DESCRIPTION OF WORK AND REASON FOR NOISE EXCEPTION REQUEST:

CONDITIONS OF PERMIT

Applications for a noise exception permit must be submitted one week in advance of the requested date. Special exceptions may be granted for emergency cases only.

Noise exception permits for a jobsite will only be issued when the applicant can clearly articulate why the job cannot be performed during regular working hours.

The Palo Alto Police Department may modify or rescind this permit based upon violations of permit terms such as complaints of excessive noise created by your employees or equipment, reported by separate residents in the surrounding neighborhoods. Additional conditions may apply depending on work to be performed.

When possible, vehicles and equipment should be positioned in a location that will be the least disruptive to surrounding residents. **Trucks at the job site are required to limit their reverse movements in order to reduce reverse gear alarm noise.** Please have employees refrain from using vehicle radios, personal radios or other sources of noise that are unnecessary for doing this work.

A copy of this permit is required to be at the actual work location and be available for review if requested.

The Exception Noise Permit fee is \$127.00. All fees are non-refundable. Checks are to be made payable to the City of Palo Alto and paid at the Police Department front desk located on the 1st floor of City Hall.

No work can be done on the following City "Holidays"
