SORNA Substantial Implementation Review Shoshone-Bannock Tribes

The U.S. Department of Justice, Office of Justice Programs, Office of Sex Offender Sentencing, Monitoring, Apprehending, Registering, and Tracking (SMART) would like to thank the Shoshone-Bannock Tribes for the extensive work that has gone into its effort to substantially implement Title I of the Adam Walsh Act, the Sex Offender Registration and Notification Act (SORNA). The SMART Office has completed its review of Shoshone-Bannock Tribes' SORNA substantial implementation packet and has found that the Shoshone-Bannock Tribes has substantially implemented SORNA.

On July 25, 2011, the Shoshone-Bannock Tribes submitted a substantial implementation package. Changes to the package were submitted on March 13, 2013. The substantial implementation package included a tribal code, a thorough policies and procedures manual, a Memorandum of Agreement with the State of Idaho, as well as copies of registration and notice forms. In addition, email and phone correspondence with Brandelle Whitworth filled in gaps in information and procedure, which informed our review.¹

Our review of these materials follows the outline of the SMART Office Substantial Implementation Checklist-Revised, which contains 14 sections addressing the SORNA requirements. Under each section, we indicate that Shoshone-Bannock Tribes meets the SORNA requirements of that section.

I. Immediate Transfer of Information

SORNA requires that when an offender initially registers and/or updates his or her information in a jurisdiction, that the initial registration information or updated information be immediately sent to other jurisdictions where the offender has to register, as well as to NCIC/NSOR and the jurisdiction's public sex offender registry website.

The Shoshone-Bannock Tribes meets all of the SORNA requirements in this section.

II. Offenses that Must Be Included in the Registry

SORNA requires that certain federal, military, and foreign offenses are included in a jurisdiction's registration scheme. In addition, SORNA requires that the jurisdiction capture certain sex offenses, both offenses from its jurisdiction and from other SORNA registration

either for the predicate sex offense or for some other crime; those who are already registered or subject to a pre-existing sex offender registration requirement under the jurisdiction's law; and those who reenter the jurisdiction's criminal justice system because of a conviction for some other felony crime (whether or not it is a sex offense).

The Shoshone-Bannock Tribes meets all of the SORNA requirements in this section.

VIII. Keeping the Registration Current

SORNA requires that when a sex offender resides in a jurisdiction, he or she must immediately appear in-person to update his or her name, residence, employment, school attendance, and termination of residence. SORNA also requires that when an offender resides in a jurisdiction, he or she must immediately update any changes to his or her email addresses, internet identifiers, telephone communications, vehicle information, and temporary lodging information.

When an offender works in a jurisdiction, but does not reside or attend school there, SORNA requires that the offender immediately appear in-person to update employment-related information. When an offender attends school in a jurisdiction, but does not reside or work there, SORNA requires that the offender immediately appear in-person to update school-related information.

SORNA also requires that when an offender resides in a jurisdiction and intends to travel outside the United States, he or she must notify the residence jurisdiction at least 21 days in advance of such travel.

In addition, SORNA requires that when an offender notifies the jurisdiction of his or her intent to relocate to another country to live, work or attend school, that the jurisdiction do three things: immediately notify any other jurisdiction where the offender is either registered, or is required to register, of that updated information; immediately notify the United States Marshals Service, and immediately update NCIC/NSOR.

The Shoshone-Bannock Tribes meets all of the SORNA requirements in this section.

IX. Verification/Appearance Requirements

SORNA requires that offenders register for a duration of time, and make in-person appearances at the registering agency, based on the tier of the offense of conviction. SORNA requires that offenders register for a duration of time based on the tier of the offense of conviction. Specifically, SORNA requires that SORNA Tier I offenders register for 15 years, SORNA Tier II offenders register for 25 years, and SORNA Tier III offenders register for life.

SORNA also requires that offenders make in-person appearances at the registering agency based on the tier of the offense of conviction. Specifically, SORNA requires that SORNA Tier I offenders appear once a year, that SORNA Tier II offenders appear every six months, and that SORNA Tier III offenders appear every three months.

SORNA requires that when a jurisdiction is notified that a sex offender intends to reside, be employed, or attend school in its jurisdiction, and that offender fails to appear for registration as required, that the jurisdiction receiving that notice inform the originating jurisdiction (the jurisdiction that provided the initial notification) that the sex offender failed to appear for registration.

The Shoshone-Bannock Tribes meets all of the SORNA requirements in this section.

XIII. When a Jurisdiction has Information that a Sex Offender may have Absconded

SORNA requires that when a jurisdiction has information that a sex offender may have absconded, that the jurisdiction take certain actions to investigate the absconder and notify various law enforcement agencies.

The Shoshone-Bannock Tribes meets all of the SORNA requirements in this section.

XIV. Other Considerations

There were no additional considerations.

Conclusion

The Shoshone-Bannock Tribes has put forth exceptional work and effort in substantially implementing SORNA and enhancing its sex offender registration and notification system.
