AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of delegation of authority.

SUMMARY: On July 21, 2014, the Environmental Protection Agency (EPA) sent the State of West Virginia (West Virginia) a letter acknowledging that West Virginia's delegation of authority to implement and enforce National Emissions Standards for Hazardous Air Pollutants (NESHAP) and New Source Performance Standards (NSPS) had been updated, as provided for under previously approved delegation mechanisms. To inform regulated facilities and the public of West Virginia's updated delegation of authority to implement and enforce NESHAP and NSPS, EPA is making available a copy of EPA's letter to West Virginia through this notice.

DATES: On July 21, 2014, EPA sent West Virginia a letter acknowledging that West Virginia's delegation of authority to implement and enforce NESHAP and NSPS had been updated.

ADDRESSES: Copies of documents pertaining to this action are available for public inspection during normal business hours at the Air Protection Division, U.S. Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, Pennsylvania 19103-2029. Copies of West Virginia's submittal are also available at the West Virginia Department of Environmental Protection, Division of Air Quality, 601 57th Street SE., Charleston, West Virginia 25304. Copies of West Virginia's notice to EPA that West Virginia has updated its incorporation by reference of Federal NESHAP and NSPS, and of EPA's response, may also be found posted on EPA Region III's Web site at: <http://www.epa.gov/reg3artd/airregulations/delegate/wvdelegation.htm>.

FOR FURTHER INFORMATION CONTACT: Ray Chalmers, (215) 814-2061, or by email at chalmers.ray@epa.gov.

SUPPLEMENTARY INFORMATION: On June 11, 2014, West Virginia notified EPA that West Virginia had updated its incorporation by reference of Federal NESHAP and NSPS to include many such standards, as found in the Code of Federal Regulations (CFR), parts 60, 61, and 63, as of June 1, 2013. On July 21, 2014, EPA sent West Virginia a letter acknowledging that West Virginia now has the authority to implement and enforce the NESHAP and NSPS as specified by West Virginia in its notice to EPA, as provided for under previously approved automatic delegation mechanisms. All notifications, applications, reports and other correspondence required pursuant

to the delegated NESHAP and NSPS must be submitted to both the U.S. EPA Region III and to the West Virginia Department of Environmental Protection, unless the delegated standard specifically provides that such submittals may be sent to EPA or a delegated State. In such cases, the submittals should be sent only to the West Virginia Department of Environmental Protection. A copy of EPA's letter to West Virginia follows:

“Mr. William F. Durham, Acting Director
Division of Air Quality
West Virginia Department of Environmental
Protection

601 57th Street
Charleston, West Virginia 25304

Dear Mr. Durham:

The United States Environmental Protection Agency (EPA) has previously delegated to the State of West Virginia (West Virginia) the authority to implement and enforce various federal National Emissions Standards for Hazardous Air Pollutants (NESHAP) and New Source Performance Standards (NSPS), which are found at 40 C.F.R. Parts 60, 61 and 63.¹ In those actions EPA also delegated to West Virginia the authority to implement and enforce any future EPA NESHAP or NSPS on the condition that West Virginia legally adopt the future standards, make only allowed wording changes, and provide specified notice to EPA.

In a letter dated June 11, 2014, West Virginia informed EPA that West Virginia had updated its incorporation by reference of federal NESHAP and NSPS to include many such standards as found in 40 C.F.R. Parts 60, 61, and 63 as of June 1, 2013. West Virginia noted that it understood that it was automatically delegated the authority to implement these standards. West Virginia committed to enforcing the standards in conformance with the terms of EPA's previous delegations of authority. West Virginia made only allowed wording changes.

West Virginia provided copies of the revised West Virginia Legislative Rules which specify the NESHAP and NSPS which West Virginia has adopted by reference. These revised Legislative Rules are entitled 45 CSR 34—“Emission Standards for Hazardous Air Pollutants,” and 45 CSR 16—“Standards of Performance for New Stationary Sources.” These revised Rules have an effective date of June 1, 2014.

Accordingly, EPA acknowledges that West Virginia now has the authority, as provided for under the terms of EPA's previous delegation actions, to implement and enforce the NESHAP and NSPS standards which West Virginia has adopted by reference in West Virginia's revised Legislative Rules 45 CSR 34 and 45 CSR 16, both effective on June 1, 2014.

¹ EPA has posted copies of these actions at: <http://www.epa.gov/reg3artd/airregulations/delegate/wvdelegation.htm>.
