the time the property is required for City purposes.
- D.1.3 Every effort shall be made to acquire property through negotiation, reserving the use of eminent domain for those circumstances when immediate possession is required and the property cannot be acquired through negotiation at a cost approximating market value.
- D.1.4 The purchase, sale or lease of real property where the purchase or sale price or lease cost is more than \$75,000, per the Sunnyvale Municipal Code, shall be approved by the City Council.
- D.1.5 The purchase, sale or lease of real property where the purchase or sales price or lease cost is less than \$75,000, per the Sunnyvale Municipal Code, shall be approved by the City Manager.
- D.1.6 The lease of city property which results in revenue to the City and the term is less than or equal to 55 years shall be approved by the City Manager.
- D.1.7 The lease of city property for a term longer than 55 years shall be authorized by the City Council by resolution following a public hearing.

- D.1.8 Property leased to outside entities should be based on market rents except when the Council finds that there is a public purpose for leasing at a lower rate.
- D.1.9 The net proceeds from the disposition of surplus City property owned by the General Fund shall be placed into the General Fund Reserve for Capital Improvements.
- D.1.10 Proceeds from the sale of land or facilities originally purchased with monies from a specific fund should be kept within that fund.

Reserve Policies

7.1E Reserve Policies

E.1: General Fund Reserves

- E.1.1 The City shall maintain a General Fund Contingency Reserve of at least 20% of operating expenditures to cover emergencies or disasters.
- E.1.2 The sale of surplus property owned by the General Fund and any other one-time revenues shall be placed into a Reserve for Capital Improvement Projects to be used for capital improvement or expansion.
- E.1.3 The Twenty-Year Resource Allocation Plan (RAP) Reserve shall be used to levelize economic cycles and maintain stable service levels over the long term.
- E.1.4 The Twenty-Year RAP Reserve should be balanced to zero in the twentieth year of the Long Term Financial Plan. This means that the reserve increases during periods of economic growth and has planned draw-downs during low periods of the economic cycle.
- E.1.5 The Service Level Set-Aside will be used to provide ongoing funds to increase service levels or add new services. Once used, this Set-Aside may be replenished according to economic conditions.
- E.1.6 Any other reserves may be established to segregate funds which are legally restricted to specific purposes.

E.2: Internal Service Fund Reserves

- E.2.1 The City will establish and maintain an Equipment Replacement Reserve to provide for timely replacement of the City’s fleet, furniture and fixtures, technology and communication equipment.
- E.2.2 Reserve levels for each type of equipment will be established based on the lifecycle of existing assets accounted for in the appropriate Sub-Fund of the General Services Fund.

- E.2.3 Equipment replacement expenses should be amortized through the use of rental rate charges to be fully funded by users.
- E.2.4 The Workers' Compensation Reserve shall be maintained at a level deemed adequate to meet projected liabilities as determined by an actuarial evaluation.
- E.2.5 The Liability and Property Reserves will be maintained at a level which, together with purchased insurance policies, will adequately indemnify the City's property and liability risk. A qualified actuarial firm shall be retained in order to recommend appropriate funding levels.
- E.2.6 An Actuarial Retiree Medical Reserve will be maintained at a level that is deemed adequate to meet projected liabilities as determined by an actuarial evaluation. This Reserve should meet the GASB reporting requirements for these future costs.
- E.2.7 Rate Uncertainty Reserves will be funded for those employee benefits expenditures exhibiting high volatility or significant increases. The reserves will ensure adequate funding while minimizing the effect on the funding of other City operations.

Debt Management Policies

7.1F Debt Management Policies

F.1: Debt Limits and Debt Capacity

- F.1.1 Total bonded indebtedness supported by General Fund revenues should not exceed 5% of assessed valuation of property within the City. Bond issues supported by the General Fund should be restricted to annual debt service of 5% of General Fund revenue.
- F.1.2 Land based financings should maintain a minimum property value-to-debt ratio of 3:1, with exceptions made for special circumstances at Council's discretion.
- F.1.3 Debt service should not affect the City's ability to meet future operating, capital and reserve requirements.

F.2: Debt Issuance

- F.2.1 Debt should be used only to finance improvements that cannot be paid for with current revenues, unless the purpose of the debt is to spread improvement costs over a longer period of time and ensure that future users become responsible for portions of the cost.
- F.2.2 There should be no short-term (debt) borrowing to support routine operations unless (a) the borrowing will be at a lower interest rate than the rate on invested funds, and (b) funds are available for routine operations.

- F.2.3 An internal feasibility analysis will be prepared for each long-term financing which analyzes the impact on current and future budgets.
- F.2.4 Bond issues should be scheduled to equalize annual debt service requirements to the degree that borrowing costs can also be minimized.
- F.2.5 Generally, the method of financing selected for debt issuance should be based on who will benefit and who should pay for the cost of improvements. The following are guidelines:
- General Obligation Bonds – For major improvements that are of community-wide benefit and use, such as general municipal facilities and parks. These are funded by ad valorem taxes and require two-thirds voter approval.
 - Assessments — For new subdivision improvements and for City improvements where the Council has determined that a specific benefiting group should be responsible for payment.
 - Tax Increment Bonds — For improvements in the Redevelopment Project Area where rehabilitation or redevelopment is required. These bonds are financed by tax increment from the project to be developed.
 - Certificates of Participation — Where backing by the full faith and credit of the City is the most cost-effective method. If this method is proposed, a full cost analysis will be done.
 - Revenue Bonds (IDBs) — All City utility-related improvements shall be funded only from revenues of the respective utilities.
 - Industrial Development Bonds — Issued to finance the construction or purchase of industrial, commercial, or manufacturing facilities to be leased or purchased by a private user. All IDBs shall be backed only by the credit of the user.
- F.2.6 The maximum term of each bond issue should be no longer than the expected useful life of the asset financed.
- F.2.7 Refunding of outstanding bond issues shall be considered if the net present value savings is at least 3%, or if it is necessary to remove a burdensome or restrictive bond covenant.
- F.2.8 The City will consider requests for conduit financing on a case-by-case basis, taking into consideration the borrower’s credit worthiness, the purpose of the borrowing and its relationship to City priorities, and any impact on the City’s financial position.
- F.2.9 Debt financings will generally be conducted on a competitive basis. However, negotiated financings may be used due to market volatility or the existence of an unusual or complex financing or security structure.
- F.2.10 Fixed or variable rate financing may be used, depending on the cost benefit to the City of each option.

F.3: Debt Management

F.3.1 The City will diligently monitor its compliance with bond covenants and ensure adherence to federal arbitrage and disclosure regulations.

F.3.2 Debt financing should not exceed the anticipated useful life of an improvement.

F.3.3 The City will seek to maintain and, if possible, improve its current bond rating(s) in order to minimize borrowing costs and preserve access to credit.

F.3.4 A Debt Service Reserve shall be maintained for each debt issue as required by the respective bond covenants.

Accounting Policies

7.1G Accounting Policies

G.1: Accounting Principles

G.1.1 A Comprehensive Annual Financial Report (CAFR) will be prepared each year within six months of the close of the previous fiscal year.

G.1.2 The CAFR shall be prepared in accordance with generally accepted accounting principles applicable to local governments, and shall receive an unqualified opinion by the City's independent auditor each year.

G.1.3 The Government Finance Officers Association (GFOA) Certificate of Achievement for Excellence in Financial Reporting should be pursued annually.

G.1.4 The accounting system shall provide a mechanism to fund accrued benefits liabilities.

G.1.5 Pension obligations will be fully funded annually and current pension contributions will not be deferred to balance current expenditures.

G.1.6 An integrated accounting and budgeting system will be maintained so that production and cost for each activity can be calculated and evaluated.

G.1.7 The City Council shall be provided with periodic summary financial reports, by fund, comparing actual revenues and expenditures to budgeted amounts.

G.1.8 The City shall maintain a full cost accounting system.

G.1.9 A city-wide Cost Allocation Plan shall be developed to identify the cost of administrative support for all City departments and special funds.

G.1.10 The “modified approach” to account for streets infrastructure capital assets, as defined by GASB No. 34, shall be utilized for the City’s street network. The City Council will establish a range of acceptable condition levels for the street network on a biennial basis and the City Manager will set the actual target condition level(s) each year.

G.1.11 The City shall establish such separate funds as required by law to account for grant funding and other revenues limited to specific use.

G.1.12 Internal Service Funds shall be used to account for the financing of goods and services provided by one department or agency to other departments or agencies of the City.

