MEDICAL RESEARCH FELLOWS PROGRAM

HOWARD HUGHES MEDICAL INSTITUTE

IMMERSE YOURSELF IN A YEAR OF FULL-TIME RESEARCH AT ANY ACADEMIC INSTITUTION IN THE U.S. OR AT HHMI'S JANELIA RESEARCH CAMPUS (ABOVE), A WORLD-CLASS BIOMEDICAL RESEARCH CENTER NEAR WASHINGTON, D.C.

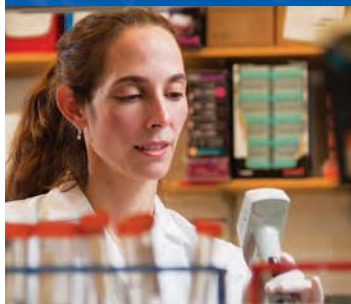

As a medical, dental, or veterinary student, you are in a unique position to further biomedical science research and translate new basic science knowledge into the treatment of disease. The Howard Hughes Medical Institute (HHMI) offers a one-year fellowship program that will provide you with the opportunity to develop the research skills you will need to engage in this exciting career that bridges research and medicine.

Center: Dr. Alfredo Quiñones-Hinojosa, program alumnus, mentor, and neurosurgeon, The Johns Hopkins University School of Medicine

Keith Weller/Johns Hopkins Medicine

ALUMNI PERSPECTIVES

"The HHMI medical student research fellowship was a deciding experience in my path to a laboratory-based physician-scientist career. It was truly a life-altering year. I am now an independent investigator with a research program focused on integrating chemical genomic, genetic, and proteomic approaches to discover new protein targets and lead compounds for cancer therapy."

KIMBERLY STEGMAIER, M.D.
Medical Fellow, 1994
HHMI Physician-Scientist Early Career Awardee, 2006

BECOME PART OF A COMMUNITY OF MEDICAL FELLOWS through regional meetings and other events. Gain insight into a diverse range of projects and receive career advice from program alumni and other prominent physician-scientists.

SHARE YOUR RESEARCH and network with other trainees and renowned physician-scientists at the Scientific Meeting of Medical Fellows at the ASCI-AAP Joint Meeting in Chicago.

Dr. Eric Kandel, Nobel laureate and HHMI investigator, Columbia University

INTERACT WITH HHMI INVESTIGATORS at a science meeting at HHMI's headquarters or the Janelia Research Campus and learn about their latest findings.

Attend scientific conferences in your field and present your work.

FOR FURTHER PROGRAM INFORMATION and application details, visit www.hhmi.org/medfellowships.

If you have any questions, please e-mail medfellows@hhmi.org.

WORK WITH AN OUTSTANDING MENTOR and develop your own basic, translational, or applied research project or pursue an existing project in your mentor's lab.

RECEIVE AN ANNUAL STIPEND of \$30,000; a fellow's allowance of \$5,500 for health, dental, and vision insurance, and education-related expenses; and a research allowance of \$5,500 for travel to regional events, HHMI science meetings and national scientific conferences, and for some research-related costs.
