Coterm Application Fee: Students who accept an offer of admission and are matriculated into a coterminal program are assessed a \$125 coterm application fee.

#### **APPLICATION AND ADMISSION**

- 1. Applications for admission to a coterminal program must fulfill the following conditions:
  - 1.1. Applicants must have earned a minimum of 120 units toward graduation (UTG) as shown on the undergraduate unofficial transcript. This includes allowable Advanced Placement (AP) and transfer credit.
  - 1.2. Applicants must submit their application and, if admitted, respond to the offer of admission no later than the quarter prior to the expected completion of their undergraduate degree. This is normally the Winter Quarter prior to Spring Quarter graduation.
  - 1.3. Applicants must meet the requirements and deadlines established by the department or program to which they are applying.
  - 1.4. Applicants are only permitted to apply to one coterminal program per term.
- 2. Departments or programs must admit coterminal applicants and submit the completed and approved "Application for Admission to Coterminal Master's Program" to the Office of the University Registrar no later than the quarter prior to the expected completion of the undergraduate degree. This is normally the last day of classes in Winter Quarter prior to Spring Quarter graduation.
  - 2.1. Coterminal students are permitted to count coursework taken in the two quarters immediately prior to their first graduate quarter toward their graduate degree. Students must submit a completed "Coterminal Course Approval Form" with their "Application for Admission to Coterminal Master's Program" indicating which courses must be transferred from the student's undergraduate to graduate career.
  - 2.2. Coterminal students may not take a leave of absence during the first quarter they are admitted to the graduate program.

#### **TUITION ASSESSMENT**

- 3. Coterminal students are in the undergraduate coterminal student group and assessed the undergraduate tuition rate for 12 quarters.
  - 3.1. For students with transfer credit (not AP or test credit), each 15 transfer units equals one Stanford quarter. For students who entered Stanford as freshmen, a maximum of 45 transfer units (three Stanford quarters) can be used toward the 12 quarters of the undergraduate tuition status. For students who entered as transfer students, a maximum of 90 units (six Stanford quarters) can be used toward the 12 quarters of the undergraduate tuition status.
  - 3.2. For students with Stanford Summer Session units, each 15 units equals one Stanford quarter.
  - 3.3 Students in the undergraduate coterminal student group are assessed the undergraduate tuition rate and are subject to the 20-unit maximum enrollment per quarter.
- 4. Coterminal students are changed to the graduate coterminal student group in the 13th quarter and are then assessed

either the regular graduate tuition rate or the graduate Engineering tuition rate depending upon their graduate program.

- 4.1. Starting in the 13th quarter, coterminal students are able to enroll at the 8, 9, 10 unit rate and be certified as full-time with a minimum enrollment of 8 units. Students may also enroll at the 11-18 unit rate.
- 4.2 Students in the graduate coterminal student group are assessed additional graduate or Engineering tuition on a per-unit basis beginning with the 19th unit.
- 5. Students who receive RA or CA/TA awards from the department prior to the 13th quarter are changed to the graduate coterminal student group and assessed the applicable tuition rate for the quarter in which they have the RA or CA/TA award.
  - 5.1. Students must have completed 180 undergraduate units (including AP or transfer credit) to be eligible for an RA or CA/TA award.
  - 5.2. Students with RA and CA/TA awards should enroll at the 8, 9, 10 unit tuition rate.
  - 5.3. Once students have moved to the graduate coterminal student group, they may not move back to the undergraduate coterminal student group even if they no longer have an RA or CA/TA award.
- 6. Students who have fewer than 12 quarters at Stanford but who want to enroll at the 8, 9, 10 unit graduate tuition rate may request to be moved to the graduate coterminal student group once they have completed 180 undergraduate units.
  - 6.1. Once students have moved to the graduate coterminal student group, they may not move back to the undergraduate coterminal student group.

#### **ENROLLMENT**

- 7. Once admitted to the coterminal program, students have two active careers (graduate and undergraduate) under which they may enroll in courses.
  - 7.1. Students must use the graduate career to enroll in courses which count toward the master's degree. Students must use the undergraduate career to enroll in courses which count toward the bachelor's degree.
  - 7.2. Students may request to transfer courses between graduate and undergraduate careers on the "Coterm Course Approval Form."
  - 7.3 Courses cannot be transferred between graduate and undergraduate careers once the undergraduate degree has been conferred.

### **REGISTRATION STATUSES**

- 8. Coterminal students are not eligible for Permit to Attend for Services Only (PSO) or 13th Quarter status.
- 9. Coterminal students are eligible for Graduation Quarter only if they have completed all requirements of Graduation Quarter in both their undergraduate and graduate careers, including completing all University requirements to graduate.
- 10. Leave of Absence status applies to both undergraduate and graduate career, and cannot be taken in the first quarter of the graduate program.
- 11. Coterminal students are not eligible for Graduate Tuition Adjustments prior to conferral of the undergraduate degree. Students must meet all requirements of the Graduate Tuition Adjustment to be eligible.