G.1.13 Internal Service Funds shall be used to equitably distribute facility, vehicle and equipment replacement and maintenance costs among City user departments and to assure that adequate funding is on hand to replace/maintain assets and pay liabilities.

G.1.14 Internal Service Funds shall be maintained to account for employee benefits and to provide a mechanism to fully fund accrued benefit liabilities.

G.2: Internal Controls

G.2.1 A system of effective internal controls shall be maintained that assures only properly authorized expenditures, recordings of financial transactions, and accounting entries are executed and provides for the physical security of City funds and assets.

G.2.2 The City’s Internal Audit function should conduct its work in accordance with generally accepted government auditing standards to ensure the independence of its findings.

G.2.3 Periodic financial reviews will be conducted to assure that adequate internal controls exist, at a reasonable cost, and that fiscal practices are in compliance with Federal, State and City rules and regulations.

G.2.4 Operational audits will be conducted to evaluate the efficiency and effectiveness of City functions.

G.2.5 Performance audits will be conducted regularly on a schedule set by Council to verify that the performance data reported by each Department is complete, valid and accurate.

G.2.6 The City’s cash handling practices shall be reviewed at least quarterly, as required by the City Charter, in order to safeguard the City’s cash assets.

Purchasing Policies

7.1H Purchasing Policies

H.1: Centralized Purchasing System

H.1.1 Whenever possible, purchases will be made through a competitive bid or proposal process.

H.1.2 Purchasing policies and procedures will be as fair and open as possible so that everyone involved will understand the elements of the process, including procedures, timelines, expectations, requirements, and criteria for supplier selection.

H.1.3 A preference of 1% shall be given to local businesses in the evaluation of bids and proposals in the procurement of goods. Contracts exempt from this preference are:

- Emergency procurement
- Sole source contracts
- Contracts funded from grants, donations, or gifts with special conditions that specify otherwise

H.1.4 Purchases of goods and services will be made from locally owned businesses whenever possible, in accordance with purchasing regulations.

H.1.5 The City will actively seek opportunities to participate with other public agencies in the development of competitive bids that combine purchasing power to achieve volume pricing.

H.1.6 City staff shall not use their position for personal gain in any procurement.

H.1.7 Environmentally responsible procurement policies will be used where possible, to encourage recycling, reduce waste, conserve energy and natural resources and protect environmental quality.

H.1.8 Technological advances that present more efficient and effective ways to purchase goods and services will be encouraged.

H.1.9 An efficient and effective system of inventory management for City-stocked items and for sale or disposal or surplus items will be maintained.

Enterprise Fund Policies

7.II Enterprise Fund Policies

I.1: Utility Fund Policies

I.1a: Accounting and Fund Management

I.1a.1 The financial activities of each utility should be accounted for in a separate fund.

I.1a.2 The City will assure that all direct and indirect costs of each utility are fully cost-accounted.

I.1a.3 Expenses which are incurred to support more than one utility should be allocated to each utility in a manner that reasonably reflects the benefit received.

I.1a.4 Each utility fund shall reimburse the General Fund, and/or other applicable funds, for the full cost of general government support services provided to that utility.

I.1a.5 The user fees established for each utility will be reviewed annually and set at a level that will support the total costs of the utility, including direct and indirect costs and contributions to reserves set by Council policy.

I.1a.6 In the event that any utility requires one-time resources from other City funds to support its operations, or that the utility provides resources to an unrelated program, the use of these funds should be accounted for as an inter-fund loan.

I.1a.7 Debt service coverage should be maintained for each bond issue as required by the bond covenants.

I.1a.8 No utility resources shall be used to fund unrelated General Fund services.

I.1b: Capital Program

I.1b.1 Capital improvements associated with the existing infrastructure of a utility should be primarily funded from two sources: rate revenue and debt financing.

I.1b.2 New improvements or expanded capacity in any utility should be funded by those benefiting through specific charges, such as connection fees, impact fees, or mitigation fees.

I.1b.3 Local, state, and federal funding sources, such as grants and contributions, should be pursued for utility-related capital improvement projects consistent with City priorities.

I.1b.4 Water and wastewater improvements should be designed and constructed to the size required to serve the City's capacity needs when fully developed, plus any required redundancy to assure reliable operation and provision of service.

I.1b.5 Bonded debt financing should be used for capital improvements as appropriate to:

- Make cost recovery of an asset more consistent with its useful life
- Equitably assign cost over multiple generations of customers who use the assets
- Smooth near-term rate impacts of the project

I.1b.6 Total bonded debt should equal no more than 30% of the utility's fixed assets.

I.1b.7 Resources for the capital requirements of each utility such as bond proceeds or connection fees should be dedicated only for capital projects and not be used for ongoing maintenance and operations.

I.1b.8 The annual depreciation expense of the assets of each utility should be set aside into a Rehabilitation and Replacement Reserve as a minimum funding level for system replacement.

I.1c: Reserves

I.1c.1 A Contingency Reserve of 25% of operating expenses shall be maintained in the Water and Wastewater Funds to allow approximately 90 days of working capital in case of emergency.

I.1c.2 A Contingency Reserve of 10% of operating expenses shall be maintained in the Solid Waste Fund. This lower reserve is appropriate because the asset value of the Solid Waste Fund is substantially smaller than the other city utilities, and because operations are performed by contract, with insurance and bonding requirements as part of the contract assuring the continued operation in the case of an emergency.

I.1c.3 In the event that the Contingency Reserve of any utility fund is used it shall be replenished by the end of the following fiscal year or as soon as practical thereafter considering the circumstances that prompted the need to use the reserve.

I.1c.4 A Capital Replacement Reserve shall be maintained in the SMaRT Station Replacement Fund to account for contributions from the three participating cities for the replacement of City-owned SMaRT Station equipment.

I.1c.5 A Rate Stabilization Fund shall be maintained in each utility fund to levelize the rates and annual rate increases in light of fluctuations in financial requirements from year-to-year.

I.1c.6 A Capital Rehabilitation and Replacement Reserve for each utility should be established to provide resources for the infrastructure replacement needs of the respective utility system. This reserve should act as a sinking fund for annual depreciation expense of the utility assets.

I.1c.7 Debt service reserves should be maintained for each bond issue as required by the bond covenants.

I.2: Community Recreation Fund Policies

I.2a: Fund Management

I.2a.1 The General Fund subsidy received by the Community Recreation Fund shall be fixed at the FY 2006/2007 level as the base year and increased annually by the inflation factor included in the recommended budget for the upcoming year.

I.2a.2 Any increase in service levels by City Council not covered by an increase in revenues will result in a corresponding increase to the General Fund subsidy.

I.2a.3 Any action by City Council to decrease revenues of the Community Recreation Fund not covered by a decrease in operating costs will result in a corresponding increase to the General Fund subsidy.

I.2a.4 The infrastructure rehabilitation and replacement of all facilities on park land, including the golf courses and tennis center, will be funded first through the Park Dedication Fund if funds are available.

I.2a.5 A Fee Waiver system should be provided to allow persons who are economically disadvantaged to participate in and utilize programs, facilities, and services provided by the Community Recreation Fund. The criteria for eligibility in this system shall be established by Council policy.

I.2b: User Fees

I.2b.1 Golf fees shall be set annually utilizing market-based comparisons and included in the City's Annual Fee Schedule adopted by Council resolution.

I.2b.2 User fees for recreation services shall be set administratively by the Director of Parks and Recreation in accordance with a documented methodology that depicts a relationship to cost recovery, market forces, and adjustments based on such factors as:

- Perceived benefit to the community
- Pricing which favors Sunnyvale residents over non-residents
- Target populations

- Promotional and marketing considerations

I.2b.3 The fees established administratively by the Director of Parks and Recreation shall be published at least twice a year.

I.2c: Reserves

I.2c.1 The Community Recreation Fund shall maintain a Twenty-Year Resource Allocation Plan Reserve to stabilize economic cycles and maintain service levels over the long term.

I.2c.2 Any fund balance remaining in the Community Recreation Fund shall remain in the Fund for use in subsequent years.

I.2c.3 The Community Recreation Fund will maintain a Co-op Sports Reserve to administer the after school intra-mural sports league programs at Sunnyvale Middle School and Columbia Middle School as required by agreement with the Sunnyvale School District.

Community Participation Sub-Element

Goals, Policies and Action Statements

Goal 7.2A Achieve a community in which citizens and businesses are informed about local issues and City programs and services.

