Subject:	COVID Special Contribution Awards
Date:	Monday, August 31, 2020 12:02:16 PM

Good Afternoon VAWNYHS Leaders,

There has been a lot of discussion and concerns with the Special Contribution Awards (SCA) we are processing for our COVID Response. We are recognizing employees that had an active role in the treatment of COVID patients or direct support role in the care or operations of our healthcare system that facilitated a safe environment. We are processing the awards based on the following criteria.

1st Tier Critical Role in Direct Care or Direct Admin Support to COVID Response 2nd Tier Significant Role in Care or Direct Admin Support to COVID Response 3rd Tier Important Role in the Delivery or Support of COVID Response 4th Tier Valuable Role in the Delivery or Support of COVID Response 5th Tier Direct support role in Administrative function beyond their normal duties

We are trying to ensure consistency, transparency and fairness to all our staff members who had different degrees of involvement in caring for COVID patients, planning for the pandemic, or supporting the staff directly involved with COVID patients. As we have discussed at Town Hall and supervisory meetings, not every employee will receive an award. SCA's are for individuals or groups of employees that performed functions or acts above and beyond their normal duties. We have heard requests from staff that think they earned a SCA for coming into work during the pandemic or were on standby in the event they were needed. While we appreciate employees coming to work and performing their duties during the pandemic, it does not rise to the level of a SCA.

So if you are questioned about awards, please share this information with your staff.

If you think an individual or group of staff went above and beyond their normal duties and completed tasks that had a significant role in the treatment or organizational impact on our COVID response, please share that with your Pentad Supervisory Official and we will take that under consideration as we process awards.

Thank you for your on-going support and leadership,

Mike

Michael Swartz, FACHE Executive Director VA Western New York Healthcare System
