

Stanford Player Quotes

Sophomore Dorian Pickens

On taking the lead in the second half then falling short...

“We just had a lapse in the second half defensively. They got going and got in a rhythm and they were playing comfortably, and they strung together a good amount of buckets. We struggled on the offensive end and had a little drought and couldn’t get a shot to fall.”

On running out of gas towards the end...

“No, I don’t think we ran out of gas. We’re conditioned and we’re well prepared for games like this. Every game in the Pac-12 is going to be a war. Unfortunately, in the second half tonight we had some lapses defensively and we have to pick it up. We have a quick turnaround this Saturday and we have to tighten some things up.”

On the toughest part of Arizona’s defense tonight...

“Hats off to them. They’re a great program with a great coaching staff. They’re a sound defensive team from the perimeter and they have some big players on the inside and it’s tough to get buckets to fall in the interior of their defense, but that was on us.”

Freshman Marcus Sheffied

On his performance tonight...

“I thought I played pretty well. It would have been better if we had gotten the win, but I am happy with my performance.”