Policy 7.2A.1 Use community and business organizations and networks as a resource for community education and outreach.

Action Statements

7.2A.1a Encourage the development of and support community organizations and networks for public information.

7.2A.1b Provide community organizations and networks with and encourage distribution of information regarding City events, programs and services.

City of Sunnyvale Program Performance Budget

Program 717 - Payroll Administration

Program Performance Statement

Provide Payroll Services on a bi-weekly basis to approximately 1,200 employees in support of City operations in accordance with Administrative Policies and Memoranda of Understanding with employee labor unions (MOU), by:

- Providing accurate and timely payroll services for all city employees, including issuing approximately 31,000 checks,
- Providing regulatory reports to all Federal and State agencies including but not limited to Federal Form 941, State Form DE6 and Public Employees Retirement System (PERS),
- Provide employees with annual W-2,
- Providing timely employee payroll history requests for appropriate outside agencies such as Unemployment Insurance and PERS service credit, employees and managers,
- Reconciling all payroll mandated and voluntary deductions including but not limited to taxes, credit union, charitable contributions and deferred compensation accounts to General Ledger per pay period, accounting period, quarter or annually as appropriate, and
- Maintaining the City's payroll system to ensure its integrity and reliability by providing daily maintenance and troubleshooting; security and structural set-ups and, most current upgrades.

Notes

1. Implementation of Phase One of the new payroll software is complete. Payroll, in conjunction with the Information Technology Department has proposed a new project for Phase Two of the new payroll software. This is the distributed time entry process.
2. Reduction in regular and overtime hours in FY 2009/2010 is based on the assumption that Phase Two of the payroll software will be fully implemented.

City of Sunnyvale Program Performance Budget

Program 719 - Accounting and Financial Reporting

Program Performance Statement

Provide accounting and financial reporting services to City management and staff, City Council and regulatory agencies to enable them to make informed decisions regarding the financial affairs of the City, by:

- Maintaining the City's Financial System software by providing the required most current system upgrades and enhancements as they become available for continued peak performance,
- Performing daily maintenance of the City's Financial System, including daily balancing of financial tables,
- Managing the City's Financial System software by providing structural setups for new object codes, funds and subfunds, general ledger and subsidiary general ledger accounts, transaction codes, leave policies, pay components and premiums and security setups for new users,
- Providing financial system reports and query tools to City staff,
- Ensuring accounting period reports are made available within ten business days after the accounting period closes,
- Accounting for the City's financial transactions in accordance with generally accepted accounting principles (GAAP) for governments,
- Reconciling all bank and general ledger accounts,
- Monitoring grants and projects,
- Managing the independent financial audit and producing the City's annual financial report as specified by the City Charter,
- Preparing and providing financial or budgetary reports to Federal, State and other governmental agencies in order to comply with California law and to satisfy annual grant reporting and funding requirements, and
- Reporting and accounting for the Redevelopment Agency's financial transactions.

Notes

1. The training budget reflects:
 - The need to keep up with new governmental accounting standards/pronouncements, and
 - The succession plan to cross train employees so that the Financial System control remains effective as employees leave the work force.

City of Sunnyvale Program Performance Budget

Program 720 - Utility Billing, Collection, and Revenue Management

Program Performance Statement

Provide utility billing service, customer service, and financial management to enable the provision of high quality water, wastewater, and solid waste services to the City's 30,000 utility customers, by:

- Reading meters as required by the Sunnyvale Municipal Code (SMC Section 12.24.020) so that residential meters are read once every other month, and commercial meters are read once a month,
- Working with new and existing customers to start and stop utility services as requested,
- Distributing accurate and timely bills as required by the Sunnyvale Municipal Code (SMC Section 12.24.020) so that residential customers receive a bill once every other month, and commercial customers receive a bill once a month,
- Reviewing and auditing utility accounts regularly to ensure the accuracy and completeness of the data retained in the utility billing system,
- Working with existing customers to receive and process one time orders for service (for example special garbage pickups) and responding to detailed billing inquiries,
- Receiving and processing utility payments daily in a timely and accurate manner,
- Processing penalties on delinquent accounts as required by the Sunnyvale Municipal Code (SMC Section 12.50.050) and distributing reminder notices for those accounts,
- Reviewing delinquent utility accounts and interrupting water service to ensure the collection of delinquent funds weekly,
- Monitoring utility billing system performance and taking timely corrective action to address system problems,
- Setting utility rates that maintain the health of the utility enterprises over a twenty year period,
- Assisting in the preparation of utility operating and capital budgets for the utility enterprises,
- Providing timely and relevant utility billing system training to keep staff skills current with latest system upgrades,
- Auditing significant areas of risk each year as identified in the program's audit plan with the purpose of maintaining the accuracy and completeness of the data retained in the utility billing system, and
- Preparing and processing utility billing journal vouchers for interface with the City's financial system.

Notes

1. The Utility Billing, Collection, and Revenue Management Program's vision is to maximize the use of technology and employ an analytic based management approach to maintain current resource levels as the City grows.

In order to maintain our top notch public services in an ever shrinking resource environment, staff is focused on the implementation of cost and operationally effective technology, and the use of data to make real time predictive business decisions. To that end staff has made or is evaluating improvements to all significant work areas including customer service, payment processing, meter reading, and delinquency processing.

Program 720 - Utility Billing, Collection, and Revenue Management

Service Delivery Plan 72004 - Collect Delinquent Utility Charges

Maintain a high collection rate of utility charges, by:

- Reviewing and processing delinquent utility accounts,
- Providing accurate and timely notification of delinquency to delinquent customers,
- Working directly with customers to ensure the payment of late balances through the provision of payment arrangements,
- Reviewing and processing delinquent accounts of property owners for placement on the County tax roll,
- Interrupting water service to insure collection of delinquent funds,
- Reviewing garbage only accounts and reducing service to ensure collection of delinquent funds,
- Reviewing and processing bankruptcies and taking action, such as filing a claim, when appropriate, and
- Maximizing collection of delinquent funds through other collection techniques in compliance with applicable laws.

Notes

1. Staff is focused on reducing labor intensive delinquency activities (e.g. water turn offs) by using new tools. For example, included in the budget is \$1,800 for a yearly subscription to a skip tracing product for our collections operation.

Program 720 - Utility Billing, Collection, and Revenue Management

Service Delivery Plan 72006 - Monitor and Maintain the Health of the Utility Enterprise Funds

Provide financial management to maintain the health of the utility enterprise funds, by:

- Providing the City Council with a yearly report on proposed utility rates for the coming year, including a discussion of utility enterprise fund condition,
- Setting utility rates to ensure recovery of the full cost of providing utility services,
- Reviewing utility fund income statements for accuracy,
- Consulting with Utility managers on an accounting period basis on the health of each utility enterprise,
- Providing financial and operational consulting services to the utility operating programs,
- Preparing a yearly report to council to assess charges for sewer service provided outside the City, and delivering the assessments to the county for processing,
- Querying information contained in the utility billing database to assist other departments in the ongoing management of their budget and provide year to date data trends, and
- Assisting in the preparation of utility operating and capital budgets for the utility enterprises.

City of Sunnyvale Program Performance Budget

Program 725 - Community Building, Civic Engagement and Volunteering

Program Performance Statement

Develop, maintain and grow community partnerships and resources in Sunnyvale, by:

- Providing information and support to neighborhood associations, community organizations, and the general public,
- Enhancing cultural understanding, facilitating the civic involvement of Sunnyvale's multi-cultural population,
- Supporting volunteerism in Sunnyvale and the larger community,
- Encouraging community participation and leadership development, and
- Enhancing access to city services.

The four service delivery areas are:

- Promoting the formation and effectiveness of neighborhood associations by acting as their City liaison, providing timely and useful information, facilitating quarterly meetings of neighborhood leaders, and administering neighborhood grants.
- Creating and maintaining outreach tools, providing information to community members, and coordinating outreach strategies and leadership training.
- Enhancing Sunnyvale's sense of community and access to City services by supporting an inclusive and culturally diverse community, helping community members to resolve issues with the City, supporting community organizations (cultural, educational & faith-based organizations, not for profit agencies service groups, etc.) and administering Americans with Disabilities (ADA) related activities.
- Building community partnerships, augmenting the provision of City services and supporting civic engagement by providing volunteer opportunities in City departments, training City staff to be effective supervisors of volunteers and interns, and promoting a connected community through community service and employee volunteerism.

