

# Stanford | Artificial Intelligence Laboratory Outreach Summer Program

AI will change the world.  
Who will change AI?

The Stanford Artificial Intelligence Laboratory is opening its lab doors with a new summer program aimed at rising 10<sup>th</sup> grade girls. AI Summer Outreach aims to expose students in underrepresented populations to the field of Artificial Intelligence (AI). The program will cover a variety of topics, discuss cutting-edge research, and explore the social impact of AI. Be a part of the amazing opportunity!

## Program

- ★ August 3 – 14 / Monday – Friday / 8am – 5pm  
@ Gates Computer Science Building
- ★ Targeting rising 10<sup>th</sup> grade girls with the goal of increasing the number of women in technology fields
- ★ Daily lectures by Stanford AI professors
- ★ Hands on introductions to the AI Lab
- ★ Social events and mentoring sessions

## Eligibility

- 👤 Students who will be in 10<sup>th</sup> grade in Fall 2015
- 📖 Strong interest/ability in math and sciences
- 🏆 Demonstrated leadership potential
