

Partnering with your pediatrician to provide after hours care for your child

Our urgent care team of doctors, registered nurses and support staff are here every weekday evening, weekend and holiday throughout the year to provide after hours services for patients between the ages of 0–18 with non-life threatening health concerns.

We're located in close proximity to Lucile Packard Children's Hospital Stanford emergency services, in the event a higher level of care is needed.

For your family's convenience, appointments are recommended. Walk-ins are welcome.