Program Performance Budget

Program 726 - Intergovernmental Relations (IGR)

Program Performance Statement

Assist staff and City Council in representing the City's interests in intergovernmental activities, and making informed decisions when establishing policies and positions on legislative issues, by:

- Keeping Council informed about intergovernmental relations activities,
- Responding to bills/issues in a coordinated and timely manner, and
- Providing support to City-wide staff that are responsible for department-specific IGR activities.

Service delivery areas include:

- Advocate on significant issues of concern to Sunnyvale as appropriate.
- Manage and support Council's intergovernmental assignments by maintaining accurate records of Council assignments; notifying intergovernmental agencies of Council assignments at start of calendar year; processing new assignments for Council ratification in a timely way; and training IGR staff City-wide on Council support policies, procedures and expectations.
- Identify and advise Council on pending legislative and intergovernmental issues of significant concern to Sunnyvale by supporting and coordinating City-wide IGR activities to provide balanced analysis of issues, review current City policy, and outline and evaluate alternative courses of action.
- Provide management and support.

Program 726 - Intergovernmental Relations (IGR)

Service Delivery Plan 72601 - Manage Council Intergovernmental (IGR) Assignments

Manage and support Council's intergovernmental assignments, by:

- Maintaining accurate records of Council assignments,
- Notifying intergovernmental agencies of Council assignments at start of calendar year,
- Processing new assignments for Council ratification in a timely way, and
- Training IGR staff City-wide on Council support policies, procedures and expectations.

Notes

1. Activity 726110 - FY08-09 hours will include an upgrade of the internal IGR website. In future years, these hours will be used for annual maintenance of the upgraded website and more individualized support of IGR liaisons and staff on IGR matters. These efforts will result in a more useful tool for department IGR liaisons and City staff; an upgraded website will also result in more available time for the IGR division to dedicate towards assisting departments with their advocacy efforts.

Program 726 - Intergovernmental Relations (IGR)

Service Delivery Plan 72603 - Management and Support Services and IGR Projects

Provide leadership to Office of the City Manager staff, City Council, the general public, and the business community, by:

- Planning for the long range needs of the department,
- Analyzing financial reports and making recommendations to improve operations,
- Responding to Council, citizen, and business inquiries in a professional and timely manner, and
- Coordinating the analysis of department wide issues to prevent duplication and ensure the even application of policies and procedures.

Support the operation and overall effectiveness of Intergovernmental Relations, by:

- Supporting the administrative needs of staff and management,
- Accurately filing and retrieving Intergovernmental Relations onsite and offsite records,
- Processing purchase requisitions, POs and check requests, and
- Maintaining the operation of office equipment and collection and distribution of interoffice mail.

Notes

1. Activity 726330 (Interagency Projects) - Some examples of the types of projects that are managed by the IGR program include Moffett Field, NASA Ames, Onizuka Air Force Station, the City of Mountain View, Friendly Exchange Relations cities, and other visiting governments as directed.

Program Performance Budget

Program 727 - Policy Analysis and City-Wide Process Improvement

Program Performance Statement

Maintain user-friendly, accurate City Council policies and administrative policies, manage the City's Study Issues process, and ensure efficient and effective City-wide work processes, by:

- Coordinating the development and maintenance of City policies,
- Coordinating policy reviews as needed,
- Managing the City's Study Issues process, and
- Developing and revising City-wide processes.

Service areas include:

- Maintain, review and update Council and administrative policies.
- Coordinate City-wide review of new laws, and coordinate updates to City policy as needed.
- Compile and track the City's annual Study Issues process.
- Review and revise City processes to improve efficiency and effectiveness.
- Provide management and support.

Notes

1. There are two new activities in this program: 1) Coordinate Planning and Management System (PAMS) activities citywide, and 2) Coordinate environmental sustainability activities citywide.

Program 727 - Policy Analysis and City-Wide Process Improvement

Service Delivery Plan 72701 - Council and Administrative Policies Review and Update

Review and update Council and administrative policies for accuracy, clarity and relevance. Coordinate department and City-wide review of new laws, and coordinate updates to City policy as needed. Develop City policy and Council reports on policy issues for the Office of the City Manager.

Notes

1. Activity 727100 - Increased hours reflect 1) the development and implementation of staff training on Council policy, and 2) the complexity of pending policy issues following completion of the policy clarity update project in 2006. Increased hours also reflect maintenance of online, searchable policy websites (internal and external).
2. Activity 727110 - Increased hours reflect 1) the development and implementation of staff training on Council policy, and 2) complexity of pending policy issues following completion of clarity update in 2007. Increased hours also reflect maintenance of administrative policy website (internal only).

Program 728 - Council - Appointed Advisory Boards and Commissions

Program Performance Statement

Provide effective advisory Boards and Commissions to City Council, by:

- Managing recruitment activities including publicizing to the community the opportunity to participate on ten (10) advisory boards and commissions: Arts Commission, Bicycle and Pedestrian Advisory Commission, Board of Building Code Appeals, Board of Library Trustees, Childcare Advisory Board, Heritage Preservation Commission, Housing and Human Services Commission, Parks and Recreation Commission, Personnel Board, and Planning Commission,
- Supporting Boards and Commissions member development through orientation and training,
- Supporting staff liaisons to the Boards and Commissions through training and problem-solving,
- Providing recognition of Boards and Commissions member service to Council and the community,
- Providing overall management and support of the Boards and Commissions process, and
- Providing ongoing monitoring of Boards and Commissions activities including attendance records.

Notes

1. This program focuses on strengthening Boards and Commissions member development, ensuring consistency amongst various Boards and Commissions where appropriate, and supporting staff liaisons responsible for Boards and Commissions. Program emphasis in FY 2008/2009 will be on reviewing and recommending revisions to Boards and Commissions by-laws revising and admin policy.
2. Administration oversight of City's Boards and Commissions program has been delegated, by the City Manager, to the City Clerk.
3. New program measures highlight the City's efforts to create a boards and commissions program that reflects the cultural demographics of the City.

City of Sunnyvale
Program Performance Budget

Program 736 - Public Records and City Elections

Program Performance Statement

Ensure official City documents comply with California State Law and City Policy and ensure City elections comply with the State of California Election Code and City policy by accurately and efficiently:

- Preparing for and facilitating Council meetings in accordance with Brown Act and City Charter,
- Providing ongoing management and support of the Public Records and City Elections Program by: attending Council meetings; providing administrative and clerical support services; and providing training and educational opportunities for staff development,
- Maintaining Tentative Council Meeting Agenda Calendar (TCMAC) and tracking Information and Action Items-Council direction to staff,
- Maintaining and managing official City legislative records, and
- Administering municipal elections in conjunction with the Santa Clara County Registrar of Voters.

Notes

1. City elections are held in November of odd-numbered years only. Significant differences in funding for this program every other year reflect the costs associated with election years as opposed to non-election years.

City of Sunnyvale Program Performance Budget

Program 739 - City Council Budget and Clerical/Administrative Support to Council

Program Performance Statement

Provide the resources and support City Council needs to establish City policy and carry out legislative responsibilities. This includes the budget necessary to allow Council to provide the policy direction required to move the community forward and to guide staff actions (e.g. travel allowance, State of the City expenses, Council recognition and Council salaries). It also provides City Council clerical and administrative support, by:

- Completing Council Answer-Point Responsibilities: Responding to email, phone, fax, mail, and in-person inquires/complaints for Mayor and Council, and coordinating responses to inquiries with other City department staff; maintaining Council files,
- Assisting Council with the polling/scheduling of City-related meetings and functions, and maintaining Council calendar,
- Providing direct support to the Mayor including scheduling, mail processing, and preparation of correspondence,
- Completing Council conference registrations and travel arrangements for all major annual conferences, including LCC, NLC, USCM, and others,
- Preparing City recognitions, special orders of the day and announcements for Mayor/Council,
- Supporting Council transitions associated with new and departing Councilmembers, or Councilmembers transitioning into and out of the position of Mayor,
- Tracking Council seat number budgets,
- Coordinating duties with City Clerk, as pertaining to the Council and Council Meetings, including items requiring Brown Act compliance, coordination of City presentations and recognitions at Council Meetings, fulfillment of Public Records Act requests, weekly Council packet deliveries, etc., and
- Acting as a liaison between Mayor/Council and other City Departments.

