

Relamp Requests

The BGM Electric Shop manages all relamp requests. To submit a request, please select the link below. An electrician will be dispatched to relamp and/or replace your bad ballast, in a single visit, when necessary.

To request relamp service:

- Submit a [Relamp Work Request](#) (note: link goes to Facility Funded Work Request)
- For [emergency](#) indoor relamping involving safety related needs, such as:
 - Flickering lights
 - Burning odor
 - Primary light source outage
 - Hanging fixtures or diffusers

Please call [723-2281](#) immediately
