

National Center for Healthy Housing's PESP Strategy

Describe your Organization's Five-Year Goals Related to Pesticide Risk Reduction

NCHH's goal is to get widespread adopting on integrated pest management in housing, especially affordable housing. NCHH seeks to be a key player in the overall effort to achieve that goal.

What do you envision doing (broadly) to try to resolve your major issues?

NCHH will work widespread education of health and housing professionals as well as making available tools and materials to the public. NCHH will also work on policy changes to promote consistent adoption of IPM by the private cleaning and pest management sectors.

Goal 1 and Tactics

NCHH's goal is to get widespread adopting on integrated pest management in housing, especially affordable housing. NCHH seeks to be a key player in the overall effort to achieve that goal.

- Educate health and housing professionals on the use of IPM as part of a broader healthy homes effort.
- Develop tools and case studies.
- Foster development of certification programs that recognize companies routinely using IPM in housing.