City of Sunnyvale Program Performance Budget

Program 740 - Purchasing and Payment of City Obligations

Program Performance Statement

In accordance with the City Charter and the Sunnyvale Municipal Code, centrally purchase and pay for all goods and services required to support City-wide operations, by:

- Creating and maintaining a fair and open purchasing system that encourages qualified suppliers and contractors to compete for City business,
- Obtaining maximum value for each dollar spent by soliciting formal competitive bids for purchases of goods and/or services and construction projects valued at more than \$50,000 and soliciting informal quotes, when possible, for purchases valued at \$50,000 or less,
- Participating in cooperative procurements with other governmental agencies to achieve cost savings through volume purchases,
- Enhancing competition for City contracts by increasing the vendor pool through effective advertising,
- Establishing purchasing and payment procedures which promote cost effective, efficient and ethical business practices and are in compliance with all laws, rules, regulations and policies,
- Providing assistance and training to City employees to ensure that they understand and comply with the City's purchasing and payment laws, policies and procedures,
- Maintaining a centralized warehouse where City employees are able to obtain commonly used supplies quickly and easily, and at a reduced cost due to volume discounts through consolidated purchases that are competitively bid,
- Paying supplier invoices timely, accurately and in compliance with contract terms and conditions and City policies and procedures,
- Issuing purchasing cards to those City employees whose work assignments are such that the cards enhance their productivity and cost effectiveness,
- Disposing of surplus and obsolete equipment and supplies, using processes that are cost effective, promote recycling and maximize sales revenue to the City, and
- Providing centralized receiving for all corporation yard programs.

Program 740 - Purchasing and Payment of City Obligations

Service Delivery Plan 74004 - Central Stores

Maintain and operate a centralized warehouse from which City employees can quickly and easily obtain supplies and dispose of surplus, by:

- Ordering, stocking and distributing commonly-used items that are up-to-date and relevant to City operations,
- Maintaining inventory levels that are fiscally responsible while keeping stock outages at a minimum,
- Providing a centralized receiving station for Corporation Yard work units,
- Removing surplus and obsolete equipment and supplies from work areas throughout the City and disposing of it, using processes that are cost effective, promote recycling and maximize sales revenue to the City, and
- Maintaining a centralized warehouse where City employees are able to obtain commonly used supplies quickly and easily, and at a reduced cost due to volume discounts through consolidated purchases that are competitively bid.

Program Performance Budget

Program 743 - Budget Management

Program Performance Statement

Assist the City Manager in annually developing and submitting a budget to City Council, 35 days prior to the beginning of the fiscal year as prescribed in the City Charter, that meets the current and future service demands of the community in an efficient and cost-effective manner, by:

- Developing revenue projections and a fee schedule annually,
- Reviewing and analyzing operating programs and projects in alternating years,
- Developing and updating the long-range financial plans annually,
- Preparing and publishing the recommended and adopted budgets on the City's website, CD-ROM, and hard copy,
- Analyzing the budgetary and fiscal impacts for various City issues arising through Reports to Council, labor negotiations, development proposals, requests for budget modifications and supplements, and requests from the City Manager, Finance Director and Departments,
- Conducting the Fiscal Issues Workshop which includes a mid-year update on the current budget's revenue projections and expenditures, analysis on economic indicators and trends, presentation of budgetary and fiscal challenges facing the City,
- Reviewing and analyzing the year end results and carryover requests for all City programs and projects and preparing the data for presentation to City Council,
- Tracking budgeted revenues and expenditures throughout the year and working with Departments to address any issues, and
- Training program managers and staff support on the budget structure, process and system throughout the year.

Notes

1. The Government Finance Officer's Association is the professional association of state/provincial and local finance officers in the United States and Canada, and has served the public finance profession since 1906. The Distinguished Budget Award recognizes budget documents of the highest quality that meet the needs of decision-makers and citizens.

City of Sunnyvale Program Performance Budget

Program 744 - Treasury/Cash Management

Program Performance Statement

Provide Cash Management, Billing and Treasury Services to ensure prudent management of the public's money, by:

- Managing City-wide cashiering operations,
- Maintaining efficient billing processes of all miscellaneous accounts receivable for all City departments,
- Managing effective collection practices for delinquent receivables, including referring accounts uncollectible by the City to an outside collection agency,
- Reviewing and processing revenue and taxes for all City departments,
- Administering the Transient Occupancy Tax ordinance including accepting, reviewing, and processing tax returns and providing due process (administrative hearings) for the collection of tax owed,
- Administering the Business License Tax ordinance including billing, reviewing and processing new and renewing applications and issuing license tax certificates,
- Investing City's pooled cash in high quality investments while maintaining the overall objectives of safety, liquidity, and yield,
- Administering all City bank accounts and all banking related activities including credit card processing, securities custody and account analysis of the City's bank accounts,
- Maintaining bond issues and ensuring that all debt service payments and continuing disclosure deadlines are met according to bond covenants, and
- Auditing disbursements to ensure compliance with City policies.

Notes

1. The costs reflected in the Business Tax activity reflect only Finance's portion of the application process. The zoning approval of the application and any other Community Development costs are not included.
2. In FY 2008/2009 an additional 350 work hours were added to this program to perform enhanced business license tax audit efforts.

City of Sunnyvale Program Performance Budget

Program 755 - Recruitment, Classification, and Compensation

Program Performance Statement

Provide effective, efficient, and timely recruitment and classification services, and compensation plan management for a workforce of approximately 1,200 employees in direct support of City-wide operations, by:

- Developing partnerships with customer departments to provide effective staffing through the administration of mutually agreed upon recruitment plans,
- Conducting recruitments to fill vacancies at the executive, management, professional, paraprofessional, technical, service maintenance, administrative, and clerical levels; and for public safety and dispatch positions,
- Managing the placement of temporary employees and administering the City's temporary placement agency contract,
- Administering the City's classification plan to optimize classification structure and to best support City-wide staffing needs,
- Preparing, reviewing, and updating job specifications to accurately reflect the classification definition; distinguishing characteristics; essential and other functions; required minimum qualifications, including education and experience, licenses, and other certifications, as may be appropriate; and required knowledge, skills, and abilities,
- Administering the City's compensation plan to support attracting and retaining qualified employees through regular market and other analysis,
- Assisting with the development/refinement of City departmental organization structure, and
- Providing clear, timely, and accurate information to customers regarding recruitment, classification, and compensation issues.

Notes

The budgets for fiscal years 2008/2009 and 2009/2010 have been established using a 10% turnover rate for full-time and regular part-time employees, based on historical and industry trends.

City of Sunnyvale Program Performance Budget

Program 757 - Employee/Labor Relations and Employee Development

Program Performance Statement

Provide effective, efficient, and timely employee/labor relations management and employee development/training for a workforce of approximately 1,200 City employees in direct support of City-wide operations, by:

- Managing the City's employee/labor relations program for five (5) recognized bargaining units: Communication Officers Association (COA), Public Safety Officers Association (PSOA), Service Employees International Union-Local 715 (SEIU), Sunnyvale Employees Association (SEA), and Sunnyvale Managers Association; and two (2) unrepresented groups: Unrepresented Management and Confidential employees in accordance with the Meyers-Milias Brown Act (MMBA),
- Partnering with customer departments to proactively resolve employee/labor relations issues,
- Managing the City's employee development/training program, including supervisory training, skills, professional, and leadership development, succession planning, and out placement services,
- Developing and managing the City-wide employee performance and evaluation programs,
- Assisting managers with employee performance issues,
- Providing counseling and assistance to employees on performance and other employee relations issues, and
- Providing clear, timely, and accurate information regarding the City's Human Resources policies and procedures.

Notes

1. The "Provide Mandated Training" activity includes training for Anti-Harassment and Ethics.
2. The "Employee Training /Development Program" activity includes a management-focused component that has been developed to address organizational needs in the next two fiscal years (08/09 and 09/10). This component, as well as other training provided, will be reviewed every two years to ensure that training provided addresses the changing needs of the organization.

