Obtaining Air Support

418.1 PURPOSE AND SCOPE

The use of a police helicopter can be invaluable in certain situations. This policy specifies potential situations where the use of a helicopter may be requested and the responsibilities for making a request.

418.2 REQUEST FOR HELICOPTER ASSISTANCE

If a supervisor or officer in charge of an incident determines that the use of a helicopter would be beneficial, a request to obtain helicopter assistance may be made to the City Manager. If it is an emergency situation wherein the City Manager is not immediately available, the request may be made to the Chief of Police.

418.2.1 REQUEST FOR ASSISTANCE FROM ANOTHER AGENCY

After consideration and approval of the request for a helicopter, the Watch Commander, or his/her designee, will call the closest agency having helicopter support available. The Watch Commander on duty will apprise that agency of the specific details of the incident prompting the request.

418.2.2 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED ~~Police helicopters may be requested under any of the following conditions:(Per Berkeley City Council resolution No. 51.408 N.S.)~~

Police use of helicopters from other law enforcement agencies is permitted upon approval of the City Manager (or upon approval of the Chief of Police in emergency situations when the City Manager is not immediately available) in the following circumstances:

- (a) To assist in case of a disaster; or
- (b) To assist in rescue efforts (specifically excluding the rescue of hostages); or
- (a)(c) To assist in locating missing persons.
- ~~(b) When the helicopter is activated under existing mutual aid agreements~~
- ~~(c) Whenever the safety of law enforcement personnel is in jeopardy and the presence of the helicopters may reduce such hazard~~
- ~~(d) When the use of the helicopters will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community~~
- ~~(d) When a helicopter is needed to locate a person who has strayed or is lost and whose continued absence constitutes a serious health or safety hazard~~
- ~~(e) Vehicle pursuits~~

While it is recognized that the availability of helicopter support will generally provide valuable assistance to ground personnel, the presence of a helicopter will rarely replace the need for officers on the ground.

Police Review Commission

April 26, 2019

To: Lexipol Subcommittee Members
From: Katherine J. Lee, ^{KL} Police Review Commission Officer
Re: Staff Comments on Policies Returning to Lexipol Subcommittee for Re-consideration

Here are my notes on why policies are being returned to you for further review at your May 1, 2019 meeting.

Lexipol 303 Control Devices and Techniques / G.O. F-02 Firearms, Ammunition, and Non-Lethal Weapons: Training Qualification, and Specifications

It appears that issues with this policy got flagged by commissioners because Lexipol 303 was compared with G.O. F-2 only, and G.O. U-2, Use of Force was not considered in the review.

A commissioner asked about the Tear Gas Guidelines (Sec. 303.6), as they do not appear in F-2. However, the Tear Gas Guidelines do appear to follow U-2 paragraphs 18 and 18(a) with some change in language that does not appear to change the substance.

The OC Guidelines (Sec. 303.7) are also not in F-2 but in U-2. In this case, however, Lexipol 303.7 not only does not include the provisions in U-2 sections 18(d) and 20(b), but is inconsistent with those provisions. This is problematic because the narrowly limited use of OC spray for crowd control in sections 18(d) and 20(b) was allowed by the City Council in September 2017 where it had previously been prohibited.

Finally, I noticed that the Baton and Collapsible Baton Guidelines in 303.5 say the head, neck, and other body areas "should not" be intentionally targeted, with exceptions, but this conflicts with Lexipol 429(c)1., where "shall not" is used, at least in crowd control situations.

Lexipol 307 Vehicle Pursuits / G.O. V-06

From what I can discern from my notes, the Subcommittee wanted to see the revised Use of Force policy before making a final determination on Lexipol 307. I suggest further postponing your review. (I also noticed a couple should/shall issues.)

Lexipol 319 Hate Crimes / G.O. H-04

Should/shall issues. For example, in 319.6, Investigations, "should" is used throughout; compare to G.O. H-4 sections 7(a), 8(a), 9(a), and 10(a), where "shall" is used. (But language is not parallel, so closer review is warranted.)

Lexipol 418 Obtaining Air Support / Council Res. 51,408 – N.S.

I caught an issue in the version you approved. The same Council Resolution governing the use of canines also covers the use of helicopters, but the latter policy was not captured in the original Lexipol 418. Upon notifying Capt. Roller and Sgt. Speelman of this, they revised 418 to conform with the Council Resolution, and this revised version is being presented for your review on May 1.

Lexipol 429 First Amendment Assemblies / G.O. C-64

I think this was mistakenly pulled for "should/shall" issues. Lexipol 429 is almost identical to G.O. C-64, which was last revised as part of a settlement agreement with December 2014 protesters. The only changes made were non-substantive updating; for example, to replace the reference to G.O. U-2 with "Use of Force Policy," or to change references from "Division Commanders" to "Division Captains."

Thus, as a conversion to Lexipol without substantive changes, I suggest that the Subcommittee present Lexipol 429 to the Commission for approval as such.

Lexipol 506 Disabled Vehicles / G.O. T-18

"Should/shall" issue. Compare Lexipol 506.2 to G.O. T-18 section 3.
