

Area H Serpentine	Explanation of Table[1]			Abundance	
Apiaceae	<i>Perideridia kelloggii</i>	Kellogg's yampah	herbaceous perennial	low	not flowering yet, will probably flower and set seed this year after mowing
Asteraceae	<i>Achillea millefolium</i>	common yarrow	herbaceous perennial	medium	some in flower but some without flower stalks yet, no seed set yet
Asteraceae	<i>Achyraea mollis</i>	blow-wives	herbaceous annual	low to medium	some in seed at this time
Asteraceae	<i>Hemizonia congesta</i> ssp. <i>luzulifolia</i>	hayfield tarweed	herbaceous annual	medium	not flowering yet, will probably flower and set seed this year after mowing
Asteraceae	<i>Lactuca saligna</i> *	willow lettuce *	herbaceous annual	low	not flowering, unknown if it will regrow after mowing
Asteraceae	<i>Lasthenia californica</i>	goldfields	herbaceous annual	medium high	some in seed at this time
Asteraceae	<i>Lessingia hololeuca</i> #	woolly-headed lessingia #	herbaceous annual	low	not flowering, unknown if it will regrow after mowing
Asteraceae	<i>Micropus californicus</i> var. <i>californicus</i>	slender cottonweed	herbaceous annual	medium	some in seed at this time
Asteraceae	<i>Microseris douglasii</i> ssp. <i>douglasii</i>	Douglas' microseris	herbaceous annual	low	some in seed at this time
Fabaceae	<i>Trifolium microdon</i>	Valparaiso clover	herbaceous annual	low	in flower, possible some seeds
Fabaceae	<i>Trifolium willdenovii</i>	tomcat clover	herbaceous annual	high	some in seed at this time
Liliaceae	<i>Calochortus albus</i>	white globe lily	herbaceous perennial	low	just flowerering, no seeds set yet
Liliaceae	<i>Triteleia laxa</i>	Ithuriel's spear	herbaceous perennial	high	just flowerering, no seeds set yet
Onagraceae	<i>Clarkia</i> sp.		herbaceous annual	medium-high	not flowering, unknown if it will regrow after mowing
Onagraceae	<i>Epilobium brachycarpum</i>	panicked willow herb	herbaceous annual	low	not flowering, unknown if it will regrow after mowing
Plantaginaceae	<i>Plantago erecta</i>	California plantain	herbaceous annual	medium	some in seed at this time
Poaceae	<i>Bromus diandrus</i> *	ripgut grass *	herbaceous annual	low	some in seed at this time
Poaceae	<i>Bromus hordeaceus</i> *	soft chess *	herbaceous annual	high	some in seed at this time
Poaceae	<i>Bromus madritensis</i> ssp. <i>madritensis</i> *	Spanish brome grass *	herbaceous annual	low	some in seed at this time
Poaceae	<i>Elymus multisetus</i>	big squirreltail	herbaceous perennial	high	not flowering, unknown if it will regrow after mowing
Poaceae	<i>Koeleria macrantha</i>	junegrass	herbaceous perennial	low	just beginning to flower, may not set seed after mowing
Poaceae	<i>Lolium multiflorum</i> *	Italian ryegrass *	herbaceous annual, herbaceous biennial	high	possibly no viable seed if mowed by next week or so
Poaceae	<i>Melica californica</i>	California melic	herbaceous perennial	high	some in seed at this time
Poaceae	<i>Nassella lepida</i>	foothill needlegrass	herbaceous perennial	high	flowering
Poaceae	<i>Nassella pulchra</i>	purple needlegrass	herbaceous perennial	high	just beginning to flower, may not set seed after mowing
Poaceae	<i>Poa secunda</i> ssp. <i>secunda</i>	one-sided bluegrass	herbaceous perennial	medium to high	just beginning to flower, may not set seed after mowing

Poaceae	Vulpia microstachys var. pauciflora	common hairyleaf fescue	herbaceous annual	low	just beginning to flower, may not set seed after mowing
Polemoniaceae	Linanthus androsaceus	common linanthus	herbaceous annual	high	some in seed at this time
Portulacaceae	Calandrinia ciliata	red maids	herbaceous annual	low	some in seed at this time
Primulaceae	Dodecatheon hendersonii	mosquito bills	herbaceous perennial	medium	some in seed at this time
Ranunculaceae	Delphinium hesperium ssp. hesperium	western larkspur	herbaceous perennial	medium	some in flower but some without flower stalks yet, no seed set yet
Ranunculaceae	Ranunculus californicus	California buttercup	herbaceous perennial	low	some in seed at this time

1. This plant list was compiled by the Herbarium crew walking through the proposed site on May 2, 2007.