City of Sunnyvale Program Performance Budget

Program 786 - City Liability and Property, Safety Services, and Workers' Compensation Benefits Administration

Program Performance Statement

To protect the assets of the City and its constituents through a comprehensive liability and insurance program (self-insured and pooled risk) that assures appropriate insurance coverage in the event of loss, by:

- Managing the self-funded property and liability program, including the investigation and processing of claims in compliance with State law and City policy,
- Representing the City in Small Claims Court actions,
- Proactively managing the purchase of appropriate insurance, including employee bonds and theft policies, property coverage, boiler and machinery coverage, to ensure that policies are cost-effective and meet the needs of the organization,
- Ensuring appropriate loss recovery in the event of City property damage,
- Proactively identifying and coordinating the reduction of potential liability exposures,
- Providing City departments with advice on exposure reduction,
- Coordinating review of citizen complaints relating to potential liability exposures with responsible departments,
- Coordinating the mitigation of identified liability exposures with responsible departments,
- Coordinating and managing all activities required to maintain membership in a joint powers insurance risk pool, including preparation of financial reports, maintaining claims logs, and attend required meetings, and
- Assisting City departments with contract reviews and insurance compliance.

And provide effective, efficient, and timely administration of safety services and workers' compensation benefits in accordance with current laws, legal mandates, memoranda of understanding, and City policies for a workforce of approximately 1,200 City employees, by:

- Proactively managing the City's workers' compensation contracts to ensure legal compliance and that services provided are cost-effective,
- Managing the City's workers' compensation program, including administration of claims, review of leave usage, management of third party administrator contract, and securing legal counsel when appropriate,
- Providing on-going evaluation of safety services to ensure that cost effective services and benefits are provided,
- Meeting reporting and regulatory requirements,
- Partnering with managers and customer departments to proactively resolve issues, and
- Providing clear, timely, and accurate information regarding program policies and procedures.

City of Sunnyvale Program Performance Budget

Program 786 - City Liability and Property, Safety Services, and Workers' Compensation Benefits Administration

Notes

1. Beginning in Fiscal Year 08/09, this program includes safety services and workers' compensation administration. Budgeted hours in FY 07/08 for safety services were 1,268, and for workers' compensation were 3,342, for a total of 4,610. The budget for FY 08/09 includes 1,489 hours for safety services and 2,170 hours for workers' compensation, for a total of 3,659 hours. The reduction in hours for workers' compensation is due to efficiencies that have been implemented during the past two years in workers' compensation administration, and a redistribution of leave management. Leaves, other than those related to workers' compensation, will be managed by staff in Program 758.

2. For Fiscal Year 2008/2009, one-time funding has been included so that program services can be reviewed, options evaluated, policies updated, and efficiencies implemented so that services are provided in the most cost-effective manner.

\$30,000 is budgeted for a medical standards study. This study would develop job profiles for selected city job classifications. A job profile is developed by a specialized medical consultant who conducts an analysis of working conditions and environmental exposures encountered on the job. The job profile will then provide the foundation for the establishment of pre-employment job-related, cost effective medical examinations.

\$20,000 is budgeted for a safety specialist to assist the City in updating outdated safety policy and procedures, ensuring the City's legal compliance with appropriate OSHA rules and regulations, updating training needs and making recommendations for an ongoing safety programs. This process began in January 2008 but will need additional funds and time to be completed in FY 2008/2009.

\$15,000 is budgeted for a specialist to review and update several city policies and practices related to insurance requirements, contractual risk transfer, claims management and processes, and other necessary risk management improvements.

General Services

There are certain operating programs that do not fit into one of the seven General Plan elements. These General Services programs are used to account for the financing of goods and services provided by one program to other programs that are a part of the seven elements. The General Services operating programs include internal operations like fleet and facilities management, employee leaves and benefits, workers' compensation, insurance and information technology.

City of Sunnyvale Program Performance Budget

Program 761 - Application and Integration Services and Support

Program Performance Statement

Support the City's business technological needs through major computer applications software, such as Computer Aided Dispatch (CAD), the City's Website, and the Library, Utility Billing, Financial and Human Resources/Payroll systems, by:

- Ensuring that critical applications software, which are those that, if inoperable or unavailable, present a potential liability to the organization, result in a financial loss, impact life and/or property safety, cause failure to meet urgent deadlines or negatively impact direct service to the City's constituents, are available for use and operating efficiently for their users;
- Escalating corrective actions for critical applications software in order to minimize their impact on users;
- Installing, upgrading, maintaining and supporting applications used throughout the City to maximize their effectiveness;
- Responding to requests for modifications or corrective actions to the satisfaction of and within timeframes agreed upon by our customers; and
- Using Geographical Information Systems (GIS) to implement, maintain and analyze multi-dimensional geographical data to create cost-effective and accurate business solutions.

Notes

1. The operating budgets for the Information Technology Department do not include capital acquisitions costs.
2. There is an \$18,000 increase in the FY 2009/2010 Software Licensing and Support budget for the City's webcasting solution, provided by Granicus. Support for FY 2008/2009 is funded through the IT Investment Account.
3. There is a \$31,000 increase in the Software Licensing and Support budget for software and licenses that we purchased since the last operating budget cycle or will purchase in FY 2008/2009 or 2009/2010. These include: Bardon Data Internet Security, COBOL Compiler, Compulaw, Distributed Time Entry, InfoWater Suite, Loan Ledger, Transoft Traffic Solutions and Training Tracker, and additional Groupwise, Crystal Reports and Tiburon (CAD/RMS) Licenses.
4. There is a \$3,000 increase in the Software as a Service (SaaS) budget for software subscriptions that we purchased since the last operating budget cycle or will purchase in FY 2008/2009 or 2009/2010. These include: Survey Analytics, Secure Socket Layer (SSL) Certificate and Pay Flow Pro.

Program Performance Budget

Program 763 - Provision of Vehicles and Motorized Equipment

Program Performance Statement

Support City operations with a safe, functional and dependable fleet of vehicles at the lowest possible cost, by:

- Performing preventative maintenance and corrective repairs to minimize operating cost and maximize reliability of City vehicles and motorized equipment,
- Supplying City programs with necessary and appropriate vehicles and motorized equipment, and
- Generating and maintaining long range replacement plans to anticipate future vehicle and equipment needs.

Notes

1. Operator Certification includes providing in-house training on a variety of specialized equipment to enhance operator performance and address specific safety concerns. Of the 12 types of training provided by Fleet, forklift operator, commercial driver's license refresher, and underground storage tank operator training are mandated or recommended by other state agencies. The other 9 refer to items such as aerial basket trucks, backhoes, rotary mowers, loaders, crane trucks etc.

City of Sunnyvale Program Performance Budget

Program 767 - Infrastructure Services and Support

Program Performance Statement

Ensure that City departments can effectively and efficiently use technology and share information to perform their daily business operations, by:

- Providing, maintaining and monitoring secure access to and use of the Wide Area Network (WAN), Local Area Networks (LANs), electronic mail, Internet and Intranet;
- Providing, maintaining and monitoring the voice, data and video communications systems and networks;
- Providing and maintaining voice, data and video communications equipment;
- Providing technical support and technical training for desktop computing hardware and software;
- Performing system and database backups and other routine production functions with minimal disruption to ensure the smooth and timely completion of daily operations throughout the City;
- Developing and implementing policies and procedures to prevent systems failures, and to minimize the loss of data in the event of failure;
- Ensuring that systems and equipment critical to the City's daily operations, which are those that, if inoperable or unavailable, present a potential liability to the organization, result in a financial loss, impact life and/or property safety, cause failure to meet urgent deadlines or negatively impact direct service to the City's constituents, are available for use and operating efficiently for their users; and
- Escalating corrective actions for critical systems and equipment in order to minimize the disruption to City operations.

Notes

1. The operating budgets for the Information Technology Department do not include capital acquisitions costs.
2. There is a \$35,000 increase in the Miscellaneous Services budget for the IT Department's planned acquisition of a redundant internet service, needed by the City's Emergency Management Organization (EMO). It is also needed to expand our already strained bandwidth and to support the City's webcasting of Council and Planning Commission meetings.
3. There is a \$12,000 increase in the Software Licensing and Support budget for software and licenses that we purchased since the last operating budget cycle or will purchase in FY 2008/2009 or 2009/2010. These include: Electronic Call Accounting System (eCAS), Enterprise Backup Software and Faronics Anti-Executable, and additional Norton Anti-Virus Licenses.
4. There is a \$10,500 increase in the FY 2009/2010 Hardware Maintenance budget for support costs on the Network Appliance File Server that is currently under warranty.
5. \$12,000 of the Professional Services costs are for network consulting and troubleshooting. It is necessary to budget these dollars to ensure the City has the resources available to prevent and minimize any downtime of the City's network.
6. \$24,000 of the Professional Services costs are for outside support of various Department of Public Safety technology initiatives that the IT Department has neither the resources nor the expertise to provide.
7. Basic cell phone charges are budgeted as regular rental rates. Any new costs or those above the normal monthly charges will be treated as unbudgeted expenses and charged directly to a department's operating budget.

