Information on this form is to carry out the Internal Revenue laws of the United States. The Internal Revenue Code sections 23, 137, 6011, and 6109 require that the applicant furnish an identifying number on their tax return if they are claiming certain tax benefits during the process of adopting a U.S. citizen or resident alien child and cannot get an SSN for that child until the adoption is final. Form W-7A must be used to apply for the identification number, an ATIN. Section 6109 requires that the applicant disclose their taxpayer identification number (SSN). Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and possessions for use in administering their tax laws. We may also disclose this information to other countries under a tax treaty, to federal and state agencies to enforce federal nontax criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. If you do not file this form, you will not be issued an ATIN. You are required to give us this information. We need it to ensure that you are complying with these laws and to allow us to figure and collect the right amount of tax. You are not required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid Office of Management and Budget (OMB) control number. Books or records relating to a form or its instructions must be retained as long as their contents may become material in the administration of any Internal Revenue law. Generally, tax returns and return information are confidential, as required by Internal Revenue Code section 6103.

18. Do individuals have the opportunity to decline from providing information and/or from consenting to particular uses of the information? Yes

18a. If **yes**, describe the mechanism by which individuals indicate their consent choice(s):
Individuals in an adoption situation are not mandated to apply for an ATIN.

19. How does the system or business process ensure due process regarding information access, correction and redress?

For Rejected W-7A Applications because, for example, the child is not a U.S. citizen, an application is in process, or it's a duplicate application, or a "Dummy" Form W-7A, keep the Form W-7A within the numbered batch. Local reports are used to identify the suspended ones that will reject, due to "no reply". Once an application is rejected, it cannot be updated. The rejection notice will instruct the taxpayer to reapply if an ATIN is still needed.
