

CHRI IPC AWARD - PROGRESS REPORT - FY13

Dear IPC Recipient,

The Progress Report is a key award requirement of the CHRI Innovations in Patient Care Award. The data gathered here serves as a critical tool in tracking success and return-on-investment data to our donors and investors.

SCH will be requesting a Progress Report annually for three years after the award end date, including all abstracts, presentations, publications, and grants (applied and/or funded) resulting from the work supported by this award.

Please feel free to contact us if you have any questions.

Thank you.

Spectrum Child Health Administration

PI Last Name

PI First Name

Project Title

PUBLICATIONS, ABSTRACTS, AND PRESENTATIONS

Have any publications resulted from this work?

- Yes
- No

How many total original peer-reviewed manuscripts resulted from this work (do NOT include book chapters, commentaries or other publications that do not include your original work)?