Program 767 - Infrastructure Services and Support

Service Delivery Plan 76701 - Administer the City's Desktop Computing Environment

Provide and maintain desktop computing hardware and software so that users can efficiently and effectively use technology to conduct City operations, by:

- Providing technical support, including monitoring, troubleshooting and repairing, for desktop computing equipment;
- Providing group and individual technical training on desktop hardware and software, as well as educating users on the policies and procedures related to their use; and
- Coordinating and communicating IT-related changes to minimize their impact on users.

City of Sunnyvale Program Performance Budget

Program 769 - Facility Services

Program Performance Statement

Maintain 87 City buildings, approximately 485,509 square feet, including Public Safety, Library, 6 Fire Stations, Civic Center, Community Center, and Senior Center, in a safe, functional, clean and cost effective manner for all users, by:

- Providing building inspections to ensure the safety, functionality, and code requirements of all City buildings and building components are met,
- Providing preventive maintenance including proactive service to HVAC, plumbing, electrical and other building systems to ensure City-maintained buildings meet applicable codes and components function in an efficient and effective manner,
- Providing a secured access control and fire monitoring system for the safety of City buildings and building occupants, issuing electronic and mechanical access keys, and maintaining records and associated equipment,
- Responding to building related urgent calls for service requests such as flooding, electrical outages, HVAC failure and structural building issues,
- Performing scheduled maintenance and responding to over 2,500 building related non-urgent repair requests each year including temperature malfunctions or concerns, leaking water pipes and faucets, lighting and other electrical repairs, furniture and appliance repair and malfunctioning doors and windows,
- Providing scheduled and non-scheduled contractual janitorial services to 330,000 square feet of buildings,
- Managing, preparing, and implementing internal charges for City building occupied space and facility related equipment and their associated maintenance and repair costs,
- Making City buildings ADA (American Disabilities Act) compliant by developing plans and implementing Capital Improvement Projects that allow for mandated federal ADA related upgrades to buildings, and
- Maintaining the City building infrastructure in a manner that provides necessary utilities (natural gas, electricity, and potable water) for building users, and implementing comprehensive methods and practices to help conserve energy and water resources.

Program 769 - Facility Services

Notes

1. The product cost variance between janitorial services to the Columbia Neighborhood Center (Activity 769110) and janitorial services to other City buildings (Activity 769100) is due to the fact that the Columbia Neighborhood Center receives janitorial services seven days each week, as opposed to most other buildings that receive services five days each week. Additionally, the janitorial company must be mobilized to service the Columbia Neighborhood Center since it is located away from the Civic Center.
2. Utilities expenditures for FY 2006/2007 were down 12.7% from the previous fiscal year. This was due to a variety of factors, including milder temperatures placing less demand on the heating and cooling systems, the replacement of the Library HVAC system's cooling tower, and more concentrated efforts on conservation and efficiency.
3. The budget overage in hours and expenditures for FY 2006/2007 was the result of increased Facilities services requests from other City departments. For a portion of the year, Facilities was absorbing these requests within its budget, as opposed to charging the departments for these service requests, which had previously been the methodology. These charges are for Facilities services that are above and beyond the current service level agreement.
4. Additional supplemental restroom cleanings at the Library, the Community Center and the Senior Center have been incorporated into the Facilities division budget. These cleanings will be provided by City staff as opposed to the contractor based on the ability of City staff to provide the service at a lower cost.
5. Beginning in FY 2008/2009, the budgeted and actual expenditures for utilities will be included in the Columbia Neighborhood Center and Sunnyvale Office Center activities. Previously, these expenditures were budgeted in a separate SDP consisting of only utilities expenditures. This change will provide greater visibility to total Facilities services costs for the Columbia Neighborhood Center and the Sunnyvale Office Center.
6. Activity 769530 (Utilities Usage Monitoring and Conservation) is carried out as a part of the daily duties of Facilities staff and includes monitoring usage and consumption, studying alternatives to current utilities sources and identifying ways to become more energy efficient.

City of Sunnyvale
Program Performance Budget

Program 770 - Internal and External Business Support Services

Program Performance Statement

Maximize the effectiveness of technology to support City operations, by:

- Monitoring and evaluating emerging technologies and technology-related legislation to assess their value to and impact on the City and its operations;
- Defining and planning for the short and long term technology needs of the City;
- Improving efficiency by evaluating current business processes and recommending appropriate technology solutions;
- Managing the City's technology assets to ensure they are provided and supported in the least costly and most effective manner;
- Ensuring that adequate funds are available to acquire, replace and maintain technology assets; and
- Enforcing franchise and wireless lease agreements to ensure subscribers receive quality service area coverage, customer support and competitive choices.

Notes

1. The operating budgets for the IT Department do not include capital acquisitions costs.
2. The IT Department plans to develop the following policies in FY 2008/2009: Storage Management, Password Policies, Remote Network Access, Use of Portable Devices, Project Management and Project Initiation.
3. \$12,000 of the Professional Services costs are for outside assistance with the acquisition of custom and standard technology used specifically by the Department of Public Safety.
4. \$2,250 of the Professional Services costs are for outside assistance with the analysis of the annual cable television rate changes.

**Redevelopment
Agency**

**Redevelopment Agency Meeting: June 10, 2008**

SUBJECT: Adoption of the FY 2008/2009 Budget for the Redevelopment Agency of the City of Sunnyvale

REPORT IN BRIEF

The Sunnyvale Redevelopment Agency (Agency) is required to adopt an annual budget. It is recommended that the Agency adopt the FY 2008/2009 budget as outlined in this report.

BACKGROUND

The Sunnyvale Redevelopment Agency was established under the provisions of the community redevelopment laws of the State of California by a resolution of the City Council adopted on November 19, 1957. In this resolution, the City Council declared itself to be the governing members of the Agency.

The Sunnyvale Redevelopment Agency Fund accounts for activities of the Redevelopment Project Area, which is primarily the downtown area. This Fund accounts for debt service, capital projects, low-and-moderate-income housing, and general activities of the Agency. Capital projects can be long-term in nature and are often carried over to the next fiscal year. Certain transfers are made to the General Fund for repayment of the Agency's debt. Calculations for this repayment are dependent on the Agency's available resources at the end of the fiscal year, and therefore may differ from budgeted amounts.

EXISTING POLICY

Section 33606 of the California State Health and Safety Code requires that a Redevelopment Agency adopt an annual budget. Section 1304 of the City Charter requires the City Council to adopt the budget for the upcoming fiscal year on or before June 30.

DISCUSSION**Recommended FY 2008/2009 Budget****Projected Revenues**

Total recommended revenue for FY 2008/2009 for the Agency is approximately \$12.6 million. A breakdown of the sources of revenue is highlighted below:

Revenues	FY 2008/09 Budget
Property Tax Increment	\$5,812,531
Property Tax Increment – Town Center	\$582,946
Rents and Concessions	\$1,208,280
Addition to 1986 General Fund Loan	\$4,862,630
Interest Income	\$100,000
Total	\$12,566,387

The primary source of revenue to the Redevelopment Agency is Property Tax Increment, which is expected to total \$6.4 million in FY 2008/2009. Property Tax Increment is defined as Property Tax revenue generated within the redevelopment project area boundary *in excess* of the last equalized tax roll prior to the effective date of redevelopment plan adoption. The last equalized tax roll is known as the “Frozen Base.” Property Tax revenue generated from property valuations up to the Frozen Base goes pro rata to all taxing agencies such as schools, the County and the City. All property tax revenue generated above the Frozen Base goes to the Redevelopment Agency in order to repay investments made by the City to redevelop the project area.

The recommended FY 2008/2009 Budget for the Redevelopment Agency reflects the redevelopment of the Sunnyvale Town Center by RREEF/Sand Hill Properties. Therefore, Property Tax Increment is reflected as two line items in the Long Term Financial Plan in order to separately identify Property Tax Increment related to the Town Center redevelopment, which is projected to be \$582,946 in FY 2008/2009. Over the twenty-year Long Term Financial Plan, the Property Tax Increment for the Town Center redevelopment is projected to be \$86.3 million. Beginning in FY 2010/2011, the City will receive additional Property Tax Increment related to the Town and Country redevelopment. This revenue is expected to yield \$47.2 million over the Long Term Financial Plan.

