VHA 614 - Memphis VA Medical Center	<u>17-10979-F</u>	-	This request concerns the response given by (b) (6) to the FOIA request # 17-11964-FP 1) The response is demanding a fee for my own records, which I have proven to other FOIA Officers, and their cohorts that this is wrong, and I will need to prove it to Ms. (b) (6) to get what is legally mine. Apparently, your office is back to giving the standard, "we charge for everything" reply as a way to deny the fulfillment of this request. I have played this game with this office as I stated and have won previously. Investigate that before making foolish replies. If your office is not aware of records available under this request without any "research" done, then where did this dollar amount come from? Do you have a magic book that gives your office these fictionalized amounts, or are the just off the cuff number made up like your response is. Explain that on your invoice. Why did this "no response" reply take nearly two months to tell me that the V AMC FOIA Office would charge a fee? I will look into that with the Office of General Counsel myself. 2) As an option under the FOIA, I would like your office to have these records pulled for my revue at your facility. Please contact me at the number listed below when these are to be ready for my viewing, or if you believe you can charge me for that or something else as asinine as is this response, let me know. VHA 642 - Philadelphia VA Medical Center	<u>17-10790-F</u>	Western Healthcare	As you are aware the news is full of talk regarding the shortage of physicians and mid-level providers available to work at VA Medical Centers and Outpatient Clinics. The other issue is the time that it takes to find a locum's provider and get them accepted and credentialed to work at one of the VA Medical Center facilities. This request is to ask for your partnership. Please provide a list of locum tenens physicians, and mid-level providers (physician assistants & nurse practitioners), who have covered or are currently covering at your facility over the past 6 months, that you would consider covering future locums needs. We have used this information, in other government agencies, to substantially shorten the time frame for approval for locum's coverage. I believe that this list could be obtained fairly easily from your credentialing office, contracting staff, or from the respective contracting officer's technical representative in each service. Please provide the name of the physician or mid-level provider and specialty. I have attached an excel spreadsheet to assist in making this less cumbersome. This information gathered is in the public's best interest because it will contribute significantly in "serving those that have served us, our veterans".	7/26/2017

VHA 516 - Bay Pines VA Healthcare System	<u>17-11891-F</u>	-	Charles, I am making a FOIA request for a copy of any Category 1 or 2 disruptive behavioral flags in my medical records as it pertains to my medical care at Bay Pines. If there are no flags in my medical records, then I would like to know why I am being denied access to medical care at Bay Pines? I have never been charged with any crimes on VA property as it pertains to any type of disruptive behavior on Bay Pines property, for which I was banned on February 25, 2016 by Director, (b) (6) and it was modified to a lifetime ban after Central Office was given false and fraudulent information. Could you please get that for me, as that is the last piece of evidence I need for potential legal actions based on the negligence of VA Management at Bay Pines. Thanks! Respectfully submitted by, Mr. (b) (6) - BMFA Sent from my iPhone	8/21/2017

VHA 523 - VA Boston Healthcare System, J	<u>17-11922-F</u>	The Daily Caller News Foundation	Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552 et seq., I request on behalf of The Daily Caller News Foundation a copy of the internal investigation conducted regarding the fatal overdose of (b) (6) at the Brockton VA medical center described in a recent article by the news outlet The Enterprise ( <a href="http://www.sunherald.com/news /local/military/article168374852.html">http://www.sunherald.com/news /local/military/article168374852.html</a> ) Procedure Regarding Records Exempt from Disclosure Given the nature of the records requested I anticipate that the vast majority of any responsive records will be of the type required to be released under FOIA. However, in the event that records exist that FOIA does not require to be released I request that they be released regardless unless the failure to release such records can be justified based upon sound reasoning related to one of the statutory exemptions or exceptions in FOIA and there is a patently manifest danger of significant harm that would occur from release of such records, e.g., danger to health or safety of an individual. Further, you should be reminded of the policy in favor of disclosure mandated by President Barack Obama on January 26, 2009. President Obama instructed the executive departments and agencies to operate with a presumption towards disclosure. On this point the President stated as follows: A democracy requires accountability, and accountability requires transparency. As Justice (b) (6) wrote, "sunlight is said to be the best of disinfectants." In our democracy, the Freedom of Information Act (FOIA), which encourages accountability through transparency, is the most prominent expression of a profound national commitment to ensuring an open Government. At the heart of that commitment is the idea that accountability is in the interest of the Government and the citizenry alike. The Freedom of Information Act should be administered with a clear presumption: In the face of doubt, openness prevails. The Government should not keep information confidential merely because public officials might be embarrassed by disclosure, because errors and failures might be revealed, or because of speculative or abstract fears. Nondisclosure should never be based on an effort to protect the personal interests of Government officials at the expense of those they are supposed to serve. VHA 10N8 - VA Sunshine Healthcare Networ	<u>17-12909-F</u>	-	1. On 08/11/17, I made a record request to Mr. Liezert, VISN-8 acting director, for copies of any and all 'reviews' that have been conducted regarding complaints of VA medical negligence and fraud that I have filed from April 2012 to present. I suggest that you contact Mr. Liezert and ask him to identify all of the 'reviews' he referenced so that copies of any and all related records (in whatever form they may exist) may be provided pursuant to law. 08/11/17 FOIA request made by email to Mr. (b) (6) from (b) (6) "NOTE: FOIA REQUEST - Today, you told me that no less than five reviews have been done as a result of my requests for an investigation. News to me. Please provide a copy of any and all information regarding these five reviews. I am confident they will show that Dr. (b) (6) false statements wrongly influenced the reviewers to conclude that I had no medical problems requiring medical care, which stands in conflict with reality – and the medical evidence." 2. Today, I am requesting a copy of Timothy Liezert's position description (PD) which describes his duties and responsibilities as the (acting) VISN-8 director. I know this document is available for public review without redaction as I was given a copy for Ms. (b) (6) when she was the VISN-8 director from July 2013 until January 2015.	8/24/2017
