INFECTION CONTROL POLICY

We welcome PCD patients to attend.

Due to cross infection risks: **please do not attend** if you have cultured:

Methicillin-resistant Staphalococcus aureus (MRSA),

Burkholderia cepacia,

Nontuberculous Mycobacteria (NTM), or are

culturing bacteria resistant to all antibiotics,

or if you are not in compliance with standard childhood vaccination schedule.

Please be aware that we will follow strict infection control precautions:

Maintain a SIX foot distance from other PCD patients and use the provided **N95 masks** and **handgel.**