The Rents and Concessions revenue is received from the City of Sunnyvale per the Sunnyvale Town Center parking structure lease agreement which was signed on May 1, 1977. The lease, as amended, requires the City to pay to the Agency base rental payments on October 1 and April 1 of each year. The rental payments are used to fund the annual debt service for the Parking Facility Certificates of Participation. The lease agreement was amended by the City and the Agency to substitute the underlying asset, the Mathilda Parking structure, with the Macy’s surface parking lot and Penney’s land with the four story parking structure. This was required in order to allow the Mathilda Parking structure to be demolished as part of the Town Center redevelopment project. In addition to base rental payments, the City is also obligated to pay all taxes,

assessments, administrative costs, certain insurance premiums, certain maintenance costs, and all other such costs in order to comply with the terms of the related bond resolutions.

The Long Term Financial Plan also includes a resource entitled "Addition to 1986 General Fund Loan." This represents the amount that the General Fund needs to loan the Redevelopment Agency to fund all expected expenditures in the fiscal year. It should be noted that the Agency will repay the earlier General Fund loan approximately \$5.8 million in the same year.

The Agency also receives annual interest income of approximately \$100,000 from the Debt Service Reserves on bond issues held with Trustees.

Operating Expenditures and Debt Service

Total recommended expenditures for the Agency for FY 2008/2009 are approximately \$14 million. Detailed below are the proposed expenditures:

Expenditures	FY 2008/09 Budget
Operating	\$356,674
Debt Service	\$1,818,221
Repayment to City – 1977 Loan	\$5,785,537
Repayment to City – Town Center Developer	\$582,946
Capital Projects	\$3,900,000
Special Projects	\$75,000
Transfer Out to Capital Projects Fund	\$1,472,658
Transfer Out to General Fund (In Lieu)	\$56,988
Total	\$ 14,048,024

Operating expenses for the Redevelopment Agency include only those activities directly related to management of the Agency. Debt service payments total \$1,818,221 for the Central Core Redevelopment Project Tax Allocation Refunding Bonds-Series 2003 and the 1998 Parking Facility Series A Certificates of Participation.

The Repayment to City – 1977 Loan represents payment to the City of Sunnyvale in the amount of \$5,785,537 in FY 2008/2009 for outstanding loans due to the City General Fund. At the close of FY 2006/2007 the Redevelopment Agency had two outstanding loans, the "1977 Loan" and the "1986 Loan," due to the City's General Fund of approximately \$56.6 million. These loans are separated because there are two different repayment

agreements. Even with all available funds, it is anticipated the RDA will not be able to fully repay the General Fund by 2028, when the tax increment revenues end. The projected total loan outstanding due to the City's General Fund at the end of the plan in November 2028 will be approximately \$44 million.

As part of the Amended and Restated Disposition, Development, and Owner Participation Agreement (ARDDOPA) signed with the Town Center developer in February 2007, the Agency has agreed to return to the developer up to \$4.5 million per year of Tax Increment plus 50% of any receipts above this amount, in return for construction by the developer of public streets and underground parking. This agreement reflects on the RDA Long Term Financial Plan as *Repayment to City – Town Center Developer*, since the mechanism for making the payments will be repayment of the General Fund loan. On the General Fund Long Term Financial Plan, a corresponding revenue is shown and an expense item that shows *Payment to Town Center Developer*. The tax increment agreement ends in FY 2025/2026.

Since establishment of the Redevelopment Agency in 1957, the State has enacted several laws that placed restrictions on redevelopment agencies. One of these includes capping the time period for collection of tax increment for each redevelopment project area. The original termination date for Sunnyvale's project area was November 2025. In FY 2004/2005, the plan was extended by one year per SB1044 in compensation for the Educational Revenue Augmentation Fund (ERAF) payment made to the State in FY 2003/2004. The plan was extended for another two years in FY 2005/2006 per SB1096 for compensation of the ERAF payments made in FY 2004/2005 and FY 2005/2006. The current termination date for Sunnyvale's redevelopment plan is now November 2028.

More important was the establishment of revenue limits for redevelopment agencies, referred to as property tax increment caps. The original revenue limit/increment cap for the Sunnyvale Redevelopment Agency was established at \$118 million. In FY 2005/2006 the Agency amended its Redevelopment Plan to increase the tax increment cap to \$600 million.

Projects

There is one capital project budgeted in the Redevelopment Agency Fund for FY 2008/2009. The Town Center Site Investigation/Remediation of Hazmat project provides an additional \$3.9 million for the investigation of soil conditions at the Town Center and remediation as necessary. The Town Center Amended and Restated Disposition, Development, and Owner Participation Agreement requires the Redevelopment Agency to split the costs of these activities on a tiered basis.

The FY 2008/2009 Recommended Budget for the Redevelopment Agency also includes two ongoing special projects. These two projects include the Special Studies for the Redevelopment Plan Project Area (\$25,000) and Outside Counsel Services for the Redevelopment Agency (\$50,000).

Transfers

The ongoing transfer of funds to the General Fund is for the services of the Agency's Treasurer and other related support costs. These services are not charged directly to the RDA Fund, but rather are included in the General Fund and are charged as General Fund In-Lieu payments. Additionally, a transfer of approximately \$1.5 million in FY 2008/2009 is made to the Capital Projects Fund for various downtown improvements. These projects include the Downtown Wayfinding System, Murphy Avenue Enhancements and Downtown Block 2 Completion.

Reserves

The Redevelopment Agency Fund maintains a reserve that reflects Debt Service Reserve Funds held by trustees for the two outstanding bond issues mentioned above. Funds in an additional reserve for Capital Projects, which accounted for funds that were programmed for downtown improvements, will be transferred to the Capital Projects Fund beginning in FY 2008/2009.

Low and Moderate Income Housing Fund

The Redevelopment Agency is currently unable to make payments of 20% of its tax increment revenues to the Low and Moderate Income Housing Fund because of preexisting debt obligations. Each year, the Agency calculates the contribution that should have been made and books it as a liability in its financial statements. It is currently estimated that when the initial tax increment cap is reached the liability will total approximately \$20.3 million. At that point, which is estimated to be FY 2012/2013, 20% of the Tax Increment received by the Agency will begin to be set aside for housing purposes. State law allows the Agency to continue collecting tax increment after the Project time and increment limits are reached to fund its \$20.3 million housing liability. Repayments of the housing liability are anticipated to begin in FY 2028/2029 and be completed by FY 2029/2030.

The FY 2008/2009 Redevelopment Agency Budget Adoption Resolution is included in Attachment A of this Report to the Redevelopment Agency.

State Structural Budget Deficit

The State continues to experience a structural budget deficit, now estimated at \$17 billion. Though the Governor has proposed no takeaways that would

impact redevelopment agencies, the State's Legislative Analyst has recommended an alternative budget proposal that would require redevelopment agencies to contribute an additional 5% of their tax increment to schools over a five-year period. The impact to Sunnyvale would be a total of approximately \$2.7 million. The proposed revenue shift is similar to the payments made to the Educational Revenue Augmentation Fund (ERAF) from FY 2003/2004 to FY 2005/2006 which totaled \$760,828. In consideration of these payments, the Redevelopment Agency was permitted to extend the Redevelopment Plan time limit by three years. Under the current alternative proposal, it is too early in the deliberative process to predict what may be negotiated this time. The California Redevelopment Association believes that if the Legislature accepted the recommendation for a five-year payment, it will eventually become permanent. Staff continues to closely monitor all State budget proposals for possible impacts to the Sunnyvale Redevelopment Agency.

FISCAL IMPACT

Adoption of a budget for the Redevelopment Agency for FY 2008/2009 will authorize appropriate expenditures to be made as outlined in this report.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall, in the Council Chambers lobby, in the Office of the City Clerk, at the Library, Senior Center, Community Center and Department of Public Safety; posting the agenda and report on the City's Web site; and making the report available at the Library and the Office of the City Clerk.

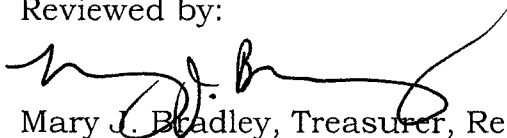

ALTERNATIVES

1. Adopt the budget as recommended.
2. Adopt the budget in an amount other than recommended.

RECOMMENDATION

Staff recommends Council approve Alternative 1, adopt the budget as recommended.
