Response: Answer: The table below shows MST PTSD decisions categorized by gender for FY15. VBA systems do not capture race data so that information was not provided within the data below. Email Response from Requestor (Responding to this inquiry under this FOIA): The response states that information by race and ethnicity is not available in VBA databases. However, race and ethnicity information is available in the VADIR database. I know that the VADIR database is not held by the VBA, but a request from your office to the VACO might allow the two databases to be cross-referenced in order to respond to the request. I cannot make this type of interagency request, and I would be very grateful if your office would consider making this request in order to be able to respond to the request.	10/14/2016

VBA 101 - VA Central Office (VACO)	<u>17-00498-F</u>	-	I have discovered today, Friday, October 7, 2016 two things. Number One my e-BENEFITS ACCOUNT has been "HACKED" and I want to know why my banking information was removed? Number Two, someone has filed out a form: VA FORM 21-P-509 (Statement of Dependency of Parents)? I want a copy of the form that was filed out. I did not fill this form out. Whomever filed this form out needs to be found, arrested and sent to prison. This is "FRAUD". This is a violation of the "FALSE CLAIMS ACT". This person and the VA are responsible for this transaction to happen. I have attached the documents from my e-BENEFITS ACCOUNT from today. Friday, October 7, 2016.	10/17/2016

VACO – OAL - Office of Acquisition and Logistics (001AL)	<u>17-04172-F</u>	Global Account Management Group	if the VA has a real-time eligibility confirmation system similar to the DoD DEERS system. If not, how is eligibility confirmed on VA eligible beneficiaries seeking emergent care at a private sector emergency room or local retail pharmacy? Does a similar eligibility check occur for VA beneficiaries seeking care in a private sector long-term care facility? If the eligibility checking occurs retrospectively, is the VA beneficiary responsible for denied reimbursement to the hospital or pharmacy? Lastly, is a real-time eligibility system under consideration by the VA? Specifically will the pending VA pharmacy consolidated solicitation contain a real time check of eligibility requirement? VBA 101 - VA Central Office (VACO)	<u>17-06753-F</u>	-	4/28/17 Revised request I am requesting the functional job analysis, and classification standard, for the GS-0101 Vocational Rehabilitation Counselor (VRC) position in the Veterans Benefits Administration. Both of these should be on file with either VR&E service or Human Resources. The functional job analysis is the document that lists the job duties of the GS-0101 VRC position, and the percentage of time spent performing those duties. This documentation is used to determine the essential functions, as well as non-essential functions, of the GS-0101 VRC position. The classification standard is used along with that to determine series, grade, etc. 3/21/17 I would like ALL information/data that is/was used by Human Resources and VRE service to determine performance and/or classification standards for the GS-0101 Vocational Rehabilitation Counselor position. New performance standards were released in Summer 2015. I would like the information and data that they used to determine, or come up, with those standards. There should be a classification schedule, functional job analysis that was used in those determinations. How did VRE service determine what percentage of time is spent performing particular duties? How did VRE service and/or HR determine what the essential functions of the GS-0101 Vocational Rehabilitation Counselor are? How does VRE service determine whether they have enough staff or not enough staff?	3/21/2017

The number of SMC t awards, under 38 U.S.C. § 1114(t), issued in FY 2014, FY 2015, and FY 2016. I further request that the data provided is broken down by both (a) the type of SMC benefit granted, (i.e., r-1, r-2, t) and (b) by year. If VA finds it easier to list the total numbers by month and year, as opposed to by year, then such format is acceptable. VA should organize the data by the date of VA's decision granting benefits, starting with October 1, 2014, and ending with September 30, 2016, if possible.	3/23/2017

I have contacted QTC Medical and spoke to Rose and Kedra and they both stated that they can't release this information as it belongs to the VA and I would have to contact the VA. I did contact the VA in Denver and they informed me that because I live in TX that I would have to have the VA order the records as I no longer live in Denver, CO area and aren't transferable across state lines, they are not linked into each other systems to pull these records up. VHA 101 - VA Central Office (VACO)	<u>17-00499-F</u>	-	I have discovered today, Friday, October 7, 2016 two things. Number One my e-BENEFITS ACCOUNT has been "HACKED" and I want to know why my banking information was removed? Number Two, someone has filed out a form: VA FORM 21-P-509 (Statement of Dependency of Parents)? I want a copy of the form that was filed out. I did not fill this form out. Whomever filed this form out needs to be found, arrested and sent to prison. This is "FRAUD". This is a violation of the "FALSE CLAIMS ACT". This person and the VA are responsible for this transaction to happen. I have attached the documents from my e-BENEFITS ACCOUNT from today. Friday, October 7, 2016.	10/7/2016

VHA 537 - Jesse Brown VA Medical Center	<u>17-01152-FP</u>	-	The purpose of my request is to understand the government's policy of issuing criminal citations to veterans with mental illness as they are receiving inpatient psychiatric treatment in VA hospitals. This request is in the public interest and is not in Equip for Equality's commercial interest. I therefore This letter serves as a request under the Freedom of Information Act, 5 U.S.C. § 552 ("FOIA"), for a copy of all records concerning disorderly conduct citations given to veterans receiving in-patient psychiatric treatment at the Jesse Brown VA Medical Center from January 1, 2015 to present. My request includes but is not limited to the following: 1. Copies of all police reports regarding disorderly conduct citations given by VA police to veterans in the hospital's in-patient psychiatric units from January 1, 2015 to present. 2. Copies of all United States District Court Violation Notices associated with any disorderly conduct citation given by VA police to a veteran in the hospital's in-patient psychiatry units from January 1, 2015 to present. 3. Copies of all documents pertaining to the training of VA police officers concerning patients with mental illness. 4. Copies of all documents pertaining to the hospital's policy of issuing disorderly conduct citations. I am aware of FOIA § (b)(7)(C), which exempts records or information compiled for law enforcement purposes that could reasonably be expected to constitute an unwarranted invasion of personal privacy. In light of this, I understand that it will be necessary to redact certain information from the documents that are responsive to my request, such as the names and contact information of witnesses and hospital employees. However, I am specifically requesting that you do not redact the name of any veteran that received a disorderly conduct citation while receiving in-patient psychiatric care. Since receiving a citation initiates a criminal proceeding that becomes part of the public record, I do not believe disclosing the veteran's name constitutes an unwarranted invasion of personal privacy. FOIA § (a)(4)(A)(iii) states that "Documents shall be furnished without any charge or at a charge reduced below the fees established under clause (ii) if disclosure of the information is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester."	10/21/2016

We are contracted with Shred-It to perform on-site document destruction at the clinics. However, a VA Privacy Officer in California brought a discrepancy to our attention. Because Shred-It's process involves both the on-site shredding and an off-site procedure that involves pulping and liquefying, we must have an interim and a final certificate of destruction. After many emails and talks with Shred-It, they cannot comply. The contract with Shred-It is national. However, I don't think that there is a national company that can service all of our locations. I am considering have a few regional agreements. To ensure that we are in compliance with our prime contract with the VA, I would like to use the document destruction vendors that your office/agency utilizes.
