

Stanford faculty and SMART

*\*\*Clinician Educator (CE) faculty-Internal Stanford funding opportunity in Child and Maternal Health \*\**

**Spectrum Child Health  
Child Health Research Institute (CHRI)  
Clinician Educator Grants Program**

The Clinician Educator (CE) Grants Program is sponsored by the Lucile Packard Foundation for Children's Health (LPFCH) to encourage, develop, and support Clinician Educator faculty to pursue clinical research studies that promote their ability to achieve external funding. Applications may include involvement of other Allied Health Professionals.

The program seeks innovative, well-developed proposals that pursue clinical research relevant to their clinical practice related to the health of children and expectant mothers.

**Amount of funding:** up to \$25,000 for one year

**Complete application and guidelines:**  
<http://spectrumchildhealth.stanford.edu/>

**Timeline:**

CE faculty-please submit your CE faculty PI waiver request to your RPM no later than **Aug. 25, 2015\***

Deadline: **September 1, 2015**, 5:00 pm

Awards will be announced in December 2015.

Earliest award start date is January 1, 2016. The performance period is 12 months.

\*Submit your proposals directly to Spectrum Child Health Administration per the application instructions after you request and receive approval for a [CE faculty PI waiver request >>](#) through your Research Process Manager (RPM) by Aug. 25th.

However, please note that the budget, budget justification and/or proposal application should not be submitted to your RPM as these applications will be reviewed and processed by Spectrum Child Health. If you need assistance with your budget, please contact your business manager, financial analyst, or department accountant.

**Eligibility:**

- All Clinician Educator Faculty at the rank of clinical assistant professor or above can apply.
- All applicants must have or plan on having a focus on child or maternal health research, or wish to expand their interest in child or maternal health research
- All applicants must be Clinician Educators
- All applicants must have legal residence in the United States. (Applicants with H or J visas are eligible).
- All applicants must request and receive approval for a CE faculty PI waiver through their Research Process Manager (RPM) in RMG [per these instructions >>](#) prior to submitting their applications to Spectrum Child Health.
- **Clinical Instructors and Visiting Scholars are not eligible.**

## **Types of Research**

Research must be primarily related to child or maternal health. Child refers to the expectant mother, embryo, fetus, infant, child and adolescent.

The following areas of research are eligible:

- Patient-oriented research
- Epidemiological and behavioral studies
- Outcomes research and health services research
